

Bad Coughs

"I had a bad cough for six weeks and could find no relief until I tried Ayer's Cherry Pectoral. Only one-fourth of the bottle cured me."

L. Hawn, Newington, Ont.

Neglected colds always lead to something serious. They run into chronic bronchitis, pneumonia, asthma, or consumption. Don't wait, but take Ayer's Cherry Pectoral just as soon as your cough begins. A few doses will cure you then.

Three sizes: 25c., 50c., \$1. All druggists.

Consult your doctor. If he says take it, then do as he says. If he tells you not to take it, then don't take it. He knows. Leave it with him. We are willing.

J. C. AYER CO., Lowell, Mass.

Holds Ancient Insurance Policy.

Charles M. Booth of Englewood, N. J., who has just celebrated his 100th birthday anniversary, says he is the oldest holder of a life insurance policy in the United States. He was insured in 1843 in a company just organized and still in existence.

Piso's Cure is a good cough medicine. It has cured coughs and colds for forty years. At druggists, 25 cents.

Ba! Break.

"That fellow you advertise as a professor of physiognomy is a rank impostor," said the little man with the scanty locks.

"What makes you think so?" asked the museum manager.

"Because," answered the kicker, "he said my wife had a weak chin."

Corn
We challenge the world to produce a more profitable, early, big, and sure variety than Salzer's Home Grown, so named because it grows so heavily in 1904, that the seed grows in a beautiful home for the lucky possessor. See catalog.
Here are some of the yields our customers had of this corn in 1904:
157 bu. per acre.
By John Fagel, La Porte Co., Ind.
145 bu. per acre.
By O. E. Michael, Mont. Co., O.
136 bu. per acre.
By Richard Smith, Lake Co., Ind.
198 bu. per acre.
By J. D. Walker, Hamilton Co., Tenn.
130 bu. per acre.
By Lawrence Schuler, Osgood Co., Mich.
125 bu. per acre.
By J. W. Massey, Crockett Co., Tenn.
104 bu. per acre.
By Burns, Ransom Co., N. D.
112 bu. per acre.
Yielded 204 bu. per acre. Next year I will grow 500 bu. per acre from it.
National Oats.
Known for its purity. Does well everywhere. It won't let your seed grow less than 100 bu. Try it.
Billion Dollar Grass.
Most talked of grass in America. Would be ashamed of itself if it yielded less than 15 tons of splendid hay per acre.
For 10c. in Stamps

Mechanical Flour Sifter.

A busy housewife appreciates every little contrivance that helps her to do her work quicker, while it does not detract from the thoroughness with which it would have been done had the ordinary means of performing the task been employed. This fact makes even such a simple thing as a flour sifter an object of interest when it presents features which add to the efficiency of the user in the performance of one of the most important little duties of the kitchen—the making of the bread. The illustration clearly explains the operation of this contrivance. Ordinarily the flour is poured into the sifter, which is held in one hand, while a crank is turned with the other hand, rotating a ring within the sifter that loosens and breaks up the flour and precipitates it to the sifting screen. With the new sifter, the ring-operating mechanism is attached to the handle, and the whole operation is performed with one hand of the breadmaker.

English Pork Pies.

Chop very fine a quarter pound of beef suet and mix it with an equal quantity of butter. Rub both into a pound of flour and put in a pan at the side of the stove until the shortening is melted and the flour heated through. Knead into a paste, throw a cloth over it and set in a warm place while you prepare the meat. Have two pounds of pork cut into dice, season it with pepper, salt, and, if you like it, a little sage, add a very little water and stew gently for a half hour. Now divide the paste into as many pieces as you wish to make pies, and put these pieces of paste into small pie plates. Fill with the meat mixture, put a round of paste on the top of each and pinch the edges together. Bake in a steady oven and lift carefully from the tin.

Chicken Salad.

Cut all the meat from four cold roast or boiled fowls and cut, not chop, it into dice. Measure this, and to every cup of the meat allow a half cup of celery cut into half-inch lengths. Season with salt and pepper and moisten with a French dressing. Toss and turn thoroughly, put into a chilled salad bowl lined with crisp lettuce leaves and pour a rich mayonnaise over all. This quantity will serve two dozen people if the fowls are large. If not, take the meat of six fowls.

Grape Mousse.

Add to one quart of pure grape juice one-half teaspoonful clove extract, juice of one lemon; freeze as for ice; then stir in the stiffly beaten whites of two eggs; pack in a border mold; cover with buttered paper; place cover on securely and pack in ice and salt for two hours. When serving fill the center with little cakes, place a bunch of grapes on top and one at the side. Unmold the mousse on to a lace paper napkin.—What to Eat.

Cranberry Jelly.

Wash one quart of cranberries and put them to cook in a preserving pan with one cupful of boiling water. Cook ten minutes, then add one pound of sugar and cook five minutes longer, after which rub through a sieve. Wet in cold water small cups or molds, and then fill them. This recipe never fails to make a firm, bright jelly.

Short Suggestions.

Don't stand brooms on their broom end, but upside down in the corner. A pinch of soda stirred into milk that is to be boiled will keep it from curdling.

To keep tins bright, wash well with strong hot soda water; when dry, polish with a cloth and a little powdered whiting.

Before boiling milk rinse out the saucepan with a little hot water; it will prevent the milk sticking to the bottom of the pan.

Parasley may be kept fresh and a good color for several days if put into a covered earthen jar in a cool place; it will last much longer than if kept in water.

Salt rubbed on the black spots on dishes will remove them, and salt placed over a fresh claret stain on the table linen will assist it to disappear when washed.

As starch is very apt to rot clothes, they should be washed, rough dried without starch and pressed out smoothly when they are laid away for the winter.

To remove panes of glass, lay soft-soap over the putty which holds them, and after a few hours the putty, however hard, will become soft and easy to scrape away.

CAUGHT BY THE GRIP. RELEASED BY PE-RU-NA.

"The world of medicine recognizes Grip as epidemic catarrh."—Medical Talk.

La grippe is epidemic catarrh. It spares no class or nationality. The cultured and the ignorant, the aristocrat and the pauper, the masses and the classes are alike subject to la grippe. None are exempt—all are liable.

Have you the grip? Or, rather, has the grip got you? Grip is well named. The original French term, la grippe, has been shortened by the busy American to read "grip." Without intending to do so a new word has been coined that exactly describes the case. As if some hideous giant with awful Grip had clutched us in its fatal clasp. Men, women, children, whole towns and cities are caught in the baneful grip of a terrible monster.

The following letters speak for themselves as to the efficacy of Peruna in cases of la grippe or its after effects.

After Effects of La Grippe Eradicated by Pe-Ru-NA.

Mrs. Fred Weinberger, Westerly, Albany county, N. Y., writes: "Several years ago I had an attack of la grippe which left my nerves in a prostrated condition. Then I had another attack of la grippe which left me worse. I had tried three good physicians but all in vain. I gave Peruna a trial. In a short time I was feeling better and now I am as well as anyone."—Mrs. Fred Weinberger.

Hon. James R. Guill of Omaha. Hon. James R. Guill is one of the oldest and most esteemed men of Omaha, Neb. He has done much to make it what it is, serving on public boards

a number of times. He endorses Peruna in the following words:

"I am 68 years old, am hale and hearty, and Peruna has helped me attain it. Two years ago I had la grippe—my life was despaired of. Peruna saved me."—J. R. Guill.

A Relative of Abraham Lincoln.

Mr. Silas S. Lincoln, who resides at 913 I. Street, N. W., Washington, D. C., has the honor of being third cousin to Abraham Lincoln. He writes:

"I had la grippe five times before using your medicine. Four years ago I began the use of Peruna, since which time I have not been troubled with that disease. I can now do as much work at my desk as I ever could in my life. I have gained more than ten pounds in weight."—S. S. Lincoln.

Pe-Ru-NA Not Only Cured La Grippe but Benefitted the Whole System.

Miss Alice M. Dressler, 1313 N. Bryant Ave., Minneapolis, Minn., writes: "Last spring I suffered from la grippe and was partially cured but the bad after effects remained through the summer and somehow I did not get strong as I was before. One of my college friends who was visiting me asked me to try Peruna and I did so and found it all and more than I expected. It not only cured me of the catarrh but restored me to perfect health, built up the entire system and brought a happy feeling of buoyancy which I had not known for years."—Alice M. Dressler.

An Actress' Testimonial.

Miss Jean Cowgill, Griswold Opera House, Troy, N. Y., is the leading lady with the Aubrey Stock Co. She writes the following:

"During the past winter of 1901, I suffered for several weeks from a severe attack of la grippe, which left a serious catarrhal condition of the throat and head.

"Some one suggested Peruna. As a last resort, after wasting much time and money on physicians, I tried the remedy faithfully, and in a few weeks was as well as ever."—Jean Cowgill.

A Southern Judge Cured.

Judge Horatio J. Goss, Hartwell, Ga., writes:

"Some five or six years ago I had a severe spell of la grippe, which left me with systemic catarrh. A friend advised me to try your Peruna which I did, and was immediately benefitted and cured. The third bottle completed the cure."—H. J. Goss.

If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case and he will be pleased to give you his valuable advice gratis.

Death Too Expensive.
It is a significant fact that with the phenomenal increase in the price of coffins has come a marked decrease of mortality among local Chinese. The natives just cannot afford to die at the present undertaking rates, and that's all there is to it.—Shanghai Times.

The Wonderful Cream Separator

Effective Way to Clean Bottle.
A Water bottle that has become stained and dirty should have a few tea leaves and a tablespoonful of vinegar put into it and should then be well shaken. Rinse out thoroughly with clear water. If the bottle be stained it will be well to let the tea leaves and vinegar remain in it for some hours, and it may be necessary to use a bottle brush.
