

THE NEWBERG GRAPHIC.

E. H. WOODWARD, EDITOR & PUBLISHER. W. C. WOODWARD, ASSOCIATE EDITOR.

FRIDAY, OCTOBER 24, 1902.

A female wisecracker says that most women work simply because they must. Does she infer that most men are working for the fun of it?

In order to prevent disease in the East they are ordering the telephones to be disinfected once a month. We are now prepared to hear of a law prohibiting the hells girls from eating the aromatic onion.

A Portland pastor has given up his charge and taken a position as conductor on a street car—that he might have a chance to come in closer contact with human nature. If he is sincere why didn't he go a step farther and try running a country newspaper?

In view of the fact that the festive China pheasants are rapidly being decimated, a prominent Linn county citizen is advocating a measure by the legislature, prohibiting the killing of the birds next year. If something of the kind is not done the relentless hunters will usher in a state of "Chinese exclusion."

It begins to look as if a special session of the legislature might be called by Governor Geer for the purpose of putting state officials upon flat salaries and doing away with the fee system. If the directors of the 1905 fair had all of the "perquisites" of the last ten years they would be able to do the handsome thing without any state appropriation.

Here are good words from an unknown writer. "We have lost the old flowery forms of politeness, and now we never waste 'thank you' on a fellow creature who is not of our own immediate circle. A tradesman whom he knows it will be charged in the bill. I wonder what will bring us back to the old sweetness of manner? Why should not the customer in the tea shop or the customer in the postoffice say 'please' when he gives his order, and the other spare a 'thank you' when he has paid his bill? It makes life run so much more easily."

Another gist of proposed measures to be presented to the coming legislature has been outlined as follows: For a state grain commission, taxing insurance companies more for the benefit of the common school fund, for a railroad franchise tax, taxing telegraph, telephone and express companies on the basis of their gross receipts, for a new and more practical road law, making corporations liable for injuries to an employee when due to the negligence of a fellow-employee, abolishing rebate on taxes for early payment, for the state control of school books and their sale at actual cost, for precinct assessors, making eight hours a day's labor throughout the state, for graduated income and inheritance taxes.

A Modern Dairy Barn.

It will pay anybody some evening along between four and five o'clock to take a drive out north of town and visit Atkinson Bros' new dairy barn. The boys have moved from the old place to the house down on the road, have transferred most of their stock to new quarters, and in short have their interests centralized. There is little doubt that their barn is the finest and best equipped in the county. It has been built at a cost of \$1000 and is first and always a dairy barn, as its owners say it shall be used for no other purpose whatever. It will accommodate 40 cows and frolicsome calves galore. The boys now have 32 head of Jersey cows and 20 fine looking calves, and to see them all comfortably housed together under one roof looks like business. The cows are fastened by a new and notable stanchion of the boys' own invention, and on which they are contemplating taking out a patent. The dairy cow quarters are in the center of the barn, with roomy box stalls on each side, and between are driveways. The barn will hold 150 tons of hay. An excellent silo, with a capacity of 125 tons has recently been completed and is joined on the northwest corner of the building. It is 10 feet in diameter and 32 feet high and very substantially built. It contains 70 tons of ensilage, which is now being fed and which is expected to last through most of the winter. The barn, in its arrangement as to ventilation, drainage, and its equipment, shows originality and forethought, and is highly creditable to the neighborhood. Last week one of the buildings was removed from the old place and is being arranged as quarters for Atkinson Bros' bunch of fine hogs.

A Pioneer Deceased.

Mrs. Mary Brutscher, wife of Sebastian Brutscher, and a pioneer of 1847, died at her home east of town last Friday, and was buried Saturday afternoon, the services being conducted by Rev. F. C. Stansard and Miss Mendenhall. Just two weeks before, the deceased had attended the funeral of her brother Reuben Everest. Mrs. Brutscher was born near Heaver Castle, Kent county, England, July 29, 1830, and came to America with her parents when about six years of age. In 1847 the family crossed the plains with ox team to Oregon, settling on government land east of town. In 1850 the deceased was married to Sebastian Brutscher and became the mother of eleven children, seven of which, with her husband survive her. Another of the pioneers has gone, the ranks of which are rapidly thinning.

Additional Local.

Mrs. Walter Terrell visited in Portland a couple of days this week.

Money to loan on real estate security. Clarence Butt.

Wanted—A team of work mares, weight 1200. Enquire at this office.

Mrs. J. W. Coffin was visited last Saturday by her mother, and sister Mrs. Nichols from Dayton.

Milton Hampton went down to Portland Tuesday morning for a visit with his daughter Mrs. Tom Hester.

Martin Conral, recently from Minnesota, has purchased the Fred Groff place east of town and will move to it soon.

Putnam Fadeless Dyes color silk, wool or cotton perfectly at one boiling. Sold by C. F. Moore & Co at 10c per package.

The veteran male octet of Portland will give one of their fine musical entertainments in the Friends church, Friday evening, October 24.

George Hash's team became frightened at the steam wood saw on First street Wednesday evening and took a lively spin out across the big bridge toward home.

A new sign painted by Robert Lane for this office is in place and he who runs may read. It is conceded to be a neat piece of work and reflects credit on the artist who applied the brush.

There seems to be a growing tendency to buy "the best" in every line and Parker & Pool have stocked up for fall and winter with this idea strictly to the fore. Best goods and lowest prices.

The Newberg Prohibition Alliance announces a rally meeting for next week, Thursday. A speaker from a distance will address the meeting. Good singing will be provided. Everybody is invited to be present.

We are not in business for fun but for profit, and for that reason have given up old styles and effects in photography. The present day finds us with advanced ideas in everything pertaining to pictures. C. G. Smith.

Frank Wood is storing a crop of twenty loads of pumpkins in town and yam, yam, they make a fellow's mouth water to think of the pies they will make. But what are pumpkins worth for pies without a wife to bake them and Frank has none.

Charles Hadley, who has moved back to his farm near the depot is having a house built on the opposite side of the road—north of his farm house. His son Ralph Hadley, who is to run the farm with his wife, will occupy the building.—Dayton Herald.

W. V. Culver who bought the Barr property arrived here with his brother Tuesday. They came through with a carload of personal property including stock, vehicles and household effects. Their families will arrive in a few days.

For the past few days there has been a quiet discussion going on about town on the subject of changing the lettered streets to names of pioneers of the city and county. Under this arrangement a street might be changed to Adams, B to Baker, C to Cows, and so on. Every one spoken to on the subject seemed favorable to the change.—Telephone Register.

J. P. Irvine, who has been looking about Portland for some time, has, in connection with the boys, Clarence and Jesse, purchased a grocery store at 363 Morrison street. There is talk of adding another teacher to the force in the city schools, for the purpose of relieving congestion in the primary departments. In Miss Hembree's school there are 58 pupils, which is too many for one teacher. The available room for the new department is in the Cook building.—Reporter.

The enrollment at the public school shot over the three hundred mark Monday morning and still they come. The teachers are now wondering how they got along last year without the new room, and it looks much as if the eighth room would have to be prepared for occupancy soon. The new desks which were ordered before school began have not all arrived and the lack of comfortable seating capacity has thus far proven somewhat of a disadvantage. From the public school statistics it appears that Newberg is steadily growing.

Hon. J. C. Nelson expressed sincere regrets a few days ago to a representative of the Graphic, on reading of the financial downfall of his old time friend and neighbor J. P. Shuck who sold his farm up the valley and removed to Marion county twenty years ago. He says Mr. Shuck was active and energetic, thoroughly honest and a good neighbor. He was well known to all the old settlers of Chehalis valley who will also be sorry to hear of his misfortune. A dispatch from Salem says: It is announced that J. P. Shuck, who was the most prominent, influential and highly respected resident and business man of Monitor, has recently assigned all of his real property and chattels to J. M. Poorman, of Woodburn, as trustee, and has suddenly removed with his family to Grants Pass, where he is employed as a laborer in a sawmill. Shuck has been a resident of Monitor for more than twenty years, where he conducted the only grocery store, a saw mill, and flooring mill, and was also postmaster, and it was generally supposed that he was quite wealthy. His sudden and unexpected departure from the village and the knowledge of the facts of the case, which have come to light only in the past few days, has given that little community quite a shock. His liabilities are estimated at from between \$12,000 and \$15,000, and his assets will fall far short of meeting the indebtedness.

A fresh cow for sale. Inquire at this office.

Miss Dora Smock of Sherwood is visiting in town with Miss Grace Butler.

Work has been begun on the new Brethren church in the west part of town.

The "East Lynne" theatrical aggregation failed to put in appearance the first of the week.

The threatened approach of the rainy season has made business lively for the wood saw man.

A lady named Haviland arrived from Kauska the first of the week and is visiting with Allen Smith.

Rev. Marlon George of Salem has been in town this week and started his son Fred in college again.

Hear the old men make music at the Friends church, Friday evening, October 24. Admission 25c.

Keep up with the times and play Ping Pong. You can get some cheap or high priced ones at Moore's.

Bob Myers got in from Prineville Wednesday evening where he has been working on a ranch. Prineville is sixty miles from a railroad and emigrants have to stage it out at the rate of ten cents a mile.

The college boarding hall accommodations are being heavily taxed. Some of the boys who are sleeping three in a bed will doubtless object to the time honored dictum that there's always room for one more.

Ervin Scott, carrier for route number two, will make the first trip on Saturday November 1. All the patrons of the route should have their boxes in place by this date if they desire to be served by the carrier.

A man named Connor who has been teaming here this summer took sudden leave some days ago owing several parties in town whom he had persuaded to trust him. W. C. Kruger started out on his track last week and located him up about Perrydale, but the turnip wouldn't bleed, and so the quest has so far proved futile.

The printer's best friend is the man or woman giving him items of news. There are people we know, however, who have such a prejudice against telling a newspaper reporter anything that if they died they wouldn't say anything about it. If a baby is born to you give it for publication, the item we mean, not the baby. If you have made a successful speculation, and have money to burn, give it to us, that is the item, we don't need the money. Send us all the news, and we won't object if you occasionally send a couple of dollars on subscription.—Ex.

America's Famous Emptions.

Look with horror on skin eruptions, blotches, sores, pimples. They don't have them, nor will any one, who uses Bucklen's Arnica Salve. It glorifies the face. Eczema or salt rheum vanishes before it. It cures sore lips, chapped hands, chilblains. Infallible for piles. 25c at F. H. Caldwell & Co's drugstore.

For Sale.

One two year old full blooded Jersey bull, also two cows that will soon be fresh. THOS. SMITH.

Out of Death's Jaws.

"When death seemed very near from a very severe stomach and liver trouble, that I had suffered with for years," writes P. Mass, Durham, N. C., "Dr. King's New Life Pills saved my life and gave perfect health." Best pills on earth, and only 25c at F. H. Caldwell & Co's drugstore.

Resolutions of Respect and Condolence.

Whereas, The wisdom of God has permitted the death of Alexander Herd, causing one link to fall from the family circle of our beloved brother Thomas Herd,

Resolved, That we are conscious of the great loss to our brother and his family and in view of the many virtues and noble character exemplified by his life among us, and because of his high regards, we, as Lincoln Lodge No. 161, I. O. O. F., do the better sympathize with the bereaved family and relatives. Knowing that his trust was in God, we commend the bereaved ones to the Star in the East that by the power of the Heavenly Father may turn their weeping into the brightness of a certain hope of an unbroken circle beyond this life.

Resolved, That these resolutions be spread on our records and a copy thereof be presented to the family of the deceased, and also, to the county papers for publication.

FRED D. ADAMS, L. M. MILLER, GEORGE TURPIN, Com. Scholls, Ore.

Forty Years Torture.

To be relieved from a torturing disease after 40 years torture might well cause the gratitude of anyone. That is what De Witt's Witch Hazel Salve did for C. Haney, Geneva, O. He says: "De Witt's Witch Hazel Salve cured me of piles after I had suffered 40 years." Cures cuts, burns, wounds, skin diseases. Beware of counterfeits. Caldwell & Co.

Teacher's Annual Institute.

The Annual Teacher's Institute for Yamhill county will be held in the court house, McMinnville, October 29, 30 and 31. E. Y. Gillan will again be with the teachers of the county and other prominent instructors who will assist in the program are, J. H. Ackerman, Supt. of Public Instruction, P. L. Campbell, president of the State University, E. D. Reslar, president of the Monmouth Normal, H. L. Boardman, president of McMinnville College, Frank Rig-

ler, superintendent of the Portland schools and Robert C. French of the Monmouth Normal school. All teachers of the county are compelled to be in attendance at least sixteen hours and the districts in which the teachers are engaged are to receive \$5.00 from the county school fund for such attendance. The institute will begin promptly at 9 o'clock Oct. 29. E. Y. Gillan, Supt.

The Worst Form.

Multitudes are singing the praises of Kodol, the new discovery which is making so many sick people well and weak people strong by digesting what they eat, by cleansing and sweetening the stomach and by transforming their food into the kind of pure, rich, red blood that makes you feel good all over. Mrs. Crandall, of Troy, I. T., writes: "For a number of years I trouble with indigestion and dyspepsia which grew into the worst form. Finally I was induced to use Kodol and after using four bottles I am entirely cured. I heartily recommend Kodol to all sufferers from indigestion and dyspepsia. Take a dose after meal. It digests what you eat. Caldwell & Co.

Goos Like Hot Cakes.

"The fastest selling article I have in my store," writes druggist C. T. Smith, of Davis, Ky., "is Dr. King's New Discovery for consumption, coughs and colds, because it always cures. In my six years of sales it has never failed. I have known it to save sufferers from throat and lung diseases, who could get no help from doctors or any other remedy." Mothers rely on it, best physicians prescribe it, and E. H. Caldwell & Co. guarantee satisfaction or refund price. Trial bottles free. Reg. size 50c and \$1.

An editor in an eastern town announced that he would write an article on "Hell, and who would be there." Soon he received letters from one lawyer, one preacher, two bankers, four newspaper men, three physicians, four druggists, five saloon men, three undertakers and the postmaster, threatening that if he mentioned their names they would stop their paper and sue him for slander.—Ex.

Natural Anxiety.

Mothers regard approaching winter with uneasiness, children take cold so easily. No disease costs more little lives than croup. It's attack is so sudden that the sufferer is often beyond human aid before the doctor arrives. Such cases yield readily to One Minute Cough Cure. Liquifies the mucus, allays inflammation, removes danger. Absolutely safe. Acts immediately. Cures coughs, colds, grip, bronchitis, all throat and lung troubles. F. S. McMahon, Hampton, Ga: "A bad cold rendered me voiceless just before an oratorical contest. I intended to withdraw but took One Minute Cough Cure. It restored my voice in time to win the medal." Caldwell & Co.
