

Aching Joints

In the fingers, toes, arms, and other parts of the body, are joints that are inflamed and swollen by rheumatism—that acid condition of the blood which affects the muscles also.

Sufferers dread to move, especially after sitting or lying long, and their condition is commonly worse in wet weather.

"It has been a long time since we have been without Hood's Sarsaparilla. My father thinks he could not be without it. He has been troubled with rheumatism since he was a boy, and Hood's Sarsaparilla is the only medicine he can take that will enable him to take his place in the field." Miss Anna Dorr, Sidney, Iowa.

Hood's Sarsaparilla and Pills

Remove the cause of rheumatism and cure the disease—no outward application can. Take them.

Economy in Eggs.

When eggs are expensive, it is well to remember that it is not necessary to boil a whole egg to get a yolk without breaking the latter for garnishing. Separate the white and yolk without breaking the latter and poach it hard in salted water. The white is saved for glazing or mercurine, etc.

Cause and Effect.

"I understand he is married and has recently come into considerable money."

"Which was cause and which effect?"

An Unlimited Supply.

"Everything is getting dearer," said the apprehensive citizen.

"No," answered the man who had been reading about "How to Circumvent the Truth," "advice is as cheap as ever."—Washington Star.

LOOK OUT FOR CATARRH

When the cold wave flag is up, freezing weather is on the way. Winter is here in earnest, and with it all the miserable symptoms of Catarrh return—blinding headaches and neuralgia, thick mucous discharges from the nose and throat, a hacking cough and pain in the chest, bad taste in the mouth, fetid breath, nausea and all that makes Catarrh the most sickening and disgusting of all complaints. It causes a feeling of personal defilement and mortification that keeps one nervous and anxious while in the company of others.

In spite of all efforts to prevent it, the filthy secretions and mucous matter find their way into the stomach and are distributed by the blood to every nook and corner of the system; the stomach and kidneys, in fact every organ and part of the body, become infected with the catarrhal poison. This disease is rarely, if ever, even in its earliest stages, a purely local disease or simple inflammation of the nose and throat, and this is why sprays, washes, powders and the various inhalant mixtures fail to cure. Heredity is sometimes back of it—parents have it and so do their children.

In the treatment of Catarrh, anti-septic and soothing washes are good for cleansing purposes or clearing the head and throat, but this is the extent of their usefulness. To cure Catarrh permanently, the blood must be purified and the system relieved of its load of foul secretions, and the remedy to accomplish this is S. S. S. which has no equal as a blood purifier. It restores the blood to a natural, healthy state and the catarrhal poison and effete matter are carried out of the system through the proper channels. S. S. S. restores to the blood all its good qualities, and when rich, pure blood reaches the inflamed membrane and is carried through the circulation to all the Catarrh infected portions of the body, they soon heal, the mucous discharges cease and the patient is relieved of the most offensive and humiliating of all complaints.

S. S. S. is a vegetable remedy and contains nothing that could injure the most delicate constitution. It cures Catarrh in its most aggravated forms, and cures apparently incurable and hopeless. Write us if you have Catarrh, and our physicians will advise you without charge.

THE SWIFT SPECIFIC CO., ATLANTA, GA.

CATARRH THIRTY YEARS

CONGRESSMAN MEEKISON, OF OHIO.

Hon. David Meekison is well known, not only in his own state, but through out America. He began his political career by serving four consecutive terms as Mayor of the town in which he lives, during which time he became widely known as the founder of the Meekison Bank, of Napoleon, Ohio. He was elected to the Fifty-fifth congress by a very large majority, and is the acknowledged leader of his party in his section of the state.

Only one flaw marred the otherwise complete success of this rising statesman. Catarrh with its insidious approach and tenacious grasp, was his only unconquered foe. For thirty years he waged unsuccessul warfare against this personal enemy. At last Peruna came to the rescue, and he dictated the following letter to Dr. Hartman as the result:

"I have used several bottles of Peruna and I feel greatly benefited thereby from my catarrh of the head. I feel encouraged to believe that if I use it a short time longer I will be fully able to eradicate the disease of thirty years' standing.—David Meekison, Member of Congress.

The season of catching cold is upon us. The cough and the sneeze and the nasal twang are to be heard on every hand. The origin of chronic catarrh, the most common and dreadful of diseases, is a cold.

This is the way the chronic catarrh generally begins. A person catches cold, which hangs on longer than usual. The cold generally starts in the head and throat. Then follows sensitiveness of the air passages which incline one to catch cold very easily. At last the person has a cold all the while, seemingly, more or less discharge from the nose, hacking, spitting, frequent clearing of the throat, nostrils stopped up, full feeling in the head, and sore, inflamed throat.

The best time to treat catarrh is at the very beginning. A bottle of Peruna properly used, never fails to cure a common cold, thus preventing chronic catarrh.

Ask your druggist for a free Peruna almanac.

Mrs. Blank—Is your husband going to Mrs. Jason's funeral?
Mrs. Dash—Decidedly not. She did not return my last call.—Baltimore Star.

In Prohibition Kansas, Too!
An Atchison husband remarked at death's door so long his wife remarked he supposed he was having his usual trouble finding the keyhole.—Atchison Globe.

Deceitful Appearance.
"Jaysmith fairly worships his wife," said Fodick, "and yet he won't give her enough money to dress herself properly."

"It isn't always the most devout worshipper that puts the most money on the collection plate," replied Keetlick.—Town Topics.

How to Discourage Treating.
Gayboy—Have a drink with me?
Hardhead—Certainly. Here's to you.

Gayboy—Ah, that's good.
Hardhead—First-rate. Order another round if you like. I belong to the anti-treating league, and have promised not to treat; but there's nothing in the rules about accepting treats. Order right along, old boy. You pay and I'll drink.—New York Weekly.

His Little Scheme.
He was cutting an item from the newspaper. "It tells how a house was robbed, and I want to show it to my wife," he explained.

"What good will that do?" a friend inquired.

"A whole lot," was the reply. "You see, this house was robbed while a man was at church with his wife."

"Say," exclaimed the friend, excitedly, "you haven't got another copy of that paper, have you?" — Chicago Post.

It was the Card.
The weary housekeeper paused beside the basket of eggs that bore the card: "Fresh this morning—38 cents."

"Give me a dozen of these eggs," she said. "I suppose you guarantee their freshness?"

"Well, no," said the hesitating storekeeper. "We wouldn't like to do that."

"But the card says: 'Fresh this morning.'"

"Yes'm," the storekeeper reluctantly admitted. "But you see it's the card that's fresh—not the eggs." — Cleveland Plain Dealer.

My Lungs

"An attack of la grippe left me with a bad cough. My friends said I had consumption. I then tried Ayer's Cherry Pectoral and it cured me promptly."
A. K. Randies, Nokomis, Ill.

You forgot to buy a bottle of Ayer's Cherry Pectoral when your cold first came on, so you let it run along. Even now, with all your hard coughing, it will not disappoint you. There's a record of sixty years to fall back on.

Three sizes: 50c, enough for an ordinary cold; 75c, just right for bronchitis, hoarseness, hard colds, etc.; \$1, most economical for chronic cases and to keep on hand.

The Motor Car in Scotland.

The motor car terror is said to have struck Scotland severely on account of the number of rich tourists who visit that country. In one case a heavy racing automobile, running very rapidly at night, plunged into a flock of sheep being driven to market, and killed and mangled quite a number of them.
