Perry Bradley, who is running as conductor on the electric line between Portland and Oregon City, came up to Newberg last Friday and removed his family to the city.

Henry Monk accompanied by his son and wife arrived the first of the week from Nebraska, with the intention of locating. The son talks of starting a cheese factory here.

Jo Bowman, who has the responsible position of amalgamator in the three hundred stamp mill at the Treadwell Mines of Alaska, arrived home Tuesday evening. The mill in which he works is said to be the largest in the world.

A Memorial service for the late Hale Johnson, under the auspices of the local Prohibition Alliance, will be held at the Methodist church next Sunday evening at 7:30. Rev. H. Gould and Prof. Kelsey will deliver addresses. Everybody invited.

"Too thick to stir with a stick" is a stock slang expression which applies admirably once or twice about town. If Cupid doesn't sometimes feel over-comes at the results of his own handiwork, he is a hard won man. Little wretch, who should be made to confine his handiwork, or rather his softest licks to the winter season when results will not sour or spoil on his hands.

Along lines suggested by R. H. Campbell, the boy's secretary of the Portland Y. M. C. A., when he was in Newberg attending the recent convention, a boy's club is being organized here. The first meeting being held Sunday afternoon in the Presbyterian church. Am. Boyce and Walter Miles are the leaders in the work and their object is to give boys between the ages of 10 and 18 a social hour, read to them, get them interested in good books, and probably enter into some amusements with them. They began reading Ralph Connor's "Sky Pilot." The movement is a worthy one and should claim the co-operation of parents.

Ernest Hill and family came down from La Grand the latter part of last week and are visiting with relatives in town.

Mr. and Mrs. Geo. Allen arrived home from Idaho last week where they have been during the fruit evaporating season.

The County Court, at its meeting in January, will be petitioned to make the Library Law apply to the county for 1908. If this law is adopted it means only one tenth of one mill tax on the property of the county, and this amount will raise five hundred dollars for library books. As each district would get ten cents per pupil for books, the Newberg school would get forty dollars. This would greatly increase the value of the libraries of the public schools. Petitions will be sent in to the county court from all parts of the county. Prof. R. W. Kirk will circulate the petition in Newberg and he expects it to be very generally signed.

ONLY A
WHISPER
THIS TIME

for I'm too busy to talk out loud here. Just want to tell you that an inspection of my goods will make this Christmas present business easy. I'll be glad to see you at any time from 7 a. m. till 9 p. m.
GLENN WINSLOW,
The Jeweler.
