

March April May

There is a best time for doing everything—that is, a time when a thing can be done to the best advantage, most easily and most effectively. Now is the best time for purifying your blood. Why? Because your system is now trying to purify it—you know this by the pimples and other eruptions that have come on your face and body.

Hood's Sarsaparilla and Pills

Are the medicines to take—they do the work thoroughly and agreeably and never fail to do it.

Hood's are the medicines you have always heard recommended.

"I cannot recommend Hood's Sarsaparilla too highly as a spring medicine. When we take it in the spring we will feel better through the summer."—Mrs. S. H. SEAL, McCray, Pa.

Hood's Sarsaparilla promises to cure and keep the pimples.

What He May Have Meant.

Mrs. Punkington—Emmy writes that her rich New York fellow takes her out to his country place every evening and gives her a ride on his drag.

Amos Punkington—Gosh! It beats all what girls will do when they get cuffed. You wouldn't ketch Emmy ridin' on no drag hereto hum.—Judge.

I am sure Piso's Cure for Consumption saved my life three years ago.—Mrs. T. TOS. Box 22, Maple street, Norwich, N. Y., Feb. 17, 1906.

The Ring to Blame.

Con Soot—Diamond engagement rings are, very evidently, not fashionable any more.

Ascum—What makes you think so?

Con Soot—I offered one to Miss Roxey last night, and she wouldn't have it at all.—Philadelphia Press.

Are You Using Allen's Foot-Ease?

It is the only cure for swollen, smarting, burning, itching feet, corns and bunions. Ask for Allen's Foot-Ease, a powder to be shaken into the shoes. It is brought and shoe stores, etc. Sample sent FREE. Address: Allen S. Olmsted, LeRoy, N. Y.

Why He Drinks.

Blinks—When you are tempted to take liquor, think of your wife at home. Jinks—I do. That's what drives me to drink.—Baltimore World.

Mothers will find Mrs. Winslow's Soothing Syrup the best remedy to use for their children during the teething period.

Doubly Answered.

"Do you object to cigarette smoke?" asked Young Softleigh, as he prepared to light one of the undertaker's delights.

"Really, I don't know," replied Miss Cutting. "No gentleman ever smoked one in my presence."—Chicago News.

WELL LIGHTED STORES.

The M. & M. Arcs are causing quite a stir. Nothing is more annoying than a poorly lighted store. From the time of old tallow dips millions of people have been bothered by insufficient light when the evening comes. But now it seems the whole question is settled by the beautiful, brilliant, economical "M & M" Arc Lamps that are becoming so popular. They are cheap, too. Write to C. W. Lord, Portland, Oregon, for a circular telling you all about them. You'll be glad you wrote. Agents are wanted in every town.

She's Prepared to Conquer.

When a girl gets a rose in her hair and a white crooked thing on her head she is armed for anything she might meet in society.—Atchison Globe.

OREGON BLOOD PURIFIER

TESTED AND TRUE GUARANTEED. HOW TO USE: Take one or two pills three or four times a day.

Trying Situation.

Miss Amateur—Can't you give me a part with more speaking in it?

Theatrical manager—For what reason?

Miss Amateur—Well, before going on the stage I belonged to a woman's debating club, and not having a chance to say much, goes very ill with me.—Ohio State Journal.

Scrofula

THE OFFSPRING OF HEREDITARY BLOOD TAIN.

Scrofula is but a modified form of Blood Poison and Consumption. The parent who is tainted by either will see in the child the same disease manifesting itself in the form of swollen glands of the neck and throat, catarrh, weak eyes, offensive sores and abscesses and oftentimes white swelling—sure signs of Scrofula. There may be no external signs for a long time, but the disease develops slowly in some cases, but the poison is in the blood and will break out at the first favorable opportunity. S. S. S. cures this wasting, destructive disease by first purifying and building up the blood and stimulating and invigorating the whole system.

J. M. Seal, 115 Public Square, Nashville, Tenn., says: "Ten years ago my daughter fell and cut her forehead. From this wound the glands on the side of her face became swollen and burst. Some of the best doctors here and elsewhere attended her without any benefit. We decided to try S. S. S., and a few bottles cured her cure."

S. S. S. makes new and pure blood to nourish and strengthen the body, and is a positive and safe cure for Scrofula. It overcomes all forms of blood poison, whether inherited or acquired, and no remedy so thoroughly and effectively cleanses the blood. If you have any blood trouble, or your child has inherited some blood taint, take S. S. S. and get the blood in good condition and prevent the disease doing further damage.

Send for our free book and write our physicians about your case. We make no charge whatever for medical advice.

SCIENCE HAS A DIVINING ROD THAT SHAMES "WITCH HAZEL."

Science has armed herself with a divining rod which cannot be open to the suspicion which has ever attached to the pruned twig of witch hazel. A simple apparatus has been devised for the locating of ores and mineral-bearing rock and earth.

The new device pretty nearly eliminates the element of chance in mining operations. The principle involved is that a vein of ore is a better conductor of electricity than the earth around it.

Two steel rods are connected with each other by an electric battery, and with a delicate instrument which measures the resistance of the circuit.

The rods are driven into the ground, and a light current is sent through the connecting wire. The current, to complete its circuit, must travel through the earth from the end of one rod to the end of the other. The resistance of the earth is noted, and the rods are moved to any positions. This is repeated until

a marked reduction of resistance is noted. Then the operators know that one or both of the steel rods are over or nearly over a body of mineral. By repeated shifting the location of the mineral is narrowed down until the vein of ore can be mapped out with absolute accuracy.

Minerals have been located at a depth of 500 feet, and the operators of the device say that, so far as they know, there need be no limit to the depth at which they can work.

A stream with peculiar properties flows near Tucson, Ariz. Wood and vegetables and other soft substances thrown into it become petrified. It is customary for visitors to leave potatoes in it for a few weeks enclosed in wire receptacles and find them turned to stone.

The women of Finland of the lower classes perform arduous labor that in other countries is usually assigned to males. They wheel handcars and barrows of various descriptions containing heavy burdens. They also sweep the streets, act as boatmen and even assist in loading ships.

It is reported that a camera has been placed so as to take each day one picture of the new building of the Cornell University, now being constructed, with the object of producing hereafter a moving picture of the building from its beginning to its completion.

Birds are made to take their own pictures by the ingenious apparatus of O. G. Pike, an English photographer. A ball of fat is placed on an electrical wire which is so connected with a camera that when the ball is removed an instantaneous exposure of the sensitive plate.

The average weight of engines on German State railways is 42.67 tons, while those in use on private roads average 37.68 tons. During the year 1890 446 engines were purchased by the State railways and 56 by private companies. In the year 1898 \$554,000 was spent for the purchase of new and the repair of old engines on private lines.

There is considerable amusement in some of the census tables, and jokes are going the rounds over the fact that Chicago has more hogs than New York, but that New York leads in the matter of goats. Pennsylvania beats all other states in the number of aules, which fact is mentioned in relation to its factional politics.

There is a large number of professional "bee hunters" in the West and southwest of Texas. Small caves and dark recesses formed by shelving rock abound along the waterways of the Texas rivers. They are the natural lives of the wild bees, and take the place of the hollow tree trunks of the forest regions of the northern country. These caves are used year after year by the bees, and in many instances they have been found to be literally filled with honey.

Modesty. "I understand," said the customer, "that you keep photographs of all the prominent men."

"Yes, sir, we do," replied the dealer. "Well, my name's the Hon. James Perkins, Mayor of Pettyville, Illnoy. Lemme have one o' mine."—Philadelphia Press.

Insinuating. "Lady," said Meandering Mike, "I notices dat you marks de crust of eah piece w'it a letter."

"Yes."

"Well, I'd like to ask you, in a spirit of holiday cheer, whether M stands for 'mine' or 'Mike'?"—Washington Star.

All Doubts Removed. She—And you will always love me, even when I am old and ugly?

He—But you can never grow any older or any uglier in my eyes, darling.—Fall Mail Gazette.

Chronologies. According to latest authorities, the Hindu chronology extends to 6174 B. C.; Babylon, 6758 B. C.; China, 6157 B. C.

Having your enemies makes you uncomfortable, and does your enemies no harm.

There is no denying that there are a great many happy-looking widows.

Unable to Stand for Months Because of Sprained Ankles. CURED BY ST. JACOBS OIL.

From the Chicago Times.

Among the thousands of voluntary endorsements of the great value of St. Jacobs Oil for sprains, stiffness and soreness, is that of Mrs. G. Thomas, 4 Alexandra Road, Gelli, Ysbrod, near Pontypridd, South Wales, who says—

"It is with great pleasure that I add my willing testimony to the invaluable excellence of your celebrated St. Jacobs Oil, as experienced in my own case. I sprained both my ankles in walking down some steps so severely that I was unable to stand for several months. The pain I suffered was most severe, and nothing that I used helped me until I applied St. Jacobs Oil, when they immediately became better and in a short time I was able to go about, and soon after I was quite cured. I am now determined to advise all persons suffering from pains to use this wonderful remedy, which did so much for me."

Mrs. Thomas does not enlighten us as to what treatment she pursued during the months she was unable to stand, and during which time she was suffering so much, but we venture to suggest that had she called in any well known medical man he would at once have prescribed St. Jacobs Oil, for it has conquered pain upwards of 50 years, and doctors know there is nothing so good. The proprietors of St. Jacobs Oil have been awarded twelve gold medals by different international exhibitions as the premier pain-killing remedy of the world. The committees who made the awards were in each instance composed largely of the most eminent medical men obtainable. Mrs. Thomas did not know the high opinion in which St. Jacobs Oil is held by almost every progressive medical man.

Getting Ready for It. "She never studied for the stage, did she?"

"Studied for it! Well, rather! Why, she's taken the entire divorce court course."—Chicago Post.

Big Bets Compared. Elections have not produced the biggest bets. In August, 1900, a New York firm wagered \$250,000 on McKinley's election, but in 1843 Lord George Bentinck bet \$750,000 on one of his race horses in England.

CATARH CAN NOT BE CURED. With local applications, as they cannot reach the seat of the disease, Catarrh is a blood or constitutional disease. It is not cured by you must take internal remedies. Hall's Catarrh Cure is taken internally, and acts directly on the blood and mucous surfaces. Hall's Catarrh Cure is not a quick medicine. It was prescribed by one of the best physicians in the country for years, and is a regular prescription. It is made of the best ingredients known, combined with the best blood purifiers, acting directly on the mucous surfaces. The perfect combination of two ingredients in Hall's Catarrh Cure does such wonderful results in curing catarrh. Send for testimonials, free.

F. J. CHENEY & CO., Props., Toledo, O. Solely druggists, price 75c. Hall's Family Pills are the best.

Satisfied. "My friend," said the very severe person, "treasure the precious moments. Think, with the deep awe which the subject deserves to command, upon the fact that time is swiftly fleeting and stays for no man."

"That's all right," answered the cheery citizen; "I want it to fleet. If time were stationary I'd be out of work. You see, I'm a watchmaker."—Washington Star.

Coughs

"My wife had a deep-seated cough for three years. I purchased two bottles of Ayer's Cherry Pectoral, large size, and it cured her completely."—J. H. Burge, Macon, Cal.

Probably you know of cough medicines that relieve little coughs, all coughs, except deep ones!

The medicine that has been curing the worst of deep coughs for sixty years is Ayer's Cherry Pectoral.

Three sizes: 25c., enough for an ordinary cold; 50c., just right for bronchitis, hoarseness, bad colds, etc.; most economical for chronic cases and to keep on hand.

Prepared by J. C. Ayer & Co., Lowell, Mass.

Take the Keeley Cure

Pure relief from liquor, opium and tobacco habits. Send for particulars.

Keely Institute, 1100 Broadway, New York.

BISHOP SCOTT ACADEMY

PORTLAND, ORE. Founded 1870. A Home School for Boys. Military and Manual Training. Write for Illustrated Catalogue.

ARTHUR C. NEWELL, PRINCIPAL.

N. P. N. U. No. 10-1902.

When writing to advertisers please mention this paper.

Without Exaggeration, of Course.

"What we want in this town," said the manager of the opera house, "is a real hot show. The classic drama is all right for them that like it, but we want something sizzling or it won't go."

"My dear sir," replied the advance agent with quiet confidence and that strict veracity for which he was justly noted, "at the last two towns we played they cancelled the fire insurance on the theater buildings."—Chicago Post.

She Found Out. Miranda Milkweed—Law, child, how'd your head get so big?

Emerson Longfellow Beaconstreet—It is caused, madam, by a superabundant development of the cerebral cortex in the frontal lobe, an ultra vesicular growth of the midbrain and extraordinary development of the medulla oblongata. This condition has for its primary causation excessive intellectual strenuousness.—Chicago News.

Order from the Philippines. Among recent orders from Philippine headquarters is the following: "The metallic lining of boxes and packages belonging to the United States, used to protect matches and other articles from moisture, and when no longer needed will be melted and thrown into deep water or otherwise disposed of in such manner as to prevent recovery."

Her Duties. "We have a deaf and dumb member of our Woman's Club," said Miss Gabbagh to young Mr. Dugdeley.

"Indeed," gurgled the youth, "I should think she would be at a disadvantage."

"Oh, my, no! Why, we let her make all the motions."

And the next day Harold Dugdeley smiled audibly several times, having charted the remark and arrived at an understanding of its import.—Baltimore American.

Division of Labor. "He is very rich, but insufferably vulgar," she said.

"And yet you are going to marry him?" returned her dearest friend.

"Yes. You see, I've figured it out that I can look after his money and leave the vulgarity to him. He can care for it at the club, and he ought to be thankful, don't you think?"—Chicago Post.

PRUSSIAN LICE KILLER

Kills Lice on Poultry. You paint the perch, the fumes kill the lice. Hens cannot feed lice and feed you. Price, 50c and \$1.00 a can. Sold by dealers.

JOHN A. SALZER SEED COMPANY, La Crosse, Wis.

THE CHILDREN ENJOY

Life out of doors and out of the games which they play and the enjoyment which they receive and the efforts which they make, comes the greater part of that healthful development which is so essential to their happiness when grown. When a laxative is needed the remedy which is given to them to cleanse and sweeten and strengthen the internal organs on which it acts, should be such as physicians would sanction, because its component parts are known to be wholesome and the remedy itself free from every objectionable quality. The one remedy which physicians and parents, well-informed, approve and recommend and which the little ones enjoy, because of its pleasant flavor, its gentle action and its beneficial effects, is—Syrup of Figs—and for the same reason it is the only laxative which should be used by fathers and mothers.

Syrup of Figs is the only remedy which acts gently, pleasantly and naturally without griping, irritating, or nauseating and which cleanses the system effectually, without producing that constipated habit which results from the use of the old-time cathartics and modern imitations, and against which the children should be so carefully guarded. If you would have them grow to manhood and womanhood, strong, healthy and happy, do not give them medicines, when medicines are not needed, and when nature needs assistance in the way of a laxative, give them only the simple, pleasant and gentle—Syrup of Figs.

Its quality is due not only to the excellence of the combination of the laxative principles of plants with pleasant aromatic syrups and juices, but also to our original method of manufacture and as you value the health of the little ones, do not accept any of the substitutes which unscrupulous dealers sometimes offer to increase their profits. The genuine article may be bought anywhere of all reliable druggists at fifty cents per bottle. Please to remember, the full name of the Company—CALIFORNIA FIG SYRUP CO.—is printed on the front of every package. In order to get its beneficial effects it is always necessary to buy the genuine only.

Why a Woman is Able to Help Sick Women When Doctors Fail.

How gladly would men fly to woman's aid did they but understand a woman's feelings, trials, sensibilities, and peculiar organic disturbances. Those things are known only to women, and the aid a man would give is not at his command.

To treat a case properly it is necessary to know all about it, and full information, many times, cannot be given by a woman to her family physician. She cannot bring herself to tell everything, and the physician is

at a constant disadvantage. This is why, for the past twenty-five years, thousands of women have been confiding their troubles to us, and our advice has brought happiness and health to countless women in the U. S.

Mrs. Chappell, of Grant Park, Ill., whose portrait we publish, advises all suffering women to use Lydia E. Pinkham's Vegetable Compound, as it cured her of inflammation of the ovaries and womb; she, therefore, speaks from knowledge, and her experience ought to give others confidence. Address Mrs. Pinkham's Laboratory, Lynn, Mass.

The Swans.

There is a pathetic little story told of one of the Russian children of the royal family. She was very fond of white swans, and her father had a great number of them brought to the castle lakes to please the little daughter. But while she was still very small she died, leaving the castle quite desolate. The sad father could no longer bear the sight of the beloved white swans, so he had black ones substituted in memory of the gentle child.

Where He Went for It. Albert was sent down town by his mother to get some horse radish which she needed for her pickles.

After quite a long absence he came back home tired and empty handed.

"Well, where is the horse radish?" asked his mother.

"Why, mother, I went to every lively stable in town, and they didn't have a bit," answered Albert with a weary sigh.—Tit-Bits.

Telling His Friend. Friend (over the wire after dinner)—Your wife is certainly a brilliantly handsome woman. I should think you would be jealous of her.

His Host (confidentially)—To tell you the truth, Seymour, I am. I never invite anybody here that a same woman could possibly take the least fancy to.

At the Grand Opera. "What's the big feller a-doin' of now, Maria?"

"Hush! He's a-singin' of a song in German. What do you want?"

"I wants," said the Billville citizen in a hoarse whisper, "to cuss some in English."—Atlanta Constitution.

Division of Labor. "He is very rich, but insufferably vulgar," she said.

"And yet you are going to marry him?" returned her dearest friend.

"Yes. You see, I've figured it out that I can look after his money and leave the vulgarity to him. He can care for it at the club, and he ought to be thankful, don't you think?"—Chicago Post.
