# YAKIMA INDIAN LANDS.

Effort Being Made by Commissioner to Settle Long Standing Dispute.

Washington, April 1. — Representative Cushman has been advised by the commissioner of Indian affairs that steps are soon to be taken looking to negotiating a final agreement with the Indians of the Yakima reservation whereby they will surrender all claim to lands lying between the west boundary of their reservation and the crest of the Cascade mountains.

Ever since the treaty of 1855, defining the boundaries of the Yakima reservation, there has been a dispute as to the lands actually belonging to the Indians. In that treaty their reservation was to extend westward "to the crest of the Cascade mountains," but in the subsequent survey marking the boundaries of the reservation the west boundary line was laid off a considerable distance to the east of the mountains. The Indians have all along maintained that they were erroneously deprived of the intervening tracts, but no satisfactory agreement has ever been made with them. Only last year they refused an offer of \$175,000 for the lands, saying that was not a sufficient recompense for their loss.

Renewed efforts are to be made through a special agent of the department to procure a mutually satisfactory agreement this summer, and in that event congress at the next session will be asked to appropriate the amount called for in such agreement to quiet the Indians' claim. The department is thoroughly convinced that the equities of the case are with the Indians.

## TO SELL WRECK OF THE MAINE.

Cuban Harbor and Coast Will Be Cleared of Wrecked Battleships.

Washington, April 1.—The Cuban cabinet at a recent meeting decided to call for bids by advertisement, both in Havana and abroad, for the removal from Havana harbor of the wreck of the battleship Maine and the removal of the wrecks of the several Spanish war vessels lying on the southern coast of the island. Bids will also be invited for removing the wreck of the Merrimac from the entrance to Santiago harbor and the Spanish cruiser Alfonso XIII, which is grounded on the north coast, near Havana.

It is the expectation of the Cubans that a neat sum will be realized by the transaction, as bidders will not be paid for the work, but will be required to pay for the privilege, on condition that the recovered ships and material shall pass to them. There are a number of bidders awaiting the opportunity to submit proposals, among them C. F. W. Neely, notoriously associated with the Havana postoffice.

It is reported that the Spanish government seeks to recover some of the ships now lying on the southern coast, but all bids must be made by individuals or firms. Offers from the Spanish government will not be entertained.

## "THE GREATEST COUNTRY."

St. Petersburg, April 1. — The czar today received Thomas W. Cridler, the representative of the St. Louis exposition, at the imperial residence at the Tsarskoe Zelo and expressed his personal interest in, and sympathy with the objects of, the St. Louis exposition, the scope of which he discussed with Mr. Cridler for a considerable length of time. The czar referred to the friendship existing between Russia and the United States, and said he hoped to see that friendship more firmly cemented. He seemed much impressed by the magnitude of the exhibition plans and said he wished to congratulate America on its marvelous development, saying to Mr. Cridler: "You have the greatest country."

The czar promised to carefully examine a memorandum submitted to him by Mr. Cridler, showing the economic reasons for the participation of Russia in the exhibition.

Senor Quesada, the Cuban minister, called upon Secretary Hay and officially notified him of the ratification of the treaty by the Cuban senate, as reported in the news dispatches. As there is only one copy of the treaty in Washington, the other being en route from Havana, the exchange of ratifications will be constructive, rather than actual, Secretary Hay accepting as sufficient the assurance that the Cuban treaty has been dispatched to Washington. No date has been set for the assembling of congress to take action on the treaty.

# ALASKA HAD GOOD CARE.

Northern Territory Got New Laws Which Will Bring Settlers.

Washington, March 31.—"Alaska has been bountifully taken care of in the past session of congress," said J. W. Ivey, who has been here all winter urging legislation of one sort or another for the big territory. "I find that very few states have secured as much in the way of local legislation, and few members can go home as contented as I will return to my people. We did not get everything we wanted, but we did get the most essential things, and I have no complaint to make." When I first came down here at the opening of the session, senators and representatives told me I might as well go home, that in the short session there would be no time for considering legislation. They advised me to come back next session, when there was more time. But I replied that we had been put off that way year after year, and did not intend to stand it any longer. So I camped down, and here I have been ever since.

"In my opinion, the most important legislation of the session was the Alaska homestead bill, permitting the entry of 320 acres of land, 160 of which may be commuted upon, and a like amount taken by scrip. The bill is not perfect, but it will do a great deal towards bringing in the class of permanent settlers that we so much need. Now that people can acquire title to the land, and can feel safe against encroachment, there will be a heavy immigration, and the fertile valleys will soon begin to fill with industrious, energetic people. When we get a larger population, as we are now sure to do, we will come back to congress and make known our other wants."

## STRONGHOLD IS TAKEN.

Crushing Defeat Inflicted on San Miguel and His Fort Captured.

Manila, March 31.—Two companies of Macabebe scouts signally defeated the main body of San Miguel's forces today. It is believed San Miguel was killed. Lieutenant Reese was seriously wounded. The scouts lost three men killed, and had 11 men wounded.

The enemy occupied an entrenched position between Mariguina and Francisco del Norte, and had erected a stone fort, which was garrisoned by 200 men. Lieutenants Reese and Nickerson decided after an hour's fighting to surround the position and charge, after having divided their commands. The two officers then led a gallant and successful charge, during which Lieutenant Reese fell, seriously wounded. The enemy then broke and ran, leaving 45 men dead on the field, including a general officer, who is believed to be San Miguel, though his identification is incomplete. It is hoped this defeat will discourage disorder in Rizal province.

The military authorities will direct the operations of the detachments which are pursuing the bandit bands. Additional troops are to be sent to Suriago later on.

## NORTHWEST AT THE CAPITAL.

Title of Tacoma Building Site Defective—Seattle-Tacoma Mails.

Washington, March 31.—The attorney general today reported that he had examined the title to the public building site at Spokane, designated for purchase early in the winter, and had found it clear. A check has been made out and sent the owners.

There is faulty title to two lots included in the Tacoma site, the lots owned by Mrs. Walsh, and before that site can be acquired these two lots will have to be condemned, thereby insuring clear title. The title to the balance of the site is satisfactory.

Senator Foster today urged the postoffice department to increase the mail service between Seattle and Tacoma. He was told that if the electric road would carry such mails as were offered it at a reasonable rate, the additional service would be established. All interurban mails are now carried by the Northern Pacific.

## Police Ordered to Fernie.

Victoria, B. C., March 31.—In view of the fact that trouble is expected at Fernie in the event of non-union men being imported by the Crow's Nest coal company, the British Columbia government has requested the Dominion government to send a detachment of Northwest mounted police to Fernie, the center of the strike, and a squad of 50 men has been ordered to proceed from Calgary. The coal company has given the men until today to decide whether they will return to work; failing a decision, outsiders will be brought in.

## Rescued from the Flood.

Natchez, Miss., March 31.—The steamer St. John came up from below this morning with a full load of passengers and stock from the flooded district. The officers report a daring rescue of three men who were found adrift in Black river. One of the men was on a log and the other two in trees. They had been washed out by the crevasse at Bougere, and had been without food for three days.

# CREVASSE WIDENS.

FORCES AT WORK AT HYMELIA ARE MUCH DISCOURAGED.

May Give Up Fight of Trying to Close Gap in Levee — Great Area Will Be Inundated and Vast Damage Done—Funds Almost Exhausted and Private Contributions are Called for.

New Orleans, April 1.—The carrying away of additional cribbing at the Hymelia crevasse early this morning brought the forces that have been at work there to the verge of abandonment of the attempt to close the break. Later in the day, however, it was agreed to continue the undertaking, though all hands are likely to be called off if the terrific current washes out the new lines of cribbing which were started from both ends of the levee late this afternoon. In no event can the work be completed inside of a week, and unless ample money is given, the next disaster to the cribbing is likely to mark the end of the struggle.

The levee board today let it be known that it was at the end of its resources, and that, unless the planters and railroads could assure subscriptions amounting to \$50,000, it would be compelled to throw up its hands. Doubtless double that amount will be required to complete the job.

By evening it was said the break was close to 700 feet wide, with the ends steadily melting away. Two ridges between which the levee caved have prevented the water from spreading rapidly above and below, but the mighty torrent is filling the lakes and bayous to the rear and in the next fortnight the whole basin from La Fourchie to the lower limits of cultivated land in Plaquemine is likely to be under water, causing incalculable damage and much suffering.

The Texas & Pacific railroad is now hopelessly involved, with water running over its tracks and with little hope of an early resumption of traffic, if the crevasse is permitted to run until low water comes.

The Howell crevasse is beyond control, and this has suspended all traffic over the Napoleonville branch of the Southern Pacific.

The river remained stationary today in front of this city, marking 20.3 at nightfall. The rise yesterday, however, was .2 of a foot. An inspection of the local levees give no cause for apprehension as to their safety.

## THE HAGUE PROTOCOL.

Minister Bowen Will Urge Quick Action by Allied Powers.

Washington, April 1. — Minister Bowen hopes to begin work during the present week with the diplomatic representatives of the Venezuelan blockading powers on the protocol for sending to The Hague arbitration tribunal the question whether these nations shall have preferential treatment in the payment of claims of their citizens against Venezuela.

Mr. Bowen heretofore has submitted to the British ambassador the draft of a protocol for the purpose stated, a notable feature of which is that the Czar of Russia shall name the members of the court. It is known that the allies intend to offer some amendments to the draft prepared by Venezuela's representatives, but their nature has not been made known, although one of them is believed to be regarding the proposition relative to the Czar—as there is thought to be some objections on their part to that monarch assuming the function of naming the members of the court.

Mr. Bowen is anxious to have the work completed as soon as possible, and will urge this on the allies' representatives. According to the terms of the protocol of February 14, the first payment of the 30 per cent of the customs receipts of La Guayra and Puerto Cabello for the month of March are to be paid to the representative of the Bank of England at Caracas on April 1. This will form the nucleus of the fund with which is to be paid the claims of the various nations that are to be adjudicated by the mixed commissions which are to sit at Caracas.

## NO BIBLE FOR FILIPINOS.

Catholic Priest Objects to Circulation of Hurried Translations.

New York, April 1.—Father O'Brien Pardon, preaching in St. Patrick's cathedral on "The Catholic Church and the Bible," attacked the distribution of Bibles in the Philippines.

"It is looked upon as a great boon to the Philippines," he said, "that after we have rid them of Spain's rule of 'superstition,' we are going to give them 'the open Bible,' and are shipping carloads of these quickly thrown together translations. Every one knows that persons who have never had more than a year or two acquaintance with this almost unknown language are incapable of giving expression in it to God's word as it should be done. I suppose these Bibles will take along with them America's heirloom, the institution and increase of divorce, unknown as yet to these people."
