The Portland Weekly Chronicle announces its intention of breaking up the gamblers' rule of our metropolis.

The secretary of agriculture says, after personal inspection, that the sugar beet is entirely healthy everywhere and has withstood the drought admirably.

Several Willamette valley towns are arranging for street fairs in the near future. About as profitable street fairs as most towns could hold would be found in a general clean up of their streets and back alleys.

The man who drew the first prize in the recent Oklahoma land lottery is rapidly experiencing the troubles of the man who lays up for himself treasures on earth.

"Coin" Harvey predicts that the next national democratic convention will be in the hands of men who want office and power and who know nothing about principle or statesmanship.

About a dozen exchanges perused the last few days, in speaking of the hot weather in Kansas, have told their credulous readers that hog that had to be soaked on one side over night to make it hold swill.

Commissioner Doseh, in charge of the Oregon exhibit at the Buffalo exposition, writes back that he is in great need of Oregon fruit with which to replenish our horticultural exhibit.

GOVERNMENT BY TERRORISM.

An article in one of the August magazines, by Col. L. W. V. Kennon, is devoted to the ancient Malay secret society in the Philippines, which was the main support of the insurrection.

This secret Malay society, with its thousands of atrocities, prolonged the war many months. If our army had withdrawn the society would have taken possession and placed its agents, of whom Agninaldo was one, in authority.

ABOUT COLLEGE EDUCATION.

The fact that so many persons seem to find it profitable nowadays to proclaim to the world that a lad may do very well in business and in life generally without a college education may be taken as a compliment to the American colleges.

would the impression be so general and colleges so numerous and prosperous if contentment, experience did not warrant it. The deliriance of the gentleman who disparage college training usually consists partly of self evident statements, partly of opinions based on very narrow views of success and human purposes.

LAFAYETTE ITEMS.

Is this dusty enough for you? Mrs. Duprey has moved to Dayton, Washington.

John L. Smith who got the contract to furnish stone for the locks is delivering about two hundred yards per day.

Mr. Martin has sold out his meat market to Mr. Ripley who will continue the business at the old stand.

A man from St. Paul has opened another saloon here. Now according to the argument of some of our native sons the town will have a great boom for they say a town without a saloon is a dead town.

Several threshing machines are running in the neighborhood. The fall grain is turning out fairly well and of an excellent quality.

A. E. Campbell has sold his residence property here to a Mr. Ingraham of Portland who will move here.

A Credit to Newberg. The casual observer upon the streets of Newberg need not look far in any direction without his eye resting upon new buildings or other improvements which are evidences of the prosperity which the city enjoys.

Among the buildings just completed is the new store room by Votaw & Hollingsworth on First street. No pains have been spared by the builders and finishers to make it one of the tastiest possible.

This room is divided into two apartments. The front one is occupied by Mr. Hollingsworth with a stock of furniture, all new and of the latest designs.

The rear apartment is arranged for an undertaking parlor and is fitted up with cases for the reception of all kinds of burial goods carried by a first class establishment. Messrs Votaw & Hollingsworth have given this line special attention and are prepared to render the best of services at the most reasonable prices.

Assounded The Editor. Editor S. A. Brown, of Bennettsville, S. C., was once intensely surprised.

Through long suffering from dyspepsia," he writes, "my wife was greatly run down. Callisthenics

Are a benefit to healthy women. Put to women who are suffering from diseases peculiar to their sex they are an injury.

When there is weak back or head-aching pains, headache or other indications of womanly weakness, exercise can only aggravate the condition.

Dr. Pierce's Favorite Prescription makes weak women strong and sick women well. It does this by healing the womanly diseases which undermine the general health.

"When I first commenced using Doctor Pierce's Favorite Prescription, I was suffering from female weakness, nervousness, and a disagreeable drain, bearing-down pains, weak and tired feeling all the time. I dragged around in that way for two years, and I began taking your medicine. I took four bottles of Dr. Pierce's Favorite Prescription, two of Golden Medical Discovery's one of Pleasant Pellets; also used one bottle of Dr. Sage's Catarrh Remedy. Now I feel like a new creature. I can't thank you enough for your kind advice and the good your medicine has done me."

Dr. Pierce's Pleasant Pellets promote regularity of the bowels, and assist the action of "Favorite Prescription." No other laxative should be used with Dr. Pierce's Medicines.

For Malaria, Chills and Fever. THE BEST PRESCRIPTION IS Grove's Tasteless Chill Tonic. The formula is plainly printed on every bottle—hence you know just what you are taking when you take Grove's. Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is in a Tasteless form. The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's is the Original and that all other so-called Tasteless Chill Tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's—its superiority and excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malarial sections of the United States. No Cure, No Pay. Price, 50c.
