Our lady attendant has some fine muslin underwear to show to the ladies of Newberg when in the store of Porter & Larkin's.

Lon Hill and family of Eugene visited here the first of the week. Mrs. Hill's sister, Mrs. Dema Adams of Los Angeles, who had been spending the summer with them, returned home last week.

Marguerite, Wendell and Otta Allen, who have been visiting here this summer with their grandparents, Mr. and Mrs. J. M. Wright and Mr. and Mrs. W. K. Allen, started for their home at Boise, Idaho, Monday.

Robert Grames moved from the Turner house Monday to their property on River street which they purchased of C. J. Cullison. The latter has moved into the Savage house between River and Wynooski streets.

"Lack of space" prevents publishing the list of Newberg passengers to Portland by the morning train Monday. Incidentally it might be mentioned that Monday was circus day in the city. No relation between the two statements insinuated.

The rural mail carriers were made glad Monday by a notice received by the postmaster from the Department saying that their salaries would be raised to \$720 beginning with August 1, last. Ten dollars more pay per month will mean a good deal to those faithful employees of Uncle Sam.

Ada, the thirteen-year-old daughter of F. M. Noble, who bought the old Bowerman place of Jo Ego, died last Friday of fever, the funeral taking place the following day. It seems that the family is having more than its share of misfortune, Mrs. Noble having lain helpless on a bed of sickness for several months.

Prof. Elwood C. Perisho, in charge of the department of Geology in the University of South Dakota, and state geologist, who was a delegate to the American Mining Congress held in Portland last week, came up to Newberg Saturday evening and remained over Sunday with the Woodward family. His old home is at Carmel, Indiana, he is an Earlham college graduate of the class of '87, later of Chicago University, and soon found himself among friends here, though he was unacquainted in Newberg on arriving. He is well acquainted with President Newlin and Professors Morrison and Julia S. White, formerly of Pacific College. On Sunday evening, following the sermon by Pres. McGrew at the Friends church, he gave a short, vigorous and inspiring address, showing him to be a very able speaker. He is greatly pleased with Oregon.

Miss Mildred Sutton of Portland is visiting relatives in town.

Mrs. C. R. Coons of Clarkston, Washington, who had been visiting here since June, left Saturday morning.

Mrs. Melinda Craven and daughter, Mrs. Gertie McPoland, come up from Middleton Monday afternoon to see the Cash twins.

Cecil Hoskins went up to McMinnville Tuesday evening and from there drove over to Salem the next day where he took in the big circus.

Notice Frank Wood's advertisement in this issue. He is confident he has the greatest potato on the market and asks you to try a sack of them.

There are three different chairs to be had at Porter & Larkin's and you can just as well have them all without any extra expense to yourself.

B. E. Nosler is preparing to go to the new Imperial country, San Diego county, California. He has a job in view as time keeper for an irrigation crew.

Miss Cora Comer of Seattle arrived Friday evening for a short visit with relatives before the Seattle public schools open in which she has a position as teacher.

Wm. Wilson is arranging to leave with his family within a few weeks for San Diego, California. He owns a half interest in the Tremont hotel there of which they expect to take charge.

Prof. F. C. Jackson left Friday morning to resume his work in the high school at Spokane. Mrs. Jackson remains for a longer visit with her parents Mr. and Mrs. E. A. Soper on Chehalem mountain.

Mrs. M. P. Elliott and children have been visiting for several days at Rosedale with her parents, Mr. and Mrs. John Gilbert. Her sister, Miss Emily Gilbert, left Saturday for St. Louis, where she was to be met by Edward Binford of Straughn, Indiana, the couple to be married there to-day. The groom is the son of Rev. Micajah Binford, deceased, who was well known to many here.

Mention was made last week of Mr. and Mrs. Z. E. Foster of Deering, Alaska, and Miss Martha Hunnicut of California, with whom Miss Bertha Cox will be associated for the next year in working among the Esquimaux. Very unexpectedly the party came up to Newberg last Thursday evening, visiting friends and relatives over night, all starting together from here the following morning. The Fosters were accompanied by a little Esquimaux girl named Ashugak, who has been with them more or less for four or five years. Deering, the objective point of the party is almost on the Arctic Circle, where a temperature of sixty degrees below zero is not unusual. The walls of the Foster home are built of three thicknesses of lumber with building paper between and outside of all is a sod wall one and a half feet thick. In such a climate it would seem that one's enthusiasm in exhorting the heathen to flee from the wrath to come would naturally somewhat congeal.
