

WEDNESDAY CLUB MEETS.

Miss Laura Rose, of Ontario, Canada, Gives a Charming Talk.

It was not a national holiday, it was not a wedding, no, not even an afternoon tea, it was only the members of the Wednesday club and some invited guests wending their way to the home of Mrs. F. A. Elliott on Friday afternoon of last week, because a rare treat was awaiting them. Miss Laura Rose, of Ontario, Canada, had consented to speak to them, choosing for her subject "The Head, the Hand, the Heart, the Tripod of Successful Work." Miss Rose lectures before farmers' institutes on the subject of dairying. She is a woman of charming personality, with just enough of the Scottish accent to be pleasing. Her rendering of "The Organ Grinder's Wife" was fine.

Miss Rose said that successful work is the greatest perfection attainable with the least outlay of time, energy and money. This was illustrated by the woman who gave a lamb dinner, purchasing lamb and other viands out of season, thus incurring great expense, so that the dinner, though very fine, was not a success. Another woman gave her guests simple roast beef and apple pie and her hospitality proved successful because it was within her means.

To do successful work we must imitate nature. The sun's rays go quickly and silently but are powerful. To be successful there must be a definite object in view. Teach the child to be one thing and train for that, then youth will not be a struggle, manhood a blunder and old age a regret. Be thankful for work since it returns a development and blessing to ourselves as well as to those about us. Successful work means method, it means system and order, a pleasing manner, ambition, hope, faith, honesty, industry.

Do all you promise to do, all you are rightfully required or expected to do, so far as depends upon yourself, as sure as the sun rises and sets, so that the hearts of all with whom you are connected may safely trust in you, then will you become pillars of support in the family and community. Such thoughts cannot but make hard work, other than hard work but they may save us from carelessness and despondency, and will tend toward such a unity of the head, the hand, the heart, that round about our incompleteness will follow God's greatness, and round our restlessness His rest, and from our imperfection will rise perfection. Oh, all who labor, all who strive, Ye yield a lofty power, Do with your might, do with your strength, Fill every golden hour. The glorious privilege to do It means most noble power, Then to your country, to your God, To your own self be true. A weary, wretched life is theirs, Who have no work to do.

Current College Life.

President and Mrs. McGrew entertained most pleasantly at dinner Tuesday evening the members of the faculty and their annexes. A feature of the after dinner program no less profitable than enjoyable, was the "round table" discussion of the true relation of the college to the various other interests and activities, each member of the faculty being assigned a special topic. The latter part of the evening was devoted largely to music, Prof. Carrick favoring the guests with excellent selections, both vocal and instrumental.

A letter has been received from

Joshua L. Baily, of Philadelphia, stating that he has ordered for the college an elegant new flag which will soon be given to the Oregon zephyrs from the top of the one hundred and ten foot flag pole which graces the college campus.

W. C. Woodward, of the department of history, attended in Portland Friday and Saturday the annual meeting of the Pacific Coast branch of the American Historical Association.

The basketball enthusiasts are happy, now that they are hard at practice in the big new gymnasium. Some good material is at hand from which to choose the first team and competition for places is strenuous. Lovers of the sport will find it another game when played on the large new floor of the new gym. The first league game will be played here Friday evening, December 14th, with the Salem Y. M. C. A.

The class oratorical contests, which the public is invited to attend, have been arranged to take place in the following order, in the college chapel: On Thursday evening, December 13, the Freshmen; on Saturday evening the Sophomores; on Tuesday evening, December 18th, the Juniors; on the following Thursday evening the Seniors.

School Report.

Following is a report of Springbrook school for the month ending November 30:

Number pupils enrolled 36, number days attendance 520, number days absence 28, number times tardy 5, per cent of attendance 95.

Those who were neither absent or tardy during the month are: Paul Mills, Daisy Newhouse, Ola Heater, Paul Lewis, Elwin Willis, Roy Shires, Alfred Hobson, Sewell Newhouse, Netta Calkins, Stella Hubbard, Jessie Newlin, Vindetta Wallen, Esther Wallen, Mark Mills, Delle Hubbard, Clifford Wallen, Maggie Burke, Mary Mills, Wendall Votow, Frank Burke and Willard Mills.

Our report for this month compares very unfavorably with last month's report, showing a noticeable increase in tardiness and absence, which is to a certain degree extenuated by sickness. But even sickness is sometimes avoidable, and it is to be hoped that the efforts of teachers, pupils and patrons may be united in an earnest endeavor to improve the conditions in our school, and make our mere possibilities real actualities.
