Steel & Freeland's illustrated moving picture concerts last Monday and Tuesday evenings filled Crater's Hall with appreciative audiences. To particularize is out of the question. It was all good; the moving pictures were very realistic and the main features. Messrs. Steel & Freeland give a first-class and pleasing entertainment of its kind and one that can be heartily recommended.

It is with general regret that it is learned that Newberg is to lose Prof. and Mrs. R. W. Kelsey, he having accepted the position of Professor of German and Oratory in Whittier College, California. Aside from the excellent service he has given here as a member of the Pacific College faculty, he and Mrs. Kelsey have proved themselves very important factors in all good movements in the community, and as such will be greatly missed. The Whittier College

board of managers is to be congratulated upon the selection made. Prof. and Mrs. Kelsey expect to spend the summer in the east, the former to take some work in Chicago University, and they will leave there direct for Whittier, probably in the latter part of August.

G. W. Mitchell started on an extensive tour Monday morning, his first objective point being Long Beach, Southern California, near where a sister of his lives. From there he will go to Indiana to visit with his mother and other relatives and friends. He expects to be away from home about two months.

Friday was a hard day on the small schoolboys, for it ushered in the trout season, and it being such a fine spring day anyhow, some of them just had to tear away and go fishin'. They had more or less success, but with one accord yield the palm to Prof. Douglas, who they say can catch trout, whether there are any or not.

John B. Weed, well known here as a former student of Pacific College, was graduated from the California State Normal School at San Jose, March 25. "And Now for the Open Sea" is the class motto, but with his eyes turned toward attractions in Oregon, John will probably substitute a little in the latter part of the phrase.

H. H. Winslow, a republican wheel-horse of Sheridan, was in town Tuesday and was given a hearty handshake by many Newberg friends. In the way of Sheridan news, he reports that electric lights were turned on for the first time in their town on Saturday evening, and that their local newspaper, the Sheridan Sun, flickered out at about the same time. Rather a queer coincidence.

Easy Pill

Easy to take and easy to act is that famous little pill DeWitt's Little Early Risers. This is due to the fact that they tonic the liver instead of purging it. They never gripe nor sicken, not even the most delicate lady, and yet they are so certain in results that no one who uses them is disappointed. They cure torpid liver, constipation, biliousness, jaundice, headache, malaria and ward off pneumonia and fevers.
