While splitting wood one day last week Pearly Mitchell severed an artery in the left wrist which required the attention of a physician to stop the flow of blood. Moral—Let all such hazardous work be performed by your wife.

Mrs. Martha Hadley, of Bloomington, Indiana, came down from Olympia, Washington, last Saturday where she has been visiting her son, Judge H. E. Hadley, and visited until Monday with Mrs. Julia Maris, when she went to Dayton to visit during the week with relatives.

Prof. Rollin Kirk is home from Seattle where he spent his vacation and reports an added weight of fourteen pounds which places him in good fighting trim for the opening of the public school. Youths who are inclined to be obstreperous will govern themselves accordingly and be wise in so doing.

Carroll Kirk who finished the course in Pacific College last year has gone to Seattle where he has accepted the position of assistant secretary of the Y. M. C. A. Mr. Kirk is a young man of good solid worth and his many Newberg friends confidently expect to hear of efficient work performed by him in Y. M. C. A. circles on the Sound.

Charley Mackie says he had a very satisfactory crop this season and he intends to suspend operations while his credit is good. He will sell off his stuff and next spring he thinks he will follow a long cherished desire which he has had to make a trip through the country in Eastern Oregon.

Anyone having farm or garden products they desire to place on exhibition at the Portland Carnival may leave them with station agent H. R. Satchell, properly packed and labeled and they will be forwarded to Portland and again returned to Newberg free of charge.

W. K. Allen left here for Walla Walla on Wednesday morning where he will remain during the fruit drying season. He has contracted the output of several large prune orchards in that section at prices that give a good margin and he expects with favorable weather for handling the crop to make a profitable run with his big evaporators.

Lewis Hanson a graduate of Pacific College in the class of '97 and his wife who was a student in the college for a year or two were down from Marion on a visit last Saturday and Sunday. They recently returned from Minneapolis, Minnesota, where they have been living since their marriage and the Graphic is glad to note that they intend to stay in Oregon. For the present they will remain in Marion.

For sale—No. 1 work horse—sound and gentle, weighing about 1300 lbs. Mrs. J. W. Wheeler, Near West Dayton Depot.

Miss Maggie Ingalls arrived home last week from an extended visit with friends at Butte, Montana, and is ready for the opening of public school.

One of Joseph Everest's little boys was severely crippled in the knee one day last week by falling from a load of straw and striking a stump.

Mrs. Geo. Halston returned to her home near Walla Walla Friday, after a three weeks visit with her daughter, Mrs. L. A. Cornell.

The patrons of the Fair store will take notice that the store will be closed on Monday and Tuesday of next week while an invoice of stock is being taken.

Prof. B. W. Kelsey arrived home from his trip up the Columbia last week where he went in the interests of Pacific College and reports a pleasant and profitable trip.

O. H. Allen the man behind the wheel on the steamer Altona is taking a layoff and is at home looking after the Allen fruit evaporating business at this end of the line.

W. F. Hazenborg, of Portland, who owns a ranch on Chehalis mountain was up the first of the week looking after the burning of a piece of slash on the ranch.

The Rennie boys have something like two hundred cords of fir wood corded up on a vacant lot near the Bank of Newberg that will be good to draw on during the winter months when the out of town roads are soft.

Last season at this time the evaporators were running on full time but prunes have been slow ripening and few if any evaporators will start up in this community before some time next week.

A few dollars invested in the new oil and coal proposition will aid in the effort to determine what we have in the bowels of the earth in the vicinity of Newberg. Almost anyone can afford to put in something to help the work along.

Matthew Terrell left here on Tuesday morning for a visit with relatives in Colorado and Iowa. Before leaving he stated that the length of his stay would depend somewhat on the number of yellow-legged chickens that were placed before him.

John Giebisch who lives two miles east of town on a farm bought of Mr. Bell having decided to return to Portland will sell his personal effects including live stock, wagons and general farm implements on Saturday afternoon Sept. 21. L. M. Parker will do the auctioneer act.

Howard Williams seems to think times are the most prosperous they have been for a decade and a number of other old stagers who have been hanging on the ragged edge of matrimony for 10 to these many years have picked up fresh courage and are beginning to look spry.

Clarence Price arrived here from Carthage, Indiana, last Monday evening and his parents Rev. James P. Price and wife are expected to come later. Clarence has a job with H. F. Allen during the fruit evaporating season, and will make his home with his sister Mrs. F. A. Elliott.

E. Brunson who went across the river in Marion county to pick hops returned a few days ago in disgust and says the crowd was too tough for him. When the news came that McKinley had been shot a shout of approbation went up from the crowd of hop pickers and Mr. Brunson said he thought it was time for him to seek for better company. It seems that the anarchists are not all housed in the large cities as a large percent of this crowd are residents of Marion county.

In a conversation on the subject of gunshot wounds R. B. Linnville stated a few days ago that for nearly forty years he had carried a rebel bullet in the muscles of his back, which was discharged from the gun of a bushwhacker while he was out on a skirmish. The bullet struck him in front and glanced around and lodged in the back. He was away from the main army and could not get surgical aid and consequently he remained at a house in a small village and simply waited for the wound to heal. The soldier of today is much better supplied to meet such emergencies than were the boys of '61.

At a glance backward almost any man who has lived to mature years can see where he let good opportunities for making profitable investments go by unheeded, simply because he was not willing to take a little risk. There is a chance for such an outcome in the oil and coal proposition now before the people of this community. In other places with no more promising indications rich oil wells have been struck. No one can tell what may be in waiting for an enterprising people to delve down and turn into money until some money and muscle is turned that way.

Wm. Jones, of Minnesota, who had been visiting his brothers Tom and Lewis for several days, started home Saturday morning.

Mrs. Emma Bell and small daughter Ruth, accompanied by little Marjorie Sutton, came up from Portland Saturday evening and visited friends in Newberg over Sunday.

A lame shoulder is usually caused by rheumatism of the muscles, and may be cured by a few applications of Chamberlain's pain balm. For sale by C. F. Moore, druggist.

J. A. Pike who recently bought the Burrows place has fitted himself out with a new team of greys, new harness, wagon and surry, all of which make a splendid showing.

Charley Mackie has posters out announcing a public sale of his stock, farming implements, grain and hay on the Nelson place four miles northwest of Newberg on Wednesday, Sept. 25.

E. Spaulding arrived home from his trip to Southern California Monday evening having been gone about two months. He says he comes home greatly improved in health.

To the man who has a dream of the approach of winter the whirr of the machinery at the grain elevator and the song of the buzz saw as it tears up the cord wood has a doleful sound.

President McGrew and Prof. Kelsey took a drive over about Farmington on the north side of Chehalis mountain in the interests of Pacific College Tuesday and Wednesday.

A man representing some of the La Grande sugar beet growers was in town last week, looking for hands to top beets. A year ago Newberg expected to do a little business in topping beets herself along about this time.

James Barrie Sr., although quite feeble in health is still a faithful attendant at church and gets down town occasionally. Many younger men with less energy and determination give up the struggle and remain at home.

Hon. Clarence Butt and family arrived home the first of the week from their trip east. They report a very pleasant visit but say they return with the opinion that Oregon is an excellent country to come back to.

C. H. Christenson was down from Amity Tuesday and Wednesday visiting with his father Hans Christenson. He has been in poor health and unable to do any work for nearly a year but is improving slowly.

For Rent—My house and grounds of 3 acres with well assorted orchard, House of 6 rooms, plastered. Good cow barn, city water and fruit house. Will lease the above property to responsible tenant for one or two years at \$100 per year. Or will sell for cash. Apply at my residence or to the Newberg Land Co. Levi D. Barr.

On Wednesday evening September 11, at the Baptist church occurred the marriage of Miss Jennie Kennedy to Howard M. Williams, Rev. F. C. Standard the pastor officiating. Both the bride and groom are well and favorably known in Newberg and the Graphic joins in extending to them most hearty congratulations. The groom who is a deacon in the Baptist church has been a resident of Newberg for more than ten years and is an all round good citizen, the gravest charge that can be brought against him being that he has kept from the preacher the marriage fee entirely too long for one of his standing.

So far the Graphic has heard of but one resident of Newberg who has expressed sympathy with the shooting of McKinley and he was reported by Stewart Vaughan who was in town Wednesday. Mr. Vaughan said this man with other Newberg people was picking hops for him when he made some remarks tending to show that his sympathies were with the assassin, when he was promptly called down by W. L. Coe an old veteran and a resident of Newberg also. Mr. Vaughan says this is the last time this anarchist will get to do a days work for him and the Graphic will add that Newberg can get along without any such characters. W. L. Coe deserves an increase in his pension for his promptness in shutting up the mouth of one who is ready to utter such words of treason, and it ought to be a cold day when this fellow gets a days work in Newberg.

The first news of the attempted assassination of President McKinley was received with horror by the people of Newberg about the middle of the afternoon on last Friday. A little later the picture was made darker by the report that the assassin's bullet had proven fatal and little groups of people gathered here and there to deplore the act and discuss the situation. Sorrow and indignation was depicted on the countenances of all loyal citizens and something of the same feeling that existed at the time of the assassination of Lincoln and again at that of Garfield prevailed among the people. Later on as the wires brought better news a ray of hope was cherished and every dispatch was watched with intense interest and with the deepest solicitude. As the days have gone by and much confidence in the probable recovery of the president is given out the people begin to breathe easier as they hope for the best. It has been a terrible strain on the people all over the land and the citizens of Newberg have expressed the same loyal sentiments during the severe testing that have been heralded from every hamlet throughout the United States.

WHERE SHOULD THE FARMER AND LAND OWNER
Stand regarding this work—These people should lay awake nights for fear this development would not go ahead. Eight farmers or land owners out of ten would like to sell their lands. Their lands can be purchased at from \$20 to \$40 per acre and very few buyers. Now, what would be the result in selling values and number of buyers, should this company develop the fact that this section of the country is an oil producer? We use the word section in its broadest sense, no matter where the drill goes down, and oil is found, every land owner in Yamhill county will be at once busy advancing his values and finding buyers. Would you give a few dollars to know positively that the lands of Yamhill county covered an oil field? Some fool (?) had to make the same start we are attempting in every oil district in the world. In Penn., Texas and Calif., development, when first inaugurated, met with the same lack of confidence in its merits, as we are in some instances coming in contact with now. Notwithstanding, we have every evidence in foundations, backed by assurances of experts and geologists, that our work will develop a true field. It is still possible to find people who will turn it down. If sticking everlastingly at it will bring success to our efforts of development we will in time solve the fool question. If you skeptic and doubters are quite sure of your position why not assist in proving it. If we fail in finding oil you may say "I told you so." Should we succeed, we guarantee you will be well pleased. As a fact we are doing well, where we, or our agents personally solicit it; a rare thing to be refused. The only kicking that we are doing is that the people, as a rule, will not take the initiative and go personally after the stock or make application by mail. We do not wish to use one dollar for expenses, we want every dollar taken in to go for purchase of equipment and sending the drill down. Stock non-assessible, par value \$1 per share for 50 cents per share at office of secretary or Bank of Newberg.

For Nearly Two Years Unable to Lay in Bed

"In my capacity as druggist, in Buffalo, N. Y., I have the best opportunity to judge of the merits of many different remedies. I am in close touch with the sick, who come into my store for medicines, and most of them tell me how they are getting along. Of all the hundreds of preparations which I sell, not a single one begins to give as much satisfaction as Acker's English Remedy for Coughs, Colds, Bronchitis, Asthma, Pleurisy and Consumption. I sell it on a distinct guarantee that it will cure, or the purchaser's money will be returned. This is a perfectly safe guarantee, because the remedy does cure. Nobody wants his money returned. Its cures are nothing short of marvelous. Take the case of Mr. A. H. Gilbert, for instance. He lives at No. 5 Carey street, Buffalo, N. Y. For more than three years he had a bad case of asthma, and had been unable to lie down in bed for nearly two years. He came to my store and asked me what to do. I said: "Take Acker's English Remedy." He said he had tried other remedies and didn't think this would help him. But he thinks differently now. Three bottles fixed his asthma all right. He could sleep and eat after taking them, as well as when a boy. He was cured several months ago, and is well yet, so I am certain his trouble is gone for good. You can write to Mr. Gilbert himself, if you doubt my word. He will go further than me in praising Acker's English Remedy." (Signed) S. B. THORNE, druggist, Buffalo, N. Y.

Sold at 25c, 50c and \$1 a bottle, throughout the United States and Canada; and in England, at 1s. 2d., 2s. 3d., 4s. 6d. If you are not satisfied after buying, return the bottle to your druggist, and get your money back.
We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York.
