

INTERVENTION NEXT

Government Is Fully Prepared to Take Such Steps.

REGULAR ARMY WOULD BE USED

Intervention Would Not Be a Holiday Affair—Troops Are Being Returned From Philippines.

Washington, Sept. 13.—President Roosevelt is keenly alive to the revolutionary movement in Cuba and the responsibility of the United States in case the conditions grow worse and intervention becomes necessary. It is known that the president will not intervene until it appears absolutely necessary, yet steps have been taken which would make such intervention effective. The ships that have been sent to Cuba are there for the purpose only of protecting American interests and furnishing asylum for Americans who may be in danger from the warring factions.

It is recognized that intervention would not be "holiday" matter, but that an army would be necessary and, in case of intervention every available man of the regular army will be used and will be sent to Cuba as fast as possible. Although no regular transports are available on the Atlantic coast, it is known where the transports can be obtained as soon as needed.

Some weeks ago the Sixth and Twenty-first regiments of infantry were ordered home from the Philippines, it being stated that their term of service in the islands was completed. The transports which sailed last winter for the Philippines will bring available troops to the Atlantic coast and also the transports, which would be very necessary if the Platt amendment is involved.

THREE ARE GUILTY.

Federal Grand Jury Returns Verdict in Land Fraud Case.

Portland, Sept. 13.—State Senator Franklin Pierce Mays, ex Representative Willard N. Jones and George Sorenson stand in the shadow of the penitentiary now.

At 9:45 a. m. today the sealed verdict returned by the jury at 1:45 this morning was read in the Federal court, finding all three defendants guilty of conspiracy to defraud the government out of lands in connection with the creation of the Blue mountain forest reserve. A breathless silence reigned in the courtroom when the clerk read the words that branded the defendants on the catalogue of land fraud convicts.

Counsel for the defendants gave notice of intention to move for a new trial and were allowed time to do so. The verdict, while probably not unexpected, was a severe blow to the accused men, but there was no scene.

Although the hour was early the courtroom was crowded with people interested in the outcome of the long trial.

EXPOSES A GRAFTER.

Russian Paper Says General Rennenkampff Robbed Army.

St. Petersburg, Sept. 13.—The Perle, an organ of the moderate Liberal party, has been suspended on account of its publication of an article by M. Demichensky, a well known writer, attacking the bureaucratic system, in the course of which General Rennenkampff was flatly charged with thievery and defied to bring an action for libel. The article alleged that General Rennenkampff had filled his pockets from the military fund and with tribute levied upon his subordinates during the Russo-Japanese war, and he was asked to explain why the investigation started by General Dohernuschnitzky, which was interrupted by the battle of Mukden, was never resumed.

Famine in the Provinces.

Odesa, Sept. 13.—Official reports just made by the special missions lately sent into the provinces show that four more governments, namely, Novgorod, Vyatka, Taurida and Orenberg, have been added to the 20 previously announced as famine stricken. The central relief committee estimates the minimum fund necessary to tide the 33 governments over the next six months at \$75,000,000. The semstvo organizations do not contribute more than \$7,500,000, and the imperial exchequer must furnish the remainder.

Western Union Will Extend Lines.

New York, Sept. 13.—The directors of the Western Union Telegraph company, at a meeting today, authorized President Clowry to call a meeting of stockholders on October 10 to vote on a proposition to issue \$25,000,000 in gold bonds. The directors also voted that \$10,000,000 in gold bonds be issued immediately for subscription by stockholders. The money realized from the bonds is to be used for new construction and buying new property.

River Washes Away Towns.

El Paso, Tex., Sept. 13.—Correspondence of the Herald reports that recent rains between Tuxpan and Colima, Mex., caused vast earth slides on the Manzanillo extension of the Mexican Central railroad. The towns of Mexicentlan and Tuxpan, on the Santiago river, have been practically washed away and scores of persons are homeless and suffering.

MARINES ARE LANDED.

Will Protect American Interests on Island of Cuba.

Havana, Sept. 14.—One hundred armed sailors from the United States protected cruiser Denver, landed last evening and camped in front of the president's palace, in anticipation of possible uprising within or attacks upon Havana.

Tampa, Fla., Sept. 14.—A private cablegram received here from Cienfuegos, Cuba, states that marines from the United States gunboat Marietta were landed at that place yesterday to protect American interests.

Washington, Sept. 14.—So far as can be ascertained no official word has been received regarding the reported landing of marines at Cienfuegos, Cuba. The Marietta's commander had special instructions.

Havana, Sept. 14.—A dispatch from Cienfuegos says that the United States gunboat Marietta has debarked a detachment there. Cienfuegos is besieged by insurgents and some of the fortifications have been damaged.

Washington, Sept. 14.—It was officially announced here that the sailors who were landed at Havana from the American cruiser Denver have been ordered to return to their vessel immediately, save for a small guard which will be left at the American legation. This action followed the receipt of an official report by Acting Secretary of State Bacon from Mr. Sleeper, the American charge d'affaires at Havana, regarding the landing.

The report was not made public, but it was announced officially shortly afterward that the sailors were landed from the Denver solely for the protection of the lives and property of American citizens; that such action was in pursuance of a discussion between Mr. Sleeper and the naval commander, with the belief that it was a wise precaution looking to the protection of the lives and property of Americans. There was no intention, it is stated, to do otherwise than to safeguard American inhabitants, and the services of the sailors were to be utilized only in case of disorders within the city which threatened such inhabitants. That the landing in any way contemplated the protection of either the Cuban government or the insurrectionary government, President Palma, or any other persons than American citizens, was disclaimed officially and it was pointed out that this fact could not be emphasized more strongly.

Secretary Bonaparte conferred with officials of the Navy department today. He declined to say anything about the conference, but it is known that Cuba formed the main topic. The cruisers Tacoma and Cleveland, now outfitting at Norfolk, he said, would be held in readiness to go to Cuba if needed.

UNIFORMITY IN BUSINESS.

Commission Works to That End and Railroads Help.

Washington, Sept. 14.—Discussing the probable method of proceeding under the new railroad rate law, Interstate Commerce Commissioner Cockrell said the first effort of the commission would be a uniform way of doing business.

"We are," he said, "giving most of our attention to securing the adoption of a general system, believing that by pursuing this course we will lighten our own labors and render it possible for the railroads to aid us in carrying the law into effect."

He then outlined the plans of the commission to be to secure:

First—A uniform system of accounting by the railroads.

Second—A uniform system of classification of freight throughout the United States.

Third—A uniform schedule of rates, fares and charges.

Fourth—The performance by the roads of the entire transportation from the place where freight is received to the point of destination.

Mr. Cockrell also said that the railroads are manifesting a disposition to aid the commission in the enforcement of the law.

Tube Trust in Great Britain.

Glasgow, Sept. 14.—It is announced that a combination of Scotch and English tube manufacturers to regulate the home and export business has been formed with a view to abolishing the present keen competition. The industry has suffered incalculably since the previous agreement was cancelled 18 months ago. It is understood that the new combine is wider in its scope than the old, taking in all the firms in the United Kingdom except one Clydesdale firm. It is stated that the American producers are supporting the combine.

John D. Says Not Guilty.

Findlay, O., Sept. 14.—A plea of not guilty has been entered in the Probate court here by John D. Rockefeller on the charge of violating the anti-trust law through the Standard Oil company. Mr. Rockefeller was not personally in court. The defendants in the cases against the pipe lines also pleaded not guilty in the same way and each demanded a separate trial by jury. Judge Banker adjourned court until the first Monday in October.

Rain of Liquid Sulphur.

Buenos Ayres, Sept. 14.—The state telegraph department today received a telegram from Jachate, province of San Juan, stating that the night of September 11 there was a rain of sulphurous liquid and that in consequence the inhabitants were greatly alarmed.

DRIFTING TOWARDS BRIGHT'S DISEASE

Many people who are neglecting symptoms of kidney trouble, hoping "it will wear away," are drifting towards Bright's Disease, which is kidney trouble in one of its worst forms.

FOLEY'S KIDNEY CURE

stops irregularities, strengthens the urinary organs and builds up the worn-out tissues of the kidneys so they will perform their functions properly. Healthy kidneys strain out the impurities from the blood as it passes through them. Diseased kidneys do not, and the poisonous waste matter is carried by the circulation to every part of the body, causing dizziness, backache, stomach trouble, sluggish liver, irregular heart action, etc.

If you have any signs of Kidney or Bladder Trouble commence taking FOLEY'S KIDNEY CURE at once, as it will cure a slight disorder in a few days and prevent a fatal malady. It is pleasant to take and benefits the whole system.

How to Find Out. You can easily determine if your kidneys are out of order by setting aside for 24 hours a bottle of the urine passed upon arising. If upon examination it is cloudy or milky or has a brick-dust sediment or small particles float about in it, your kidneys are diseased, and FOLEY'S KIDNEY CURE should be taken at once.

G. B. Burhans Testifies After Four Years. G. B. Burhans of Carlisle Center, N. Y., writes: "About four years ago I wrote you stating that I had been entirely cured of a severe kidney trouble by taking less than two bottles of Foley's Kidney Cure. It entirely stopped the brick-dust sediment and pain and symptoms of kidney disease disappeared. I am glad to say that I have never had a return of any of those symptoms during the four years that have elapsed, and I am evidently cured to stay cured, and heartily recommend Foley's Kidney Cure to any one suffering from kidney or bladder trouble."
