Hop pickers wanted by A. A. Little, seven miles northwest of Newberg. Address, R. F. D. No. 3.

Our lady attendant has some fine muslin underwear to show to the ladies of Newberg when in the store of Porter & Larkin's.

K. C. Eldridge, the prosperous Independence creameryman, spent last Friday in town and while here looked up many old friends.

W. M. Comer of Champoege has purchased twenty acres of the south part of the Sears farm west of town; also a couple of town lots in West Newberg belonging to Lorenzo Root of McMinnville.

Miss Ida Woods arrived home Friday evening from a fortnight's trip to San Francisco, of which she speaks altogether in the superlative. She "did" Frisco thoroughly and rounded off her vacation with a delightful ocean trip home.

A. E. Moore and family who have spent the last ten months at Chico, California, got back Monday evening. They are pretty well satisfied with the Sacramento valley, but their home place and business interests are here, hence their return. They have not yet disposed of their Chico town property.

Jasper Bales has been suffering for some months from appendicitis, and was successfully operated upon at a Portland hospital Saturday by Dr. Coffee, assisted by Dr. Clough. As he has some heart trouble, some anxiety over the result was felt, but he stood the operation in fine shape and is recovering nicely.

The date set for the opening of the Newberg public school is September 19th. The directors and principal wish it announced that those living outside of this district who wish to send their children to Newberg to school may do so by the payment of four dollars per term for each pupil, this tuition fee to be paid in advance.

As an evidence of how real estate is changing hands hereabouts, it will be noticed that in the transfers of Yamhill county property recorded the past week, over half the transactions are those which have been made in Newberg and vicinity. Sad to relate, this does not hold good when it comes to the personal transfers or marriage licenses.

M. E. Cady of West Chehalem who is preparing to move to Eastern Oregon, has posters out announcing a public sale to be held at his place on Friday, September 2nd, beginning at ten o'clock, at which he will sell his stock, farming implements, household goods etc., also a three acre field of potatoes, one and a half acres of corn, a garden and fruit in the orchard.

Pacific College students will be interested in this item, clipped from the Whittier, California, Register, concerning their former schoolmate. "Prof. John Weed, of San Jose, visited here several days this week with his mother, Mrs. Ruth Weed. Mr. Weed recently graduated from the state normal in which institution the prefix 'professor,' was tacked onto his name. However, he is best known here as plain 'John,' having until lately resided in Whittier, since boyhood. Prof. Weed has a good school at Jolon, California, and will make his maiden effort as a pedagogue next month."

They are good oak chairs at Porter & Larkin's and you get them free.

Mrs. W. E. White arrived home last Thursday evening from her visit with her parents at Goldendale, Washington.

For sale—Five acres of land with a good new house. Inquire any day except Saturday of L. J. Butterfield, South Wynoski St.

Miss Margaret Inglis and Miss Ella Macy have moved into the former's fine new residence on the corner of Sheridan and North River streets.

Miss Lula Trueblood of Portland has been spending part of her summer vacation at Newberg for the past week, visiting friends and relatives.

There are three different chairs to be had at Porter & Larkin's and you can just as well have them all without any extra expense to yourself.

Fletcher Cox, who had spent several weeks here, left Friday for Lewiston, Idaho, where he will be employed with a milling and warehouse firm, he having given up his work in the civil service.

The Edison phonograph people have reduced the price of their records to 35c. They are the best. C. F. Moore has a nice line of them, also phonographs. The kind that talk for themselves.

Prof. and Mrs. O. C. Albertson left yesterday morning for their new home at Whittier, California, expecting to stop off at Chico for a few days and visit with a brother of Mrs. Albertson's. Pacific College has had few if any more efficient and popular instructors than these young people and the longer they stayed the more were they appreciated. They will find the latch string out when they get ready to return to Oregon.

A letter received from Niels Nelson, ten or twelve miles west of North Yamhill, tells something of the heroic fight which the residents of that district have been making against the forest fires. The first serious fire broke out Sunday evening, August 14th, and the fight against it has been waged practically every since. For one week the fire burned through the timber belonging to the writer, but as there was no high wind at the time, it is thought that the damage done the green timber was not very considerable. By back firing the buildings were saved. Two days later the flames invaded Mr. Nelson's property adjoining, and he says that had it not been for their mutual telephone system he would be without a home today. Even as he was writing the letter he was interrupted by a telephone call from a neighbor asking for help, from which it is seen that every man in that district has been a "minute man" for days past. Mr. Nelson writes: "On Thursday night when the big fire came from the other side, we had three men guarding your property all night and part of next day. No charges, because it was included in the general picnic and we had lots of help. People here have now got so they would rather fight fire than eat. Some never think of sleeping."
