E. S. Quimby, the man who was seriously injured in a fall from Grafe's flour mill, has improved sufficiently at the Portland hospital to be able to get about on crutches, and is expected home in a few weeks.

Andy Winters came very near losing his hop house one day the first of the week by fire which caught from a spark on the roof. The alarm was given and prompt work on the part of the pickers put the fire out before any very great amount of damage was done.

George Tolson, who has been attending the theological seminary at Oakland, California, has been about town this week calling on relatives and friends. He is on his way to Yale University where he will continue his theological studies. He was recently offered the opportunity of going to Germany for study but concluded that his health would not permit of the close application which would be expected of him there.

Affliction sudden and unexpected has visited the family of Charles Larkin this week, five miles southwest of Newberg. After a few hours illness a five year old daughter died Monday evening of dysentery and was buried in the Newberg cemetery the following evening. Tuesday night their two year old daughter and the baby of the family died

of the same disease and was buried Wednesday evening. On both occasions impressive funeral services were conducted at the cemetery by Rev. F. C. Stanard in away that could not but bring comfort and consolation to sorrowing hearts. The sudden death of these little ones takes the only daughters of the family, leaving three boys. Mrs. Larkin has herself been sick but is now improving.

Right Number, but Wrong Color.— One of Portland's well known citizens took his family to the coast recently and left his house in charge of a colored girl during his absence. The colored girl had several beaux among the porters and the barbers of the city, and frequently engaged in conversation over the phone with one of them. As there was no one else in the house, they were sure of getting her when they called for the phone number, so they never asked who was at the other end of the line, but simply went ahead when the answer came. The owner of the house arrived home unexpectedly one morning, and just as he stepped inside the door he heard the call bell ring. He went to the phone and heard these words muttered in the receiver: "Honey, I just wish you was here; I'd just hug and kiss you!" "Not by a damn sight!" said the house-owner, and he hung up the phone.—Oregonian.

Advertised letters remain in the Newberg postoffice for H. S. Davis, Mrs. E. Casebeer, H. Ellis, Mrs. Albert J. Jones, Robert Roberts, Mrs. Nancy Tillery, J. C. Clark, Mrs. Evelyn Smith.

Some men try advertising as the Indian tried feathers, says an exchange. He had heard the white man got considerable comfort by sleeping on feathers, so he took one and laid it on a board and slept on it all night. In the morning he remarked: "White man he says feathers heap soft; white man fool."

A Parson's Noble Act  
"I want all the world to know" writes Rev. C. J. Budlong, of Ashway, R. I., "what a thoroughly good and reliable medicine I found in Electric Bitters. They cured me of jaundice and liver troubles that had caused me great suffering for many years. For a genuine all-around cure they excel anything I ever saw." Electric Bitters are the surprise of all for their wonderful work in liver, kidney and stomach troubles. Don't fail to try them. Only 50c Satisfaction is guaranteed by F. H. Caldwell & Co.
