HODSON BROS.

Local Events.

Oliver Cash and wife of Chicago are here visiting his brother Herbert and family.

The Misses Lillian Henderson of Portland and Edna Hibbs of Gaston are visiting in town with Mrs. John Larkin.

In renewing his subscription to the Graphic, J. C. Kirk of Oskaloosa, Iowa, writes that he finds his interest in Newberg does not abate as his absence lengthens. He is driving a mail wagon in Oskaloosa and meets nine trains a day, which makes a daily drive of eleven miles.

The operation performed upon Master Arlie Evans by Drs. Littlefield and Romig last Thursday morning, which was noted in the Graphic, was successful. The conditions disclosed, however, were somewhat worse than had been looked for, and the little fellow's vitality was pretty heavily drawn upon. He is said to be getting along nicely now.

The heavy forest fires of the last few days in the Coast mountains have put a few Newberg timber owners on the anxious seat. In fact, losses have already been suffered by one or two, though to just what extent is not yet known. Geo. Sykes and R. W. Kirk took a trip this week to look after some holdings in which they are interested.

Dr. Snapp, who came here from Baker county last week, has bought two lots on the street leading from First street to the Friends church, and the work on the concrete foundation for a nice residence is already well under way. Lewis Jones has this contract, while T. B. Cummings will do the carpenter work. The doctor lived at Cottage Grove for ten years, but later went to Eastern Oregon, where he had business interests. These he has pretty well closed out, and since he and his wife have had Newberg in mind for some time as a good place to locate, they spent little time in selecting a location after their arrival in town.

Miss Eva Smith arrived home Wednesday morning after a three weeks' visit with relatives at Philomath.

H. R. Morris has joined the ranks of the Newberg home builders, and has a new cottage going up on West Hancock street.

President McGrew has a force of men at work on the college grounds making some needed improvements, and it is expected that everything will be in good shape by the time school opens for the new year. The sewerage has never been satisfactory, and in order to overcome this difficulty two septic tanks, one for the boarding hall and one for the college, are being installed. Such tanks are in use at some of the state institutions at Salem and one of the Portland sanatoriums has one, and good reports come from all of them. They have the hearty indorsement of the State Board of Health, and it is believed that the question of sanitary sewerage has been solved. Several parties in town are interesting themselves in the septic tank proposition, and they are watching the work at the college with interest. Enos Ellis has charge of the work.

"Have You a Seller?" If So, Don't Keep It.

I am having so many calls for ranches of all sizes and, in different conditions. If you have one you wish to dispose of, come right to my office in the Dixon block and list it with me at once. Yes, and if you have any trading stock, my resort is a good place to list it.

Easy Pill

Easy to take and easy to act is that famous little pill DeWitt's Little Early Risers. This is due to the fact that they tonic the liver instead of purging it. They never gripe nor sicken, not even the most delicate lady, and yet they are so certain in results that no one who uses them is disappointed. They cure torpid liver, constipation, biliousness, jaundice, headache, malaria and ward off pneumonia and fevers.
