

## The Stimulus of Pure Blood

That is what is required by every organ of the body, for the proper performance of its functions. It prevents biliousness, dyspepsia, constipation, kidney complaint, rheumatism, catarrh, nervousness, weakness, faintness, pimples, blotches, and all cutaneous eruptions.

It perfects all the vital processes. W. P. Keeton, Woodstock, Ala., took Hood's Sarsaparilla to make his blood pure. He writes that he had not felt well but tired for some time. Before he had finished the first bottle of this medicine he felt better and when he had taken the second was like another man—free from that tired feeling and able to do his work.

"Yes, one evening at a card party they thoughtlessly played partners, and the way they quarreled let the whole thing out!"—Detroit Free Press.

**DEAFNESS CANNOT BE CURED**  
By local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube gets inflamed you have a running ear or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

### A Fifteen Minute Club.

New York has a unique organization in a Fifteen Minute club. It is composed of newspaper men. They meet every night at 10 o'clock sharp and promptly adjourn at 10:15. Its objects are purely social. No set papers or speeches are permitted.

**Rheumatism**  
Rheumatism is due to an excess of acid in the blood. When this escapes through the pores of the skin, as it often does, it produces some form of skin eruption—some itching disease like Eczema or Tetter—but when these little tubes or sweat glands are suddenly closed by exposure to cold and sudden chilling of the body, then the poison thrown off by the blood, finding no outlet, settles in membranes, muscles, tissues and nerves. These parts become greatly inflamed, feverish and hot; dagger-like, maddening pains follow in quick succession, the muscles become extremely tender, the nerves break down and the sufferer is soon reduced to a state of helplessness and misery. This acid poison penetrates the joints and seems to dry out the natural oils, and the legs, arms and fingers become so stiff and sore that every movement is attended with excruciating pains.

Liniments, plasters, electricity and baths, while their use may give temporary ease, cannot be called cures, for the disease returns with every change of the weather.

S. S. S. cures Rheumatism by working a complete change in the blood; the acids are neutralized, the circulation purified and the rich, healthy blood that is carried to the irritated, aching muscles and joints, soothes and heals them. S. S. S. cures Rheumatism even when inherited or brought on by the excessive use of mercury. Opium, in some form, is the basis of nearly all so-called Rheumatic Cures, which deaden the pain but do not touch the disease and lead to ruinous habits. Alkalies and the potash and mineral remedies so often prescribed, affect the tender lining of the stomach and weaken the digestion, thus adding another burden to the already weak and impoverished blood. S. S. S. contains no mineral or dangerous drug of any kind, but is a simple, vegetable remedy and the most perfect blood purifier known. Send for our book on Rheumatism and write our physicians if you wish any information or advice. We would be glad to mail you a book free; we charge nothing whatever for medical advice.

Word reaches us of a small band of soldiers who held at bay a large number of Filipinos for over two hours until assistance arrived, thereby saving an important point from capture. For their bravery they were all given promotion. To be brave it is necessary to have strong nerves and a good digestion. If your stomach is weak and you suffer from indigestion, heartburn, belching, nervousness or insomnia, you should try Hostetter's Stomach Bitters. It will cure you.

## Our Working Girls.

Life to the most favored is not always full of sunshine, but to the average American girl or woman who is obliged to work for her living, and, perhaps to help others at home, life is often a heavy drag in consequence of illness. Women who work, especially those who are constantly on their feet, are peculiarly liable to the development of organic troubles, and should particularly heed the first manifestations, such as backache, pains in the lower limbs and lower part of the stomach, irregular and painful monthly periods.

The young lady whose portrait we publish herewith had all these symptoms, and in addition leucorrhoea, and was cured by Lydia E. Pinkham's Vegetable Compound. First, she wrote a letter to Mrs. Pinkham's laboratory at Lynn, Mass., describing her trouble, received in reply accurate instructions what to do to get well, and now wishes her name used to convince others that they may be cured as she was.

The name helping hand, free of charge or obligation, is extended, to every ailing woman in America. If you are sick you are foolish not to get this valuable advice, it costs you nothing, and she is sure to help you. Don't wait until it is too late—write to-day.

**An Exception.**  
"Politeness is never wasted," remarked the man with Chesterfieldian manners.

"Well, mister," answered the roughly-clad, weather-beaten person, "that may be true in your part of town, but if you was in the canal boat you'd know that there isn't in any use whatever of sayin' 'please' to a mule."—Washington Star.

**He Would Enjoy It.**  
"Did your father use to whip you when you was a boy?" asked the youngster who had been chastised.

"Did he?" exclaimed the old gentleman, reflectively. "In those days parents were made of sterner stuff, and he used to whale me with a strap."

"The boy's eyes brightened instantly. 'Golly,' he cried, 'I'd like to see him do it now!'—Chicago Post.

**He Was Satisfied.**  
He was obviously anxious and seemed almost willing. "I'll tell you to papa," said she with a becoming blush, "before giving you a final answer."

"But I am perfectly willing to take you without any reference," said he magnanimously.—Tit-Bits.

**An Avenue of Escape.**  
"I'm thinking seriously of resuming business."  
"I thought you had retired permanently."

"I thought so too but I need some excuse for not attending my wife's afternoon teas."—Brooklyn Life.

**THE AMERICAN GIRL.**  
Is She Losing the Beauty That Was Once a National Boast?

Bright eyes, rosy cheeks, an elastic step and a good appetite are the birthright of every American girl. These are the conditions that denote perfect health. But, unfortunately, every day are seen girls with pale, sallow complexions, languid, round-shouldered and listless, and the question is often asked whether the woman of today has lost the healthy beauty which was once a national characteristic. One of the most common afflictions of womanhood is anaemia, a watery condition of the blood. This causes untold misery and often leads to other and even more serious diseases. It can be cured, however, as the following interview in the Harrisburg Star-Independent will show.

Miss Annie L. Reel, of No. 910 Green street, Harrisburg, Pa., who has been a sufferer from this trouble, in answer to a reporter's question, said:

"Yes, I am entirely well now but I was very sick girl. About five years ago I had an unnatural craving for highly seasoned food and after that I was afflicted with headache and my heart would beat about twice as fast as it should. My limbs got so weak that I had to rest on every step when going up stairs. The color of my skin was like that of a dead person. My limbs, and, in fact, my whole body, would swell at times. The doctor who treated me said my complaint was anaemia."

"The doctor told me if I had let the disease go a few weeks longer I would have had dropsy. I was under his care for several weeks, but with little change for the better."

"How, then, were you so completely restored to health," asked the reporter.

"I had been sick for two months when I began taking Dr. Williams' Pink Pills for Pale People. In about a week I was feeling better. The headache left me and I began to get stronger. I took the pills for six weeks and became thoroughly cured."

Dr. Williams' Pink Pills for Pale People are an unfailing specific for locomotor ataxia, partial paralysis, St. Vitus dance, sciatica, neuralgia, rheumatism, nervous headache, the after effects of the grip, palpitation of the heart, pale and sallow complexion and all forms of weakness. At all dealers or direct from Dr. Williams' Medicine Co., Schenectady, N. Y., 50 cents per box; six boxes, \$2.50.
