The new version—Tell your troubles to the plumber.
L. M. Gilbert came down from Rosedale Saturday and visited over Sunday.
Chas. Van Horn who has been running a lunch counter on Main street moved to Montavilla the first of the week.
Miss Mona East, a Portland school teacher, visited in town the first of the week with her aunt, Mrs. James Patterson, and family.
Miss Louise Yocum arrived Saturday evening from Mayfield, California, and will spend some time here with her aunt, Mrs. J. T. Smith.

At the annual meeting of the fire department of the city Tuesday night, W. S. Mills was elected chief, N. J. Sykes secretary, and Maynard Redmond treasurer.
Claud Ferguson who sold his livery business a few weeks ago has gone into partnership with Morris & Smith, real estate dealers. The company is evidently preparing to handle the 1905 rush.
Some days ago a subscriber telephoned a "for sale" notice to the Graphic. It "leaked" from the office and as a result the subscriber sold all the property advertised before the paper was issued. Verily it pays, and quickly, to advertise.
Wm. Slater was visited over Sunday by his brother, Richard Slater, a business man of St. Johns, and by his brother-in-law, John Flook, of Roseburg. The latter represents Douglas county as a member of the "third house" at Salem.
On last Thursday evening at the Baptist church a reception was tendered the new members, which was a very enjoyable social occasion. After words of welcome and encouragement by the pastor and others, substantial refreshments were served.
M. P. Elliott, Levi Gilbert, J. H. Douglas Jr. and Dave Lamb drove up to Dundee Monday morning to inspect the big English walnut orchard and to interview its manager, Cap. G. W. Peters. Mr. Gilbert is preparing to set out some English walnut trees both on his and Prof. Douglas' Rosedale ranches.
The following news note in last week's Tillamook Headlight concerns a former Newberg resident: W. H. Galland, of Dolph, is in the city with a view of making an investigation as to whether there is any clay in this vicinity suitable for brick, for it is claimed that in building a new court house \$6000 or \$7000 will be saved if the brick can be manufactured in the vicinity of Tillamook City.
Last Sunday being the birthday anniversary of Dan Gilbert and his father, John Gilbert, and the following day being that of his mother, all members of the family in this vicinity united in a big birthday dinner at the home of D. J. in the south part of town. The celebration began earlier than this for Dan, for on Saturday evening a company of neighbors came in without giving notice and enjoyed a pleasant hour with the Gilbert family.
After a few days' service in Portland, during which time Substitute Burns was in charge here, Station Agent O. L. Darling returned to Newberg Tuesday evening, having concluded that all things considered, Newberg suited him pretty well after all. He was urgently requested to return by the company which was so well satisfied with his work at this place, and the Newberg patrons of the road are pleased with his reconsideration. His family will move here soon.

A gentleman named Wolf from Williamsport, Pennsylvania, was in Newberg this week. He is looking for an opening for some kind of manufacturing industry and was well pleased with the town from that standpoint.
At a meeting of the Woodmen Monday night the following were elected as delegates to the district convention which is to be held in McMinnville March 8: Geo. W. Mitchell, R. J. Cooper, Dr. G. U. Snapp, D. Tallman and Chas. F. Butler.
Mrs. Maggie Littlefield has leased for a period of five years a lot on First street between Moomaw's hardware store and Morris & Smith's real estate office to a Mrs. Seeley of Wilsonville who will erect a small building for business purposes.
The so-called Quaker doctors are making a thorough tour of Willamette valley towns, their success giving fresh proof that Barnum was right when he said that the American people like to be hoaxed. It is significant that the traveling fakirs give Newberg a wide berth.
John Bristow swore out a warrant yesterday against A. T. McNay and A. A. Clayton for beating and otherwise mistreating the old sorrel horse which they drive to one of their express wagons. The case will come up before Recorder W. W. Nelson at ten o'clock Saturday forenoon.
Mrs. Vina Yergen is preparing to make a visit with a daughter at Santa Ana, California, after which she will join her son, Van Leavitt and wife at Bodie of that state. She advertises a public sale on Monday afternoon of February 27th when she will sell her household furniture and effects.
The combination log turner and steam nigger which the Spaulding Logging Company has been awaiting for some time, has arrived from Beloit, Wisconsin, and was installed the first of this week. This piece of machinery handles monster logs on the big carriage like pieces of stove wood, it being the good fortune of the writer to happen around shortly after it was in place and see an unusually large log, scaling four thousand feet, handled with ease. The equipment of the big new mill is now completed and business has been commenced in real earnest. It will pay any one to visit the new industry, inspect the various departments and see how results are accomplished in such a mill.

The Newberg Mutual Telephone Company is contemplating buying a new two hundred and fifty dollar switchboard. The steady increase of business makes the purchase of a new board imperative.
Rev. Elwood Knight of Roseburg has been chosen pastor of the Springbrook Friends church. As his daughter, Miss Sara, is attending Pacific College he will make his home in Newberg, having rented Mrs. Vina Yergen's cottage.
Messdames W. E. Terrell, H. B. Clough, N. C. Maris, M. McDonald, W. W. Nelson, J. B. Mount and Miss Edith McCrea attended the district convention of the Circle in McMinnville yesterday, the first four mentioned being delegates from the local lodge. Mrs. W. E. Terrell was honored by being elected as a delegate to the Grand Lodge which meets in a few weeks at Los Angeles. The honor was worthily bestowed and Mrs. Terrell will very creditably represent Newberg.
Mr. and Mrs. G. W. Brownell of New Rockford, North Dakota, made a flying visit to their old friends Mr. and Mrs. F. A. Morris last week. Mr. Brownell has extensive interests at his home in Dakota but has fallen in love with our country at first sight and will return to this state soon to make his future home. A letter they received from home written Feb. 2, quoted the temperature at 55° below zero, while here skies were blue, the sun shining brightly, flowers blooming, etc. Who wouldn't come, if they only knew?
Every dog has his day, sayeth the old saw, and the plumber has been having several days of fiendish glee in profiting by other peoples' troubles. Either to vary the monotony of mild Oregon winter or to get back at some people who are inclined to poke fun at him, the weather man turned on the screws Saturday night and sent the mercury away way down until it was only ten degrees above zero. "Terrible weather!" ejaculated the true Oregonian to whom such a cold snap is as unwelcome as it is unusual. To give spice and flavor to the breath of winter the atmosphere was fanned by a zephyr from the northland and taken all together it was pretty chilly for a fact. The number of water pipes allowed to burst fully attests the fact of the unpreparedness of Oregonians for anything like winter. For three or four days the mercury loitered along below freezing and scores of citizens got caught—for a plumber's bill. An icy breath now and then is appreciated by the best of men however, and some who had not altogether forgotten the art of skating in this mild climate hied themselves to the stilt waters and enjoyed once more the exhilaration of gliding over the frozen surface. For the most part though, people were glad to see the mercury limber up and seek its wonted level.
