Garden Hose at Storey's. Trespass notices at this office. Bargains in hats! At Johnson's Saturday.

You find cigars and soft drinks at Star Bakery. As usual, Hadley's racket is head quarters for holiday goods.

Born, on Thursday, November 21, to Mr. and Mrs. Karl Spehrer out east of town a son.

Go to T. B. Cummings for paints and oils. A full line of undertaking goods kept in stock.

Prompt attention will be given orders left at Star Bakery for express and baggage hauling.

Mrs. W. E. Terrell and babies are visiting in Portland this week with Mr. and Mrs. Cliff Terrell.

As a good clubbing offer keep in mind the offer of the Graphic and National Magazine for \$1.00.

R. F. and Miss Sadie Winslow went to Salem on the boat Tuesday to remain a few days visiting.

The best of fresh and salt meats the market affords will be found at the Newberg Meat Market. The highest prices paid for butcher's stock.

Mr. Douglas will be pleased to show you, at his studio, some samples of Artists' Proofs, the finest thing in the photographic art.

Mrs. Phoebe Hammer came down from Salem on the boat Saturday, and preached in the Friends church at Springbrook Sunday morning.

Mr. and Mrs. H. F. Allen who had been visiting relatives here for several days, returned to Portland last Saturday morning where they will make their home during the winter.

Mr. and Mrs. I. W. Haines, of Iowa, who have been visiting here some time with Wm. Stratton, left the first of the week for Southern California, where they will spend the winter.

Dyspepsia can be cured by using Acker's Dyspepsia Tablets. One little tablet will give immediate relief or money refunded. Sold in handsome tin boxes at 25c. C. F. Moore & Co.

Miss Grace Ruan who was graduated from the college here last June, and who is now working in Portland as a "hello" girl, has written some very readable verses which have appeared in the Evening Telegram.

Rev. and Mrs. L. D. Barr and Mr. and Mrs. L. M. Parker drove up to McMinnville last Sunday, where Rev. Barr occupied the pulpit at the Cumberland Presbyterian church in the morning services. All enjoyed a visit with J. L. Hoskins and family.

Miss Helen Gould Robertson took up her abode Monday at the home of Mr. and Mrs. Warren L. Robertson, all parties doing nicely. May the young lady live long and grow up and fashion her life after the standard of womanhood set by her illustrious namesake.

Howard Williams has traded his place on River street opposite Moses Votaw's, to Dr. J. J. Fisher, for the latter's home on the corner of Second and River streets. Mr. and Mrs. Williams will occupy their new home at once, while Dr. Fisher has rented his new property to Robert Forsyth.

Dr. J. J. Fisher, who came here from Sumpter in the spring, having traded for the Jesse Hobson property, has purchased a drugstore in Portland in the belief that indoor work is to be preferred to a country practice by one of his advancing years. Though not having lived here very long, Dr. Fisher has many friends in Newberg whom he regrets to leave. He and Mrs. Fisher moved to their new home on last Tuesday.

Ed Robinson, who for some time has been studying for a position in the civil service, has received an appointment to a clerkship in the U. S. land office at La Grande, and left to assume his new duties Tuesday morning. His family will probably follow him later. The position is said to be a good one, and Ed's many friends rejoice with him over his good fortune, though it takes a good, substantial citizen from Newberg.

Miss Elsie Kincaid who has been attending college here, from Corbett, about thirty miles east of Portland, was suddenly called home Monday by a telegram announcing the serious illness of her mother. A news item however in the Evening Telegram told of a much worse sorrow which was to confront the young lady on her arrival home. Early Monday morning her father Wm. Kincaid, was found hanging dead, no motive, unless that of ill health, being guessed for his thus taking his own life. Miss Kincaid has the sincere sympathy of her college friends in her severe affliction.

The football game here Saturday between the McMinnville high school and the college second team, resulted exactly as the first game, by a score of 11 to 6 in favor of the visitors. The first few minutes looked very much like Newberg's game, and after a touchdown and goal by the home team some of the college enthusiasts who have not had a chance to yell the yell of victory this year began to pitch their vocal organs to the tune of triumph. The music stuck in their throats however, for just at this stage of proceedings a presumptuous high school lad very cleverly executed a "coup" around the end and scored. This little surprise so effectively froze the lip of the home team that it didn't rally until a few minutes of the finish, when it was too late. Of the visitors, Bradley and Ungerman were the stars, while Chas. Davidson did the grandstand work for Newberg. The teams are of equal weight, and McMinnville won by good hard work from start to finish while Newberg lost by dilly-dallying, when she should have been playing football.

No. 1 bread at Star Bakery. Lemons and best of candies at Star Bakery.

Get first choice of holiday goods at Hadley's by buying early. Born, to Mr. and Mrs. C. Kiser on Friday November 22, a son.

Call on J. M. Rittenhouse at Star Bakery. He will treat you square. Two lumber wagons for sale or trade. E. P. UTEH.

J. W. Coffin and family ate Thanksgiving dinner with relatives in Carlton. A 1300 lb. work horse, buggy and harness for sale. Demsy Smith.

The Graphic and Weekly Oregonian are still furnished at the clubbing rate of \$2.00. Horatio Hall has been sick for two or three weeks and seems gradually to be growing weaker.

Mrs. D. R. Jackson left Monday morning for her old home in Minnesota, where she will spend the winter. Just now is the time to have your photo taken and thus avoid the Xmas rush. DOUGLAS STUDIO.

J. M. Wright has severed his connection with the Newberg Land Company and has embarked in the real estate business on his own hook. Mrs. Ruth Clark and son Ed of Corvallis are in town visiting with Mr. and Mrs. Glen Winslow, the latter being a daughter of Mrs. Clark.

Archie Seely left for his home at Wilsonville on Wednesday in order to be on hand Thursday to feed on his mother's good turkey dinner. Back in business again. Look out for new pictures in my display window. The latest in style and finish. Prices always right. C. C. SMITH.

Services at the Friends church Sunday morning will be conducted by the pastor. Subject of discourse—The changing church and the abiding Christ. F. H. Storey sent a big dray load of plumbing material up to Dundee Wednesday for the new Crosby mansion which included sewer pipe, hot and cold water pipes and bath fixtures.

Acker's Dyspepsia Tablets are sold on a positive guarantee. Cures heartburn raising of the food, distress after eating or any form of dyspepsia. One little tablet gives immediate relief. 25c and 50c. C. F. Moore & Co. Semon Madson and his mother have bought Charley Ciemenson's interest in the farm at Creswell, Lane county, and the latter will return here in the spring to take charge of the Madson farm. Semon and his mother contemplate moving to town in the spring.

A. C. Churchill, president of the Yamhill Coal & Oil Company, has opened up an office in the Oliver building across the street from the postoffice, in the room adjoining the telephone office. Those who have been hesitating to buy coal and oil stock because of the rush need hesitate no longer. Arrangements are now consummated whereby oil stock may be written with dispatch and oil magazines made—while you wait.

The Spaulding Logging Company received word by telegram last Saturday evening that the log drive up on the Luckiamute had broken, and as a result available hands were drafted and started to the rescue Sunday morning. The drive consisted of between 500,000 and 1,000,000 feet of timber a good deal of which will undoubtedly be lost. The heavy rains have been causing the loggers a good deal of trouble on the upper river and its tributaries.

Quite a little interest is being taken in this vicinity in the matter of fine poultry for business. C. P. Nelson received a pair of Barred Plymouth Rocks from Boone, Iowa, Monday evening. The same train brought a coop of White Wyandotts from Eldorado, Iowa, for C. H. Fleming, and also a coop of White Plymouth Rocks for Merle Nelson. Shipments for other parties are expected in a few days. These fowls are highly bred and are prize winners in their class. Mr. Nelson will take his Barred Plymouth Rocks to the Portland poultry show next month. With the importation of a carload of eggs from the East every few days it does seem chickens here ought to be good property.—Telephone-Register.

The Yamhill Coal & Oil Co. have every favorable condition on their side—geologically, theoretically and practically. They have the land, and just as soon as the business community can see the good results of an oil or coal discovery they will be financially able to sink a test well. The history of oil-well boring on the Pacific coast proves that the oil gets clearer and burns more brilliantly as the discoveries have tended northward, and they are therefore confident of striking a superior article in their Chehalis hills well. Stock of this company will not long remain at 50 cents per share, as they will soon have sufficient funds to meet any possible contingency while prospecting with the drill.

It remains to be seen whether Yamhill is to be afflicted with another "jam", from the strenuous efforts which the socialists have been making to perfect organization at the county seat. They claim to number three hundred in the county, and recently published a call for a meeting at McMinnville, for the purpose of organizing and launching the movement. The Reporter says the meeting was something of a frost, as the attendance was slim, the president was absent and no work was accomplished; also that another depressing circumstance at this time is the refusal of the government mails to carry their pet paper, Appeal to Reason, on the grounds that they understand it, of complaints to headquarters, that the paper was sent to a great many people who do not desire it. The Reporter concludes that "taken altogether, a demotion bow-wow condition seems to confront them."

Some few weeks ago one of the professors of McMinnville College took some of the students out on an expedition to some Indian graves which they unearthed and from which they secured some bones and relics. Some pioneer who feels strongly on the subject, under the caption of "Let Them Sleep in Peace," through the Telephone-Register cites the section of our criminal code which says: "If any person shall willfully and wrongfully dig up, disinter, remove or carry away any human body or the remains thereof, such person, upon conviction thereof, shall be punished by imprisonment in the penitentiary not less than six months nor more than two years, or by imprisonment in the county jail not less than three months nor more than one year." "Pioneer" holds that this law has been "outrageously violated" as "Indians are human beings and their bodies and remains are entitled to rest in peace and be protected from such ghastly acts." He furthermore suggests that "a hundred years hence a ghoul of the 21st century may be digging a trench through the grave of a McMinnville College professor. Who knows?" Of course the motives of the college people were good and no desecration was intended, but the sympathies of those who have ever read "Ramona" are with the pioneer.

Remittance Sale News. The Remittance Sale to be given by the ladies of the Friends church will open Wednesday morning December 4, in the Pickett building west of Parker & Pool's store and continue the rest of the week—day and evenings.

We would like so far as possible to have all donated articles (except baking for Saturday) brought in Monday and Tuesday afternoons, but will receive articles any time during the week.

We expect to have something to suit all classes and desire the patronage of everybody—children will receive the same attention as their elders.

Mr. and Mrs. Paul Macy of Springbrook visited their son W. T. and family in McMinnville the first of the week. On Tuesday evening Miss Mabel Edwards gave a very pleasant evening's entertainment at her home to a company of her friends.

Hon. J. F. Caples will lecture under the auspices of the Ladies Aid of the M. E. church, on the evening of December 12. Particulars will be given later.

Miss Stuart wishes to announce to members of the chorus class that on Tuesday and Thursday evenings of next week the class will meet for cantata practice at 7:30.

Pres. H. E. McGrew preached the Thanksgiving sermon in Sherwood yesterday. He and family and the evangelists Nathan and Esther Frame took dinner with Mr. and Mrs. Martin Cook.

Wm. Stratton received a letter from his daughter Edna at Tillamook a few days ago, which told of the marriage at that place on November 16, of Mrs. M. E. Myers of this place to an elderly gentleman named Stilwell.

Rev. L. D. Barr of the Friends church of Newberg preached a splendid sermon at the Presbyterian church last Sunday. Everyone whom we have heard comment on the sermon were highly pleased with it and would be glad to have Rev. Barr come again.—News.

Drink a steeping of Moki Tea at night before retiring, and see how soundly you will sleep, and how joyously you will awake in the morning. It supplies food for the blood while you sleep, produces a clear and beautiful complexion, and cures constipation and sick headache. 25c and 50c. C. F. Moore & Co.

A great subject and an eloquent speaker insure an interesting evening to those who attend the meeting in Crater's hall, Thursday, December 5, at 8 p. m., when Quincy Lee Morrow, National Prohibition Evangelist, will deliver one of his great lectures. The York, Pa. Daily said, "Mr. Morrow handled his subject with a master hand and delivered one of the finest lectures ever heard in our city." Admission free and everybody invited. Com.

Henry Austin, one of Newberg's pioneer butchers, is behind the block in Stanley & Bond's meat shop in the absence of Mr. Stanley and it is evident that he has not been forgotten in the interval of years, for up to Tuesday noon he said he had kept tally on the people who had greeted him with "Hello Henry, you look familiar in here," and the count had reached one hundred and three with several outlying districts yet to hear from.

THE YAMHILL COAL & OIL COMPANY! Newberg, Oregon. CAPITAL STOCK \$50,000 Par Value \$1.00 per Share Paid up and NON ASSESSABLE. A. C. Churchill, Pres. Dr. H. J. Littlefield, Vice Pres. A. P. Oliver, Sec'y. J. C. Colcord, Treas. Clarence Butt, Attorney. Bank of Newberg, Depository. DIRECTORS: S. M. Calkins, N. E. Britt, H. J. Littlefield, A. P. Oliver, J. C. Colcord, A. C. Churchill. There have been thousands of dollars made in investments in oil stocks and properties. All big money made in oil stocks was secured by the purchase of just such stocks as this company offers. The first drilling in any field before the actual discovery of oil, is known as wildcat to start on. Under such conditions investors are naturally given the long end. There is an acknowledged chance or gamble and you demand a chance of making big money on your investment. That's the basis we are working on; that's the chance we are offering you. First, we have 2500 acres selected lands; these acres were chosen from a geological point of view; that is, the condition existing on these lands give every indication of the presence of oil; we submitted these indications to the best informed people on coal and oil properties in Pennsylvania, Texas and California, and we were assured that there is no doubt of oil existing under these lands. Now of course if it were known for a fact that oil existed in paying quantities we could not touch these lands with a forty foot pole. The element of chance enters into the deal at once and everyone connected with the enterprise demands a premium as it were, consequently we capitalized these lands at one-tenth or one-twentieth of their worth. Should we prove them to be true oil lands it necessarily follows that the value of your stock would increase to still a greater degree, for not only are the lands worth ten to twenty times the cost to you but the value of the product we secure from the land in oil and coal is many times more. That's history. That's no josh! At the same period of development those same shares had no greater cash value than the stock of this company today; they had no more in sight to base a value on than we have today. We are working under the same conditions identically, and in addition have the happy results of their labor and investment to guide us. A \$10 purchase of our stock may seem a mere bagatelle to you on today's value but give us a true find of oil tomorrow and we doubt anyone's ability to secure the same from you for hundreds of dollars. Every dollar received by this company will go to the direct work of developing its properties. We propose to have a standard, up-to-date driller. We shall be practical in every move; not a dollar will be expended on any other line. Competent people will handle all the details and every shareholder will be thoroughly posted as to progress of work. We would like to have you send in at least \$10 and secure 20 shares, par value \$1 per share paid up and non-assessable.

Spreads Like Wildfire. When things are "the best" they become "the best selling." Abraham Home, a leading druggist of Belleville O., writes, "Electric Bitters are the best selling bitters I have handled in 20 years." You know why? Most diseases begin in disorders of stomach, liver, kidneys, bowels, blood and nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50c at C. F. Moore & Co. druggists.

Rolling Mill Consumption. Seven out of every ten men who work in rolling mills, iron foundries and glass factories die of consumption. You know how early in life these men pass away. The usual symptom is a nagging, persistent cough—sometimes short and hacking, sometimes hard and dry. The patient grows weaker and thinner day by day. Death eventually comes. The trouble comes from intense heat and the constant inhaling of the fine particles of dust and iron that fill the air. These particles, under a microscope, show rugged, sharp edges, which tear and irritate the delicate lining of the throat and lungs. Perpetual sneezes are thus formed, and here it is that the germ of consumption finds a place to feed and multiply. Acker's English Remedy was discovered in England, and is the only cure in the world for Rolling Mill Consumption. It loosens up the lungs, strengthens the mucous membranes of the breathing organs, permanently stops the cough, builds up the constitution and imparts vigor to the whole system. It must either cure or it costs you nothing. One bottle does wonders. Try it. What it has done for many others it will also do for you and your loved ones. Sold at 25c, 50c and \$1 a bottle throughout the United States and Canada; and in England at 1s, 2s, 3s, 4s, 6s. If you are not satisfied after buying, return the bottle to your druggist, and get your money back. We authorize the above guarantee. W. H. HOOKER & CO., Proprietors, New York. For sale by C. F. Moore & Co.
