

MAYOR OF SUNBURY

Says Pe-ru-na is a Good Medicine.

Hon. C. C. Brooks, mayor of Sunbury, Ohio, also attorney for Farmers' bank and Sunbury Building and Loan Co., writes:

"I have the utmost confidence in the virtue of Peruna. It is a great medicine. I have used it and I have known many of my friends who have obtained beneficial results from its use. I cannot praise Peruna too highly."

HON. C. C. BROOKS.

There are a host of petty ailments which are the direct result of the weather.

This is more true of the excessive heat of summer and the intense cold of winter, but it is partly true of all seasons of the year.

Whether it be a cold or a cough, catarrh of the head or bowel complaint, whether the liver be affected or the kidneys, the cause is very liable to be the same.

The weather slightly deranges the mucous membranes of the organs and the result is some functional disease.

Peruna has become a standby in thousands of homes for minor ailments of this sort.

AWFUL ATTACKS OF PAIN.

A Most Dreadful Case of Kidney Trouble and How It Was Cured.

Thomas N. McCullough, 321 South Weber St., Colorado Springs, Colo., says: "For twelve or fifteen years I was suffering frequent attacks of pain in the back and kidneys that lasted for three weeks at a time. I would be unable to turn in bed. The urine was in a terrible condition, at times a complete stoppage occurring. I began with Doan's Kidney Pills, and soon felt better. Keeping on, I found complete freedom from kidney trouble. The cure has been permanent; I own my good health to Doan's Kidney Pills." Sold by all dealers, 50 cents a box. SKIN DISEASES

HUMORS IN THE BLOOD

When the blood is pure, fresh and healthy, the skin will be soft, smooth and free from blemishes, but when some acid humor takes root in the circulation its presence is manifested by a skin eruption or disease. These humors get into the blood, generally because of an inactive or sluggish condition of the members of the body whose duty it is to collect and carry off the waste and refuse matter of the system. This unhealthy matter is left to sour and ferment and soon the circulation becomes charged with the acid poison. The blood begins to throw off the humors and acids through the pores and glands of the skin, producing Eczema, Acne, Tetter, Psoriasis, Salt Rheum and skin eruptions of various kinds. Eczema appears, usually with a slight redness of the skin followed by pustules from which there flows a sticky fluid that dries and forms a crust, and the itching is intense. It is generally on the back, breast, face, arms and legs, though other parts of the body may be affected. In Tetter the skin dries, cracks and bleeds; the acid in the blood dries up the natural oils of the skin, which are intended to keep it soft and pliant, causing a dry, feverish condition and giving it a hard, leathery appearance. Acne makes its appearance on the face in the form of pimples and black heads, while Psoriasis comes in scaly patches on different parts of the body. One of the worst forms of skin trouble is Salt Rheum; its favorite point of attack is the scalp, sometimes causing baldness. Poison Oak and Ivy are also disagreeable types of skin disease. The humor producing the trouble lies dormant in the blood through the winter to break out and torment the sufferer with the return of Spring. The best treatment for all skin diseases is S. S. S. It neutralizes the acids and removes the humors so that the skin instead of being irritated and diseased, is nourished by a supply of fresh, healthy blood. External applications of salves, washes, lotions, etc., while they soothe the itching caused by skin affections, can never cure the trouble because they do not reach the blood. S. S. S. goes down into the circulation and forces out every particle of foreign matter and restores the blood to its normal, pure condition, thereby permanently curing every form of skin affection. Book on Skin Diseases and any medical advice desired sent free to all who write. S. S. S. is for sale at all first class drug stores.

I suffered with Eczema for forty years and could find nothing to cure me until I tried S. S. S. I suffered intensely with the itching and burning; pustules would form from which there flowed a sticky fluid; crusts would come on the skin and when scratched off the skin was left as raw as a piece of beef. I suffered agony in the long years I was afflicted, but when I used S. S. S. I found a perfect cure. There has never been any return of the trouble.

No Chance for Argument.
"George," said Mrs. McSkullip to her liege lord, who was toasting his shins before the fire, "I suppose you get the credit for sweeping the snow off our front walk."
"I reckon I do, Cynthy," responded George.
"And you know you don't do a lick of it. You know I do it myself."
"You do, Cynthy. There can't be any doubt about that."
"Well, what sort of a man do you think you are?"
"I'm a blamed small specimen of a man, Cynthia," said George, still serenely toasting his shins. "I have no doubt I am meener and more contemptible than you think. Lord, love you, Cynthy, you can't get into any argument with me on that proposition. I'm the laziest, good for nothing, oneriest man in the neighborhood. If it wasn't that I've got such a good wife, I'd go and blow my worthless brains out. Supper ready yet, dear?"—Philadelphia Index.

Little Boy—Are not all the words used to be found in the dictionary, papa?

"No, my child; new words are coined every day."

"And what is the last word, papa?"
"I don't know, dear. Ask your mother, she always has the last word."

Sudden Reform.
"You usually give your husband a box of cigars for Christmas, don't you?"

"Yes. But I'll have to think of something else this year."

"How is that?"
"Why, I told him I was going to do my Christmas shopping tomorrow and he spoke right up and said he had concluded to give up smoking."—Cleveland Plain Dealer.

Thoroughly Reliable.
If ever here was a reliable and safe remedy it is that old and famous porous plaster—Allo's. It has been in use for sixty years, and is as popular to-day as ever, and we doubt if there is a civilized community on the face of the globe where this wonderful pain reliever can't be found. In the selection of the ingredients and in their manufacture the greatest care is taken to keep each plaster up to the highest standard of excellence, and so pure and simple are the ingredients that even a child can use them. Allo's are the original and genuine porous plasters and are sold by Druggists in every part of the civilized world.

Side Lights on History.
Capt. Kidd was burying his treasure. "It's better than putting it in suburban lots," he chuckled. "The money will always be there."

Fully aware, too, that the authorities couldn't rob him of it by taxes and special assessments, he satisfied himself that no meddlesome reporter was nosing around in the neighborhood and betook himself again to the long, low, rakish craft that lay waiting for him two cables' length from shore.

Marvelous, Quaint and Curious.

Articles of ordinary use, however small may be their intrinsic value, which have once been the property of men who have been good and great—how rare the conjunction!—are always invested with a peculiar interest. They often afford a clue to the tastes of those who once possessed them. On this account we have pleasure in laying before our readers a representation of the silver tea service which belonged to the celebrated William Penn, the founder and legislator of Pennsylvania.

whom Montesquieu denominates the modern Lycurgus. He was the son of Admiral Penn, was born at London in 1644, and was educated at Christ Church, Oxford. At college he imbibed the principles of Quakerism, and having endeavored to disseminate them by preaching in public, he was thrice thrown into prison. It was during his first imprisonment that he wrote "No Cross, No Crown." In March, 1680-81, he obtained from Charles II. the grant of that territory which now bears the name of Pennsylvania. In 1682 he embarked for his new colony; and in the following year he founded Philadelphia. He returned to England in 1684, and died in July 1718. He was a philosopher, a legislator, an author, the friend of man, and, above all, a pious Christian. In addition to the reasons above given, the sketch of the tea service is an object of curiosity, as showing the state of silversmith's work in England, at the close of the seventeenth century, for articles of domestic use.

Deafness Cannot Be Cured
by local applications as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube re-opened to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

PERSIA'S NEW SHAH.

He will Carry Out the Political Reforms of His Father.

The political reforms recently granted in Persia by Muzaffar-el-Din, the present Shah, who is now critically sick, will be continued by his son and successor, Mohammed Ali Mirza, who is acting as regent during the indisposition of his father. This young man is 28 years old and is liberal in his views. His education was received in Prussia, Frenchmen and Englishmen being his tutors. He is liberally inclined and is regarded by those who know him as a young man of great promise.

It is difficult to imagine popular suffrage in Persia, which has so long been under autocratic sway. Nevertheless, during the year the Shah issued a decree providing for a Parliament which will frame a constitution for the kingdom and will meet annually hereafter for the purpose of revising old laws and edicts and enacting new ones as they may be required. Under this decree all Persians of the male sex able to read and write, between the ages of 30 and 70, who are not in the service of the State and who have never been convicted of a crime, are entitled to vote for members of the Chamber of Deputies. This new Persian Parliament met in October and the work of drafting a constitution is now under way. Popular sentiment is in favor of a liberal constitution and it may be expected that before long Persia will take her place among the liberally governed countries of the world.

MOHAMMED ALI MIRZA.

ing a constitution is now under way. Popular sentiment is in favor of a liberal constitution and it may be expected that before long Persia will take her place among the liberally governed countries of the world.

The Shah to whom Persia owes this great reform ascended the throne in 1896 and up to the time of granting the right of a new constitution to his people had been a most absolute ruler. He was master of the lives and properties of his people. The entire revenues of the country were at his disposal and his wish was law in even the most distant province. The change to constitutionalism is indeed revolutionary and it is a matter of satisfaction that the reforms projected by the father will, in the event of his death, be continued and confirmed by the son.

At the crowded downtown corner the frightened pedestrians were scurrying out of the way of street cars, automobiles, delivery wagons, and policemen on horseback.

"Gosh!" exclaimed the window washer, looking down on them from his perch on the narrow ledge of a fifteenth story window. "I'm glad I ain't in that crowd!"—Chicago Tribune.

Blue Blooded Salvationists.
The Salvation Army bids fair to become an aristocratic body. Major Mary Murray, who supervises the military and naval league of the Salvationists, is a daughter of the late Sir John Murray, K. C. B., and Lieut. Col. Minnie Reid, who recently married Commissioner Booth-Tucker, is a daughter of a former acting governor of Bombay. The commissioner himself resigned a judgeship in India, with all the wealth and special position attached to it, to devote himself to Salvation Army work.

Lady Sarah Sladen is a Salvationist, and the countess dowager of Teafeld is a member of the auxiliary of the army. Two daughters of Mr. Onslow, late member of parliament for Guildford, have together steadily risen in the ranks. Intimately connected with the work in Australasia is the Hon. Mrs. Bird, wife of the former prime minister of Tasmania. She is said to be as ardent as any Salvation Army lass in disposing of the "War Cry." The daughter of the late Lady Galt, wife of the lieutenant governor of Ontario, is working in Canada.—Answers.
