

RHEUMATISM CAN NOT BE RUBBED AWAY

When the joints are sore and swollen, and the muscles throbbing with the pain of Rheumatism, relief must be had at once, and it is natural to rub the affected parts with liniments, oils, etc. This treatment does good in a way, by temporarily relieving the pain and reducing the inflammation, but has no effect on the disease itself, because Rheumatism is more than skin deep; it is in the blood and cannot be rubbed away. Rheumatism is brought on by indigestion, weak kidneys, poor bowel action, stomach troubles and a general sluggish condition of the system. The refuse and waste matters, which should be carried off through the natural avenues of bodily waste, are left to sour and form uric acid and other irritating poisons which are absorbed by the blood, making it thin, weak and acid. Then instead of nourishing the different nerves, muscles, joints and tissues it fills them with poison to produce the aches, pains and other disagreeable symptoms of the disease. Rheumatism is usually worse in Winter for the reason that cold and dampness are exciting causes. The nerves become excited and sting with pain, the muscles are sore and drawn, the joints swollen and stiff and the sufferer lives in intense agony; and if the disease is not checked it often leaves its victims helpless cripples for life. Rheumatism cannot be rubbed away but it can be driven from the blood by S. S. S. Being a perfect blood purifier this great remedy soon produces a complete change in the entire circulation; the thin, acid blood is made pure and rich, and as it goes through the body nourishes and soothes the irritated nerves, eases the throbbing muscles, and dissolves and carries out of the system the irritating particles in the joints which are keeping up the pain and inflammation. S. S. S. cures Rheumatism permanently, and in addition tones up the digestion and stimulates the different members of the body to their full duty so there is no cause for another attack. Do not waste time trying to rub Rheumatism away, but get it out of the blood with S. S. S. so that the cold and dampness of Winter will not keep you in continual pain and agony. Special book on Rheumatism and any medical advice will be given free.

The Wasteful Captain.
She was a fair passenger in search of information and the captain was, naturally, only too willing to gratify her. He had explained that the action of the propeller forced the water and added, as a further item of information:
"We made twenty knots an hour last night, miss."
"Did you really?" said the sweet girl. "And whatever did you do with them all?"
The captain went red and his eyes dilated.
"Threw them overboard," he said, shortly.
"Fancy!" she said.—Tit-Bits.

Wells in Scotland.
Although wells abound in Scotch waters and are caught in great quantities, they are not considered fit food there. No matter how plentiful and how very fine and large they may be in any district of Scotland, no native will eat one. The objection to the eel is said to be based on its serpentine appearance and the fact that it is not overfastidious as to what it feeds on.

A Discouraged Chauffeur.
"I have been the applicant for the position as chauffeur," asked the gentleman, looking up from his desk.
"Yes, sir," replied the man who had just entered the room.
"Are you a union man?"
"Yes, sir."
"Well, after you have worked on a machine for eight hours and the thing won't go, what do you do?"
"Oh, well, sir, if you've got one of that kind of machine, I don't want the job!"—Yonkers Statesman.
