Mother

"My mother was troubled with consumption for many years. At last she was given up to die. Then she tried Ayer's Cherry Pectoral, and was speedily cured."
D. P. Jolly, Avoca, N. Y.

No matter how hard your cough or how long you have had it, Ayer's Cherry Pectoral is the best thing you can take. It's too risky to wait until you have consumption. If you are coughing today, get a bottle of Cherry Pectoral at once.

Right He Was.

A member of a Sunday school was one day asking some children questions an Bible knowledge. So far as he had gone the children did very well, but when he asked:

"Where does the word 'holy' first occur in the Bible?" the children could not answer for a minute or so, till a sharp urchin stood up and said:

"Please, sir, on the cover."

"THE PROOF OF THE PUDDING LIES IN THE EATING."

The doctors are dumfounded, the druggists astonished, and the people excited and joyful over the wonderful cures and tremendous sales of the great Remedy, St. Jacobs Oil. Every case of rheumatism—some of many years' standing—has given way to this powerful remedy. Thousands of certificates like the following can be furnished as to its value:

George Seleyer, publisher of the Chilton, Wis., "Volksbote," used St. Jacobs Oil "for almost unbearable pains in the back, which had completely prostrated him." A few applications cured him entirely.

Mrs. Fred Eberle, Bellaire, O., was for a long time severely troubled with rheumatism. St. Jacobs Oil instantly relieved and entirely cured her.

Rev Dr. B. Pick, of Rochester, N. Y., suffered so intensely from rheumatic pains that he was unable to preach. Several applications from a bottle of St. Jacobs Oil, "relieved him."

F. Radder, Cleveland, Ohio, says: "Two applications of St. Jacobs Oil cured me of great and long-continued pain in my foot."

Messrs. C. L. Brundage and Son, druggists, Muskegon, Mich., write: "St. Jacobs Oil has a wonderful sale. We sold eight bottles at retail yesterday. This will give you some idea of how well it is liked in this section."

Mr. Louis Hinkel, of East Poesten, Kill, N. Y., says: "I call St. Jacobs Oil the best liniment I ever used. It cured me of rheumatism and pain in the back."

Herman Rittner, Manchester, N. H.: "I have tried St. Jacobs Oil, and found it excellent. All those who have purchased it speak of it as 'simply incomparable.'"

Geo. G. Erffle, Palestine, Ill.: "I was in bed suffering from a swollen leg. I used St. Jacobs Oil, its effect was wonderful. The following day I attended to my business again."

Dr. Otto Fuls, Reading O., writes: "The sale of St. Jacobs Oil is constantly increasing; it is praised by everybody, and never fails to give entire satisfaction."

Sad Memories Speak.

"Remember," said the business man, "that in this life you can't get something for nothing."

"Maybe not," answered the Kentuckian, "but some people can come so close to it in a horse trade that it is mighty discouraging."

HEALTHY WOMEN

Praise Pe-ru-na as a Cure for Colds and a Preventive of Catarrh

MISS ELIZABETH UBER. MISS SYBYL A. HADLEY.

MRS. M. J. BRINK.

MISS SARA McGAHAN.

FIRST STAGE OF CATARRH

A Serious Mistake Which Thousands are Making.

The first stage of catarrh is what is commonly known as "catching cold." It may be in the head, nose, throat or lungs. Its beginning is sometimes so severe as to cause a chill and considerable fever, or it may be so slight as to not hinder a person from his usual business. In perhaps a majority of cases little or no attention is paid to the first stage of catarrh, and hence it is that nearly one-half of the people have chronic catarrh in some form.

To neglict a cold is to invite chronic catarrh. As soon as any one discovers the first symptoms of catching cold he should at once begin the use of Peruna according to directions on the bottle, and the cold is sure to pass away without leaving any bad effects.

Unless this is done the cold is almost sure to end in the second stage of catarrh, which is making so many lives miserable. If Peruna was taken every time one has a cold or cough, chronic catarrh would be practically an unknown ease.

Miss Elizabeth Uber, No. 57 Bassett street, Albany, N. Y., writes:

"I have always dreaded unsettled weather because of my extreme liability to catch cold, when a catarrhal trouble would quickly develop through my entire system which it would take weeks to drive away. I am thankful to say that since I have taken PERUNA I do not have any reason to dread this anymore. If I have been at all exposed to the damp, wet or cold weather, I take a dose or two of PERUNA, and it throws out any hint of sickness from my system."—Miss Elizabeth Uber.

Mrs. M. J. Brink, No. 820 Michigan avenue, St. Joseph, Mich., writes:

"This past winter during the wet and cold weather I caught a sudden and severe cold, which developed a catarrhal condition through my entire system, and so affected my general health that I was completely broken down, and became nervous and hysterical and unfit to supervise my home. My physician prescribed for me, but somehow his medicine did me no good. Reading of PERUNA I decided to try it. After I had taken but three bottles I found myself in fine health."—Mrs. M. J. Brink.

Sibyl A. Hadley, 26 Main street, Huntington, Ind., writes: "Last winter after getting my feet wet I began to cough, which gradually grew worse until my throat was sore and raw. Ordinary remedies did not help me and cough remedies nauseated me. Reading an advertisement of what PERUNA could do, I decided to try a bottle and you can imagine how glad I felt when it began to relieve me in a very short time. In less than two weeks I was completely cured." —Sibyl A. Hadley.

Miss Sarah McGahan No. 197 3d street, Albany, N. Y., writes:

"A few months ago I suffered with a severe attack of influenza, which nothing seemed to relieve. My hearing became bad, my eyes became irritated and feverish. Nothing seemed right and nothing I ate tasted good. I took PERUNA and within two weeks I was perfectly well."—Sarah McGahan.

If you do not derive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving a full statement of your case, and he will be glad to give you his valuable advice gratis.

Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, Ohio.

SALMON.

Everybody in these Northwestern states knows what good salmon is, but we don't believe you know just how much better one brand can be than another until you have tried the Monopole. Monopole salmon is the very finest red Columbia River fish canned in a cleanly manner. The salmon has a fine flavor and makes a fine addition to a meal. Salmon is well known to be a very nutritious article of diet. Get Monopole salmon from your grocer.

"You seem to speak from experience?"

"Yaas, I do. She got into the elevatah with me in the Skyscrape building one day and when she saw me she deliberately wemoved her hat and held it in her hand until I got off."

How Glorious.

"What would you do if you were to wake up tomorrow morning and find yourself famous?"

"Lie down and sleep until I felt like getting up for once."—Chicago Record-Herald.

$100 REWARD $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address

A TARTAR.

Some Famous Dentists and Their Experience With Tartars.

A tooth may be a Tartar, cr may have tartar; in either case you are in a bad way. If your tooth is a Tartar, it will drive you to a dentist fast enough to play checkers on your coat tail. But if it has tartar it will take you more slowly but nevertheless surely, for from having tartar to being a Tartar is not such a long journey. And when you start you "cuss" that tooth at every jump. "An ounce of prevention is worth a pound of cure," and for the prevention or cure of the trouble take the safe journey to Wise Bros,. dentists, Failing Bldg., Portland, Ore., who have the painless method of fixing your teeth, who will save you many a sleepless night, and help you enjoy life by showing you how to care for the teeth. Get busy and go now. The expense of caring properly for the teeth now is very moderate, and there is no pain whatever. Even an entire set of new fasle teeth does not cost much, and the comfort is great.

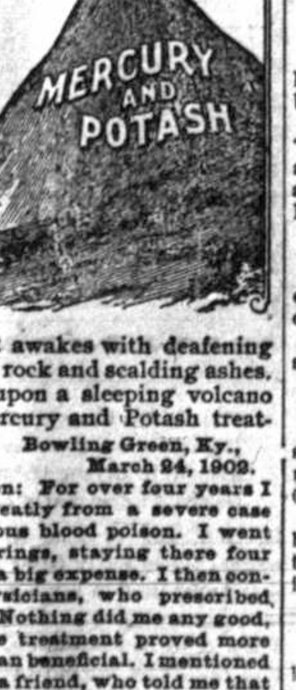
Sleeping Volcanoes



A thin, vapory smoke, lazily ascending from its crater may be the only visible sign of life in the sleeping volcano, but within is a raging sea of fire, molten rock and sulphurous gases. Those who make their homes in the peaceful valleys below know the danger and, though frequently warned by the rumblings and quakings, these signs of impending eruption go unheeded. They are living in fancied security when the giant awakes with deafening roars and they are lost beneath a downpour of heated rock and scalding ashes.

Thousands of blood poison sufferers are living upon a sleeping volcano and are taking desperate chances, for under the Mercury and Potash treatment the external symptoms of the disease disappear, and the deluded victim is happy in the belief of a complete cure, but the fires of contagion have only been smothered in the system, and as soon as these minerals are left off will blaze up again. Occasional sores break out in the mouth, a red rash appears on the body, and these warning symptoms, if not heeded, are soon followed by fearful eruptions, sores, copper colored splotches, swollen glands, loss of hair and other sickening symptoms.

Mercury and Potash not only fail to cure blood poison, but cause Mercurial Rheumatism, necrosis of the bones, offensive ulcers and inflammation of the Stomach and Bowels.

Bowling Green, Ky., March 24, 1902.

Gentlemen: For over four years I suffered greatly from a severe case of contagious blood poison. I went to Hot Springs, staying there four months at a big expense. I then consulted physicians, who prescribed Mercury. Nothing did me any good, in fact, the treatment proved more harmful than beneficial. I mentioned my case to a friend, who told me that S. S. S. had certainly cured him. I at once commenced its use, and in six months could find no trace of the disease whatever. This was about two years ago. I continued S. S. S. for some time to make sure of a permanent cure, and I can truthfully say I am entirely well.
D. M. SANDERS.

The use of S. S. S. is never followed by any bad results. It cures without the slightest injury to the system. We offer $1,000.00 for proof that it contains a mineral of any description. S. S. S. is an antidote for contagious blood poison, and the only radical and permanent cure known. It destroys every atom of the virus and purifies and strengthens the blood and builds up the general health.
