A PASTOR WHO WAS BEFRIENDED BY AN EMPEROR SAVED BY PE-RU-NA

Rev. H. Stubenvoll, of Elkhorn, Wis., is pastor of the Evangelical Lutheran St. John's church of that place. Rev. Stubenvoll is the possessor of two bibles presented to him by Emperor William of Germany. Upon the fly leaf of one of the bibles the emperor has written in his own handwriting a text.

This honored pastor, in a recent letter to the Peruna Medicine Co., of Columbus, Ohio, says concerning their famous catarrh remedy, Peruna:

The Peruna Medicine Co., Columbus, Ohio.

Gentlemen: "I had hemorrhages of the lungs for a long time, and all despaired of me. I took Peruna and was cured. It gave me strength and courage, and made healthy, pure blood. It increased my weight, gave me a healthy color, and I feel well. It is the best medicine in the world. If everyone kept Peruna in the house it would save many from death every year."—H. STUBENVOLL.

Thousands of people have Catarrh who would be surprised to know it, because it has been called some other name than catarrh. The fact is catarrh is catarrh wherever located; and another fact which is of equally great importance, is that Peruna cures catarrh wherever located.

If you do not derive prompt and satisfactory results from the use of Peruna write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Address Dr. Hartman, president of The Hartman Sanitarium, Columbus, O.

Variant Estimates.

"How did that poem of yours turn out?"

"Oh," answered the author, "there was the difference of opinion that usually attends the production of a masterpiece. The postmaster insisted that it was first-class matter and the editor insisted that it was not."

An Unlucky Number, Sure.

Jack—Congratulate me! Mabel has accepted me.

Edith—Really? I hope you're not superstitious.

Jack—No. Why?

Edith—Because you're the thirteenth she has accepted this season, I believe.

The Stuart Carnation.

The bright red Passionate carnation was the flower of the royal house of Stuart.

Short of Bedclothes.

In some of the smaller Russian hotels visitors are obliged to find their own bedclothes.

A Plain Warning.

There is a passenger steamer on the Elbe where the warning against speaking to the man at the wheel is displayed in four different languages. This is the English version: "To the helm marine gentleman try conversation not."

Platinum.

Platinum rarely occurs in nuggets, though once in a while a lump of it is found; the biggest on record, about the size of a tumbler, being now preserved in the Dresden museum. Some time ago John M. Davidson of Rochester, N. Y., found the metal in two Meteorites—an interesting discovery, inasmuch as it proved that platinum exists in other worlds than ours.

Brought Their Seats.

In the good old times 500 years ago there were no seats in the Parisian schools except stools for the teachers. The pupils sat on bundles of straw which they brought along.

Chronic Sores

Eating Ulcers, A Constant Drain Upon the System

And a source of worry, anxiety and endless trouble to those who are afflicted with them, particularly so when located upon the lower extremities where the circulation is weak and sluggish. A gangrenous eating ulcer upon the leg is a frightful sight, and as the poison burrows deeper and deeper into the tissue beneath and the sore continues to spread, one can almost see the flesh melting away and feel the strength going out with the sickening discharges. Great running sores and deep offensive ulcers often develop from a simple boil, swollen gland, bruise or pimple and are a threatening danger always, because while all such sores are not cancerous, a great many are, and this should make you suspicious of all chronic slow-healing ulcers and sores, particularly if cancer runs in your family. Face sores are common and cause the greatest annoyance because they are so persistent and unsightly and detract from one's appearance.

Middle aged and old people and those whose blood is contaminated and tainted with the germs and poison of malaria or some previous sickness, or excessive use of mercury, are the chief sufferers from chronic sores and ulcers. While the blood remains in this unhealthy, polluted condition healing is simply impossible and the sore will continue to grow and spread in spite of washes and salves or any superficial or surface treatment, for the sore is but the outward sign of some constitutional disorder, a bad condition of the blood and system, which local remdies cannot cure.

Valdosta, Ga., September, 1900.
Swift Specific Co., Atlanta, Ga.

Dear Sirs:—Something like a rising came on my instep, very small at first, not at all painful, but as it grew larger and began to pain me I consulted a doctor, but in spite of all he could do the sore got worse and began to discharge; then other sores came until the whole top of my foot was one large mass of sores and I could not walk. Then my husband, who had been cured of Scrofula by the use of S. S. S., said he believed it would cure me. I began taking it and eight bottles cured me; my foot healed up nicely. I believe I would have been a cripple for life but for S. S. S.

MRS. C. H. KING.

S. S. S. reaches these old chronic sores through the blood. It goes to the very root of the trouble and counteracts and removes from the blood all the impurities and poisons, and gradually builds up the entire system and strengthens the sluggish circulation, and when the blood has been purified and the system purged of all morbid, unhealthy matter the healing process begins, and the eating ulcer or chronic sore is soon entirely gone.

SSS

S. S. S. contains no mineral or poisonous drugs of any description, but is guaranteed a purely vegetable remedy, a blood purifier and tonic combined and a safe and permanent cure for chronic sores and ulcers. If you have a slow-healing sore of any kind, large or small, write us about it, and our physicians will advise you without charge. Book on Blood and Skin Diseases free.

NEWS OF OREGON

ITEMS OF INTEREST FROM ALL PARTS OF THE STATE.

Bad Fire at Albany—New Governor Commences His Appointments — Railroad Ballast From the Grand Ronde River—Timber Claims Being Protested — Big New Electric Enterprise.

Governor Chamberlain has appointed Chief Deputy Manning to be district attorney for Multnomah county.

A bill has been introduced in the legislature to fix the boundary line between Umatilla and Union counties. At present persons living near the divide vote and pay taxes where they please, as there is no way of determining in which county they reside.

The Clatsop county commissioners' court contemplates making the toll road between Seaside and Elk creek a public highway.

The committee appointed to select a site at Portland for the Oregon volunteers' monument has decided on the Plaza block opposite the courthouse.

The most destructive fire that has occurred in Albany in years occurred when the entire plant of the Sugar Pine Mill & Fixture company was destroyed. The loss is estimated at over $20,000, and represents the entire capital of some of the stockholders.

Engineer Drew, of the O. R. & N. Co., is exploring the gravel bars of the Grand Ronde river, between La Grande and Island City, with a view of getting a large amount of ballast for the roadbed. He has an assistant and six laborers, and is taking measurements of the bars and the depth of the gravel. The deposits are in some places 15 feet deep. It is the intention, if enough gravel can be obtained, to put in a sidetrack and run it down the river for a mile or more and take gravel for ballasting the road for 100 miles both east and west.

The woolen mill at Union has just closed the most successful year in its history, and arrangements have just been perfected whereby the plant will be enlarged and run to its full capacity and an order was sent in this week for a carload of new equipment, consisting of looms, scouring machinery, pickers, etc. When the new machinery has been installed it is proposed to operate the plant to its full capacity night and day the year around, with two or more shifts. The mill will resume operations about the first of February.

The new town of Palmer is growing. Seven new houses of modern style are nearly completed, the greater number containing seven room. By spring it is contemplated there will be from 60 to 70 houses built for the accommodation of the mill employes; also business houses will be erected, probably including a mercantile establishment. The mill is busy sawing lumber for the buildings, but is filling outside orders too. Work will probably begin in April in the construction of the new mill.

The Eugene electric light company is to be merged into a larger and more important concern. The power to run the dynamos, instead of being generated at Eugene, will come from Springfield, where arrangements have been made for sawdust and refuse from the large mill there to be used as fuel, thereby lessening the expense of power. The plant will be greatly enlarged, and will not only supply lights for Eugene, but will furnish lights for Springfield and the mills, and power for all purposes. It is also expected that ultimately an electric car line from Eugene to Springfield will be put in, with a possibility of other enterprises.

Nearly all of the timber claims located in the Grave creek district of Josephine county have been protested upon the locators' attempting to make final proof on them. The protest is made on the ground that the tracts located are mineral lands, and were located mainly for the purpose of getting possession of the ledges and placer beds rather than for the timber. The protest is made through the miners of Grave creek district, who, like the gold diggers in all other sections of the county, are indignant at the wholesale manner in which timber claims, or so called timber claims, have been taken up there during the past year. The miners allege that many of the claims taken up did not have timber enough on them to fence them, the sole object of the locator being to get possession of the mineral land the claims contained.

PORTLAND MARKETS.

Hogs—Gross, 6¼c per pound; dressed, 7@7½c.

Miss Gannon, Sec'y Detroit Amateur Art Association, tells young women what to do to avoid pain and suffering caused by female troubles.

"I can conscientiously recommend **Lydia E. Pinkham's Vegetable Compound** to those of my sisters suffering with female weakness and the troubles which so often befall women. I suffered for months with general weakness and felt so weary that I had hard work to keep up. I had shooting pains and was utterly miserable. In my distress I was advised to use **Lydia E. Pinkham's Vegetable Compound**, and it was a red letter day to me when I took the first dose, for at that time my restoration began. In six weeks I was a changed woman, perfectly well in every respect. I felt so elated and happy that I want all women who suffer to get well as I did."—Miss GUILA GANNON, 359 Jones St., Detroit, Corresponding Sec'y Mich. Amateur Art Association.—*$5000 forfeit if original of above letter proving genuineness cannot be produced.*

It is clearly shown in this young lady's letter that Lydia E. Pinkham's Vegetable Compound will surely cure the sufferings of women; and when one considers that Miss Gannon's letter is only one of hundreds which we have, the great virtue of Mrs. Pinkham's medicine must be admitted by all.

The Weight of Crowds.

The load which is produced by a dense crowd of persons is generally taken at 80 to 100 pounds per square foot and is considered to be the greatest uniformly distributed load for which a floor need be proportioned.

Unique Mountains.

There are four unique mountains in Lower California—two of alum, one of alum and sulphur mixed and one of pure sulphur. It is estimated that in the four peaks named there are 100,000,000 tons of pure alum and 1,000,000 tons of sulphur.

Tommy Won.

Two brothers went to the same school. They were absent about a fortnight, and then one returned alone.

"Where is your brother Thomas?" asked the master.

"Please, sir, he's laid up with a sprained arm. We were trying to see which could lean out of the window farthereat, and Tommy won."

Reasonably Good.

Mrs. Dick—Did you and Joe have good sport?

"Dick—Well, we didn't get any game; but we didn't shoot each other.

When Does the Season Open.

Clarence Minzesheimer, of the Stock exchange, who was bemoaning the exactions imposed upon the time of an active broker, said that he had hoped before this to have been in the Adirondacks shooting.

"It is so long since I have had an outing," remarked Dick Halsted, "I fear that I am very rusty in my knowledge of the game laws. When does the game season open, Clarry?"

Hadn't Tried It.

Mrs. Weddle—Was that gentleman who gave you the cigar a friend of yours?

Weddle—I don't know; I haven't smoked it yet.—New York Times.

Corn on the Cob.

Not many people have ever had the chance to eat an ear of roasted corn on the cob in the middle of winter. However, Wadhams & Kerr Bros., wholesale grocers of Portland, had a small quantity put up under their Monopole brand and had it shipped to them from the state of Maine. The corn is put up six or seven ears in a gallon can and while it is much higher in price than their regular Monopole canned corn, there are many who are willing to pay extra for such an unusual dainty.

Might Regret It.

Mistress—Poor, darling little Topsy! I'm afraid she will never recover. Do you know, Bridget, I think the kindest thing would be to have her shot and put out of her misery.

Bridget—'Deed ma'am I wouldn't do that. She might get better, after all, an' then ye'd be sorry ye'd had her killed.—Punch.

Chopping Him Off.

The Count (passionately)—I lofe zee ver-r-ree gr-r-r-round you walk on!

The Heiress (coldly)—I always ride!—Puck.

Had Seen Better Days.

Kind Lady—I suppose you have seen better days?

Tramp—Yes'm. One day last week I got three dinners and ten beers.—Detroit Free Press.

$100 REWARD $100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials. Address
