Proposed Oregon Tax Law

(Continued from last week)

(Statement of county expenses to be certified to secretary of state.)

Section 6. That section 3088 of the Codes and Statutes of Oregon, compiled and annotated by Hon. Charles B. Bellinger and William W. Cotton, be and the same hereby is amended to read as follows:

By the 10th of January of each year the county clerk of the several counties in the state shall prepare, upon a blank form prescribed and furnished by the secretary of state, a concise tabulated statement of all the expenses of his county for the preceding year, except expenses for roads and highways, and except the sums paid for the erection of court houses, or on account of pestilence of epidemics, which statement shall be certified to by him as such county clerk and forwarded to the secretary of state, and a duplicate thereof be placed on file in his own office.

(The only change is to require the statements to be filed by the 10th instead of the 15th of January, and to except costs of court houses, pestilences, or epidemics from the expense statement. As the apportionment must (after 1910) be made on the basis of these statements, as well as those previously made, and remains to be certified to the counties, and the several county courts then, at the January term, must make a levy sufficient to cover the apportionment, the necessity for promptness is apparent.)

(Secretary of state to keep record of statement certified.)

Section 7. The secretary of state shall immediately record such statement in books provided and kept in his office for that purpose, and shall supply the several county clerks with the necessary forms for making such reports, as provided for in this act.

(B. & C. Comp., section 3089, without change.)

(Apportionment of revenues of state among counties.)

Section 8. It shall be the duty of the governor, secretary of state and state treasurer, acting jointly, in January of each year, to ascertain by computation, as hereinafter provided, the total amount of revenue necessary for state purposes, and to apportion the aforesaid total revenue among the several counties in the manner hereinafter provided.

(B. & C. Comp., section 3090, as reenacted by Laws of Special Session, 1903, page 6, without change.)

(Method of proceeding in making state apportionment.)

Section 9. The aforesaid state officers shall proceed as follows:

1. Prepare a tabular statement, consisting of all the items of expenses, given separately, to which the state will be subject under existing laws for the fiscal year next after that year for which the last preceding state levy of taxes was computed and declared; also all items of deficiency, including interest on unpaid warrants left over from the previous year, the payment of which has been authorized by law; and also the sum provided by law for the current expenses of the Oregon National Guard, and the sum of $47,500 for the support of the University of Oregon, and the sum of $25,000 for the support of the State Agricultural college; and also, when such levy is made on the assessment of an even year, the estimated expense of one biennial session of the legislative assembly; and also, when such levy is made on the assessment of an even year, the estimated total cost, not exceeding $200,000, of such additional public buildings and improvements of public buildings of the state as the said state officers shall believe it necessary to make during the fiscal year for which such levy of taxes is computed.

2. From the sum total of the aforesaid items shall be deducted any surplus in excess of $5,000 remaining in the treasury from all funds, however derived, if not applied by law to some special purpose.

3. The remainder so obtained shall be the total amount of revenue to be raised the next ensuing year for state purposes which are not provided for by a special tax duly authorized by law; and said remainder shall be apportioned among the several counties in the manner hereinafter provided, and be levied and collected in each of said counties in the manner other taxes are levied and collected, and be paid over to the state treasurer.

4. In order to ascertain the proportion of such taxes to be paid by the several counties, said state officers shall ascertain from the report of expenditures of the several counties on file in the office of the secretary of state the average amount of expenditure in each county during the period of five years; and each county shall pay such proportion of said state taxes as its average amount of expenditures for said period bears to the total amount of expenditures in all of the counties of the state; Provided, that all of the indbetedness and expenses incurred by Baker county in the acquisition of that portion of what was formerly a part of Union county, and known as the "Panhandle," by reason of the assumption by Baker county of a portion of the then existing indebtedness of Union county, and the expenses incurred by Baker county in obtaining from Union county the records relating to that part of Union county added to Baker county, known as the "Panhandle,' shall not be construed or considered a part of the expenses of Baker county under this act for any of the years in which said expenditures were made: Provided further, that the amount paid by any county in reducing or discharging its indebtedness, or paying interest on its indebtedness, shall not be considered a part of the expenses of a county under this act. Such computation to be made by said state officers in 1910, and in January in each fifth year thereafter. Until the January, 1910, computation the proportion of the state taxes to be paid by the several counties shall be as set out in the following table, to wit:

Counties.	Per ct.	Counties.	Per ct.
Baker	.0234	Lincoln	.0055
Benton	.0326	Linn	.0326
Clackamas	.0335	Malheur	.0094
Clatsop	.0212	Marion	.0618
Columbia	.0106	Morrow	.0095
Coos	.0203	Multnomah	.5123
Crook	.0120	Polk	.0307
Curry	.0040	Sherman	.0087
Douglas	.0345	Tillamook	.0067
Gilliam	.0057	Umatilla	.0490
Grant	.0092	Union	.0223
Harney	.0160	Wallowa	.0073
Jackson	.0314	Wasco	.0254
Josephine	.0090	Washington	.0371
Klamath	.0115	Wheeler	.0067
Lake	.0107	Yamhill	.0321
Lane	.0462		

(No change from section 1, Laws 1903, page 302, except to omit two lines immediately preceding the table, "which is based on the assessments of the several counties for the past five years," as not literally true, in an act to be now enacted. The original table was found in Laws of 1901, and the table was based on the assessments made during the five years prior to that year.)

(Secretary of state to report to legislature account of collections and apportionments.)

Section 10. The secretary of state shall embody in his printed report to the legislative assembly an accurate transcript or account of the aforesaid annual collections and periodical apportionments occurring between the biennial sessions of the legislature; and he shall also transmit immediately after said apportionment an accurate transcript of it to the county clerks of the several counties, and in no case shall any deduction or abatement be made from the apportionment to the respective counties on account of the delinquent taxpayers.

(B. & C. Comp., section 3092, without change.)

(Numerous statutory provisions for special and general levies of taxes by counties, cities, towns, school districts, road districts, and Port of Portland, and for the inclusion in the state apportionment of certain sums, may be found. Many of these provisions are to be found in the special statutes and city charters; others are intimately connected with statutes directing the disposition of the funds so levied. To attempt to group them in a chapter dealing of the subject of the levy and apportionment of taxes generally would be all but impossible, and misleading if accomplished, and is not attempted.)

(Of the Collection of Taxes and Proceedings in Relation Thereto.)

(Words "tax collector"—Meaning.)

Section 11. The words "tax collector" wherever used in this act shall be taken to mean the person or officer who by law is charged with the duty of collecting taxes assessed upon real property, and shall be held to include his deputy.

(New.)

(Treasurer is tax collector.)

Section 12. The treasurer of each county shall be the tax collector thereof.

(Substitutes treasurer for sheriff in B. & C. Comp., section 3093. The changes in the succeeding sections necessitated by this change will not be specifically noted.)

(Bond as tax collector—Cumulative to general official bond.)

Section 13. Before entering upon his duty as tax collector the treasurer shall give a bond, signed by some responsible surety company, or some responsible surety or sureties as approved by the county court, conditioned for the faithful performance of his duties as such tax collector, in such amount as the county court shall direct, and such bond, if signed by a surety company, shall be paid for by the county court. Such bond shall be additional and cumulative to the general bond given by the treasurer, to which resort may be had in case of failure or default of his duties as tax collector if the bond described in this section be unenforceable or insufficient.

(The last nine lines of section 3094, B. & C. Comp., without change, except change of title of officer.)

(Extension of taxes by county clerk.)

Section 14. The county clerk of each county in the state shall, immediately after receiving from the state board of tax commissioners a copy of the assessments of persons and property within his county, made and certified by said state board of tax commissioners, enter and apportion the same in the assessment roll which has been made by the county assessor, and when corrected and equalized by the county board of equalization, and returned to said clerk. Said clerk shall forthwith after receiving all the notices provided for in section 4 of this act, and after the apportionment of taxes, make a certificate of the several amounts apportioned to be assessed upon the taxable property in his county for state, county, general, and special school and road, military, university, town, city, port, or other purposes for which a tax may have been legally levied, and deliver the said certificate to the tax collector of the county, together with the said assessment roll containing the assessments made by the county assessor as corrected and equalized by the county board of equalization, and also containing the assessments made and certified by the state board of tax commissioners entered therein, ruled with proper columns for the extensions of tax collections and delinquent list, and for payments, issuance of certificates, recemptions, issuance of deeds, and other entries therein as contemplated by law, and with the total amount of taxes properly extended and entered thereon in one sum against each separate parcel of real property, as well as against the personal property assessed to each individual. Such roll shall thereafter be a tax roll, and there shall be attached thereto a warrant, in the name of the state of Oregon, under the hand of the said clerk and the seal of the county clerk authorizing the collection by said tax collector of said taxes; and such clerk shall thereupon take the receipt of said tax collector therefor, and duly charge against the tax collector the full amount of taxes charged on such roll; and the tax collector shall not be allowed as credits against such charge such amounts as he shall report to the county court of his county, as hereinafter in this act provided, that he has collected on said roll, also such as he shall find to have been twice assessed thereon, and such as he shall be unable to collect, and shall so return to the court as not collectible. All such tax rolls shall be public records, and as such preserved in the office of the tax collector.

(Compare B. & C. Comp., sections 3096 and 3099. Omits the now obsolete provision for computing valuations after equalization by state board of equalization, substituting after equalization by the county board and entry of assessments certified by the state board of tax commissioners. Provides also for computations of amounts to be made, and as to valuation and rate in the several road districts, ports, and other municipal taxing agencies. See Laws 1903, page 282.

Provides the clerk shall extend the tax in one total sum. The separation among funds on the roll and in tax receipts is unnecessary when the several rates of levy are specified, as the method of accounting and the requirement for distribution of each payment in the tax collector's collection register shows the exact amount of taxes for each municipal agency with which the collector is charged, and the amount collected by him. In several counties of the State the distribution is carried on the receipt stub on the roll, and also in the tax collection book and distribution book. This causes much additional and useless labor and confusion at the busy season of the year. In the larger counties the former practice was abandoned from the very necessity of the case, and no loss of accuracy or fulness in accounting resulted. A very large saving in clerical force was thereby made.)

(School, town, city, port, or other taxing agency levy—On what valuation.)

Section 15. All the taxes hereinafter levied by any incorporated city or town, school district, road district, port, or other municipal taxing agency or district, shall be levied on the property therein respectively assessable upon the valuation of such property as shown by the assessment roll last compiled by the assessor, corrected and equalized by the county board of equalization, and including entries therein of assessments as certified by the state board of tax commissioners and apportioned to such municipalities by the county clerk. And it shall be the duty of the county clerk in each of the several counties, upon the application of the clerk or board of school directors of any school district, and of any road supervisor, or of any three resident freeholders of any road district, or of the recorder, auditor, or clerk or common council, board of directors, or trustees or other governing body of any incorporated city or town, port, or other municipal taxing district or agency, to furnish a certificate, under the seal of the county court, showing the aggregate valuation of the assessable property in the school district, road district, incorporated city or town, port or other taxing district or agency, from which such application shall have been made.

(Add provisions as to port or other municipal taxing agency or district; modifies provision as to valuation of property on which levy is made—old law provided it shall be on assessment roll last compiled. This adds, as corrected and equalized and including assessments made by the state board of tax commissioners. Also consolidates part of Laws of 1903, page 282, as to road districts, but makes no change.)

(All taxes levied to be collected by same officer and in same manner as county taxes.)

Section 16. All taxes levied by any school district, road district, incorporated city or town, port or other municipal corporation or taxing agency or district, now or hereafter authorized by law to levy taxes, shall be collected by the same officer and in the same manner and at the same time as taxes for county purposes are collected.

(See first two lines of B. & C. Comp., section 3100; Laws of 1903, page 284, section 74; B. & C. Comp., section 4651, to the same effect.)

(Taxes to be paid in gold and silver coin.)

Section 17. All taxes levied in this state by the authority of the state or a municipal corporation therein upon any person or property in this state shall be collected and paid in gold and silver coin of the United States, and not otherwise.

(B. & C. Comp., section 3157.)

(Grantor or grantee—Which to pay tax.)

Section 18.—As between the grantor and grantee of any land, when there is no express agreement as to which shall pay the taxes that may be assessed thereon before the conveyance, if such land is conveyed at the time or prior to the date of the warrant authorizing the collection of such taxes then the grantee shall pay the same, but if conveyed after the date the grantor shall pay them.

(B. & C., section 3158, no change.)

(To be continued next week)

Vain Regret.

"I see where I made my mistake," said the venerable college professor, gathering his shreadbare cloak around his attenuated form. "If I had mastered one dialect instead of sixteen languages I might have gone on the stage and been worth half a million by this time."

Seared Him.

Gritty George—What's de matter wid Dusty? He don't seem so anxious to sleep like he used to?

Sandy Pikes—No, somebody told him de mind works while we are asleep.

Both Ways.

Fawsil (just before the banquet)—I believe I am to be the third speaker. Nokker comes just before me, doesn't he?

Toastmaster—I think so. I heard him say, though, that he was gonig right after you.

Haw-Haw.

Larry—'Twas th' funniest joke Oi iver hur-rud in all me born days. Faith, Oi laughed all day long.

Denny—Yes did?

Larry—Yis, ivery bone in me body filt loike a funny bone.

Of Course She Would.

"And then, mind you," exclaimed Miss Passay, "he asked me if I wouldn't marry the first man that came along."

"The idea!" remarked Miss Knox. "Don't these obviously unnecessary questions make you sick?"—Philadelphia Press.

Society Favorite.

Edyth—They say that Percy Featherly is losing his mind.

Mayme—Poor fellow! He'll be lucky if he doesn't lose any more than that.

La Salle Street Station—Used by Rock Island-Frisco Lines.

Have YOU ever been in CHICAGO?

If so, you know the extremely convenient location of La Salle Street Station.

If you are a stranger in the city, however, it is of great importance that you learn about this magnificent and comparatively new terminal, used jointly by Rock Island-Frisco Lines.

It is nearest the heart of the city—closely adjoining the business section—within easy walking distance of State Street shopping center and all the principal hotels—the only depot on the elevated loop.

The Rock Island right-of-way into Chicago is elevated for more than eight miles out through the suburbs. Prompt arrival at Chicago terminal is thus assured. Englewood Union Station, seven miles out, affords ready access to southern suburbs—all through trains stop there.

ORINO Laxative Fruit Syrup
Pleasant to take and does not gripe or nauseate
Cures Chronic Constipation, Stomach and Liver Trouble

Stimulation Without Irritation.

ORINO Laxative Fruit Syrup is a new laxative syrup combined with the delicious flavor of fruits, and is very pleasant to take. It will not gripe or sicken. It is a much more pleasant and effective than Pills, Tablets and Saline Waters, as it does not derange the Stomach, or irritate the Kidneys, Liver or Bowels.

Constipation.

ORINO Laxative Fruit Syrup will positively cure chronic constipation as it restores the natural action of the intestinal tract. Ordinary cathartics may give temporary relief but the stomach is upset and the bowels are irritated without any permanent benefit having been derived. The condition of the patient remains unchanged. The Stomach, Liver and Bowels have not been stimulated and in a few days a stronger purgative may have to be taken. This is why Pills and Aperient Waters never give permanent relief. Their violent action results in an unnatural movement of the bowels and it is necessary to keep taking them indemnitely.

Why ORINO is different.

ORINO Laxative Fruit syrup is the only preparation that really acts upon all of the digestive organs. Other preparations act upon the lower bowel only and do not touch the Liver. It can very readily be seen that a preparation that does not act upon all of the digestive organs can not cure Chronic Constipation, Torpid Liver, Indigestion, Sour Stomach, etc.

For Biliousness and Sick Headache.

Take ORINO Laxative Fruit Syrup. It sweetens the stomach, aids digestion and acts as a gentle stimulant on the liver and bowels without irritating these organs.

Clears the Complexion.

ORINO Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children as it is mild and pleasant, and does not gripe or sicken.

Refuse substitutes.

OUR GUARANTEE Take ORINO Laxative Fruit Syrup and if you are not satisfied your money will be refunded.
