

BEGIN REVOLT ANEW

St. Petersburg Reds Decide to Form New Organization.

WERE CRIPPLED BY REPRESSION

A National Congress of Workmen is Planned—Red Sunday Will Be Day of Mourning.

St. Petersburg, Jan. 4.—The general meeting of the Workmen's council and of representatives of the proletarian organizations, which was held across the Finnish border, lasted for 36 hours, adjourning only an hour ago. The practical result of the meeting was a confession that the government had proved too strong in its fight against the strikers and the proletarian organizations, and that it would be necessary to organize on a new basis the armed revolution, to which the delegates to the meeting were committed. A new Council of Workmen, consisting of 150 members, was elected. Similar councils will be organized everywhere, following which a general congress will be elected, and an elaborate plan of battle against the government formulated. Just prior to the adjournment of the meeting a resolution was passed to turn the anniversary of January 22 (Red Sunday) into a day of mourning. For this purpose an appeal will be made to the Socialist workmen's organizations, both in Europe and the United States, to manifest their sympathy with the Russian revolutionaries by holding demonstrations on Monday.

NEW MALHEUR PROJECT IS UP

Valley May Be Irrigated, Excluding Wagon Road Land.

Washington, Jan. 4.—The Reclamation service has not abandoned hope of building part of the Malheur irrigation project in Eastern Oregon. Upon its recommendation the secretary of the interior has withdrawn from entry about 20,000 acres on the Upper Malheur river, as follows: Township 21 south, range 36 east, sections 27, 28 and 34; township 23 south, range 36 east, sections 2, 3, 11, 12, 13, 14, 22, 23, 24, 25, 26, 27, 35, 36; township 22 south, range 37 east, sections 33 and 31; township 23 south, range 36 east, sections 1, 2, 11, 12, 13, 24; township 23 south, range 37 east, sections 5, 6, 7, 8, 18, 19. This withdrawal does not include the lands embraced in the wagon road grant, and it is possible a project may be devised which will enable the government to irrigate considerable vacant public land without waiting for wagon road landowners to come to terms. This move is being made at the request of the Oregon senators, who have twice conferred with the Reclamation service in the hope of having something done on the Malheur project.

GERMANY PREPARES FOR WAR

Gives Rush Orders for Large Number of Cars.

Berlin, Jan. 4.—The railway administration placed orders last week for 20,000 freight cars, at a cost of \$50,000,000, with manufacturers of five countries, stipulating delivery by the middle of February. Besides utilizing the car works of Germany, the contracts were distributed among makers in Belgium, Holland, Switzerland and Italy, which would not have been done unless some reason for haste exists. Inquiries made regarding the reasons for urgency resulted in obtaining the statement that the ordering of the cars was a precautionary measure, the general staff desiring to be ready to move troops if necessary by the first of March. This is only a proper measure of prudence, it was affirmed, in view of the extensive military arrangements going on in France, which, among other dispositions, include the movement toward the German frontier of six regiments of artillery, or 180 guns.

Millions May Starve

Victoria, B. C., Jan. 4.—The famine in North Japan is causing thousands to starve, according to advices received today by the steamer Empress of Japan. A government report says Miyagi, Fukushima and Iwate provinces, with a population of 2,821,575, are confronting the worst famine since the deadly one of 60 years ago. Already thousands in these three provinces are reduced to shrub roots and bark of trees to sustain life, and 1,000,000 people are in extreme condition. The misery arising is indescribable.

Snow Blocks Northern Lines

St. Paul, Jan. 4.—A heavy snow storm prevailed here today and tonight continues with unabated force. Drifts three feet in depth have blocked some of the street car lines and on others traffic is maintained with great difficulty. The temperature, however, is comparatively mild. Specials from points in Minnesota and Wisconsin say the storm is the most severe in five years. At Red Wing, Minn., a snowfall of 18 inches is reported.

America Guards Against Plague

Victoria, B. C., Jan. 4.—American quarantine officers at Yokohama have notified steamship companies there that no persons who arrive in Yokohama via Osaka or vicinity will be allowed to proceed to America unless they remain in Yokohama a week and their health is certified to.

CONGRESS RESUMES

House Takes Up Consideration of Philippine Tariff Bill.

Washington, Jan. 4.—The cause of the Filipino was advanced on the floor of the house by the Republican leader, Payne, for nearly four hours today. He represented the views of the majority of the ways and means committee on the Philippine tariff reducing the duties on sugar and tobacco to 25 per cent of the Dingley tariff rates and admitting other products of the islands to the United States free of duty. Before and following Mr. Payne's speech brief discussions indicated that there is to be a protracted debate on the measure, and that the Republican opponents representing the cane and beet sugar interests of this country will speak and vote against the bill.

In the Senate.

Washington, Jan. 4.—After waiting for almost a year, R. M. La Follette appeared in the senate when it reconvened today, after the holiday recess, to claim his seat as senator from Wisconsin, and the oath of office was administered to him by Vice President Fairbanks. The ceremony was witnessed by a crowded gallery, which manifested much interest in the proceedings.

After La Follette had signed the oath which he had taken, he was again joined by Spooner and escorted to the seat assigned him among those Republicans who have seats on the Democratic side of the chamber.

Assignments of La Follette and Gearin to committees was made as follows:

La Follette—Potomac river front, chairman; census, civil service, claims, immigration, Indian affairs and pensions.

Gearin—Claims, pensions, forts and fortifications, industrial expositions, national banks and District of Columbia. Simmons resigned from the last-named committee to make room for the Oregon senator.

The senate discussed at some length a proposition to reprint a magazine article by Newlands, entitled "A Democrat in the Philippines," and also a resolution for the regulation of senate patronage. Both were adopted. A resolution calling for information concerning the status of affairs in Santo Domingo was presented by Tillman, who made an unsuccessful effort to secure immediate consideration of it.

Gallinger had expected to open the debate upon the merchant marine shipping bill today, but when the bill was laid before the senate, he asked to be excused from talking until next Monday, when the bill will be formally taken up as the unfinished business.

After a brief executive session, the senate adjourned until Monday.

BRITAIN READY TO STRIKE

Would Have Smashed Rojstvensky if Togo Had Lost.

St. Petersburg, Jan. 5.—The remarkable allegation that the British fleet was held in readiness to destroy the Russian fleet, if the battle of the Sea of Japan had gone in the Russians' favor, is made by Admiral Rojstvensky in a letter published in the Novoe Vremya today with the permission of the minister of marine.

Referring to the absolute secrecy of Admiral Togo in regard to the disposition of his forces, Rojstvensky declares that "this was unknown even to the admiral of the British fleet allied with the Japanese, who concentrated his forces at Wei Hai Wei, in expectation of receiving an order to annihilate the Russian fleet, if this, the final object of Great Britain, was beyond the power of the Japanese."

From Admiral Rojstvensky's account of his tactics in the battle of the Sea of Japan, the reader is almost convinced that the Russian commander outmaneuvered Admiral Togo at every point, and was himself the real victor. He declares he knew Admiral Togo's exact whereabouts two days before the battle, made his disposition accordingly and entered the fight with his eyes open.

Mr. Spring-Rice, the British charge d'affaires, without waiting for instructions from his government, demanded an explanation from Foreign Minister Lansdowne this afternoon of the statements contained in the admiral's letter to the Novoe Vremya.

Great Printing Trust in East

Cincinnati, Jan. 5.—The United States Printing company, capital \$3,376,300, one of the largest concerns of its kind in the country, will be leased to the United States Printing company, of New Jersey, if the stockholders on February 1 ratify the action of the directors announced today. The company has plants in Brooklyn, Montclair, N. J., Norwood and Cincinnati. The total output is estimated to be nearly \$2,500,000 annually. The new holding company will take over all the plants of the company.

Philippine Tariff Up

Washington, Jan. 4.—Both branches of congress will convene at noon today after a holiday recess of two weeks. The leaders of the house have decided that the Philippine tariff bill shall be first considered. It will be reported without any rule to limit debate, and amendments may be offered ad libitum. It had been the intention to start with the statehood bill, but Mr. Hamilton, chairman of the committee, is not quite ready to report that measure.

Strikes Bankrupt Big Iron Works

Paris, Jan. 5.—The correspondent of the Journal at St. Petersburg sends an interview with an official of the Putiloff Iron works, who declares that the establishment will be closed from January 13, owing to the impossibility of carrying on the works after the losses caused by the strikes.
