

Local Events.

The Douglas Studio for photos. You will always find a complete line of fresh vegetables at Wilson's grocery. Dr. W. S. Clark of San Francisco, visited in town last Sunday with E. H. Woodward.

C. B. Fling who went to Southern Oregon in the spring has bought property at Jacksonville.

E. W. Evans moved to McMinnville the first of the week where he has bought property.

Go to T. H. Cummings for furniture, paints and oils. A full line of undertaking goods kept in stock.

Elas Heston arrived home from Dayton, Washington, Monday where she had been for several months.

J. G. Bekman of the Reporter, with one of his little sons, was down from McMinnville on business last Monday.

Levi Gilbert of Rosedale, visited in town with Mrs. Lamb and Dan Gilbert east of town Sunday and Monday.

Nate Stanley and Wood Charles made a trip to Laurel Monday and returned with a bunch of beef cattle to feed to the hop pickers.

Mrs. H. A. Bodmer a sister of Mrs. James Barrie and Joseph Engle a nephew, were here from LaGrande a few days ago visiting.

Miss Nina Hawley left the first of the week for Walla Walla, where she will attend the Seventh Day Adventist college during the year.

While there has been talk of fifty cents a box for hop picking in some localities, growers in this vicinity say the price will not exceed forty cents.

Get ahead of the flies and buy your door and window screens now, at Newberg Cash and Door Factory.

W. P. Hecock & Sons.

Miss Lena Zeiger who has had the care of "Bodge and Toddy" at the Wright household for several months has returned to her home in West Chehalis.

Mr. and Mrs. Terrell Steddom and Mrs. Walter Terrell and children took the up boat Monday, intending to spend a week visiting with friends at Salem and Rosedale.

Miss Gertrude Minthorn and Master Ross Miles went to Newport Tuesday where they will spend the greater part of the month of September at the Minthorn Sanitarium.

John Wood and Aubrey Kramlein arrived home from the harvest fields of Eastern Oregon a few days ago, the latter to go into the hop fields and the former to return to his school in California.

Mrs. George Allen left here Tuesday for Boise, Idaho, where her husband has been for several weeks working for the Allen Evaporating Company. They will remain away until the peach crop is cared for.

D. Estell who returned with his family from Newport last week, says he thinks they will return to their home at Westfield, Indiana, next week as his mother who is about seventy years of age is sick.

Addison White who came from Prairie Center, Kansas, last spring but who has been working on a farm near Oregon City visited in town with a former Kansas neighbor, James Vestal, last Sunday.

Mrs. Keller and daughter Leta, in company with Dr. Nahrba passed through town Monday on their way to Portland. They stated that their mill above Mouth was running on full time and that they were well pleased with their purchase.

M. V. and T. J. Davis of Parnoss, Kansas, where they have been in the fruit and produce business until recently, stopped off here a few days last week and visited with a former Kansas neighbor, C. W. Skelton, at his home on Chehalis mountains.

Samuel Hult, of Laurel, who was in college here last year, writes from Lake Bay, Alaska, where he went to work during the fishing season, that the climate agrees with him fine and he has gained some twenty pounds in weight. He thinks of remaining there for some months.

A party left here Tuesday morning for Mount Hood made up as follows: Jesse Edwards and daughter Miss Mabel, Prof. R. W. Kelsey and wife, the Misses Alice Mendenhall and Bernice Woodward, Rollin W. Kirk, Calva Martin and W. C. Woodward. They had two teams, one of which hauled the necessary supplies and a pleasant trip was anticipated. They will be gone five or six days.

Some of the neighbors out about Chehalis Center where W. J. Stater reported that he killed a rattlesnake last week, say they are inclined to the opinion that William had an attack of "stage fright" when he tackled the serpent and consequently it looked very venomous in his eyes, and they think it was simply a snake without the rattle. But he still says he "will be dad-bobbed if it wasn't a rattlesnake," and then there is no use for skeptics to undertake to spoil a good snake story anyway.

Crawford peaches of very fine quality have been selling for a dollar and a quarter a box in town during the week but the supply is far short of the demand. The parties who handled the fruit from the B. C. Miles and the J. I. Hadley orchards say they could easily sell three hundred boxes more if they had them. The man who will bring about some means of changing prunes into peaches in fruit canning time will meet a long felt want. It is always the fruit that is scarce that is sought for most and then there is a flavor to a peach cobbler that touches a tender spot about a fellow and calls up memories of boyhood days, hardly equaled by any other fruit.

The best line of teas and coffees in the city at Wilson's grocery.

Team of work horses for sale, one mile east of Newberg. D. J. Gilbert.

Miss Mettie Morris came up from Portland and visited over Sunday with her mother.

The Misses Bertha and Lole Carey went down to Portland for a few days visit last Friday.

Mrs. A. E. Bowman returned home from Portland Saturday where she spent several weeks at a sanitarium.

A. Ammerman and little daughter came down from Salem last week and will pick hops in this vicinity.

Herbert Coffin and sister Florence went up to Dayton last Friday evening to attend a birthday party and to make a short visit.

What do you think of those new samples at Smith's Gallery? He will have other new things too—they are being developed now.

The town of Sheridan, half as large as Newberg, is plagued with four saloons. Rather a doubtful advertisement for that end of the county.

Morris Walton and little daughter of Portland visited north of town the latter part of last week with the former's brother E. L. Walton and family.

Rev. J. E. Whiting who moved over from North Yamhill last week has changed to the Joseph Emerson property which was recently completed.

J. H. Douglas and family visited with Frank Taylors at McMinnville last Sunday. The boys Bruce and Donald remained over a few days to finish their visit.

Since closing out their business Mr. and Mrs. Charles Barrie have moved their household effects to the rooms over the Ward & Barclay feed store where they are keeping house.

County Recorder J. L. Hoskins was down from the county seat last Saturday and Sunday shaking hands with his old neighbors and his grip holds up just as good as it was when he was a candidate for office.

The annual migration to the hop fields has begun, taking men, women and children from all stations in life and barely enough will be left in town within a few days to make a corporal's guard when the curfew rings at night.

"Every man his own real estate agent" might be written on the back of every one who travels the roads now, and nothing short of a September rain, which may reasonably be expected pretty soon, will change these conditions.

County Recorder J. L. Hoskins was down from the county seat last Saturday and Sunday shaking hands with his old neighbors and his grip holds up just as good as it was when he was a candidate for office.

A few sheep to let on the shares. Enquire of J. K. Blair.

Fresh bread at A. H. Cooper's, first door east Hollingsworth furniture store.

Arthur Hodson arrived home from the harvest fields of Eastern Oregon Tuesday.

Sheriff Elston and wife came down from McMinnville Sunday and spent the day at C. A. Hodson's.

H. A. Grate who sustained severe injuries a short time ago in a fall from a building is able to get out again.

Putnam Fadeless Dyes color silk, wool or cotton perfectly at one boiling. Sold by C. F. Moore & Co at 10c per package.

The Allen Evaporating Company is after prunes and is willing to pay the highest market price for them. For particulars see Matthew Terrell.

Mrs. Laura K. Maxwell and two children, from Earlham, Iowa, spent Saturday and Sunday in town visiting with the families of President McGraw and Jonathan Votaw.

Dr. G. W. McConnell has closed out his interests in Newberg. The residence and the office on First street have been sold to Dr. Clough and the residence back of the bank building goes to G. W. Cotta.

E. B. Horton, who came from Minneapolis in the spring, has bargained for the C. B. Friesell property, the price being \$1500 which is considered a low figure for it. It is reported that D. H. Turner who occupies the property would be willing to take it at the above named figure.

The Wrought Iron Range men left here last week for Albany after having headquarters at Newberg for two months. They sold a large number of ranges throughout the country to people who might have bought as good a range of our home dealers for about half the money.

L. S. Otis, who was out from Staples, Minnesota, in the spring looking at the country, arrived here again Tuesday evening bringing with him his family and a neighbor named J. Poppingill. They want to get located in town for the present and later on they expect to buy farm property.

There is already considerable inquiry for cows in preparation for the opening of the new condensed milk factory. Mayor Kane says parties wanting enough to load six or eight cars have already spoken to him, and they are looking around for a source of supply. They may have to send east.—Forest Grove Times.

The man who starts out to rent a house in Newberg at the present time will soon learn that he is up against a hard proposition. S. A. Mills says he had four applications in one day for a house which he is holding for a Salem party. Nearly everything in town that has a roof is already occupied and just what to do with late arrivals seems to be a problem.

G. W. Mitchell and family received an invitation a few days ago to attend the wedding of Miss Florence Charity Brown and Newton VanBuren Rowe at the home of Dr. H. B. Clough in Endicott, Washington, Thursday evening, September 4. The bride was well known in Newberg a few years ago, she being a daughter of John Brown and a student in the College. The Graphic knows nothing of the groom but hopes he realizes the fact that he is getting a wife well worthy of his affections.

Mrs. John Hutchinson left with her children for their home in California the first of the week. While here she bought the Mrs. Olive Cook forty acre tract of land adjoining their farm on the side of the mountain north of town. Since going to California they have been following up the oil fields as they have been extended, and Mr. Hutchinson has been receiving good wages all the time, a large portion of which has been laid by with a view of returning a little later on to make their home on the farm.

There are a few nasty holes about town at the outlet of water drains, regular breeders of typhoid fever germs, that ought to receive the immediate attention of those in authority. Newberg ought to have a health officer clothed with authority and with such a spinal column that he would not fear to act in these cases. No man ought to be allowed to make conditions, which, in the very nature of things will, as everybody knows, endanger the health and life of the people. It will be much cheaper to improve the conditions than to pay doctors bills.

Anyone who cares to see where good money was thrown away in road work this season, just let them take a drive over some of the roads that were graded late in the spring after the rains had ceased. The soil that was scraped into the center of the roadbed is raised in clouds of dust by every passing team and the small portion that is not carried off on the back of the footless traveler is scattered over the adjoining fields as the winds carry it away. In nearly all these cases it would have been a stroke of economy on the part of the supervisors to have turned the teams out to pasture and saved the money until fall to pay for hauling gravel.

Tuesday evening's Telegram says Oscar L. Cox, of the class of '98 in Pacific College, who for four years has been connected with the Y.M.C.A. as an assistant secretary, has accepted the position as general secretary of the Salt Lake City Y.M.C.A., and will leave for Utah Monday to take up the duties of his new field. Mr. Cox was in Salt Lake City last week, and after a consultation with the directors of the association was offered and accepted the position. The Salt Lake association has a membership of between 400 and 500 and there is a large field for work. The Y.M.C.A. has no building of its own at the present time, but hopes to start a movement by which property may be secured and a structure raised.

One dozen pairs men's and boys' shoes will be closed out at a bargain at Jay Cook's.

Mrs. Maggie Littlefield and children have gone to Lafayette for a two weeks' visit with relatives.

Mr. and Mrs. G. W. Cotta and daughter left here Thursday for a few days vacation at Seaside.

Some needed repairs are being made to the floor of the long bridge across the canyon on the Portland road.

J. H. Douglas Jr. and family are off for Meadow Lake in company with Frank Taylors of McMinnville.

Born, August 20, at Berkeley, California, to Rev. and Mrs. Sadie Cash, a son who has been named Donald Matheson.

Arthur and Miss Lizzy Kirk arrived home from Seattle Wednesday evening where they have been for the past six weeks.

W. H. Miller who died of typhoid fever at his home on the lake road in the upper end of the Chehalis valley was buried last Sunday.

A good healthy school boy is hard on his clothes. Those school suits at Hodson Bros. will hold while he tears and they'll stay on him whole too.

George Washington Cotta, has a months vacation and is down from Shedd, where he is station agent, visiting with his family this week.

The attention of young people who value an education is called to the new advertisement of Pacific College which appears in the Graphic this week.

E. B. Watt left here Thursday with his family for North Yakima, where he has a stock ranch. He expects to return to Newberg as soon as he can close out his interests there.

Miss Mary E. McDowell who went to Phoenix, Arizona, a short time ago to see a sick sister, writes that her sister died in a week after her arrival. She is returning to Newberg in company with a brother and her sister's daughter.

Mrs. Elizabeth Hutchinson returned home from Ritters last Monday where she spent several days at the home of her son Dr. Woods Hutchinson. She has now gone to McMinnville to visit a few days with Mrs. Miriam Douglas.

Ed Holt drove up to McMinnville last Saturday to consult with Dr. Goucher in regard to the condition of Frank Cummins who has been strangely afflicted for several weeks. His trouble seems to be of a cerebral-spinal nature, as he suffers pain intermittently at the base of his head.

This is the time in the year when Simon Simpkins begins to figure on a new fall suit before going to call on his best girl, and then all the knee pants brigade must be fixed up for school, to say nothing about all the hop pickers supplies that must be laid in, and that is the reason Hodson Bros. have a new and enlarged advertisement in the Graphic this week. Look it up and see what bargains they offer.

So far as we have been able to learn the crops around Sheridan are turning out far ahead of any place in the county. There is no farm around Sheridan that has averaged less than 20 bushels to the acre, and most of them are turning out from 25 to 37 bushels to the acre.

Tuesday night a load of Indians came to town and camped. Wednesday morning when they got up one of them went up town and within half an hour he was so drunk that he could hardly walk back to camp. But this is nothing new. An Indian has no trouble in procuring "fire water" in Sheridan.—Sheridan Sun.

T. L. VanOrsdal of North Yamhill, was in town a few days ago talking with some of our citizens regarding a county exhibit at the state fair. This is a good scheme and if every locality in the county would put forth even a moderate amount of effort in getting the different products of the locality together, an exhibit might be made that would not only be a credit to all parts of the county but it would be an advertisement that would bring some results. The time is short but if Newberg would get to work in earnest a very creditable exhibit might be gotten together in a very few days.

"Ray's Arithmetic, Third Part," that old authority of twenty-five years ago that was responsible for the wish of many a dull boy of that day that he might have been born before the days of arithmetics was ushered in, was also authority for the statement that a cord of wood should be eight feet long, four feet high and four feet wide, containing one hundred and twenty-eight cubic feet, and since the Graphic has no knowledge of any change in the dimensions, the only charitable conclusion that can be reached, regarding a man who delivers short cords to his neighbors in town, is, that he has unwittingly been measuring his wood with a broken yard stick.

Wesley Hollingsworth and wife went to Portland last Saturday to attend a reunion of the Hollingsworth family, the festivities of which were held on board the steamer Potter when a trip was made in the afternoon to Long Beach, returning Sunday night.

Besides Mr. and Mrs. Hollingsworth from Newberg there were Mrs. Sarah Hollingsworth the mother, J. J. Hollingsworth, wife and daughter from Wyman, Nebraska, Mrs. McLane from LaGrande, and Mr. and Mrs. A. R. Cumpston from Sellwood, all of the living members of the family being present except one son who lives in the East. A very pleasant and enjoyable trip is reported.

Notice of Appointment of Administrator. Notice is hereby given that the undersigned has been duly appointed by the county court of Yamhill county, administrator of the estate of H. J. Littlefield, and has duly qualified as such administrator. All persons having claims against H. J. Littlefield or against the partnership of Littlefield Brothers are hereby notified to present the same, duly verified, to the undersigned at her residence at Newberg, in Yamhill county, Oregon, within six months from the date of this publication of this notice.

Dated August 21st, 1902.

MARGIE L. LITTLEFIELD, Administrator of the estate of H. J. Littlefield, deceased.

Helen & Ethel, Agents for administration.
