Wolverine Soaps are good. Born, on July 4 to Mr. and Mrs. Sam McVey a son. A second hand wagon for sale. Enquire at this office. Have you heard of Wolverine Toilet and Laundry Soap? Sarg Britt came up from Portland and shot fire crackers at home on the Fourth. You will always find a complete line of fresh vegetables at Wilson's grocery. Alex Buchanan came up from Portland and spent the Fourth with his family. Go to T. H. Cummings for paints and oils. A fall line of undertaking goods kept in stock. Chas. Haworth is down from near Pendleton, Eastern Oregon, visiting friends and attending Yearly Meeting. Lee Smith left Monday morning for Baker City on a business trip and with the intention of doing some sight-seeing one the side. Mrs. W. N. Sutton of Portland visited here over the Fourth and on the following day left to visit relatives in other parts of the county. Mr. and Mrs. Jacob Evans arrived Wednesday evening from Pennsylvania and are making a visit with the former's brother E. W. Evans and wife. Get ahead of the flies and buy your door and window screens now, at Newberg Sash and Door Factory. W. P. Heacock & Sons. Mrs. E. A. Soper, her daughter Miss Maule and the young ladies from the East who are visiting them, have been taking a sea side outing at Newport this week. Mrs. F. K. Groff, who has long been in very poor health, was taken before the county judge at McMinnville, Monday, adjudged insane and taken up to the asylum at Salem. Mr. and Mrs. Nathan Hinshaw of Lawrence, Kansas, who have been visiting in the West, stopped off at Newberg the latter part of last week and spent a few days visiting with Mr. and Mrs. Nathan White and other friends. The state veterinarian who was here last week examined five cows, those belonging to Warren Robertson, John McCleery, Luther Charles, C. A. Hodson and C. F. Moore and reported that he found no sign of tuberculosis in any of the animals. The 4th in McMinnville was a very quiet day, most of our citizens going to some of the different towns in the county that had celebrations. Newberg probably was the favorite point, as the boat excursion offered a pleasure that many could not resist.—News. H. D. Barber, a friend of Nelson Sykes who visited here last year was in town again over Sunday. He has been teaching school over at Newport and will spend the vacation canvassing for the International Encyclopedia published by Dodd, Mead & Company. With a little change the aggregation of ball tossers who defamed Yamhill's colors here in the ball game of last Friday, would make a stiff team and the people would like to see them try it again. Baseball is the national sport and the people are always willing to witness a good game. Yamhill county polled the lowest vote against the initiative and referendum in proportion to the size of the vote cast, of any county in the state... From each succeeding county clerk receipt is taken for a large Victor gold watch, which some time, years ago, was probably left at that office as unclaimed property in a coroner's inquest, though nobody seems to know the origin.—Reporter. Mr. and Mrs. Aaron Mills of Plainfield, Indiana, and the former's daughter Miss Bell who for the past year has been teaching in the High school of Whittier, California, arrived Monday evening to attend Yearly Meeting and are visiting with their cousin E. H. Woodward and family and other relatives. Previous to their arrival here Mr. and Mrs. Mills had been visiting relatives in Southern California. Rural carrier A. C. Martin took a lay off on the Fourth, by virtue of an order from the department at Washington. This is the first time mail has ever failed to reach the people on the route since it was established, six days out of every week. In some parts of the county carriers have failed to make their rounds on account of bad weather and bad roads but such a failure has never occurred at this office, and yet some people think we have had roads at times during the winter season in the Willamette valley. W. K. Allen left here for Boise, Idaho, the first of the week with the intention of remaining away until late in the fall. He has organized stock companies among the fruit growers at three different points out from Boise for the purpose of building and operating large commercial evaporators and he goes to have the oversight of the same. The prairie crop is good and a big run is expected this season. Jim Jones, George Allen and E. F. Hubert will leave here next week to begin the work. Jim will have charge of the carpenter work and Hubert and Allen will remain through the evaporating season. A new colportage wagon, lately put up at Corvallis, for use in this and some other adjoining counties by the Baptist missionary society, was in town a few days ago, and was inspected with interest by several citizens. The wagon is really a tract and bible house, a chapel, and a dwelling for the driver, all in one. As proof that there is a place for such institutions to fill, the driver of the wagon stated that in a rural community only eleven miles distant from Salem, our state capital, he recently found two boys, the elder of which was nineteen years of age, neither of which had ever seen a bible.

The Douglas Studio for fotos. Wolverine Laundry Soap saves labor. Fresh bread at A. B. Cooper's meat market. Terrill's Medicated Soap is good for the skin. Clarence Butt is having a new barn put up on his residence property. For sale—A good dairy cow, 6 years old; fresh. Apply to James Lawrence northwest of town. Malcom Gibbs has sold his place out east of town to Mrs. Lucy J. Budd recently from Minnesota. Mr. and Mrs. S. L. Packwood from near Waterville, Washington, are down attending Yearly Meeting. Mr. and Mrs. Ramsdell of Portland visited in town over Sunday with the latter's brother D. H. Turner and family. E. S. Craven and his brother-in-law from Iowa who is visiting him, took a short trip down the Columbia to the sea the first of the week. Elwood Minchin and Dwight Coulson left the latter part of last week for Unatilla county where they expect to spend the summer canvassing. Berlin Davis, a clerk in the shoe department of Olds, Wortman & King, is up from Portland on a fortnight's visit at his West Chehalum home. Instead of locating at LaGrande as they intended Dr. E. P. Dixon and family have gone south again and write that they have decided upon Grants Pass as a location. Mr. and Mrs. J. S. Richie of Scotts Mills drove over Monday to attend Yearly Meeting. It would hardly be "Yearly" here without John's faithful presence and counsel. Miss Celina Brouillette who has been visiting for several months with a married sister at San Francisco, California, arrived home Thursday evening of last week. R. L. Goughour, who has been boarding with J. D. Lee at Salem since last fall arrived home last week, although his board and keep had been arranged for three or four months yet. On Thursday of last week at 12:30 p. m. at the Hotel Yamhill, McMinnville, occurred the marriage of Clifford C. Cady of West Chehalum to Grace M. Hanford, recently from Idaho. Emmer Newly declares his intention of taking up work under the State Prohibition committee with E. O. Miller. He says he will spend some time in patching up the fences in outlying districts. Mr. and Mrs. J. W. Hobbs of McMinnville were down at the celebration last Friday, and were accompanied by the former's sister, Mrs. Elizabeth Hubbard, who with her children is out from Indiana making a visit. The monthly report of Supt. Calbreath of the State Insane Asylum at Salem for June shows the number of inmates to be 1290, the greatest in the history of the institution. It costs 31 cents per day to keep the inmates. There are 155 officers and employees.—News. Rev. T. Brouillette has purchased Wm. Lett's residence property on Wynooki street, adjoining M. McDonald's place, and will add two rooms to the house and will fix it up at once for occupancy. Mr. Lett contemplates returning to their former home in Coos county. The executive committee of the McMinnville Board of Trade is to take charge of the Yamhill county exhibit at the state fair this fall, J. C. Cooper having been appointed superintendent which insures some tall exhibiting. All parts of the county should cooperate with Mr. Cooper towards knocking the first prize on county exhibits for Old Yamhill. L. P. W. Quimby, game warden, was in the city Sunday. He had heard rumors of chasing deer with hounds, but there proved to be nothing in it... 441 marriage licenses have been issued during the term of County Clerk J. H. Nelson, which is over 100 each year... Did the rain spoil your Fourth? Think of the good time you can have at the carnival next fall, and the jubilees that are likely to follow a big harvest.—Reporter. Mrs. Ella Palmer, sister of Lon Hadley, who has been living for several years in Southern California, near Pasadena, where she has been teaching school at a good salary, took her relatives and friends here by surprise by her arrival on the Fourth. She made a hasty visit here, leaving on Monday morning for Indiana where she intends to spend a good part of her vacation visiting Mr. Palmer, who has long been in poor health from blood poisoning, is now regaining his health in the Thunder Mountain mining regions of Idaho. The city council met in regular session Monday night, councilmen Hodson, Pressnall, Morris, Stratton, Shaw and Spaulding being present, acting mayor Hodson taking the chair. It was moved and carried that Fifth street, back of Edwards' be graveled. Bills were allowed as follows: C. J. Edwards, city lights, \$43.74; Clarence Butt, recorder's salary, \$15; J. J. Woods, marshal's salary, \$32; for work, Alfred Wheeler, \$4.50; H. R. Cobb, \$13.50; E. J. Haworth, \$7.50 and Walter Mills, \$2. The proposition of Jesse Edwards which appears elsewhere in these columns, relative to establishing a city park, was read and a committee consisting of Spaulding, Shaw and Morris, was appointed to investigate the cost to the city of acting in accordance with said proposition. A remonstrance to the petition of G. T. Hardwick et al for privilege to put in a billiard hall was read, and on motion of Pressnall the petition was laid on the table indefinitely. A committee consisting of Christenson, Shaw and Hodson was appointed to co-operate with those who are arranging to put in a free ferry across the Willamette river.

The best line of teas and coffees in the city at Wilson's grocery. Chas. Davidson came up from Portland and celebrated the Fourth at home. The Newberg Home Telephone company began stringing its wires about town Tuesday. Mr. and Mrs. T. M. Witten drove over from North Yamhill Sunday and visited with Mr. and Mrs. F. H. Caldwell. Putnam Fadeless Dyes color more goods, per package, than any other. 10c a package. Sold by C. F. Moore & Co. Mrs. Voegile of McMinnville visited in town Sunday with Mrs. Jennie Remington, returning home the following day. What do you think of those new samples at Smith's Gallery? He will have other new things too—they are being developed now. George Manning left Wednesday morning to join his three brothers at Clagnot, Washington, where they are engaged in the lumber industry. Mrs. J. C. McCrea and son John left Thursday morning for Pendleton where the former will visit her son Fred while John intends to work in the harvest fields. There is an immense amount of wood coming into the city these days. The scarcity of wood last spring came near being a serious matter, and it would seem people do not propose to have the experience repeated.—Register. F. C. Mills received a telegram from Baker City Wednesday evening saying that his wife who is up there visiting relatives has been taken seriously ill with hemorrhage of the brain. Mr. Mills left for Baker City the following morning. Wm. Conning and daughter of Maryville, Tennessee, who have been visiting in Seattle with some of the former's children who are located there, came on down to Newberg the first of the week and are visiting with Matthew Terrell and family. When a short way out from home after starting to town on the morning of July 4th, Andy Johnson noticed that one of his horses showed signs of distress. It got down immediately after reaching town, and has been getting worse since, with all probabilities in favor of passing in its checks. The animal was one of a well-mated and valuable pair of mares whose loss will be a serious one to Mr. Johnson. Rev. Thomas Armstrong of Long Beach, California, occupied the pulpit of the Friends church Sunday morning, while in the evening his son, Rev. Elwood Armstrong, preached, the latter having been located at Tillamook but is visiting here with his family prior to their removal to his new charge near Eugene. He stated that it had long been his desire to preach in the same pulpit with his father, and that his desire was thus gratified for the first time. From time to time for many years there has been talk of either bridging the Willamette river here at Newberg or putting in a good ferry in order that the people just across the river might have access to this, their nearest town. The latest move in this direction is a proposition recently made by Hugh Gearin for putting in and operating a free ferry. He proposes to build a first class boat, put in good approaches etc. and furnish a man to operate it, for the sum of twelve hundred dollars a year. Of this sum of money he proposes to get four hundred from Marion county, and asks the people on this side of the river to get four hundred from this county and a like amount from the city of Newberg. Some interest has been taken in the matter by the city council and by the local Merchant's Protective Association and a public meeting has been called for this evening at the council chambers to discuss the proposition. Despite the threatening rain clouds the people poured into town from all directions last Friday morning on celebration bent, rain or shine. The uncertainty of the weather had disarranged the plans of the program committee so that events did not come off as smoothly as they otherwise would, but the people seemed to take in the situation and made allowance accordingly. It was estimated that from twenty-five hundred to three thousand people were in town. The parade was decidedly abbreviated, the liberty car being almost the whole show. The program as given in the grove was very good, consisting aside from the speaking, of music by the McMinnville and Newberg bands, choruses, and the wand drill, by the college girls. J. C. Hodson reviewed briefly the Declaration of Independence. The speaker of the day, Hon. C. W. Fulton, was placed at a great disadvantage in not beginning his address until about one o'clock. As a result he did not give what he had already prepared, but made a good speech which was much appreciated. The greatest disappointment of the day was experienced in the failure to have the big barbecue. It had been a good deal of a drawing card with many from a distance, who thought the committee a little previous in disposing of the beaves before it could be determined certain what the weather was to be. The best entertainment of the day was found in the baseball game between St. Paul and the Yamhill county team, mostly from Dundee, which resulted in a score of 20 to 6 in favor of the latter. Though some what one-sided, the game was decidedly interesting, especially as Newberg had seen no base ball for many moons. As an attractive feature, the merry-go-round was a close second to the ball game and drew a steady stream of visitors the day long. It is a question whether the spectators or those who did the riding derived the most enjoyment. The day was rounded off with a good but brief display of fireworks in the evening. It would be satisfactory to many hereafter if the whole celebration was turned into a "grand pyrotechnic display," worthy of the name.

From the number of marriage licenses which have been issued in this county recently, it seems that several minds are running in the same direction. Miss Mary Voegile, who has been visiting in town for a few weeks with her friend Miss Hallie Remington, returned to her home at McMinnville the first of the week. Geo. C. Sears has been seriously ill for several days at his home out at Wildwood farm. His son Charles of Portland has been coming up of evenings to attend him. Proposition of Mr. Edwards Toward a City Park. To the Honorable City Council of Newberg. Gentlemen:—By request of your committee we submit the following proposition: Believing it to be the best interest of every city to have a well kept park, we have felt for some time that under right conditions we would give the city the oak grove north of Fifth street and east of Blaine street. We would make the tender on the following conditions. First—that certain changes be made in streets to be opened up which would make the park accessible to the public. Second—that city water be put on it, that sidewalks be made and such other improvements as would be creditable to the city. That it may be unfenced and open to the public. That it shall be protected from abuse by proper city ordinance. That stock of all kinds shall be prohibited from running at large upon it. Should you see fit to accept this gift on such conditions, we will be glad to transfer the same to you. JESSE EDWARDS. For Sale. Nine hundred acres of land within five miles of Newberg, in different tracts. Mostly improved. Amos Nelson. Farm For Sale. 158 acres; 100 acres in cultivation, first class improvements, fine running water, orchard etc. Will sell all or part; splendid farm for orchard or dairying. Enquire at this office. DUNDEE ITEMS. A few nice days since the 4th. Roy Robertson is giving his new house a coat of paint this week. The rain cracked most of the Royal Anne cherries here, but did much good for late grain and potatoes. Wm. Parretts were down from the mountain Monday. Elder Geo. C. Carl will preach at the church next Sunday. Several parties from here went to Amity Tuesday to celebrate, and report a good time. The Alerts it seems, beat the Owls of Marion county. But when it came to a division of the purse they received only \$20 instead of \$50 as advertised. We saw Constable Woods pass through town the first of the week but could not tell whether he had "Tracy" in the baggy or not. Need More Help.
