Craven claims to be the owner of more hogs than any man in Yamhill county. At present he has one hundred and twenty-four at his place out north of town. W. E. Emmersons came down from Hopewell Sunday to see their nephew Judge Fred Emmerson of New Brunswick, who visited his numerous relatives here over Sunday. Henry Goetzin is preparing to start the first of the week for Alberta, Canada, with the intention of working into the stock business. He will leave his family here for the present. F. H. Caldwell, A. Dorn, J. C. Nelson and R. Everest drove up to McMinnville last Friday and heard Geo. E. Chamberlain and W. A. Wann, democratic candidates respectively, for governor and state school superintendent, speak at the court house. County recorder J. L. Hoskins drove down from the county seat the first of the week in the interests of his reelection. His friends took care of his campaign in this vicinity two years ago and they'll do it again. He was accompanied by Mrs. Hoskins who came for a visit with their daughter Mrs. F. K. Jones. In giving local mention of the county republican ticket last week, the name of J. L. Hoskins, unanimous nominee for recorder, was omitted from the list of candidates. There is but one explanation of the oversight. J. L. is considered such a sure winner that his name seems almost out of place among those of the regular candidates. The local tennis enthusiasts have fixed up and fenced in a new court on Miss Ella Macy's vacant lots just west of George Mitchell's house. A stock of tennis goods, consisting of racquets, nets, etc., amounting to between fifty and sixty dollars has been ordered through Duncan & Sons, which means a pretty complete equipment for the club. General investigation indicates that the Italian prune crop in this valley will be well nigh a failure, owing to the cold rains which came on at the critical budding stage. This will be a hard "visitation" on some of our fruit growers, but most of them will have something else to fall back upon. The prospect for a good crop of French prunes is excellent. On next Friday evening May 23, another silver medal contest will be held in Crater's hall, the contestants being Gertrude Cook, Elsie Tallman, May Mitchell, Jessie Gardner, Olive Nevitt, Beulah Spaulding, Ralph Cook, Glenn Haraden, Nina Mills and Elina Huntley. Aside from the contest, an interesting program consisting of recitations, vocal and instrumental music will be given. Everybody is invited; admission free. A Champagne correspondent to the Woodburn Independent thus eloquently eulogizes the industrious hen: "What a blessing the old Oregon hen is in these trying times. One of our neighbors marketed over 100 dozen of eggs this week. The hen is standing nobly flat-footed and cackling defiance right into the teeth of the meat combine. Every time meat goes up a cent she lays an extra egg and goes right on advertising it to the world. Hurrah for the Oregon hen! She is the right kind of a trust killer to own. She is worth more to humanity than all the legislators and congress thrown in. Just give her a handful of oyster shell and a pinch of red pepper and no trust ever yet organized has any business fooling with her."

Wright the real estate man, has a few good lots that he can sell you on long time—monthly or quarterly payments. 12 What do you think of those new samples at Smith's Gallery? He will have other new things too—they are being developed now. Will Christenson left Tuesday morning for Portland to engage with the Southern Pacific Company to do carpenter work on its lines. L. M. Crozier, of Rosedale, who spent several days in town visiting his daughter Miss Verla who is attending college returned home Thursday. For sale or trade, 80 acres of land on foothills 3 miles east of Newberg. 35 acres improved, small orchard. Mrs. C. Ward. Rev. and Mrs. James Price, the former now pastor of the Friends church at Portland, came up last week for a short visit and to attend quarterly meeting. Van Leavitt left again for LaGrande last week, having received a definite offer of seventy-five dollars a month for the present base ball season to play as a member of the LaGrande nine. M. E. Cady was in town Thursday and reports fine prospects for good crops up the valley. Milt thinks he has the best prospect on his farm for coal and oil of any point in the county. The college prohibition male quartet consisting of Emmer Newby, Walter Miles and Dwight and Worth Coulson went up to Dundas Saturday evening and sang at the Woodman supper on which occasion Elwood Minchin also delivered his oration. A clew to the decisive athletic defeat of the Portland High School boys here last Saturday might be found in the fact that they proved to be a set of cigarette fiends. Cigarette smoking doesn't make athletes nor very much of anything else but a bad stink. J. K. Wright of LaGrande, came down to Portland on business last week, accompanied by his little daughter, and came up to Newberg Saturday evening and spent a few days visiting the home folks and calling on old friends. He returned Wednesday. For Sale—160 acres of good, dark soil land, near Middleton, Oregon, two miles from R. R. 20 acres in cultivation, 60 acres fenced; box house, family orchard; very fine second growth timber—enough wood to pay for land; a snap at \$15 per acre, and must be sold; half cash, balance on time at 6 per cent interest. J. M. Wagon, Newberg. Al Clarks moved last week to their ranch over in Clackamas county, situated several miles up the Clackamas river. At present the place is rather isolated and hard to reach but an electric line is being talked of through that section of country, which, if put in along the line proposed, will pass their place and put them in easy and quick connection with outside points. On Tuesday night between one and two o'clock a burglar gained entrance to the postoffice by the use of a skeleton key and began to make investigations by the aid of matches, but before he had time to lay hands on anything, Owen Maris who sleeps in the office invited him to take a walk and he complied with the request without argument. The tool chest belonging to Tom Cummings who is building Pres. McGrew's residence was pried open the same night and some tools taken out, but all were returned. The work all round had the appearance of being of the amateur or roaming hobo type rather than that of the professional safe cracker. At a recent meeting of the directors of Chehalis Valley Bank, S. M. Calkins was elected cashier in place of Moses Votaw retiring. The directors consider themselves fortunate to secure a man at this time of tested ability and unquestioned integrity. Mr. Calkins has for the past twelve years been actively associated with the business and financial interests of Newberg and his success in each particular stands as a guarantee to the prosperity of the institution which he represents. The retiring cashier desires to express his appreciation of the patronage given the Chehalis Valley Bank during his term of service and would solicit the same favors from the business public while under the management of his successor, supported by an experienced board of directors.

Bray, prohibition candidate for sheriff of Multnomah county, came up from Portland last week and attended Friends quarterly meeting. Mrs. Phelps who had been in very poor health for some time, died at the home of J. W. Childs where she was being cared for, on Wednesday morning. Get ahead of the flies and buy your door and window screens now, at Newberg Sash and Door Factory. W. P. Heacock & Sons. Stone, secretary of the Portland Y.M.C.A. will occupy the pulpit at the Friends church next Sunday morning and at three o'clock in the afternoon he will address the Y.M.C.A. at the college. A general invitation is extended to the public to attend both these services. Dr. Clara Davidson has bought a corner lot situated north of the Willamette Valley Telephone office, of the Bank of Newberg, where she is arranging to build a residence and an office. It is already enclosed by a neat fence and work will be begun on the buildings at an early date. C. S. Ormsby, recently from Great Bend, Kansas, received a letter a few days ago from his old home saying the wheat crop was entirely destroyed by storm and hot weather. Mr. Ormsby might write his friends that he has found the haven here where the hot winds never blow and storms are unknown. W. G. Eaton and Jas. Shaw were in town Tuesday with a couple of high bred and well developed horses, which for style and beauty, were the best this vicinity has seen for many a day. They were Malcolm, weighing 1500 lbs., sired by Robert McGregor and Lambert Boy, weighing 1300 lbs., sired by Lambert Chief. They belong near McCoy. Strawberry growers say the prospect for a big crop of berries was never better than it is this season. C. S. Calkins says that while three years is generally considered the life of a profitable berry patch, he has one lot of five year old vines that are now setting the heaviest crop they have ever borne. It is fortunate that the price of sugar rules low just now. N. M. Snodgrass who is down from North Yakima has sold his place in the northwest part of town where E. P. Uter has been living for the past two or three years, to a Portland man named Knox. Nate is still in the cow trade, he having bought and shipped from the Willamette valley more than fifteen hundred head since he has been located at North Yakima. He says he still finds the demand good for dairy cows up in that country, his shipments from the valley having been so satisfactory that he has no trouble in finding buyers for all he picks up. If this thing keeps up much longer all the old cows in the valley will begin to shed tears and prepare to part with their calves, when they see Nate coming.

He greets his friends in a way that indicates he is glad to get back, but has all kinds of good words to say for Gold Hill. The public school boys, accompanied by Principal Kirk, went up to McMinnville Saturday and contested in the field meet, participated in by the schools of the county. In the contest of the upper grades the only place they secured was a tie for second in the standing high jump by Tommie Duncan. In the contest between the lower grades, Newberg made a better showing. Ralph Cooper took first in the 220 yard dash and second place in the 50 and 100 yard dashes, Ollie Vanouse took second in the running high jump and Orville Hollingsworth second honors in the pole vault. P. C. Wins Field Meet. The Dual track and field meet held here last Saturday between Pacific College and the Portland High School was not close enough to be interesting, Pacific College winning every first place and running up a score of 76 to 14, thus administering the third successive defeat to the Portland boys in like contests. The competition was not close enough to make good records. The different events resulted as follows: Fifty-yard dash—Heater, Newberg, won; Maris, Newberg, second; Kerrigan, Portland, third; time 0.03. MCMINNVILLE CORRESPONDENCE Hon. Geo. E. Chamberlain, democratic nominee for governor, accompanied by W. A. Wann, nominee for state superintendent of public instruction spoke at the court house last Friday afternoon. A very good crowd was present though not as many from other parts of the county as expected. Mr. Chamberlain occupied most of the time. He charged the republican administration with unnecessary extravagance and promised various reforms in the interests of the tax payers if elected. At the beginning of his speech he said he did not intend to indulge in any dirt-slinging at his opponent, but before he was through speaking he made a great many assertions in regard to Mr. Furnish which were by no means very complimentary. Rev. C. D. Thompson of Chicago spoke at the court house the 8th in the interest of the socialists. Aside from the usual salaries, bills were allowed as follows by the county court this week: Roads and bridges, \$2073.39; Indigent \$398.76; Rebate on tax \$114.08; Stationery and printing \$79.60; Miscellaneous, \$119.45. More About Osteopathy. The questions now being asked by many Newberg people are, "What is Osteopathy?" and "What are the different diseases treated by this method?" It would be useless to undertake to name, through newspaper notices, all the different ailments that have been permanently cured by Osteopathy and to give an explanation of the special treatments used. But if your case has been unsuccessfully treated by other methods, no matter what the nature or condition, it would be well for you to have your case diagnosed by the osteopathic method of locating the true cause of disease. This diagnosis by either a careful examination or consultation will cost you nothing and a clear statement in the simplest language will be made to the patient. Therefore it is best always that a personal examination be made before intelligent encouragement can be given. Osteopathic cures are permanent because they are natural. Osteopathy makes no demand on the vitality of the patient but rather increases it at every treatment. The body is not exposed during treatment. Call for literature or examination, day or evening. C. C. BENNETT, Osteopathic Physician. Moses Votaw's Residence. Bids Wanted. For ten racks of first class oak wood 24 inches long; also ten racks of fir wood 24 inches long. All to be corded in the wood shed at school house in Chehalis Center, Ore. All bids must be sealed and in clerks hands by June 1, 1902. Right reserved to reject any and all bids. W. R. Carter, Clerk Dist. No. 9.
