

NEWBERG GRAPHIC.

E. H. WOODWARD, EDITOR & PUBLISHER. W. C. WOODWARD, ASSOCIATE EDITOR.

Entered as second class matter at the postoffice at Newberg, Oregon.

ISSUED EVERY FRIDAY MORNING. FRIDAY, AUGUST 30, 1901.

While it has long been maintained that yellow fever is spread by mosquitoes, recent investigations have practically settled the question affirmatively.

In speaking of the existing vicissitudes in the ranks of democracy, and especially of the weakness and folly of democratic leaders, Sam Jones says the democrats "have got to put the brains in front and couple the brains to the mouth of the party or the republicans have a clench on this government for a hundred years."

The way in which the crowds flock to hear Senator McClaurin, exponent of the New South, in South Carolina, indicates that the dry bones of democracy are experiencing an unusual shaking up in Dixie.

To those zealous persons who lay all the credit for the colossal development of trusts at the door of the protective tariff, the summary report of the industrial commission on industrial conditions in Europe, is recommended for reflective perusal.

From present indications, this is going to be a very good year for Oregon fruit growers. While the crop is not estimated to be as heavy as at times, indications are that prices will be enough better to more than make up an apparent shortage.

Editor Hofer of the Capital Journal, in writing of state "gratts" hits the nail squarely in referring to Oregon's costly investment in state normal schools. He says: "The donation of nearly \$200,000 to normal schools is a colossal hold-up for a state with only 100,000 voters."

To revise or not to revise is now the question before the republicans in regard to tariff legislation. As is usual there are extremists from both standpoints; those who are in favor of a wholesale tariff revision and those whose cheeks blanch at the mere mention of the slightest change in the tariff schedule.

The Oregon State Fair at Salem, September 23rd to 28th, 1901, inclusive, promises to be the best this year that has yet been held. New features for amusement and instruction have been added, and particular attention will be given to the stock exhibit, owing to the great and constantly increasing interest in dairying throughout the state.

The books that help a young man, or anybody else for that matter, are the books that interest him. Therefore a young man must select his own reading, if he is to read with any profit to himself.

AN ENTERPRISE WORTHY OF SUPPORT.

The history of the development of any town or locality which has advanced to a position of important commercial or industrial standing, is almost always the history of numerous efforts put forth along different lines of industry by enterprising citizens.

rarely comes to naught in the end. In short, PER ASPERA AD ASTRA generally tells the tale of successful development industriously as well as individually, the more common expression being, try, try again, if at first success resents the wounding of it.

All this has a direct local application, especially at the present time. From the "grubby end," Newberg, by the enterprising spirit of her citizens, has made this part of the county the recognized proverbial garden spot. How has it been done? Simply by pegging away, and with some failures and more successes, knocking at the door of this enterprise and opening that, all the time seeking to develop new resources. To such an extent has this been true that whenever the agitation of a new industry is started up, certain other localities, looking through the eyes of the green-eyed monster, exclaim, "another Newberg scheme!"

This latest move in the direction of the development of new resources is the organization of a company for the development of coal and oil lands in this vicinity, the particulars of which are found in these columns. To many, such an effort probably bids fair to develop more cases than coal and oil. Such may be the case, but before arriving at a hasty conclusion in this regard, it is best to take a look at the conditions.

To begin with, nobody pretends that the proposition promises a "sure thing." If it did, stock would hardly be offered for sale at fifty cents per share. Nobody knows where an oil well is until he finds it, and before he finds it he must go to the expense and risk of conscientiously hunting for it.

As a result people should be willing to do something toward the project for the satisfaction of knowing whether or not there is coal or oil in our midst. If there is not, there is little loss, and some other resource will be discovered and developed; if there is well the results are beyond speculation. The right kind of sentiment was expressed here Friday by a prominent citizen of the county who said he would take one hundred shares, without counting on ten cents dividend in return, just to help find out whether we are situated in an oil region, as conditions indicate.

While in a sense the whole enterprise is a game of chance, it must be remembered that on any time the same conditions confronted those who are now known as "oil magnates." It has long been known that conditions in this vicinity are strikingly similar to those of proven oil fields. The question is—are the people herabouts satisfied to let the matter rest with the similarity, or, by a little financial aid, will they make it possible to sink a well, make a thorough test of the prospect, and find a reason for the hope that is within us?

What a Tale it Tells. If that Mirror of yours shows a wretched, sallow complexion, a jaundiced look, moth patches and blotches on the skin, it's liver trouble; but Dr. King's new life pills regulate the liver, purify the blood, give clear skin, rosy cheeks, rich complexion. Only 25c at C. F. Moore's drugstore.

Take in the State Fair. The Oregon State Fair at Salem, September 23rd to 28th, 1901, inclusive, promises to be the best this year that has yet been held. New features for amusement and instruction have been added, and particular attention will be given to the stock exhibit, owing to the great and constantly increasing interest in dairying throughout the state.

For this occasion, the Southern Pacific Company will make a rate of one fare for the round trip, from all its stations in Oregon, to Salem and return, and it is to be hoped that every one who can do so will show his appreciation by taking advantage of this opportunity to pass a few days pleasantly and profitably at our state capital.

The books that help a young man, or anybody else for that matter, are the books that interest him. Therefore a young man must select his own reading, if he is to read with any profit to himself.

All Sadleville, Ky., was curious to learn the cause of the vast improvement in the health of Mrs. S. F. Whitaker, who had for a long time, endured untold suffering from a chronic bronchial trouble. "It's all due to Dr. King's New Discovery," writes her husband. "It completely cured her and also cured our little grand-daughter of a severe attack of whooping cough." It positively cures coughs, colds, grip, bronchitis, all throat and lung troubles. Guaranteed bottles 50c and \$1.00. Trial bottles free at C. F. Moore's.

It is a ridiculous person who will ridicule the idea of the possibility of snows meeting the efforts of the Yamhill Coal & Oil Co. The first well's put down in what are now known as proven fields had no better evidence to start on. Conditions were identical not only as to evidence of oil but in method of developing. These old fields made enterprising people wealthy.

A Minister's Good Work. "I had a severe attack of bilious colic, got a bottle of Chamberlain's colic, cholera and diarrhea remedy, took two doses and was entirely cured," says Rev. A. A. Power, of Emporia, Kan. "My neighbor across the street was sick for over a week, had two or three bottles of medicine from the doctor. He used them for three or four days without relief, then called in another doctor who treated him for some days and gave him no relief, so discharged him. I went over to see him the next morning. He said his bowels were in a terrible fix, that they had been running off a long that it was almost bloody flux. I asked him if he had tried Chamberlain's colic, cholera and diarrhea remedy and he said 'no.' I went home and brought him my bottle and gave him one dose; told him to take another dose in fifteen or twenty minutes if he did not find relief, but he took no more and was entirely cured. I think it the best medicine I have ever tried." For sale by C. F. Moore, druggist.

In every one's life there comes a waking-up time, and it's well for them if it comes at the beginning and not at the end, when it is too late to mend the past. These times are private revivals and do more good than any public ones. —September Ladies' Home Journal.

To Save Her Child. From frightful disfigurement Mrs. Nannie Galtiger, of LaGrange, Ga., applied Bucklen's Arnica Salve to great sores on her head and face and writes its quick cure exceeded all her hopes. It works wonders in sores, bruises, skin eruptions. Cuts, burns, scalds and piles. 25c. Cure guaranteed by C. F. Moore, druggist.

Care of Throat. I wish to express my hearty thanks to the good people of Newberg for the kindness and sympathy shown in the sickness and death of my uncle, Mrs. H. N. HENDRICKS.

Editor S. A. Brown, of Bennettsville, S. C., was once intensely surprised. "Through long suffering from dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and after using four bottles, she is entirely well, can eat anything. It's a grand tonic, and its gentle laxative qualities are splendid for torpid liver." For indigestion, loss of appetite, stomach and liver troubles it's a positive guaranteed cure. Only 50c at C. F. Moore's.

A Healthy Growth. Acker's Elixir has gained a firm hold among our people and is acknowledged to be the superior to all other preparations. It is a positive cure for all blood and skin diseases. Only fifty cents a bottle and we guarantee it. C. F. Moore & Co. druggists.

Hop tickets printed at this office. A rich lady cured her Deafness and Noises in the Head by Dr. Nicholson's Artificial Ear Drums, gave \$10,000 to his institute, so that deaf people unable to procure the Ear Drums may have them free. Address No. 10613, The Nicholson Institute, 780, Eighth Avenue New York, U. S. A.

Make a Note of it.

GOODS REDUCED. HATS GOING CHEAP. Some pieces of Dress Goods and Notions of different kinds also at Reduced prices. Hats worth \$1.00, going for 75c. Hats worth \$1.50, going for 1.00. Creep Cape worth \$7.00, now 5.00. Stock Bos worth \$3.00, now 2.50. Fancy hose worth \$1.25, now 90c to 75c. Beautiful ribbons, 19 to 30c. Spikes, 5c. Reduced prices will last but a short time. ADDIE CORNELL, Milliner.

Horse Sense.

"Any fool can take a horse to water, but it takes a wise man to make him drink," says Dr. Pierce. The horse eats when hungry and drinks when thirsty. A man eats and drinks by the clock, without regard to the needs of nature.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It cures through the stomach diseases of other organs, which have their origin in a diseased condition of the stomach, and all other organs of digestion and nutrition.

Notice. In the County Court for Yamhill county Oregon. In the matter of the guardianship of Leroy Smith, Carl H. Smith, Lena L. Smith and Malcol J. Smith, minor heirs of Charles F. Smith, deceased.

For Malaria, Chills and Fever. THE BEST PRESCRIPTION IS Grove's Tasteless Chill Tonic. The formula is plainly printed on every bottle—hence you know just what you are taking when you take Grove's. Imitators do not advertise their formula knowing that you would not buy their medicine if you knew what it contained. Grove's contains Iron and Quinine put up in correct proportions and is in a Tasteless form. The Iron acts as a tonic while the Quinine drives the malaria out of the system. Any reliable druggist will tell you that Grove's is the Original and that all other so-called Tasteless Chill Tonics are imitations. An analysis of other chill tonics shows that Grove's is superior to all others in every respect. You are not experimenting when you take Grove's—its superiority and excellence having long been established. Grove's is the only Chill Cure sold throughout the entire malarial sections of the United States. No Cure, No Pay. Price, 50c.

ARE YOU GOING HOP-PICKING? IF SO YOU WILL NEED A RELIABLE ALARM CLOCK. WE KEEP THAT KIND—A clock you can depend upon to wake you up on any sort of a morning. ONLY \$1.00 EACH BETTER TRY ONE! Possibly you have an old alarm clock that wont run yet isn't worn out. If you have, bring it in and very likely a little cleaning and some oil will fix it. O. K. We charge only thirty-five cents for doing that work, and we do a good job. WINSLOW BROS. — — — — — Jewelers.
