The Girth of Man-Increasing.

An excellent illustration of the value of records has been afforded lately regarding the question of physical degeneracy. A firm in the north of England has compared the measurements for clothing made two generations ago with those of to-day, the results going to show that chest and hip measurements are now three inches on the average more than they were sixty years ago. The same conclusion is reached by the experience of the ready-made clothiers. These facts, whatever may be their generality, do not quite dispose of the question of degeneracy. They are what we should expect from the more abundant and cheaper food of the people; their better housing and improved sanitary surroundings; but the testimony regarding the unfitness of recruits and progressive lack of stamina in town, and especially manufacturing, populations cannot be disregarded. The girth of man may be increasing, but like a fattening hog, is not copulency bringing clumsiness?

Among the many anarchists arrested in connection with the bomb explosion in Barcelona, Sept. 13, is a 14-year-old boy named Neales, who is described by the police as a "preocious propagandist."

Cured Her Rheumatism.

Deep Valley, Pa., Oct. 31 (Special)—There is deep interest in Green county over the cure of the little daughter of I. N. Whipkey of Rheumatism. She was a great sufferer for five or six years and nothing seemed to do her any good till she tried Dodd's Kidney Pills. She began to improve almost at once and now she is cured and can run and play as other children do. Mr. Whipkey says:

"I am indeed thankful for what Dodd's Kidney Pills have done for my daughter; they saved her from being a cripple perhaps for life."
Dodd's Kidney Pills have proved that Rheumatism is one of the results of diseased kidneys. Rheumatism is caused by Uric Acid in the blood. If the kidneys are right there can be no Uric Acid in the blood and consequently no Rheumatism. Dodd's Kidney Pills make the Kidneys right.

Limit of Laziness.

Two dorkies lay sprawled on the levee on a hot day. Moses drew a long sigh and said, "Heey-a-h-h! Ah wish Ah had a hundred watermellons!"
Tom's eyes lighted dimly. "Hum-ya-h! Dat would suttinly be fine. An' ef yo' had a hund'ed watermellons would yo' gib me fifty?"
"No. Ah wouldn't gib yo' no fifty watermellons."
"Wouldn't yo' gib me twenty-five?"
"No. Ah wouldn't gib yo' no twenty-five."
"Seems ter me youse powerful stingy, Mose. Wouldn't yo'—wouldn't yo' gib me one?"
"No. Ah wouldn't gib yo' one. Look a hyah, niggah, are yo' so good-fer-nuffin lazy dat yo' caln't wish fo' yo' own watermellons?"

The 6-year-old daughter of a certain naval officer was unconsciously ludicrous the other day. The child was sewing, when her older sister asked: "Why don't you use a pattern?" The little miss replied with a dignity greater than her knowledge: "I don't need a pattern. I sew by ear."

Charley White, who lives with his aunt and grandma, noticed that the regular black pepper-shaker was filled with red pepper. Admiral Schley Uses Pe-ru-na In His Home

Battle of Santiago, Where Admiral Schley Made History

Peruna Drug Co., Columbus, Ohio. Gentlemen—"I can cheerfully state that Mrs. Schley has taken Peruna and I believe with good effect." W. S. SCHLEY.

One of the greatest naval battles in the world was the fight off Santiago. Never since the dispersion of the Spanish Armada has there been a more epoch-making victory in the onward march of civilization than in the notable event of July 23, 1898, in which the great hero, Admiral Schley, took a leading part.

It was a great naval battle. Without a moment's warning it began. Quick decision, undaunted courage, excellent discipline, resolute self confidence—these combined in Admiral Schley to produce that dash and daring so characteristic of the American soldier.

A man must think quickly in these days. There is no time for slow action. New enterprises arise in an hour. Old ones pass away in a moment.

A multitude of great themes clamor for notice. A man must take sides for or against by intuition, rather than logical deduction.

One day this fighting admiral, Schley, happened to be in company with others who were talking on various topics of popular interest. The subject of Peruna

was raised—its popularity as a catharr remedy, its national importance, its extensive use.

One asked his opinion. Without a moment's hesitation, he said: "I can cheerfully say that Mrs. Schley has taken Peruna and I believe with good effect."

Like the battle of Santiago, the thought was sprung upon him without any warning, and he disposed of it with the same vim and decision as he did with the Spanish fleet led by the ill-fated Viscaya.

His words concerning Peruna have gone out into the world to be repeated by a thousand tongues, because he said them.

Like the news of his victory over Cervera, his words concerning Peruna will be caught up by the multitudes and passed from mouth to mouth, across oceans and continents.

Except for an inborn manly independence, in a country of free speech, these words never would have been uttered by an officer in such a notable position as that of Admiral Schley.

Except for a world wide notoriety and popularity, such as Peruna enjoys, no remedy could ever have received such outspoken public endorsement by such a man.
