Lodge installations have been the order of the day here of late. Mrs. F. A. Elliott, Mrs. W. W. Nelson and Mrs. Lin Parker came up and installed the officers of the Rebekah lodge Thursday evening. This is a puzzle that puzzles everybody. Take the number of your living brothers, double the amount, add to it three, multiply by five, add to it the number of living sisters, multiply the result by ten, add the number of deaths of brothers and sisters and subtract 150 from the result. The right hand figure will be the number of deaths, the middle will be the number of living sisters, and the left will show the number of brothers. Try it and see.

### Congratulations.

Mr. John H. Cullum, editor of the Garland, Texas, News, has written a letter of congratulation to the manufacturers of Chamberlain's cough remedy as follows: Sixteen years ago when our first child was a baby he was subject to croupy spells and we would be very uneasy about him. We began using Chamberlain's cough remedy in 1887, and finding it such a reliable remedy for colds and croup we have never been without it in the house since that time. We have five children and have given it to all of them with good results. One good feature of this remedy is that it is not disagreeable to take and our babies really like it. Another is that it is not dangerous, and there is no risk from giving an overdose. I congratulate you on the success of your remedy. For sale by C. F. Moore & Co.
