

NEWS FROM THE NATIONAL CAPITAL

JAPANESE MUST STAY OUT.

First Cases Under New Agreement Upheld by Straus.

Washington, April 9.—Secretary Straus, of the department of Commerce and Labor, today denied admission to this country to five Japanese immigrants. These are the first Japanese exclusion cases which have reached the secretary since the promulgation of the executive order carrying into effect the new immigration law.

Secretary Straus' action was based upon an appeal taken by the Japanese from a decision of the inspector at El Paso, Tex., denying them the right to enter on passports from Mexico. The appeals first reached Commissioner of Immigration Sargent. They were referred by him to the secretary, with the recommendation that they be dismissed on the ground that no other course was permissible under the president's order carrying into effect the agreement of last winter relative to the exclusion of Japanese laborers.

Land Officers Named.

Washington, April 12.—On recommendation of Senator Bourne, concurred in by Senator Fulton, the president today appointed Charles W. Moore, of Grass Valley, as register of the Dallas land office to succeed M. T. Nolan, removed, and named Louis H. Arneson, of Hood River, as receiver of that office to succeed Miss Anne M. Lang, whose term expired March 3. Both senators have given considerable time to the selection of new officers for the Dallas land office, if being their desire not only to obtain men thoroughly qualified, but men against whom no charges can properly be made. Many candidates appeared in the field, some of them strongly indorsed politically.

Gives Island to Republic.

Washington, April 10.—That the Isle of Pines is not American territory was officially and judicially decided today by the Supreme court of the United States. The decision was rendered in the case of Edward J. Pearey vs. Nevada M. Stranahan, collector of the port of New York, and the opinion of the court was announced by Chief Justice Fuller, who said that up to the Paris treaty the Isle of Pines has been considered as an integral part of Cuba, and that it could not be held to be covered by article II of that treaty, which included only islands in the vicinity of Porto Rico.

Sober, Sane Proposals.

Washington, April 11.—"I find the president and I are absolutely in accord as to the importance of confining the efforts of the propaganda to sober, sane and practical proposals which can be carried out." These were the words used by W. T. Stead, of London, who has come to America to attend the peace conference in New York, after an hour's talk with the president at the White House this afternoon, in which the coming peace conference at The Hague was a prominent feature. Mr. Stead was accompanied by Dr. Albert Shaw.

Hear Williamson Case in Fall.

Washington, April 10.—The appeal of Representative Williamson may be argued in the United States Supreme court October 21, early in the fall term. Owing to the crowded condition of the docket, the court was unable to fix a date for argument this term, only a little more than a month remaining. It is probable that, had the argument been set for the present term, decision would have been deferred until fall at any rate.

Probe for Graft at Panama.

Washington, April 9.—The president has taken up the complaints affecting the commissary department on the Isthmus of Panama that have come to him as the result of recent visits of members of congress to that place. He has assured his callers that the allegations affecting graft in that department and other complaints shall be looked into promptly.

Boundary Treaty is Made.

Washington, April 10.—It was officially admitted today that a treaty has been drafted with Great Britain providing for the appointment of a joint commission which will consider all questions connected with the water boundaries between Canada and the United States, including the whole subject of fisheries regulations for the great lakes and the Atlantic and Pacific seaboard.

Postpones Hearing on New Rates.

Salem.—In order to attend the Spokane case which is to come before the Interstate Commerce commission, and in order to give the O. R. & N. officials an opportunity to be heard, the state commission has postponed the hearing of the complaint against the \$5 rate on rough lumber to San Francisco from Tuesday, April 16, to Tuesday, April 23.

Gives Ohio Negro an Office.

Washington, April 12.—The president appointed Ralph W. Tyler, a negro, of Columbus, O., to be auditor of the treasury of the Navy department. Tyler is the man who it was announced had been considered by the president for a Federal position in Ohio, particularly that of surveyor of customs at Cincinnati.

President Refuses Interview.

Washington, April 11.—The president has declined to grant an interview with Mrs. Ida von Clausen, who has complained to the State department that Charles H. Graves, United States minister to Sweden, refused to present her to King Oscar, when the king wanted to meet her.

RANGE IN WENAH FORESTS.

Division to be Made Between Cattle and Sheep.

Washington, April 10.—The recent addition to the Wenaha national forests in Oregon include some of the best early stock range in the state, and there is considerable anxiety among stockmen in regard to the range divisions which will be made there. A meeting has been called at Walla Walla for the purpose of hearing the claims of those who have had this range, and an effort will be made to divide it fairly and in a way which will best protect the interest of settlers and ranch owners living in its vicinity.

It will be the policy in all such cases to give the owners of cattle and sheep respectively the use of that portion of the range best adapted to their stock and to which they appear best entitled from prior use and the location of their ranches. After the division has been made, each will be protected in the use of the allotted range.

OLD SOLDIERS NOT TOO OLD.

President Says They Must Not Be Dismissed From Service.

Washington, April 13.—R. B. Brown, commander-in-chief of the Grand Army of the Republic, Corporal Tanner, past commander-in-chief, and various officials of the local organization, called on the president today in reference to the alleged dismissal from the government departments of many veterans of the Civil war, and of their widows, for no other cause than old age.

Some time ago the president took up this question at a cabinet meeting, and gave instructions that discriminations against the veterans or their widows should cease. During the call today of Commander Brown and his friends, the president informed them of the instructions he had given, and assured them that the old soldiers should be cared for.

Have Observed Rules of War.

Washington, April 11.—Senator Echaurren, the Nicaraguan consul at New Orleans, advises the Nicaraguan legation in this city that, according to a communication from General Juan Estrada, the general commanding the Nicaraguan expedition engaged in capturing Honduran ports, explicit instructions were given to the general to follow strictly the rules and regulations in accordance with international law when nations are at war, guaranteeing life and property of every neutral citizen at the different places where his forces are stationed.

No Compromise Possible.

Washington, April 11.—"The next Republican National convention will nominate Theodore Roosevelt or else a reactionary," declares one of the most adroit politicians known in the national capital. "There will be no compromise candidate next year, no candidate acceptable to Roosevelt and yet acceptable to the money power. Either the people will rise in mass and force the nomination on Roosevelt, thus overwhelmingly endorsing his course, or else they will meekly bow down and wear the yoke of unscrupulous capital."

Georgia Rate Cases Set.

Washington, April 13.—The Interstate Commerce commission has set for hearing in this city April 18 the case of the Enterprise Mining company against the Georgia Railroad company and others, alleging unreasonable and discriminating rates on cotton from various southern points via Pacific Coast terminals to Shanghai and other ports in Japan and China, and also a practically similar case against the same railroad filed by the China and Japan Trading company and others.

Fleet of 36 Warships.

Washington, April 13.—Having completed an elaborate program of exercise and target practice, the battleship division of the Atlantic fleet sailed from the naval station at Guantanamo, Cuba, yesterday for Hampton Roads to participate in the ceremonies incident to the opening of the Jamestown exposition. When assembled in Hampton Roads there will be an aggregate of 36 warships of various types, constituting the most powerful fleet ever assembled in American waters.

More Time to Build Bridges.

Washington, April 11.—An extension of six months has been granted the International Contract company, of Seattle, for completion of its contract for construction of highway bridges over the main canal of the Klamath irrigation project. The contract called for completion March 5, 1907. The extension was granted because the company experienced unavoidable delay in obtaining timber. The contractors have agreed to make temporary crossings.

Lost Barge Found.

Washington, April 12.—The nine men who were on coal barge No. 1, which was lost in a storm off the Florida coast, while being towed by the naval collier Cascar, have been landed at Galveston, Texas, by the German steamer Professor Woermann.

Catholics Discuss Affairs.

Washington, April 11.—The affairs of the Catholic church in America and the Catholic university in this city are to be the subject of consideration by the Catholic hierarchy, which is to hold meetings here this week.

REDUCE HARRIMAN POWERS.

Union Pacific Directors Believe He Has Too Great Control.

New York, April 12.—Some of the directors of the Union Pacific railroad favor a material reduction of the extraordinary powers conferred upon its president, Edward H. Harriman, which make the company a one-man affair.

At present the executive committee has all the powers of the directors when the latter are not in session, and Mr. Harriman has all the powers of the executive committee when that body is not in session. In other words, Mr. Harriman can do as he pleases, except for the few minutes once a week or once a month, when the committee is in session.

He has a power of attorney and could sell the millions upon millions of the securities of other roads owned by the Union Pacific at what price he pleased, or he could hypothecate securities, borrow tens of millions upon them from banks and engage in stock market operations on a colossal scale.

In the hope of appeasing the Union Pacific stockholders and eliminating the public distrust in the securities of the Harriman roads, it is proposed to put some new blood in the executive committee, reorganize the body and adopt resolutions taking away from Mr. Harriman some of the powers which have provoked so much criticism.

GIVE GOOD REPORT.

Congressmen Say Work on Canal is Progressing Rapidly.

Washington, April 12.—Chairman Tawney, of the house committee on appropriations and Representative Olcott, who have recently returned from a visit to the isthmus of Panama, today discussed with the president conditions as they found them. Mr. Tawney is favorably impressed with the progress being made in the canal work, and told the president he thought that at the present rate the waterway should be completed in five years.

He said he regarded it as unfortunate that the engineering world had been representing to the people that an almost impossible engineering problem confronted it. The principal conditions now to be met, he said, were those of sufficient railroad capacity to take care of the dirt excavated, and sanitation with the view to keeping the place in a good, healthful condition.

Mr. Tawney also discussed with the president questions affecting congressional appropriations for canal work, and it is likely some legislation bearing on the subject, will be recommended to congress as the result of the visit to the isthmus.

PREMIER DEFIED BY PUBLIC.

Questions Authority to Forbid Gathering of Statistics.

St. Petersburg, April 12.—Premier Stolypin, in attempting to limit the competence of the lower house of parliament by forbidding its committees to obtain statistics from the Zemstvos and avail themselves of outside expert advice, has been defied by the public. President Golovin had written a curt letter to the premier asking him on what grounds and under what law he is entitled to address such demands to the Imperial parliament. The law, M. Golovin says, contains a paragraph authorizing the lower house of parliament to interpellate the government but nowhere was there a reciprocal right on the part of the ministers.

The actions of President Golovin and the budget committee were taken after a long conference between the president and leaders of all the parties in parliament except the extreme right, and brings the issue squarely before the cabinet.

The discussion of the budget in committee is expected to last from four to six weeks. The estimates probably will be accepted, with minor changes by the house, when presented.

Obey Colorado Laws.

Denver, April 12.—Insurance Commissioner Rittenhouse, who has been in Indianapolis for several days conferring with the officials of the State Life Insurance company, of Indiana, whose license to do business in this state was revoked recently, telegraphed State Auditor Statler yesterday to issue a new license to the company, which was done. The company agreed to abandon its plan of issuing stock to policyholders, which was construed as a violation of the state law, resulting in their permit being cancelled.

Strike May Cause Flood.

Chicago, April 12.—Chicago and suburbs are exposed to the danger of flooded basements and general damage by water through a strike of drain pipe layers called yesterday. Practically all the laborers employed in this work walked out when their employers refused to concede an advance of 50 cents a day in wages. About 800 are on strike. The drain men have been receiving \$3.50 a day, while the "helpers" have been getting \$2.50.

Navy to Have Four Bases.

Shanghai, April 12.—It is said the organized navy of China is to have four bases, one on Chang Chow island, one in the Miao Tao group, a third in the Chusan archipelago and a fourth on Hainan island. The scheme involves the outlay of 12,000,000 taels annually for the construction of new moderate sized armored cruisers, a number of torpedo boats and a dozen submarines.

Three Trains East Daily

Through Pullman standard and tourist sleeping cars daily to Omaha, Chicago, St. Paul; tourist sleeping cars daily to Kansas City; through Pullman tourist sleeping cars (personally conducted) weekly to Chicago, Kansas City; remaining weekly cars (seats free) to the East daily.

La Salle Street Station—Used by Rock Island-Frisco Lines.

Have YOU ever been in CHICAGO?

If so, you know the extremely convenient location of La Salle Street Station.

If you are a stranger in the city, however, it is of great importance that you learn about this magnificent and comparatively new terminal, used jointly by Rock Island-Frisco Lines.

It is nearest the heart of the city—closely adjoining the business section—within easy walking distance of State Street shopping center and all the principal hotels—the only depot on the elevated loop.

The Rock Island right-of-way into Chicago is elevated for more than eight miles out through the suburbs. Prompt arrival at Chicago terminal is thus assured. Englewood Union Station, seven miles out, affords ready access to southern suburbs—all through trains stop there.

General Agent,
Rock Island-Frisco Lines.

ORINO Laxative Fruit Syrup

Pleasant to take and does not gripe or nauseate
Cures Chronic Constipation, Stomach and Liver Trouble

Stimulation Without Irritation.
Orino Laxative Fruit Syrup is a new laxative syrup combined with the delicious flavor of fruit, and is very pleasant to take. It will not gripe or sicken. It is much more pleasant and effective than Pills, Tablets and Saline Waters, as it does not derange the Stomach, or irritate the Kidneys, Liver or Bowels.

Constitution.
Orino Laxative Fruit Syrup will positively cure chronic constipation as it restores the natural action of the intestinal tract. Ordinary cathartics may give temporary relief but the stomach is upset and the bowels are irritated without any permanent benefit having been derived.

OUR GUARANTEE
Take ORINO Laxative Fruit Syrup and if you are not satisfied your money will be refunded.
Prepared only by FOLEY & CO., Chicago, Ill.
SOLD AND RECOMMENDED BY

For Bilelessness and Sick Headache.
Take Orino Laxative Fruit Syrup. It sweetens the stomach, aids digestion and acts as a gentle stimulant on the liver and bowels without irritating these organs.

Clears the Complexion.
Orino Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children as it is mild and pleasant, and does not gripe or sicken. Refuse substitutes.

Why ORINO is different.
Orino Laxative Fruit Syrup is the only preparation that really acts upon all of the digestive organs. Other preparations act upon the lower bowel only and do not touch the Liver. It can very readily be seen that a preparation that does not act upon all of the digestive organs cannot be as effective as ORINO.

The condition of the patient remains unchanged. The Stomach, Liver and Bowels have not been stimulated and in a few days a stronger purgative may have to be taken. This is why Pills and Aperients never give permanent relief. Their violent action results in an unnatural movement of the bowels and it is necessary to keep taking them indefinitely.

Can not cure Chronic Constipation, Torpid Liver, Indigestion, Sour Stomach, etc.

F. H. CALDWELL & COMPANY.
