arranging to celebrate the twen-
ty-fifth anniversary of their wed-
ding which occurs on March 15.

working in a sawmill at Olympia
during the winter, came home
last week. He has taken a job
with the Southern Pacific under
direction of F. A. Elliott.

Ornduff, who lives on Chehalem
mountain, died the first of the

years. The remains were laid

With a debate on with Mon-
mouth and a basketball game
with Dallas for this week it
will be Yamhill against Polk
from start to finish, and the
pyrotechnic display will no doubt
be all that could be asked for.

The ladies are interested in
fruit growing as well as the men
and they ought to attend the
public meeting to be held in New-
berg on Saturday afternoon.
Speak to your neighbors about
the meeting and ask them to at-
tend.

W. S. Allan, of Dundee, who
was in town Tuesday selling
second grade Spitzenberg apples
at a dollar a box, said he found
Newberg to be a good local mar-
ket for apples for the past year
or two and that the demand
was for a better grade of fruit
than formerly.

Miss Mary Williams, who has
been a sufferer from an internal
tumor for several years, went to
St. Vincents hospital in Portland
the first of the week and had it
removed by a surgical operation.
She stood the operation well and
her many friends hope for her
speedy recovery.

A gentleman named Copp,
who came here a few days ago
from Eugene, has bought the
quarter block directly west
of the Dr. Bowers residence and
has already begun to improve it.
He has an outhouse already
built for a store room and will
begin the erection of a five room
cottage at once.

The basketball team will run
up against a stiff proposition
Saturday night in the college
gym when they play Dallas, and
that is the reason you will want
to see the game. The Dallas
men are the acknowledged cham-
pions of the league but the home
team will give them the best
they can hand out and this will
make an interesting game.

J. H. Bidgood was seen with a
new corn sheller in his possession
one morning this week, a piece
of machinery not often seen here
in the valley, and on inquiry for
an explanation he stated that he
raised a crop of corn for his
chickens each season, amount-
ing to a hundred bushels and he
found it wearing on his hands to
shell enough each evening to feed
seventy-five hearty chickens,
hence the new sheller. The won-
der is that so few people in
this community who are in the
chicken business raise corn for
feed, when it can be grown with
so little expense. Early varie-
ties mature well and since no ex-
pensive machinery is required for
harvesting, as is the case with
wheat, it is an economical crop
to raise.

A. R. Cumpston, of Sellwood,
was in town last Saturday.

Born to Mr. and Mrs. M. W.
Gurnum on Wednesday, a ten
pound son.

at Vancouver last week, the

The citizens of Eugene have
raised a bonus of \$1500 to in-
duce Will G. Allen, formerly of
Newberg, to enlarge his cannery
in that city.

C. hog eighteen months old, re-
cently, that dressed 461 pounds.
The porker was too large for the
market and he was cut heavily
on the price.

Portland Saturday evening and
spent Sunday with his brother
Paul. He went to work for the

Jo Motschenbacher had a let-
ter from a brother in North Da-
kota a few days ago stating the
snow was nine feet deep on a
level and drifted in many places
to a depth of thirty-five feet,
with stock perishing in the
storm. If there be any enchant-
ment in the view, the long dis-
tance intervening between the
Willamette valley and North Da-
kota helps a good deal.

Charley Skelton has bought
eighty acres of land at Caldwell,
Idaho, and has written for his
family to join him there as soon
as their personal effects can be
disposed of. On March 13 a

cow, two road carts, one set of
double harness, a dozen Plym-
outh Rock chickens as well as

Mrs. R. B. Linville entertained
her Sunday school class and some
of Master Dickie's girl friends,
at her home Saturday afternoon,
February 23rd, in honor of
Dickie's 14th birthday. There
were fifteen of the young people
present and the afternoon was
spent in various amusements,
after which they were all seated
at a table and were served with
sandwiches, cocoa, cake, oranges,
bananas, nuts, candy, etc. All
returned to their homes express-
ing themselves as having had a
very pleasant afternoon.

On Monday evening Mrs. Wal-
ter S. Parker and Miss Ione Hill
very pleasantly entertained in
honor of Miss Etta McCoy who
is soon to leave for her home in
Kansas. The principal feature
of the evening's entertainment
was the striking attire in which
the ladies present appeared.
Everyone was represented from
Miss Hunkadora Pugh, of Mis-
souri, to Miss Non de Plume, di-
rect from Paris. After those
present had become acquainted
with this strange manner of
dress dainty refreshments were

In the Journal semi-weekly
bargain day subscription con-
test recently held, J. E. Todd, of
Dayton prairie, received first

lar gold pieces.

Pipe for the new water system
began to arrive here some days
ago from Olympia and laying
pipe will begin this week between
the spring and the reservoir.
The excavation for the reservoir
has been completed.

H. I. Baird, who went to Hepp-
ner last week to visit his
brother George who had been
sick for two years, left him ex-
pecting that he would live for
some time, but soon after his re-
turn he received word that he
had died.

"Resolved, that the railroads
should be owned and operated
by the National government."
This is the question that will
be debated in Crater's hall
Friday night, when Pacific Col-
lege, represented by Clarence
Brown, Ralph Rees and Paul
Maris will take the affirmative,
and a team from Monmouth
Normal will take the negative.
This is a live issue that is being
discussed all over the country
and the debate ought to draw a
full house. In order to help to-
ward the necessary expenses an
admission fee of twenty-five cents
will be charged.

County Recorder D. H. Turner
came down from the county seat
last Friday to call on his friends.
He says the two McMinnville
men who fought the passage of
the local option law the hardest,
asserting that business in Mc-
Minnville would be killed if the
county was voted dry, seem
rather cheerful over results at
the present time. One of them
reports the most profitable trade
at his store during the past year,
ever done since he has been in
business, and the other has re-
cently added over \$4000 worth
of real estate to his already large
holdings in McMinnville.

is in a fair way to get well.

The new church building has
been plastered, received one new
coat of paint and the windows
are in, the fine large front one
being placed there by the King's
Daughters. Mr. Osbourne is put-
ting the finishing touches on

Several men, armed with huge
spades and ditching tools, are
making the ditch for the pipe
from Mr. Snyder's spring to
the new reservoir for Newberg's
water system.

Chancellor Johnson is highly
pleased with a fine new team
