On Sunday last a large company of friends met at the home of John Parrott and wife, near Dundee, to give them a good, old-fashioned surprise party. The good people came from all directions, and with baskets well filled with good things to eat, the table was spread under the apple trees and loaded with the delicacies of the land. The Union cornet band was present and furnished music. With this band was ten-year-old little Tommy Parrott, the youngest drummer in the state. Among the many present were Mr. and Mrs. Alex. Acheson of Tacoma, Mr. and Mrs. Her of Portland, and others from Butteville, Champoeg and Newberg. The guests dispersed in the evening to their various homes, after having spent a pleasant day.

A cow in the Corvallis dairy, belonging to C. H. Vehrs, undertook to scratch her ear with her hind foot the other day, and, catching the hoof on the point of the horn, died before the accident was discovered. The moral to this is, that it is not always best to make both ends meet.—Capital Journal.

Cholera Infantum.

This has long been regarded as one of the most dangerous and fatal diseases to which infants are subject. It can be cured, however, when properly treated. Why can't some of these brutalities toward criminals be confined to tar and feathers? That is the old, legitimate way, famous in song and story, for expressing resentment against law-breakers, is quite effective, and is much less savage than skinning a man and then burning him.—Ex.

Catarh of the Stomach.

When the stomach is overloaded, when food is taken into it that fails to digest, it decays and inflames the mucous membrane, exposing the nerves and causes the glands to secrete mucin, instead of the natural juices of digestion. This is called catarh of the stomach. For years I suffered with catarh of the stomach, caused by indigestion. Doctors and medicines failed to benefit me until I used Kodol Dyspepsia Cure.—J. R. Rhea, Coppell, Tex. Sold by F. S. Caldwell & Co.

Easy Pill

Easy to take and easy to act is that famous little pill DeWitt's Little Early Risers. This is due to the fact that they tonic the liver instead of purging it. They never gripe nor sicken, not even the most delicate lady, and yet they are so certain in results that no one who uses them is disappointed. They cure torpid liver, constipation, biliousness, jaundice, headache, malaria and ward off pneumonia and fevers.
