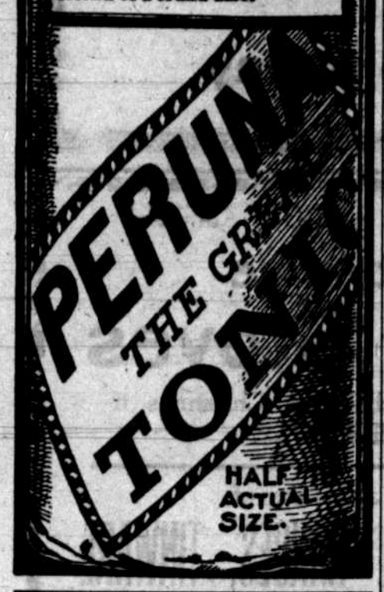
HEAD THROAT LUNGS STOMACH KIDNEYS BLADDER FEMALE ORGANS

Colonel Arthur L. Hamilton, of the 7th Ohio Volunteers, 259 Goodale street, Columbus, O., writes: "As a remedy for catarrh and stomach trouble I can fully recommend Peruna." Mrs. Hamilton, wife of the gallant Colonel, is an ardent friend of Peruna also.



Somewhat Different.

"I suppose that old chap with the long white whiskers over there is one of your old settlers, isn't he?" said the grocery drummer.

"I reckon he's what yew might call a old resident," rejoined the village merchant, "but he ain't no old settler. He's been a-owin' me for nigh onto thirty years."

Healthy Children.

Without good health life is not worth living. Sickly, peevish children are a source of endless trouble and anxiety to their parents, yet the children's condition is frequently due to their parents' ignorance or thoughtlessness, or both.

To make children healthy and to keep them in that condition it is necessary to feed them proper food and to see that they get plenty of exercise and fresh air. Meat is very bad for children. It should be avoided and food rich in phosphates, such as Pillsbury's Vitos, should be given in its place.

This food is truly the "meat of the wheat." It is made by the world's greatest millers and it is free from artificial coloring or aduteration. It is not especially a child's food. Your whole family will enjoy this common sense cereal. It makes a wholesome, substantial breakfast or an appetizing dessert, and can be prepared in one hundred different ways.

Every good grocer will supply you with Pillsbury's Vitos. Large package — enough to make twelve pounds of strength-building food, 20c. Ask your grocer about it today.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

STORM STOPS RIOTS

Russian Capital Held in Grasp of Fierce Blizzard.

FOREIGNERS TERROR STRICKEN

Fear Escape May Be Cut Off — Are Advised to Leave Country Without Delay.

St. Petersburg, Nov. 16.—A fierce northeast blizzard and snow, which blew down on St. Petersburg tonight, prevented bloodshed in the Russian capital. The bitter cold, by forcing the strikers to remain indoors, did more to preserve order than all the Cossack cavalry patroling the streets. Heavy military reserves are stationed in all the industrial districts, but up to midnight there was no rioting. There were rumors of collisions in different parts of the city, but on investigation they turned out to be false.

The Social Democrats had an impressive response on the part of all organizations of workmen to their summons for a general political strike to demonstrate their solidarity with the struggle of their Polish comrades for autonomy, and to protest against the execution of the mutinous sailors at Cronstadt.

The situation has caused a renewal of the panicky feeling among the inhabitants, whose nerves were already shattered by the events of the last fortnight, and hundreds of persons who had just returned are again leaving for Finland. The foreign residents are becoming more and more alarmed, and many of them are hastily preparing to go abroad for the winter. In case the Finnish Socialists should join their Russian comrades and tie up the Finnish railroad, the only egress would be by water, and the freezing of the gulf of Finland a fortnight hence would close the last exit.

MAY BUY OUT THE SETTLER

Possible Compromise, as War Department Committed Itself.

Washington, Nov. 16. — Senor Quesada, the Cuban minister here, called at the State department today and seemed to be considerably agitated over the news of the movement in the Isle of Pines to oppose the formal transfer of the island to Cuba.

The contention of the American residents is that, as they own in fee simple five-sixths of the ground, and as the remaining one-sixth is in the hands of one or two Spanish families, the 1,200 native residents being non-property owners, they should have a right to be heard by this government. A suggestion has been made here that is known to have received serious official consideration to the effect that, in view of the fact that the War department actually did at one time give ground for a belief on the part of some persons that the Isle of Pines was American, it would be only just for this government to pay these settlers for the land.

TAFT IN WASHINGTON AGAIN

Denies Story He Will Transfer Canal Affairs to Root.

Washington, Nov. 16. — Secretary Taft arrived in Washington from Hampton Roads at 7 o'clock this morning. Immediately after he called at the executive office and saw the president when the latter came to the office.

Secretary Taft made it clear today that he had no intention of relinquishing supervision of Philippine affairs. During his temporary absence in Panama it was reported that matters relating to the Philippines were to be transferred to the State department and hereafter be under the direction of Secretary Root.

"That story," said Secretary Taft, "originated in the mind of the man who wrote it. There is absolutely no foundation for it, whatever."

Colorado is Dammed.

Los Angeles, Nov. 16.—Local Southern Pacific officials state today that the engineers and riprappers who have been at work for months past at Salton sea, in an effort to check the flow of water from the Colorado river, have been successful and that the waters are now practically under control. Experiment after experiment has proved unsuccessful, and the railroad company has been compelled to build several successive new tracks to get away from the encroaching waters, at a heavy expense.

Favor Low Level Lock Canal.

Washington, Nov. 16. — The full board of consulting engineers of the Panama canal had an all day session today and continued the work on the different types of canals. The result was a general impression that a large number of engineers, especially the foreign, at present favor a sea level canal, but an intimation has been given that there might be a compromise on a low level lock canal, which would be very satisfactory.

Battleship Oregon Ordered Home

Washington, Nov. 16.— Orders have been given by the Navy department for the return of the battleship Oregon from the Philippines to the United States at an early date. Two cruisers of the Denver class will be sent to the Philippines later on. The Oregon will bring back a crew of men whose enlistments are about to expire.

CASTRO REFUSES TO PAY MORE

Keeps Back Second Installment on Plumley Award.

Paris, Nov. 17— The foreign office is advised that President Castro yesterday refused to pay the second installment of the Plumley arbitration award. The arbitration covered damages sustained by French citizens in Venezuela during the revolutionary periods prior to 1903.

Judge Frank Plumley, of Northfield, Vermont, was president of the arbitration committee, which met at Northfield last year. The judgment was in favor of France, which was awarded about $650,000, and President Castro paid the first installment of the award three months ago. The second payment was due yesterday, but was not paid.

Apparently the Venezuelan President's failure to pay the installment was on the ground that diplomatic relations between France and Venezuela are interrupted. The officials here decline to admit that this justified President Castro in not paying the installment. The incident is considered to be a further provocation.

CZAR HELPS PEASANTS.

Remits Millions Due on Lands and Makes Purchase Easy.

London, Nov. 17.—A dispatch from St. Petersburg to Reuter's Telegram agency says that an imperial manifesto granting land concessions to the peasants was issued this morning. By its terms the land redemption tax payments from January 14, 1906, will be reduced by one-half, and from January 14, 1907, the payments will be totally abolished.

At the same time the capital of the Peasant bank is increased and the bank is granted additional loan privileges with the object of facilitating to the utmost the purchase of lands by peasants.

It is estimated that the amount of taxation thus lifted from the peasants by the manifesto will aggregate $40,000,000, while the extension of the field of operations of the Peasants' bank will enable vast tracts of crown and private lands gradually to become the property of the peasants.

PRETENDER LEADS PEASANTS.

Army of 50,000 Supports Usurper's Claim to Czardom.

St. Petersburg, Nov. 17.—A false emperor has suddenly made his appearance near Penza, and already his followers number 50,000. This is the startling report received this afternoon in a dispatch from Simbriek. Penza is in the heart of the vast region extending westward from the Volga, where agrarian uprisings on a large scale have occurred, and if the report turns out to be true that the pretender to the throne has placed himself at the head of the peasantry, the government will soon face, besides its other troubles, a formidable agrarian rebellion. It required a year to suppress the famous rebellion led by Pugatcheff, who impersonated the dethroned and murdered Peter III in the time of Catherine II. That uprising was started in the same region on the banks of the Volga.

STORM CLOUD IN AFRICA.

Germany Protests Against an Anglo-French Agreement in Liberia.

Washington, Nov. 17.—The State department has learned that Germany has protested to Great Britain and France against the conclusion of certain negotiations now on foot between those two governments and the government of Liberia. Liberia wished to borrow some money and is willing to hypothecate certain territory as security. Germany sees in this proposition a threat of undue expansion of British and French influence in that quarter of Africa. The State department has not felt called upon so far to take any action in this matter, and in fact regards the communication merely as information.

Anarchy at Vladivostok.

St. Petersburg, Nov. 17.—The latest reports from Vladivostok indicate that the rioting has not yet been suppressed. Both sailors and fortress artillerymen particapated in the outbreak. The commandant lost his head, the situation got beyond control, and energetic measures were not taken until a large part of the city had been destroyed. The population is still seeking refuge on the vessels in the harbor. According to one report from Vladivostok, 300 rioters, mostly sailors and artillerymen, were killed or wounded.

Battleship Idaho Not Ready.

Washington, Nov. 17.—The Navy epartment has not been advised by the Cramp Shipbuilding company that any date has been set for launching the battleship Idaho, although Senator Heyburn has been informed that it will take place December 9. The Idaho is only 40 per cent completed. It is unusual to launch ships in that early stage, and it seems improbable that the launching would be fixed for a date so near without notifying the Navy department.

Standard Oil's Big Dividend.

New York, Nov. 17.—The Standard Oil company has declared a quarterly dividend of $10 a share. The previous dividend was $6 a share and the dividend at this time last year was $7 a share. Today's declaration brings the total dividends for the year to $40 a share. Last year it was $36.

RHEUMATISM

BODY RACKED WITH PAIN

No other bodily suffering is equal to that produced by the pain of Rheumatism. When the poisons and acids, which cause this disease, become intrenched in the blood there is hardly any part of the body that is not affected. The muscles become sore and drawn, the nerves twitch and sting, the joints inflame and swell, the bones ache, every movement is one of agony, and the entire body is racked with pain. Rheumatism is brought on by indigestion, stomach troubles, torpid Liver, weak Kidneys and a general inactive state of the system. The refuse matter instead of passing off through nature's avenues is left to sour and form uric acid, and other acrid poisons which are absorbed into the blood. Rheumatism does not affect all alike. In some cases it takes a wandering form; it may be in the arms or legs one day and in the shoulders, feet, hands, back or other parts of the body the next. Others suffer more seriously, and are never free from pain. The uric acid and other irritating substances find lodgement in the muscles and joints and as these deposits increase the muscles become stiff and the joints locked and immovable. It matters not in what form the disease may be the cause is always the same—a sour, acid condition of the blood. This vital stream has lost its purity and freshness, and instead of nourishing and feeding the different parts with health-giving properties, it fills them with the acids and salts of this painful and far-reaching disease. The cold and dampness of Winter always intensify the pains of Rheumatism, and the sufferer to get relief from the agony, rubs the affected parts with liniments, oils, lotions, etc., or uses plasters and other home remedies. These are desirable because they give temporary ease and comfort but have no effect on the real trouble which is in the blood and beyond the reach of such treatment. S. S. S. is the best remedy for Rheumatism, It goes into the blood and attacks the disease at its head, and by neutralizing and driving out the acids and building up the thin, sour blood it cures the disease permanently. While cleansing the blood S. S. S. tones up the stomach, digestion and every other part of the system, soothes the excited nerves, reduces the inflammation, dissolves the deposits in the joints, relieves all pain and completely cures this distressing disease. S. S. S. is a certain cure for Rheumatism in any form; Muscular, Inflammatory, Articular or Sciatic. Special book on the disease and any medical advice, without charge, to all who write.
