

## Discuss the Boys' Clothes Question with Us

We can sell you most about the clothes your boys should wear, and can show you most in the way of clever workmanship, durable fabrics and reliable, honest merchandise.

At one time and another all the clothing makers in America have given us the opportunity to look at their goods and handle their line. We have had our choice of all the lines made, and have selected as the one brand representing the high standard of quality and reliability that made by Ederheimer, Stein & Co. under their famous label XTRAGOOD.

The XTRAGOOD brand has given satisfaction to more people than any other brand of boys' clothes. More XTRAGOOD clothes are worn than any other kind. People who know about the different grades of boys clothing prefer to buy XTRAGOOD. It is guaranteed absolutely; maker and furnisher both pledge you full satisfaction.

For these reasons it will pay you to talk over with us the style your boy could wear, the pattern that will best suit him and the price you should pay. Discuss these matters at once and in our store.

## Money to Give Away.

Money saved is money made. We not only save you money on every article you buy of us, but we have got MONEY TO GIVE AWAY. You may see in our show window a fair sized pitcher heaped up with U. S. coin. Every time you spend 50c with us, you will be entitled to a guess at the number of pieces of coin in the pitcher. At the close of this contest, the date of which will be given later, the person or persons guessing the nearest the correct number, will receive absolutely FREE all the coin contained in the pitcher.

Get in the habit of trading with us and you will always have money in your old stocking leg.

## Local Events.

Miss Leora Buchanan spent the past week visiting relatives and attending the State Fair at Salem.

Miss Cora Dunham, formerly a student of Pacific College, is to be married in Berkeley next Sunday to Dr. Chas. Ponting.

John Bristow, who has been working for a furniture manufacturing company at Spokane, came home the first of the week.

The Germans seem to be rapidly taking the Rex neighborhood and are preparing to build a German Methodist church at that place.

Joseph Hall's Buff Orpington pullets came to the front at the state fair with first and second awards as offerings at the hands of the judges.

Will McDonald, who has been working in a Portland planer for some time came home a few days ago to take charge of the Spaulding Logging Company's planing mill here. A responsible position for so young a man.

It will probably be of interest to local hop growers to know that Carmichael, of Salem, the coast representative of Wiggins, Richardson & Co. of London, has appointed W. H. Nelson as his representative in this section.

Fred Barrell, living one mile west of Newberg, has just completed the building of a thoroughly modern hop dryer, H. L. Christenson contractor. A test of the dryer with his own hops proves it and equipment to be in every way satisfactory.

Mrs. M. E. Satchwell's home in the northwest part of town had a narrow escape from fire Sunday morning. Fire caught in the roof and a blaze was just getting under headway when it was noticed by F. A. Youngs, a near neighbor, who rushed over and applied a bucketful of water in the nick of time.

Dr. C. C. Bennett, formerly of this place, who has been practicing successfully at Whittier, California, for three years, though living in Los Angeles, has recently purchased a home in Whittier to which he has moved. According to the Register he is planning extensive improvements to his already beautiful home.

The commission appointed at Seattle to examine Esther Mitchell and Mrs. Creffield as to their sanity, completed its labors Tuesday but has not yet made its report. Both women say they are glad they killed George Mitchell as they were divinely told to do so, and that they would do the same thing again under the same circumstances. They declare they are not insane and will gladly meet death.

Now that Newberg has an early morning mail out from Portland, orders came Monday evening that the rural mail carriers should wait until after it is distributed before starting out. As a result the carriers now leave town about ten thirty o'clock instead of at seven as formerly. This gives patrons an excellent service—"the news while it is news" in other words, but it will keep the carriers on the jump to get in in time to catch the evening mail out.

An important meeting in the interest of the dairy industry of this neighborhood will be held in Duncan's Opera House this evening at 7.30 o'clock to which not only dairymen but the public in general is invited. The meeting will be addressed by Prof. Farrington, director of the Wisconsin College of Dairying, a man well worthy of a hearing. Hon. J. W. Bailey, state dairy commissioner, and Dr. Withycombe and Prof. Kent, of the Oregon Agricultural College, will also be present.

## General Robert E. Lee.

Was the greatest general the world has ever known. Ballard's Snow Liniment is the greatest liniment. Quickly cures all pains. It is within the reach of all. T. H. Pointer, Hempstead, Texas, writes: This is to certify that Ballard's Snow Liniment has been used in my household for years and has been found to be an excellent liniment for rheumatic pains. I am never without it. Sold by Chas. F. Moore.

"Yes," said Farmer Cornstock, "long about July, the population of this 'ere town just doubles up."

"Summer boarders or green apples?" asked the new arrival, innocently.

## An Ounce of Prevention

Is worth a pound of cure. There are many poor sufferers, consumptives who are hopeless of getting well—who, if they had taken care of themselves, would now be well. A cough is the foundation of consumption. Ballard's Horehound Syrup will cure that cough. Mrs. S., Great Falls, Montana, writes: "I have used Ballard's Horehound Syrup in my family for years—my children never suffer with coughs. Sold by Chas. F. Moore."
