A newcomer on getting off the train here the other evening, looked about as if in search of something and with a cruel horse laugh called out, "Well, I see you've got a fine depot." And loyal Newbergers standing by blushed and turned their heads.

John Rees' team ran away with him Monday when hitched to the mower, throwing him out over the wheel, breaking a rib and inflicting other painful but not serious injuries. The horses stopped without doing any damage to themselves or mower.

W. J. Stater was dutifully helping his wife at the washing machine Monday morning and inadvertently sticking his thumb into the cogs of the clothes wringer, got the end squeezed off. There are lots of fellows about who are in no danger of getting wounded around the washing machine.

At the home of Mr. and Mrs. J. S. Birrell in Portland Wednesday evening, Miss Jennie M. Sears was married to Dr. Geo. Larkin. Following the ceremony a reception was given in honor of the newly married couple at the Birrell home. The bride is a popular young lady in Portland where her home has been until within the last two years which she has spent largely at the Sears place, Wildwood, west of town, and during which time she has made many friends in this vicinity. The groom, Newberg's thriving young dentist, has a host of loyal friends wherever he is known, who offer congratulations. Dr. and Mrs. Larkin will occupy the new cottage which has been erected by Miss J. D. Miller just east of the C. K. Spaulding residence.

Mrs. J. T. Osborn and daughter Miss Bertha Cox arrived Tuesday evening, the former from Lapwai, Idaho, and the latter from Clarkston, Washington, where she has been teaching. Mr. Osborn is at Long Beach, where they contemplate locating.

The house occupied by Mrs. Louisa Cornell and her granddaughter Miss Elsie Young in the west edge of town went up in flames Monday morning, the fire starting about 6:30 o'clock. The alarm was given in good time, but the house was outside the city limits and the twelve hundred feet of hose failed to reach from the nearest hydrant. Had there been water near at hand the hook and ladder boys could have saved the building. All the contents of the house were saved. The building caught fire from the stove pipe in the kitchen roof. It was the property of a daughter of Mrs. Cornell's who lives in Chicago. No insurance.

The Board of Managers of Pacific College are highly gratified to be able to announce that the music department of Pacific College will next year be under the charge of Prof. Clifford White Kantner, Oregon's young composer and distinguished musician. Assisted by Mrs. Kantner in piano, he will give his entire attention to the department of music here and will establish a conservatory at Newberg. This announcement gives assurance that the work will be put upon a standard, certainly never before excelled if ever attained. Prof. Kantner's ability is appreciated throughout the state and his presence here will add prestige to the institution. And not only in this state but throughout the Northwest is his ability recognized. The Spokesman Review, of Spokane says of him, "Clifford White Kantner is one of the greatest musical geniuses ever produced in the West." As a member of the Knox-Kantner Concert Company his work attracted wide attention. The Walla Walla Union says, "The improvisations of Prof. Kantner were nothing short of wonderful." Prof. Kantner expects later to issue some circulars in regard to his work next year.

As Dan Gilbert avers, this is the ice man's weather, and as a result the new plant has been doing a good and growing business. Two tons of ice per day is being put out, which is being sold both at home and at neighboring points. The city water gave out Monday afternoon and a pump was put into the large well which has been built on the north side of the building for just such emergencies. The ice plant is a model one and is one of Newberg's new institutions of which her citizens are rightly proud.
