Oregon is soon to realize a three cent mile rate on the Southern Pacific as well as on other lines. The new tariff schedule is being prepared and the change will soon be made, which will mean a single fare to Portland for about seventy-five cents. R. 20 acres in cultivation, 90 acres fenced; box house, family orchard; very fine second growth timber—enough wood to pay for land; a snap at \$15 per acre, and may be sold; half cash, balance on time at 6 per cent interest. The egg business at Forest Grove is something phenomenal. The Times has been making a little inquiry among dealers and finds that they handled last week at least 3,000 dozen eggs. Almost the entire amount is shipped out and at present prices it is safe to say that the humble hen around Forest Grove is bringing in a golden stream of between \$400 and \$500 each week.—Forest Grove Times.

It begins to look very much like an Independence day celebration for Newberg this year. A good attendance was the result of the call by Mayor Christenson for a mass meeting Monday evening and the sentiment of those present was found to be unanimous in favor of a celebration, all pledging their support and encouragement toward making it a success. Clarence Butt was made chairman of the meeting and N. C. Christenson secretary. Dr. H. J. Littlefield was selected as general manager of the celebration. Committees were appointed as follows: Finance and grounds, B. C. Miles, N. C. Christenson, H. R. Morris, R. B. Linnville and C. F. Moore; games, Guy Metcalf, Lee Grames and Hugh Nelson; program, J. C. Holt, Dr. H. J. Littlefield and I. E. Holt; advertising and printing, W. C. Woodward and A. P. Oliver. One or two committees are yet to be appointed. It has been several years since Newberg has had a celebration, and if it is to have one this year, preparations should be made for a full, life size one. There is not much time between now and July 4, but there is sufficient if citizens get in and bustle.

Stanard, were held at Grange hall on Monday. Interment being made in the West Chehalam cemetery. The deceased was a native of Denmark.

The cheese factory at Willamina is now running full blast and is demonstrating every day that this part of the valley is well adapted for the dairying business. At a test made last week there was no milk that tested under 5 per cent and the milk from five cows of Luke Booth tested 8 per cent. This is a remarkable showing when it is taken into consideration that none of the cows are blooded stock.—Sun.

The result of the annual examinations of the state law school as published in Tuesday's Oregonian shows Otto Pickett as graduating second in a class of fifteen. He is being examined at Salem the latter part of this week for admission to the bar, and in a week or so intends to leave for South Bend, Washington, where he will work for a while in a law office.

A few days ago John Larkin, who is down at Fillmore, Southern California, overseeing the drilling operations of the Skookum Oil Company, sent to D. H. Turner a sample of the dirt taken out at a depth of between eleven and twelve hundred feet. It smells strongly of petroleum, and the Newberg stockholders are correspondingly elated over the prospect of soon reaching what they have long been seeking.

The dual athletic meet advertised to take place at Forest Grove last Saturday at the University and Pacific College ended in a farce. Before the Newberg boys went over it was mutually agreed that the discus throw would be discarded as the former had not been able to secure a discus and knew nothing about throwing it. After they arrived at Forest Grove however, the manager of the latter's team, realizing that the meet would be a close one, refused to throw out the discus event as previously agreed, which utter breach of good faith so exasperated the Newberg boys that they refused to go in the meet. In this they were encouraged by some of the University students who repudiated their unprincipled manager. Pacific University is acquiring a reputation in this direction which is far from savory. A few years ago the Pacific College foot ball team went over there for a game and because they would not allow the University to run in a couple of Portland professionals, the latter refused to play, and the Newberg boys returned home on their own expenses. Such conduct reflects anything but credit upon an institution.

He went on up to Seattle, called on former Newberg friends and was shown about by Charlie Burrows. George will now settle down to business here at home.

The word comes from Missouri that Demsey Smith has made a rich strike back there in speculation. He invested ten dollars in stock in a lead mine prospect, a shaft was sunk, and in a few days he was offered five hundred dollars for his holdings, but at last report was holding off in the expectation of securing a thousand. Some Newberg young ladies may yet rue the day they allowed Demsey to escape single handed.

Mrs. Vannie Martin gave a reception at the family home on River street Tuesday evening, there being present the teachers in the public school, the school board and a few other guests. The evening was spent in a social way and refreshments were served before the guests departed for their homes. Mrs. Martin has been a teacher in the Newberg schools for twenty years with but short intermissions and many young people who were taught their a-b ab's by her are now rearing families of their own.

Prof. Thomas Newlin, who for the past two years has served as vice-president of Wilmington College, Wilmington, Ohio, has accepted a professorship in Guilford College, North Carolina. Something of the way in which his work at Wilmington has been appreciated may be determined from the leading editorial in a recent number of the Wilmingtonian the college paper, which speaks in the highest terms of his services. It says, "One of the highest compliments paid to Professor Newlin was by one of his students who said 'He teaches you how to think.'" Herein is the key to his ability as an instructor.

The musical and elocutionary entertainment given in Craters hall on Thursday evening of last week for the benefit of the athletic association, was a success from all standpoints, many declaring it the highest class entertainment Newberg has seen for years. Miss Fay Swick, as reader, was enthusiastically received and every number enored. In such selections as "The Raggedy Man," "Molly," and "Little Fritz" she is inimitable, and has even greatly improved since her last appearance in Newberg. As pianist, Miss Gertrude Brewer of Chemawa made a decided hit, and received much praise from local music lovers. She graduates from the Chemawa Indian school this month, also from the Salem conservatory of music. Miss Stuart sang with her accustomed grace and expression and was enjoyed most in the rendering of "Little Blue Pigeon." The work of F. C. Horton on the cornet was greatly appreciated, both in solo and in the orchestra. The amount of twenty dollars was cleared as a result of the entertainment.

Hiram Hoats, lately from Illinois, who has been visiting up about Perrydale, was in Newberg this week looking for a location. A. C. Churchill is riding around in a sporty new buggy. It is suspected that he is running a little confidence game on possible investors in oil stock.

Mrs. Reuben Everest and young sons went down to Portland Saturday and visited a couple of days with Mr. and Mrs. Everest's married daughter. G. W. Mitchell has obtained a position with the Southern Pacific as timber cruiser and left the first of the week with Frank Elliott, Alf Rees and others for Southern Oregon.

In the silver medal contest held in Craters hall last Friday evening, Eulab Spaulding was awarded first place and Gertrude Cook second, the judges being Miss Helen Chamberlain, F. A. Morris, Nelson Sykes, Clarence Butt and W. C. Woodward.

Alf Rees came down from Boscung, Washington, the latter part of last week and visited over Sunday out northeast of town with his brother John. He has a position in the land department of the Southern Pacific as cruiser and started but the first of the week for Southern Oregon to begin work.

Calvin Blair, president of the Pacific College Y. M. C. A., has received word from state secretary H. W. Stone of Portland, that at a recent meeting of the state executive meeting it was decided to hold the next annual Oregon and Idaho convention at Newberg. This means a great deal to Newberg in many ways, and though it will take some effort to take care of the number of delegates which will be in attendance, the citizens of the town will be found ready and willing to assist and co-operate with the boys to this end. The convention will be held next December.

The Newberg Telephone Company which has been negotiating for some time with the Columbia and Willamette Valley companies for use of their office and line, has succeeded in securing even better terms than were expected. C. F. Moore and Jesse Edwards secured a meeting in Portland with the president and manager of the above companies the middle of the week when the latter fully conceded to the Newberg company the use of their office and line here, also a special cut rate for communication over the Willamette Valley line to Portland. This will mean a big saving of expense to the local company and greater efficiency in service.

On last Saturday evening Miss Mabel Edwards gave a pleasant and unique social event in honor of Miss Bergitta Nelson who was visiting her from McMinnville. The evening's entertainment took the nature of an "excursion," cleverly worded tickets being given out for a tour around the world, and the reception room being arranged to represent a railway coach. The parlor served as the "observation car," objects being arranged to represent different scenes and places. Strawberries, served with whipped cream and cake, made the dining car the most popular resort of the trip. Aside from the hostess and guest of honor, those present were the Misses Edna Allen, Maud Soper, Jessie Britt, Nerva Wright, Myrtle McDaniell, Ella Crawford, Olive Stratton, Pearl Cummings, Gertrude and May Lamb and the Messrs. Guy Metcalf, Nelson Sykes, A. C. Martin, Otto Pickett, W. C. Woodward, A. C. Pool, W. S. Parker, L. B. Ferguson, R. W. Kirk, H. Rosenberger and R. W. Jones.

Cards. The people want good men in office, and we believe that the voters will make no mistake by voting for Dr. C. R. Matthis, the democratic candidate for state senator. Dr. Matthis is a gentleman of temperate and sober habits and has made for himself an enviable reputation by strict integrity and faithful attention to business, and should be elected we feel safe in assuring the voters of Yamhill county, that he will work for the best interests of the people. MANY VOTERS.

It is seldom that the voters have an opportunity to give their support to a man who is more deserving of endorsement than is Charles V. Galloway, democratic candidate for representative. He is a young man of integrity, sobriety, conservatism and business ability. He is a native son of this county, a graduate of the University of Oregon and by occupation a farmer. A vote for Charles Galloway for representative is a vote for the right man. NON-PARTISAN.

Holds up a Congressman. "At the end of the campaign," writes Champ Clark, Missouri's brilliant congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all round medicine ever sold over a druggist's counter." Overworked run down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them, only 50c. Guaranteed by F. H. Caldwell & Co.
