It is not always the man who makes money but rather the man who saves money that lays by a competency. Every subscriber who keeps his subscription to the Graphic paid in advance saves fifty cents a year. A pretty good saving to be sure.

Clarence Butt and family drove up above Dayton Sunday morning and attended the funeral services of John Crawford. From there they accompanied the family of the deceased to the place of burial at Salem, arriving home late in the evening.

The Yamhill Coal & Oil Company has located the drill with which it hopes to begin business soon at its prospect on the Follett place. Before this however, a little more stock must be bought and paid for, and if you are willing to do anything to help the work along, now is the time to act.

Woodard and James Vestal drove up to Liberty above Salem last Friday and on the following morning attended the funeral services of a relative, Webster Miles, who after a lingering illness from supposed cancer of the stomach, had died on the preceding Thursday.

History repeats itself. One member of a family arrives from the East and the glowing reports sent back soon bring those left behind. A. H. Dixon came out from Kansas in the spring and this week he welcomed here from his old home his parents, an uncle and aunt and a brother and wife, who come to try Oregon as a home.

On last Sunday afternoon at the home of the bride's parents, out north of town, Miss Annie Johnson was married to Hans Nelson, Rev. F. C. Stanard officiating. A large company of relatives and friends were present at the ceremony. The bride and groom who are now visiting in Portland, will make their home up above McMinnville where the latter owns a farm.

Rev. and Mrs. Jas. P. Price arrived from Carthage, Indiana, last Friday evening and have been visiting with the former's daughter Mrs. F. A. Elliott. They intend to leave for Portland in a few days where they will keep house for Drew and Ore Price. After a faithful ministry here of a few years ago, Rev. Price has many warm friends here who gladly welcome him back and who hope to see him and his estimable wife often in Newberg.

The Yamhill Coal & Oil Co. lack only a few hundred dollars now of having sufficient funds on hand from the sale of stock to warrant them in procuring the necessary machinery for drilling. The people are beginning to realize the end of the suspense and to see the goal of success, and are subscribing liberally for the stock, which cannot remain long at the low price of fifty cents a share. Within the next sixty days the company hopes to be able to have the drills pounding away toward the hidden wealth of the Chehalis hills.

Last Saturday evening Miss Maud Soper entertained a jolly company of her Newberg friends at her fine new home on Chehalis mountain, sending down and bringing them up by four horse (and mule) team and wagon, the conveyance being specially arranged for the occasion, making the ride itself a pleasant feature of the evening's enjoyment. Miss Soper entertained her friends right royally, and when at a late hour the guests reluctantly took their leave an enthusiastic yell was given in honor of their fair hostess. Those making up the party were the Misses Edna Allen, Nervia Wright, Carrie Clemenson, Gertrude and May Lamb, Mabel Edwards, Jessie Britt and Messrs. R. W. Jones, H. G. Rosenberg, W. C. Woodward, W. S. Parker, Ernest Jackson and E. A. Newby.

K. C. Hollingsworth is preparing to open up the old bowling alley on Main street, is cleaning it up, whitewashing the walls and says he is going to put in electric lights. He wants it distinctly understood that he is not going to furnish a resort for loafers and hoodlums, but is going to make it a place where ladies and all can enjoy a game with propriety.

Mrs. Chrisman has resigned her position as music instructor of the college and as her successor, Miss Anna Winifred Stuart, one of the accomplished musicians of Portland, has been secured. Miss Stuart delighted the students with some vocal selections Wednesday and in the evening she was given an informal reception from 6:30 to 7:30 o'clock at the home of Mr. and Mrs. Jesse Edwards.

John Crawford, formerly a resident of Newberg, died suddenly last Friday at his home above Dayton. He was out in the field where others were at work, and started for the house apparently feeling as well as usual, but on reaching it was suddenly stricken with paralysis of the heart and died within a half hour. Short funeral services were held at the house at nine o'clock Sunday morning, conducted by Rev. T. L. Jones of Dayton, after which the remains were taken to Salem for interment. The deceased was seventy-two years of age and leaves a widow and five children, the former having just returned the preceding Monday from an extended visit in the East.

The traffic department of the Southern Pacific is putting forth new efforts in behalf of the farmers and producers of Western Oregon, and indirectly of course in behalf of the road itself, to ward assisting the products of the soil to a ready market. Circulars have been issued to all agents asking them to forward on the first of each month lists of all salable products in their respective localities, which will be compiled and published and thus brought to the attention of the purchasers. It is hoped that in this way the resources of different localities may be advertised, and the producer and purchaser brought together. To this end those in reach of the station here who have anything to sell in the way of fruit, hops, livestock, vegetables, wool, wood or any other salable commodity of any kind, will confer a favor by reporting the same to Agent Hatchwell and thus assist in making the list complete. It would seem that such a co-operative movement might prove very beneficial.

The evangelists Nathan and Esther Frame, of Jamestown, Ohio, are holding very successful meetings in the Friends church. As a pulpit orator Mrs. Frame is certainly a power, and while Mr. Frame makes little pretensions to sermonizing he has a happy, artful way of expressing great truths which sends them straight home.

The football game between McMinnville and Pacific college will be played here to-morrow afternoon on the college campus. It is hoped that the citizens of Newberg will see that the McMinnville boys get a royal welcome, so that however the game results, they may go home feeling that they have been generously treated. This is not written in a sense of anxiety along this line, but where spirited rivalry exists it is well to be reminded of the courtesies due our visitors.

Two gentlemen, Mr. Fred Lyman and Prof. Edward Lyman, whose childhood home was out east of town on part of the old Holston place, were in town over Sunday visiting with J. C. Hodson. Both men, since leaving here when small boys, have been very successful, the first mentioned being an architect in San Francisco, the other holding a professorship in the Imperial University of China at Shanghai. The latter is due at his post of work again by the first of the year.

Chance McCormick was driving the black day team down to the river Wednesday, when the horses which were feeling their oats kept trying to run, and finally succeeded at the foot of River street. The driver could do nothing with them and on coming to the hill he jumped. On the way down the long, steep hill the runaway team met True Sims in the delivery wagon, and a tragedy was narrowly averted, the team just missing him by plunging off down the embankment. Very little damage resulted.

**DIRECTORS:**  
S. M. Calkins, N. E. Britt,  
C. A. Holson, A. P. Oliver,  
Clarence Butt, J. C. Colcord, A. C. Churchill.

For the next 30 days we are going to be very active in the work of soliciting subscriptions to the shares of our capital stock. Representatives direct from the company will call particularly upon the farmers in person. We most respectfully request the farmers to give due consideration to the importance and great value of our development work and to assist in such amount as each may feel willing or able. We are sure you will appreciate the fact that it is slow work to cover this field and interview you personally, it takes time and some little expense and you will assist us in the saving of both by favorable action to our request.

The merchants and business men as a rule have subscribed to our stock and endorse our efforts. If the farmers and land owners will respond as generally as the business man has, we will be a short time only in securing needed money to install our plant. No man can afford to have this enterprise fall down. It must go ahead and it needs your assistance to make the work a success. The best informed people, on the question of coal and oil deposits in the country, have assured us that our prospect as developed shows true indications, nothing better anywhere and absolutely true to all requirements of a proven field. They tell us there is no question of oil, the only point to determine is the quantity. You owe it to yourself and your interests to assist in this development and we trust you may see your way clear to respond. We are very anxious to secure our rig and start work not later than December 1.

## For You to Read

"What puzzled me in the beginning was that I kept losing flesh without any cause for it that I could see. I had a little trouble with my stomach, too, and after a while began to grow weaker and to cough. The cough, I thought, would soon go away and cure itself, but it didn't. It grew worse, and then I began to spit up a peculiar looking substance. I never thought of consumption, but one day I had a hemorrhage, and then was frightened in earnest and did just what you would do. I rushed to the doctor. He was either too busy, or something else, for he didn't do me any good. I kept going on down hill, and the outlook was bad. Things took a different turn, however, when I heard of Acker's English Remedy for Consumption, for I took it, and it not only cured my coughing and spitting, but also built up my whole system. I took on permanent flesh, and today am just as healthy a man as you can find in a week's travel. You may be sure I always keep Acker's English Remedy in the house, and it is a good thing I do so, for one night my youngest child was seized with croup. That hoarse, wheezy cough was the first signal, and I lost no time in giving the poor little sufferer proper doses of this grand medicine. In almost no time the disease was under control, and my child was saved. I advise every parent to have a bottle handy all the time. It serves the same purpose in keeping croup out of the house that a good lock and key serve to keep burglars out. It is both an expectorant and a tonic. It cured me of consumption and my child of croup, and I know what I am talking about." (Signed) Hon. M. HOGAN, picture frame manufacturer, 242 Center Street, New York.

Acker's English Remedy is sold by all druggists under a positive guarantee that your money will be refunded in case of failure. 25c, 50c, and \$1 a bottle in U. S. and Canada. In England, 1s. 6d., 2s. 6d., and 4s. 6d.

We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York.
