The Stomach is the Man

A weak stomach weakens the man because it cannot transform the food he puts into nourishment. Health or strength cannot be restored to any sick man or weak woman without first restoring health and strength to the stomach. A weak stomach cannot digest enough food to feed the tissues and revive the tired and run down limbs and organs of the body. Kodol Dyspepsia cure cleanses, purifies, sweetens and strengthens the glands and membranes of the stomach, and cures indigestion, dyspepsia all stomach troubles. F. H. Caldwell & Co.

SEVERE ATTACK OF GRIP

"When I had an attack of the grip last winter (the second one) I actually cured myself with one bottle of Chamberlain's Cough Remedy," says Frank W. Perry, editor of the Enterprise, Shortsville, N. Y. This is the honest truth. I at times kept from coughing myself to pieces by taking a teaspoonful of this remedy and when the coughing spell would come on at night I would take a dose and it seemed that in the briefest interval the cough would pass off and I would go to sleep perfectly free from cough and its accompanying pains. To say that the remedy acted as a most agreeable surprise is putting it very mildly. I had no idea it would or could knock out the grip, simply because I had never tried it for such a purpose, but it did, and it seemed with the second attack of coughing the remedy caused it to not only be of less duration, but the pains were far less severe, and I had not used contents of one bottle before Mr. Grip had bid me adieu." A Remarkable Case.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of One Minute Cough Cure. She says: "The coughing and straining so weakened me that I run down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used One Minute Cough Cure. Four bottles of this wonderful remedy cured me entirely of my cough, strengthened my lungs and restored me to my normal weight, health and strength."

Danger of Colds and Grip.

The greatest danger from colds and grip is their resulting in pneumonia. If reasonable care is taken, however, and Chamberlain's Cough Remedy taken, all danger may be avoided. Among the tens of thousands who have used this remedy for these diseases we have yet to learn of a single case having resulted in pneumonia, which shows conclusively that it is a certain preventive of that dangerous disease. It will cure a cold or an attack of grip in less time than any other treatment. It is pleasant and safe to take. For sale by C. F. Moore & Co.

The Benefit of Change

We are like house plants: We need a change of soil now and then—to be replanted. New scenes, new experiences, new surroundings—a change of climate, dry air instead of moisture, sunshine in place of cloud. This is sometimes essential to health. There are conditions near at hand that are better than Europe can offer. Take a month or two in California. Plant yourself for a while where there are no irritations, where the hotel is beyond criticism, the landscape pleasing, and where warm sunny weather invites to walks and drives. Pure dry air, and the increased electric influences of sunshine are vastly helpful.

You can make this trip at very little expense, and enjoy a ride over the scenic Siskiyou and Shasta mountains, which, at this time of the year with their snow covered peaks, are unsurpassed for their grandeur.

Eugene Field's

Views on Ambition and Dyspepsia.

"Dyspepsia," wrote Eugene Field, "often incapacitates a man for endeavor and sometimes extinguishes the fire of ambition." Though great despite his complaint Field suffered from indigestion all his life. A weak, tired stomach can't digest your food. It needs rest. You can only rest it by the use of a preparation like Kodol, which relieves it of work by digesting your food. Rest soon restores it to its normal tone.
