Postal Inspector Butler and his father from Oklahoma who is out on a visit, made a short trip to Newberg the middle of the week.

Daniel Nettleton, chaplain of the Nebraska, is billed to lecture at the Brethren church Saturday evening on health and temperance. No charge for admission.

W. S. Parker and Miss Olive Stratton drove up to McMinnville yesterday and in the evening attended the marriage of Miss Mollie Patty to Mr. Dell Warren.

P. G. Vought arrived home from Chico, California, a few days ago where he found the grass as dry as stubble and crops not the best. He thinks the price of land is out of sight, being two or three times the prices asked for land about Newberg.

The Springbrook cannery broke the record Wednesday when 7200 cans of cherries were put up. The damp weather hurried growers up with their fruit and the cannery has been almost swamped for several days. The bright, clear weather which came Wednesday gladdened the hearts of cherry growers and haymakers as well, as cherries were beginning to crack and hay needed attention.

The announcement has been

made that Dr. Rufus M. Jones, editor of The American Friend, would lecture here Friday evening but a telegram was received Wednesday stating that he would be unable to reach Newberg. This will be a great disappointment to many here who had hoped to be able to hear him.

When your friends visit you drop into the office and let the Graphic know about it.

Rev. H. T. Cash wishes to announce an all-day's meeting at the Friends church next Sunday, July 2, at 11, 3:30 and 8 o'clock. The Baptists will also hold their semi-annual roll call Sunday afternoon.

Miss Mattie Hutchens and Frank Newell, both of McMinnville, were married Wednesday evening at the home of the bride's sisters, the Misses Minnie and Regina Hutchens, in Newberg, Rev. Herbert T. Cash officiating.

Station Agent O. L. Darling informs the Graphic that steps are being taken to extend the switch on the north side of the track 340 feet at the west end and 270 feet on the south side, both to connect with the main track. Lumber has been ordered for a depot, either for repairing the ancient one or building a new one. The amount to be expended is not given out.

Sure Cure for "The Blues."

Do you ever get "The Blues" and say as "Lovey Mary" did—"I wish I was dead?"—If so, you have our sincerest sympathy. But say, if you could get a remedy that drives away the "Blues" like mist before the sun, wouldn't you just take a little taste on the hearty recommendation of a friend?—It's no matter who this is,—he is working for your happiness and the benefit of those around you, so when he recommends as a sure cure for the very worst case of "Blues" one of those fine graphophones for sale at Heacock's jewelry store, I am sure you will take his advice and look into the matter, especially when Heacock is selling them at about half price just now.

Quality vs Quantity.

Hard muscles and strong body do not depend on the quantity of food you eat, but on its perfect digestion and proper assimilation. When you take Kodol Dyspepsia Cure, your system gets all the nourishment out of all the food you eat. It digests what you eat regardless of the condition of the stomach and conveys the nutrient properties to the blood and tissues. This builds up and strengthens the entire system. Kodol cures indigestion, dyspepsia, belching, sour stomach, weak heart, etc. Kodol Dyspepsia Cure for what is sometimes called America's national disease—dyspepsia—is destined to eventually work a wonderful and lasting benefit to sufferers from this distressing and mind harassing condition. THE Wonderful Northwest

FREE SOUVENIR THE WORLD'S WORK FREE SOUVENIR

Gov. Jones of Minnesota says: "The Northwest furnishes the greatest possibilities, and I know of no magazine so thoroughly competent to exploit the wonders of this region as THE WORLD'S WORK."

MARK TWAIN writes: "Two days overdue and The World's Work has not yet reached me. I should rather not have to resort to violence."

THE BIG SPECIAL AUGUST NUMBER OF THE WORLD'S WORK

will describe the marvelous development and the vast possibilities of the great Northwest. No other section of our country presents such a dramatic story of achievement and progress as that of the Northwest, from the expedition of Lewis and Clark to the great centennial at Portland. THE WORLD'S WORK will picture and describe its great industries—mining, farming, lumbering and fishing; its cities and people; its commerce with the West; its railroads at home; its eminent men. Besides, this great magazine will describe

The Lewis and Clark Exposition at Portland

with maps, photographs and descriptive articles. It will be a necessary guide and handbook to everyone who visits the Exposition, the best souvenir for those who cannot go.

THE WORLD'S WORK

draws its inspiration from the same indomitable spirit of progress that has transformed the Northwest from a wilderness to a great civilized empire. Each month it describes the vital things in the world's life and the men who are doing them. It is a history of our own time—superbly illustrated. Every family in the Northwest should read THE WORLD'S WORK FREE. The beautiful cover of the Northwest Number (25¢) is something gold and gem. Designed by the famous artist, E. Simon Crawford, will be sent free of charge, specially called to a table in the office of the Editor of the Northwest Number.
