### PASSAGE PARTIALLY BLOCKED.

Russian Fleet Has Great Difficulty in Leaving Port Arthur.

Tokio, June 29.—The detailed report received from Admiral Togo of the operations before Port Arthur, which resulted in the sinking of another Russian battleship, shows that the entrance to the harbor at Port Arthur is still blocked to such an extent that it is impossible for the Russians to maneuver. The operation of bringing the Russian fleet into the open, according to the report of the officers of the Japanese scout vessels, lasted from 11 a. m., till 3:30 p. m., and was difficult in the extreme.

When first seen by the main fleet the Russian ships were in a double column formation, the first made up of four cruisers and six battleships, with the battleship Czarvitch in the lead. The second column was made up of the cruiser Novik and seven destroyers.

That the Japanese did not attack in force and attempt to sink the entire Russian fleet was due to the fact that nightfall arrived before the ships could be brought within range, and nothing was left but for the torpedo attack. It is generally believed now that another attempt will be made by the Russians to escape.

### FLEET FAST BEING MADE READY.

Russia Redoubles Her Efforts to Get Baltic Squadron Ready.

St. Petersburg, June 29.—Work on the Baltic squadron designed for service in the Pacific is being pushed with redoubled vigor night and day. Admiral Birileff, the commander-in-chief at Constadt, is co-operating with Vice Admiral Rojsetevnsky, in command of the Baltic fleet, to hasten the work. The captains of the battleships Navarin and Sisoj Veliky and the armored cruiser Admiral Nakimoff, the first vessel to go out into the roadstead in commission, have been publicly complimented for their diligence. In order not to impede the work, the crews are not mustered to salute the commander-in-chief when he visits the vessels.

A strict guard is maintained at Constadt. Even the warships' launches are not allowed to enter the naval basins after dusk. Lieutenant Avilov, in charge of the naval laboratory, was arrested recently and confined to a fortress for bringing a relative to the laboratory without permission.

### MORMONS GET MEXICAN TRACT.

Half Million Acres Will Be Purchased in Sonora or Chihuahua.

Mexico City, June 29.—A report is being circulated here to the effect that the Mormon church would be quite actively engaged during the next few months in securing land in various portions of Mexico for the purpose of colonization. The assertion is made that it was recently decided to purchase a tract of 500,000 acres in Sonora or Chihuahua, to be used as an extension of the colonies of Colovia, Dublin and Diaz. The arrangements are about completed, it is said, and within a few weeks the deeds will be ready for transfer.

In addition to these lands, it is learned, the Mormon elders have taken hold of several other land offers recently made to them. Among these are said to be large tracts of land in Sinaloa and Chiapas.

### Japan Seeking No Gain.

Vienna, June 29.—The Allgemeine-Zeitung says that according to a diplomatic note received here the Japanese government has resolved, in case peace is restored, to demand nothing else than was mentioned in the government's note of December last; that if even if Port Arthur be taken by the Japanese, to restore it to Russia, respecting the Russo-Chinese agreement, and that Japan will regard Russia as economically predominant in Manchuria. Japan demands only that she be considered with the other great powers in the solution of Asiatic questions.

### Hayti Relies on Apologies.

Port Au Prince, June 29.—There is no confirmation here of the reports that France and Germany are about to send warships to Haytian waters in consequence of the attack on the respective ministers of those countries by the palace guards at Port Au Prince. The French and German ministers are awaiting instructions from their governments. The Haytian government, however, regards the incident as closed by the forwarding of apologies, while the press is silent concerning the matter.

### More Firing at Port Arthur.

Chefoo, June 29.—There was firing at Port Arthur last night, and tonight. The booming of big guns was distinctly heard here tonight. Eighteen Japanese transports have been seen going west along the Korean coast.

## GET EVERY VOTE

### ROOSEVELT AND FAIRBANKS HEAD REPUBLICAN TICKET.

Announcement of the Choice Was Accompanied by a Resounding Demonstration—Ex-Governor Black, of New York, and Senator Dolliver, of Iowa, Make Nominating Speeches.

Chicago, June 24.—The swift, sure current of public opinion for the second time in the history of the Republican conventions, yesterday resulted in the selection of a national ticket without a dissenting vote. Theodore Roosevelt, for president, and Charles W. Fairbanks, of Indiana, for vice president, received every vote in the convention.

Regardless of the fact that the nomination of one had been assured for

THEODORE ROOSEVELT  
Republican Nominee for President

months and the other for days, the announcement of the choice was accompanied by a resounding demonstration which attested the candidates' universal popularity.

The cheering was led by figures known through the breadth of the land and echoed by a mighty throng of enthusiastic men and radiant women assembled in the Coliseum to witness the crowning feature, as well as the close of the national convention that marks the semi-centennial of the Republican party in the United States.

CHARLES W. FAIRBANKS  
Republican Nominee for Vice President

No less than 10,000 men and women participated in the ratification of the party program, and the consequent roar of cheering and handclapping was deafening. The band stationed high among the girders of the hall was drowned by the tumultuous, unbounded demonstration. Hats were tossed into the air, state emblems were waved and flags, beautiful, tri-colored, shimmering silken flags, fluttered from every hand as though stirred by a gale.

The roll was called and the unanimous vote of the delegations recorded for Mr. Roosevelt without incident until the name of New Jersey asked unanimous consent that the roll be dispensed with and that the secretary of the convention be instructed to cast the entire vote for Mr. Roosevelt. The objection was general and every state accepted the opportunity of casting its entire vote for the president.

Pandemonium broke loose again when the speaker announced that there were 994 votes and 994 had been cast for Roosevelt. A great picture of the president was carried about through the hall.

Ex-Governor Black, of New York, made the speech nominating Roosevelt, and Senator Dolliver, of Iowa, nominated Fairbanks.

### More Troops Passing Southward.

Liao Yang, June 25.—Further drafts of troops are passing southward, where constant skirmishes are reported by the wounded men who are returning home.

### AMERICA TO DROP IT.

No Demand For Redress Will Be Made in Perdicaris' Case.

Washington, June 28.—The state department does not contemplate any reclamations upon the Moorish government on account of the Perdicaris incident. In its view that the government has suffered severely, both from a financial point of view and in national humiliation, through its compliance with the demand of the use of force, by appearing to the powerful influences of the Sherifs Mouley Ali and Mouley Ahmed, who headed the escort sent to bring the prisoners to Tangier. Moreover, France practically furnished the money from which the ransom was paid, as the recent French loan of \$12,500,000 gave the sultan the means to meet Raisuli's demand for \$70,000 ransom.

The Raisuli incident is going to have an important effect on the adoption of a firm French policy toward Morocco. The correspondent of the Associated Press learns that definite steps have already been taken to inaugurate French authority. M. Delcasse has selected M. Raindre, the ex-French representative at Geneva, to take up the organization of the Moroccan customs at the ports, including Tangier. The recent French loan to Morocco is guaranteed by the customs receipts. Therefore, M. Raindre will oversee the customs administration. He is now organizing a large staff. The next step will be the organization of French police or gendarmes at Tangier.

It appears by all accounts, including that of Perdicaris himself, as set down in his letters, that he did not suffer undue hardship; that he was treated with kindness and consideration by Raisuli and that he has no ill-feeling toward that, to him, agreeable bandit. No sufficient reason exists why any further demands should be made upon the sultan of Morocco either for indemnity or the punishment of the kidnapers. If the sultan chooses to take vengeance upon Raisuli, that is his own affair.

### PLANNED A DASH.

Japanese Struck Russian Fleet in the Nick of Time.

Tokio, June 28.—Admiral Togo, reporting further on his success at Port Arthur, says his patrol boat discovered the battleship Peresviet and seven other vessels, accompanied by nine torpedo boat destroyers, near the entrance to Port Arthur harbor. The patrol boat warned him wirelessly, and he immediately advanced his entire fleet, except those engaged upon special duty.

The admiral then discovered that the Russian fleet consisted of six battleships, five cruisers and 14 destroyers, the commander having evidently planned a dash by sundown.

The Russians stopped outside the entrance to the harbor, and after nightfall a fleet of Japanese torpedo boat destroyers resolutely attacked the Russian ships, and succeeded in torpedoing and sinking a battleship of the Peresviet type, and disabled the battleship Sevastopol.

A cruiser of the Diana type was observed burning. It was towed into the harbor and it was evident she sustained serious damage. The torpedo boat destroyer Shirakumo was hit by a shell, which fell in the cabin, killing three men and wounding three others. The Chidori, a vessel of the same class, was hit behind the engine room, but no casualties resulted therefrom. Torpedo boats 64 and 66 were slightly damaged.

### Postal Service in Canal Zone.

Panama, June 28.—A postal service in the canal zone will be started tomorrow. Nine offices have been established. E. C. Tobey, treasurer of the canal zone, is organizing and instructing postmasters in their duties. Mails from the zone to the United States, and vice versa, were to be carried at the domestic rates of the United States. Until a supply of American stamps are received, Governor Davis has arranged with the republic of Panama to use Panama stamps with the words "Canal Zone" printed on them.

### Butte Miners Will Give \$25,000.

Butte, Mont., June 28.—The Butte Miners' union has decided to donate \$25,000 to the Colorado miners to assist them in pressing the legal test to be made on the Colorado supreme court decision upholding the habeas corpus, and allowing President Moyer, of the Western Federation of Miners, to remain in jail without charges having been placed against him. The right of Governor Peabody and General Bell to deport miners without trial will also be tested by the Butte miners.

### Fears Cholera May Spread to America.

Washington, June 28.—Vice Consul John Tyler, at Teheran, has notified the state department that there are 250 cases of cholera at Sultanabad, which is the principal center of the Persian carpet trade with America. The consul has warned agents not to make shipments for the present.

## TO FORCE TURKEY

### AMERICA DETERMINED TO SECURE SETTLEMENT WITH TURKEY.

Will Make Demonstration at Alexandretta With European Squadron—If Sultan Does Not Yield Promptly, the Fleet of Admiral Barker Will Be Ordered to Follow It.

Washington, June 24.—President Roosevelt today decided that a naval demonstration shall be made against Turkey. Alexandretta, from which port the American squadron was recalled last year, will be the objective point.

Admiral Barker's fleet, consisting of the battleships Iowa, Kearsarge, Alabama and Maine, sailed today from Gibraltar for the Piraeus. The battleships Missouri and Illinois and gunboat Mayflower will join them there. When Admiral Jewel and the European squadron, now at Tangier, arrives, the demonstration against Turkey will be made.

It is probable that the European squadron will go first to Alexandretta, this being decided upon in deference to Russia's protest. If the sultan does not then yield, the battleships will follow. It is understood there is no present intention of bombardment.

### FORCED INTO BATTLE.

Russians and Japanese Unexpectedly Meet on March to Haurhittien.

London, June 24.—Conflicting accounts of the fighting in Manchuria are arriving here, and it is plain that both the Russians and the Japanese are engaged in a death struggle for the positions between Feng Wang Cheng and Mukden, with the chances slightly in favor of ultimate Russian success, owing to the large number of men that General Kuropatkin has under his command, and the strength of the Liao Yang defenses.

The censorship, however, is so strict that what few dispatches are permitted to get through are so badly mutilated that it is impossible to determine just what the correspondents who wrote them means when he sent his accounts of the fighting.

According to the Chronicle's Far Eastern advice, a collision, which took on all the proportions of a pitched battle, has taken place between General Baron Kuroki's main army and a portion of the Russian army. The Russians are said to have encountered the Japanese while both sides were trying to take possession of the heights of Haurhittien. The fight was unexpected and exactly what both commanders were trying to avoid. The Japanese were at a disadvantage, although they fought bravely and were eventually compelled to retreat. Both sides lost heavily.

### BRIGAND NOW DEMANDS MORE.

Perdicaris Will Not Be Released Until Another Province is Given.

London, June 24.—The Daily Telegraph's Tangier correspondent, telegraphing to his paper at 9 o'clock last night, says: There is another hitch, and the order for sending forward the prisoners has been countermanded. Raisuli has demanded another province. When Perdicaris is released he will be brought to his town house, where his wife is ill, suffering from the treatment she received at the hands of the brigands at the time the capture was made. What will follow the release of the captives, it is impossible to discover. The next step lies with France, who will not land troops, but acting on the principle, a thief to catch a thief, will recognize Raisuli as governor of Zeenat and Abreezes and of the country between.

### Returns to Vladivostok.

St. Petesburg, June 24.—The emperor has received the following dispatch from Vice Admiral Skrydloff, dated June 21: "A division of torpedo boats, under the command of Captain Venogradsky, aide-de-camp of the grand admiral, which was sent out June 15 on an expedition along the coasts of Japan, returned to Vladivostok today. The torpedo boats approached Port Esashi, near Hakodate, but a fog prevented their entrance. Several trading and transport schooners were captured."

### Battleship Oregon Gets Trophy.

Washington, June 24.—The navy department today awarded to the battleship Oregon the trophy for excellence in gunnery in the last annual target practice for which the ships of the navy have been in competition. For the gunboat class, it was determined that the Dolphin is entitled to the trophy, while the trophy for the destroyer class goes to the John Paul Jones, of the Pacific squadron.
