Don't go to the station too early these frosty mornings lest you run it, for the chances are that you will find the "spacious" waiting room filled by three women and a boy and you will have to "wait" on the platform. Uncle Koehler has not got around with his plans for the new depot building yet and it is better to remain at home by the fire pretty well up toward train time.

Wm. Hess, of Albany, Mrs. Sarah Jones of Salem, Mrs. Mary J. Cartwright of Monroe, Mrs. Martha Young and Mrs. Julia Bryan of Forest Grove, have been at the bedside of their mother Mary L. Hess who is seriously ill at her home two and a half miles northwest of Newberg. If she lives until the twenty second of the present month she will then be eighty six years of age.

In the college notes in the Forest Grove Times of last week the following complimentary notice appears: Last Sunday was the day of prayer for colleges which was duly observed here. The church services were merged with college observance and President McGrew of Pacific College, Newberg, delivered the address. It was the finest address ever heard in the college for many a day and won many warm words of approval for the young president. The students were especially pleased to meet President McGrew.

The kids, little and big, young and old enjoyed Prof. Hunt's dog and monkey show which appeared at Crater's hall Monday and Tuesday nights. Those who saw the show say it was well worth the money. The writer knew Prof. Hunt when he was just plain "Charley" away back on the banks of the Wabash, long before he ever dreamed of appearing in a clambake suit before an audience with an aggregation of trained dogs and monkeys for the amusement of the public and incidentally for the purpose of raking in the shekels.

McMinnville business men have become convinced of the utter worthlessness of the Yamhill locks as a means of transportation to and from that city. They also, from the miserable condition of the roads leading into that city in the winter, recognize the fact that they must have better facilities for transportation. We are informed they are planning to build a motor line to Dayton. It is said that R. Jacobson of the mercantile firm of R. Jacobson & Co. is the leader of the enterprise, if it is so, and Mr. Jacobson has fully determined to push the enterprise, it is a go. A motor line to the county seat is what the Herald has advocated for years.—Dayton Herald.

Ed. K. Edwards arrived home a few days ago from his trip to Boston where he read a paper before the national convention of brickmakers which met in that city. While on the trip he visited the old home in Indiana where he first saw the peep of day and also stopped off at Cleveland and visited several of the largest brick plants at different points in Ohio. It was his first trip east of the Rockies since coming to Oregon when a very small boy but he says he thinks the effort east is behind the west in many respects, although it would not do to drop such a hint to a Bostonian. A special feature of the convention was an excursion up into New Hampshire. The proprietors of a big brick plant who desired to show the delegates a new invention for handling brick by machinery, from the time they leave the press until they are lifted from the kiln, ran a train of five coaches at their own expense and furnished free lunch on board the train. Mr. Edwards says he had a pleasant trip all around and besides seeing many things of interest he got many ideas regarding brickmaking which will be of value to him in the business. It always pays to get away from home and rub up against some fellows who are engaged in the same kind of business for no one man has a mortgage on all that is desirable to know.

Will Stater set the pace for a band of whittlers on the postoffice corner Monday, as they spun yarns and basked in the warm sunshine. With a few more such days we may look for the marble players and listen for the rustle of the garter snake in the dry leaves.

On Wednesday a delegation of North Yamhill citizens consisting of Hon. Lee Laughlin, Samuel Laughlin, Messrs. Snyder and Roberts were in Newberg taking a look at our gravity water system with a view of getting pointers for the inauguration of a similar system in their town.

John Brown and wife and J. S. Ross left here for Newport Thursday where they expect to spend a month or more testing a machine built for the purpose of separating gold from the sand on the seashore. The gold is there in fine particles but up to the present time no machine has been invented that will do the work and make money from the operation. Those who saw Mr. Ross over there last fall expect to hear that he has abandoned the search for gold and gone to picking up agates.

If you tell a new comer that clear cold weather in the winter season is not conducive to health, he usually looks at you as if he wanted to say, "Oh now come off, you are giving me wind," but the statement is true just the same and a stay of one or two winters convinces the most skeptical. The weather we have been having for several days has been very pretty to "look at" but at no time during this winter has there been so much complaint of grip and colds as we hear at the present time. Time and experience has proven that it requires rain and plenty of it here in the valley to keep the liver of the average Oregonian in good working order.

Out near Hopewell on the John Allison farm, the coyotes are committing great depredations among the sheep. One night Mr. Allison lost six sheep. The farmers near McCoy, in Polk county, are running the coyotes with hounds and they seem to be making for Yamhill for their nation now.—Reporter.

Everett Weesner in company with "Antelope Dock" arrived here from Douglas, Alaska a few days ago, and on Wednesday night they gave an exhibition of Alaskan views at Crater's hall which was well worth the price of admission. They went south Thursday and will make an extended tour with their show.

"Antelope Dock" is quite a noted character, he having spent nearly twenty years in Alaska as a miner and guide and it is said that there are few if any men who have as good a knowledge of that vast expanse of Uncle Sam's domain as he.

The Oratorical Contest.
The local oratorical contest held on last Friday night was one of the best ever held by the students of the college. In fact the orations were all so good, and since only one could win, there is excellent material left in the class for future contests.

The first place was awarded to Miss Lucy Gause, and to Mr. Kramien and Mr. Miles second and third respectively. The judges on delivery were Rev. Allen associate pastor of the First Presbyterian church, Portland, and attorneys Haney and King Wilson of Portland. The scratch of a pin may cause the loss of a limb or even death, when blood poisoning results from the injury. All danger of this may be avoided, however, by promptly applying Chamberlain's Pain Balm. It is an antiseptic and quick healing solvent for cuts, bruises and burns. For sale by C. F. Moore & Co.

For Sale at a Bargain.
I will sell my residence property, near the college, in Newberg, at a special bargain if taken within a short time. Mrs. J. K. Watson, LaGrande, Oregon.

"The Poetry of the Orange."
"It appeals to you, when the fruit hangs ripe and sweet on the trees late in February, or early in March. Then the blossoms break out, and the trees are yellow with golden globes, and white with orange flowers. It may be that a flurry of snow has whitened the mountain tops, and then you have an artistic background for a tropical forest. The air is full of sunshine, and heavy with fragrance as night comes on, and then if the moon be shining, you may hear at midnight through open windows, the song of the mocking-bird in the acacia grove, and it never seemed so melodious before."

An experience like this is possible any winter, and it is worth a journey of a thousand miles, while you can have it, by taking the scenic Shasta Route through the grand picturesque Siskiyou and Shasta Mountains, to Southern California. Complete information about the trip, and descriptive matter, telling about California, may be had from any Southern Pacific Agent or W. E. Coman Gen. Pass. Agt. S. P. Co. Mysterious Circumstances.
One was pale and sallow and the other fresh and rosy. Whence the difference? She who is blushing with health uses Dr. King's New Life Pills to maintain it. By gently arousing the lazy organs they compel good digestion and head off constipation. Try them. Only 25c, at F. H. Caldwell & Co. druggist.

Friendship rises but with fortune and sets when men go down.—Aaron Hill.

A Weak Stomach.
Causes a weak body and invites disease. Kodol Dyspepsia Cure cures and strengthens the stomach and wards off and overcomes disease. J. B. Taylor a prominent merchant of Christman, Tex. says: "I could not eat because of a weak stomach. I lost all strength and was run down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol I concluded to try it. The first bottle benefited me, and after taking four bottles I am fully restored to my usual strength weight and health. F. H. Caldwell & Co.

A Mother's Recommendation.
I have used Chamberlain's Cough Remedy for a number of years and have no hesitancy in saying that it is the best remedy for coughs, colds and croup I have ever used in my family. I have no words to express my confidence in the remedy.—Mrs. J. A. Moore, North Star, Mich. For sale by C. F. Moore & Co.

It is often better not to see an insult than to avenge it.—Seneca.

DeWitt's Witch Hazel Salve.
The only positive cure for blind, bleeding itching and protruding piles, cuts, burns, bruises, eczema and all abrasions of the skin. DeWitt's is the only Witch Hazel Salve that is made from pure unadulterated witch hazel—all others are counterfeits. DeWitt's Witch Hazel Salve is made to cure—counterfeits are made to sell. F. H. Caldwell & Co.

Haughton's Hives under the same roof with solitude.—Plato.

Tendency of Times.
The tendency of medical science is toward preventive measures. The best thought of the world is being given to it. It is easier and better to prevent than to cure. It has been fully demonstrated that pneumonia, one of the most dangerous diseases that medical men have to contend with, can be prevented by using Chamberlain's Cough Remedy. Pneumonia always results from a cold or from an attack of influenza (grip), and it has been observed that this remedy counteracts any tendency of these diseases toward pneumonia. This has been fully proven in many thousands of cases in which this remedy has been used during the great prevalence of colds and grip in recent years, and can be relied upon with implicit confidence. Pneumonia often results from a slight cold when no danger is apprehended until it is suddenly discovered that there is fever and difficulty in breathing and pains in the chest, then it is announced that the patient has pneumonia. Be on the safe side and take Chamberlain's Cough Remedy as soon as the cold is contracted. It always cures. For sale by C. F. Moore & Co.

In the beginning God created the heavens and earth, then the editor, then the liberal advertiser—which was all good. The next day it snowed and he created the man who does not believe in advertising, another who does not take the home paper—and then he rested. And then the devil got into the moulding room and created the man who takes the paper several years and fails to pay for it. After he had completed

that sorry job and having a few lumps of clay left, he created the ozone of a man who settles his subscription by informing the postmaster to mark his paper "refused."

Nearly Forfeits His Life.
A runaway almost ending fatally, started a horrible ulcer on the leg of J. B. Orner, Franklin Grove, Ill. For four years it defied all doctors and all remedies. But Bucklin's Arnica Salve had no trouble to cure him. Equally good for Burns, Bruises, Skin Eruptions and Piles. 25c at F. H. Caldwell & Co.'s drug store.

Borrowing is the canker and the death of every man's estate.—Sir Walter Raleigh.

Tragedy Averted.
"Just in the nick of time our little boy was saved" writes Mrs. W. Watkins of Pleasant City, Ohio. "Pneumonia had played and havoc with him and a terrible cough set in besides. Doctors treated him but he grew worse every day. At length we tried Dr. King's New Discovery for Consumption, and our darling was saved. He's now sound and well. Every one ought to know, it's the only sure cure for Coughs, Colds and all Lung diseases. Guaranteed by F. H. Caldwell & Co., druggists. Price 50c and \$1.00. Trial bottle free.

It is more difficult for a man to behave well in prosperity than adversity.—Rochefoucauld.

A Most Fatal Gift.
Would be the power of foreseeing events. This would destroy hope. A knowledge of the future would unmake happiness. There are, of course, some things about the future we do know. If, for instance, a lack of energy, ambition and loss of appetite shows itself we know it will be followed by serious complaints if not checked. Often Liver and Kidney troubles follow quickly. In any event Electric Bitters will restore you to health. It strengthens, builds up and invigorates rundown systems. Only 50c. Satisfaction guaranteed by F. H. Caldwell & Co., druggists.

Great and good are the actions done by many whose worth is never known.—Hans Andersen.

The Easy Pill.
DeWitt's Little Early Risers do not gripe nor weaken the system. They cure biliousness, jaundice, constipation and inactive livers, by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach, liver and bowels that the cause of the trouble is removed entirely. These famous little pills exert a decided tonic effect upon the organs involved, and if their use is continued for a few days there will be no return of the trouble. F. H. Caldwell & Co.

Boycott the trusts! That's the way to drive them out of business. Boycott the steel trust—be honest. Quit the soap trust—go dirty. Boycott the tobacco trust—chew the rag. Quit the sugar trust—don't get sweet on anybody male or female. Boycott the match trust—don't get married. Quit the whisky trust—drink buttermilk and catnip tea. Quit the oil trust—the next world will be hot enough to make up for any chilliness in this one.

Latest joke: A drummer asked a citizen of a certain Oregon town if there was a news paper published in the place, to which he replied: "No, we don't need any; we have two barber shops and a ladies' aid society."

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of coughs, cold, and croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. F. H. Caldwell & Co.
