At the regular meeting of the city council Monday evening, bills for work and material were allowed as follows: The Spaulding Logging Company, \$37.90; J. C. McCrea, \$3; Clarence Butt, \$20; C. J. Edwards, \$41.67.

The resignation of Milt Nicholson as councilman in the second ward was tendered and accepted, and the names of E. K. Shaw, C. F. Moore and H. M. Williams placed in nomination to fill the vacancy.

After the first ballot, the vote stood Shaw, 3, Moore, 2, and remained the same for five ballots, no one receiving a majority of the votes of the whole council.

After a short discussion of the merits of the question Shaw was finally declared elected. However, Recorder Butt has since found record of a ruling made in a similar case by Judge Boise, which makes a majority of the whole council necessary to election, and the question will be brought up again at the next meeting.

The matter of a petition for privilege of opening up a billiard hall was referred to the judiciary committee.

It was moved and seconded that a team be hired for a few days and work be done in cleaning up the streets of the town.

Gottfried Keller has bought a flooring mill located in Polk county on the Luckiamute river near Lewisville, where there is good water power the year round. Dr. Nehrbas, a cousin of Mr. Keller, who recently came out from the East takes an interest in the mill. It is said to be a good location and the Graphic wishes them the best of success in the business, although it is with regret that notice is given of prospect of leaving Newberg.

After being afflicted with paralysis for over three years, Mrs. Nancy Ellison died last Monday at the home of her son-in-law Henry Parrett on Parrett mountain, at the age of seventy-seven years. The funeral exercises were conducted at Pleasant Hill cemetery, four miles south of Sherwood, by Elder S. B. Moffitt of the Primitive Baptist church of which the deceased was a member. Mrs. Ellison was born in Monroe county, Virginia, and in the summer of 1865 crossed the plains with her husband settling in this county near Newberg, where she has since lived, with the exception of a few years residence in Jackson county, where her husband died in 1877.

The memorial day exercises held here last Friday afternoon were the most widely attended of any ever held at Newberg. Many remarked that they had never seen so many people in town here before. Very appropriate exercises were held in Craters hall, the principal feature of which was the excellent address delivered by Pres. H. E. McGrew. He paid glowing tributes to Washington, Lincoln, Grant and McKinley and not only to such honored leaders but to the brave and loyal men of the rank and file who followed bravely where duty called. He closed with the thought that while peace reigns within our borders, there is still the same call on the part of the nation for brave men, men who will conscientiously take upon themselves the duties and responsibilities of good citizenship. Aside from the address, which was well received, there were appropriate recitations by school children, and music by a double mixed quartet. The exercises closed with a well executed drill by the public school girls, who sang "America," after which the march was taken up to the cemetery where the graves were fittingly decorated.

In the Inter-state Prohibition Oratorical contest held at Lincoln, Nebraska, on Wednesday night, Elwood Minchin, of Pacific College, who represented Oregon, ranked fourth out of thirteen who took part in the contest. When it is considered that Mr. Minchin had to line up along with men from the big colleges and universities throughout the country, both east and west, the rank he took is very gratifying to his friends.

The Fourth of July committees have decided upon a big barbecue as the principal feature of the celebration, and intend to raise something like five hundred dollars for the blow out, a good share of which is already subscribed. The Jesse Edwards grove back of the old academy boarding hall has been decided upon as the site. In this connection a movement is on foot with the city council to secure this grove for a permanent city park. Mr. Edwards has offered to donate the grove to the city under certain conditions, one being that the town cows be shut up. The site proposed is an ideal one for a city park and is worth hundreds of dollars to Newberg for that purpose.

The presence of a youthful horse thief Monday served to detract slightly from the interest in the candidates. Along the latter part of last week a youth in his teens stole a horse from Mr. Ford for whom he had been working near St. Joe, and came on down in this direction with it. He traded the animal to Lee Grames for another, which he sold in turn to Earl Haworth. He bought a bicycle and started on toward Portland, putting up over night near Middleton, where Jo Woods and Lee Grames found him. He was brought up before Justice Wright on Monday and bound over to appear before the circuit court. The youngster, whose folks live in Eastern Washington according to his story, is evidently a tough one, and boasts of having stolen horses before.

The students at the college are now busy preparing for Commencement, nearly three weeks off yet. The graduating class will be small this year, the Seniors being the Misses Nerva Wright, Rose Metcalf and R. W. Jones and Emmet Newby. On the other hand twenty-five students will finish the academic department of the college, and as all cannot deliver orations, nine members of the class have been chosen to speak publicly. Their names and subjects are as follows: Walter Miles, "The Influence of Money;" Asa Morse, "Champions;" Mabel Newby, "The Law of Kindness;" Ralph Rees, "The Growth of Nations;" Lewis Saunders, "Shall the War Drum be Silent?" Belle Cook, "The Use of Adversity;" Mary Minthorn, "Unconscious Influence;" Verda Crozier, "Unknown Heroes;" Lillian Nicholson, "Our Ten Talents."

One of the interesting events of the college year takes place at McMinnville today, the second annual track and field meet of the College Athletic League of Oregon. The colleges contesting will be those of Albany, Dallas, Monmouth, McMinnville and Newberg. In last year's meet the contest was principally between Albany and McMinnville, the former winning, while Dallas and Newberg neither made much of a showing. Monmouth failed to appear. The meet today however, promises to be much more interesting for several reasons. The league is more strongly established, is better known, and the meet will be more largely attended. The colleges have made more preparation this year and better teams will go into the contest. Competition will be closer, and no school will have a cinch on the cup. The presence of Heater in the Newberg ranks puts Pacific College to the front and Albany will have to "play ball" if she scores the winning points today. Newberg will be well represented at the meet, the weather gods being propitious, and will urge the boys on to victory.
