R. W. Kelsey and Howard Hockett of the Knox-Kantner Co. spent a few days in town the first of the week. They say the interest in the local option law is increasing and they expect the law to receive the approval of the people by a good majority.

The ladies of the Lewis and Clark Club are called to meet in Odd Fellows hall Saturday afternoon, March 26, at half-past two. Mrs. Weathered will not be with us, but a matter of importance will come up for attention and a full attendance of members is urgently requested.

Dean Ferrin of Pacific University was in town Tuesday night, a guest of Pres. Lewis. In speaking of the fight against liquor selling in Forest Grove, he said to the Graphic that the anti saloon sentiment was not as strong as in Newberg but that the temperance people were confident that they would win out.

George Zaun and family who recently came from Paonia, Colorado, to Oregon City, spent last Saturday and Sunday in town with Pres. and Mrs. Chas. E. Lewis, their former neighbors. Mr. Zaun owns the patent right for the manufacture of an adjustable fruit ladder and is looking up a location for a factory. He seemed much pleased with Newberg and we hope to hear from him soon again.

The blower went forth to blow and he made a hit of it. At least that is the conclusion nervous people came to on last Saturday evening. A Nebraska man who was in town said it was a gentle zephyr but many who have grown up in Oregon say they never saw anything like it. One young lady declares that while she was on her way home the wind blew hard enough to untie her shoe string that was tied in a hard knot, and Professor Albertson started a report late in the evening that the wind actually "blowed" one fellow's nose that had not been "blown" for two years. This latter report could not be confirmed however as the wires were down. Yes, it was a pretty stiff breeze and it left its mark in many places where forest trees were uprooted. The ground was as soft as it ever gets and the continued bowing and bending to the breezes loosened the roots and many of the tall

monarchs of the forests were laid low. Some fences were blown down and a few rickety buildings were shook up but the actual damage was very slight. The storm came from the southwest, passed over Eastern Oregon and Washington the following day and finally spent its force in the mountains of Montana on Monday.

Colds Cause Pneumonia.

One of the most remarkable cases of a cold, deep-seated on the lungs, causing pneumonia, is that of Mrs. Gertrude E. Fenner, Marion, Ind., who was entirely cured by the use of one minute cough cure. She says: The coughing and straining so weakened me that I ran down in weight from 148 to 92 pounds. I tried a number of remedies to no avail until I used one minute cough cure. Four bottles of this wonderful remedy cured me entirely of the cough, strengthened my lungs and restored me to my normal weight, health and strength. Sold by F. H. Caldwell & Co.

Inflammatory Rheumatism Cured.

William Shaffer, a brakeman of Dennison, Ohio, was confined to his bed for several weeks with inflammatory rheumatism. I used many remedies, he says. Finally I sent to McCaw's drug store for a bottle of Chamberlain's pain balm, at which time I was unable to use hand or foot, and in one week's time was able to go to work as happy as a clam. For sale by C. F. Moore & Co.

A Valuable Tip.

Caller—Is your father at home?

Willie—Yes, but say, this is one of his dyspepsia days, and he ain't safe to talk to.—Chicago News.

One of the greatest blessings a modest man can wish for is a good, reliable set of bowels. If you are not the happy possessor of such an outfit you can greatly improve the efficiency of those you have by the judicious use of Chamberlain's stomach and liver tablets. They are pleasant to take and agreeable in effect. For sale by C. F. Moore & Co.

And Her.

"You hold my future happiness," he told the girl.

"Why don't you hold it yourself?" she asked coyly.—Chicago Post.

Proper Treatment of Pneumonia

Pneumonia is too dangerous a disease for any one to attempt to doctor himself, although he may have the proper remedies at hand. A physician should always be called. It should be borne in mind, however, that pneumonia always results from a cold or from an attack of grip, and by the proper treatment of these diseases a threatened attack of pneumonia may be ward off. There is no question whatever about this, as during the thirty years and more that Chamberlain's cough remedy has been used, we have yet to learn of a single case of a cold or attack of the grip having resulted in pneumonia when this remedy was used. It is also used by physicians in the treatment of pneumonia with the best results. Dr. W. J. Smith, of Sanders, Ala., who is also a druggist, says of it: I have been selling Chamberlain's cough remedy and prescribing it in my practice for the past six years. I use it in cases of pneumonia and have always gotten the best results. For sale by C. F. Moore & Co.

More Riots.

Disturbances of strikers are not nearly as grave as an individual disorder of the system. Overwork, loss of sleep, nervous tension will be followed by utter collapse, unless a reliable remedy is immediately employed. There's nothing so efficient to cure disorders of the liver or kidneys as electric bitters. It's a wonderful tonic and effective nerve and the greatest all around medicine for run down systems. It dispels nervousness, rheumatism and neuralgia and expels malaria germs. Only 50c and satisfaction guaranteed by F. H. Caldwell & Co., druggists.

"Is this tonic powerful?"

"Powerful, madam!" answered the agent. "Why if you should pour three drops of it on a ham sandwich, the next minute you would hear the ham sandwich grunt!"

Tragedy Averted.

Just in the nick of time our little boy was saved, writes Mrs. W. Watkins of Pleasant City, Ohio. Pneumonia had played sad havoc with him and a terrible cough set in besides. Doctors treated him, but he grew worse every day. At length we tried Dr. King's new discovery for consumption and our darling was saved. He's now sound and well. Everybody ought to know it's the only sure cure for coughs, colds and all lung diseases. Guaranteed by F. H. Caldwell & Co., druggists. Price 50c and \$1. Trial bottles free.

A "Chittim Bark Protective Association" having for its purpose the effort of the "peelers" to get a square deal has been organized in Tillamook County. It will work but should be taken in small doses.—Myrtle Point Enterprise.

A Favorite Remedy for Babies.

Its pleasant taste and prompt cures have made Chamberlain's cough remedy a favorite with the mothers of small children. It quickly cures their coughs and colds and prevents any danger of pneumonia or other serious consequences. It not only cures croup, but will, when given as soon as the croupy cough appears, prevent the attack. For sale by C. F. Moore & Co.

In Memoriam.

For the second time, the Divine Father has sent his reaper, Death, and summoned to her eternal rest one of our beloved members of Shiloh Relief Corps, No. 28, Newberg, Oregon, Miss Arba Orienta Cooke; therefore be it

Resolved, That in our sorrow for our loss of one who, in the fresh, young, springtime of life, had endeared herself to us by her amiable ways, we extend to her parents, brothers and sisters our heartfelt sympathy and love in this their sad bereavement; also

Resolved, That our charter be draped in mourning for thirty days; also that a copy of this memorial be spread upon the records of our corps, a copy sent to the sorrowing family and to the Newberg papers.

Sleep on, beloved, sleep, and take thy rest: Lay down thy head upon thy Saviour's breast. We love thee well, but Jesus loves thee best. Good night. Good night. Good night.

Easy Pill

Easy to take and easy to act is that famous little pill DeWitt's Little Early Risers. This is due to the fact that they tonic the liver instead of purging it. They never gripe nor sicken, not even the most delicate lady, and yet they are so certain in results that no one who uses them is disappointed. They cure torpid liver, constipation, biliousness, jaundice, headache, malaria and ward off pneumonia and fevers.
