Local Events.

E. S. Craven cut his first crop
of alfalfa the first of the week.

Born, to Mr. and Mrs. Charles
Hanson, on Thursday of last
week, a daughter.

G. W. Cutts came up from
Portland Saturday evening to
spend Sunday with his family.

Dave Lamb, an old time New-
berger, has been in town during
the week visiting with Dan Gil-
bert.

The Kenorpa Trio at Duncan's
hall Friday night. Get your
tickets for reserved seats at either
drug store.

The High School students will
meet the Academy students in a
field meet Friday evening on the
college campus.

Miss Helena Ferguson is at
home again, her school on Che-
halem mountain having closed
on last Friday.

A. R. Mills has gone to Cald-
well, Idaho, to assist his brother
Seth in building a mansion on his
newly acquired claim.

Wm. Hendershott, the hop
buyer, was here the first of the
week looking after the purchase
of a few bales that still remain
in the hands of the growers.

Mrs. John B. Weed has re-
turned from Whittier, California,
where her husband is teaching
and is visiting with her parents,
Mr. and Mrs. Albert Heater at
Springbrook. John will return
in about a month.

O. K. Edwards has invested in
an auto and is now compara-
tively independent of the rail-
road magnates. He made a run
from Newberg to Willamina and
return recently, covering the dis-
tance of seventy miles in a day
very nicely.

C. F. Moore and F. H. Green
have been out on the Luckiamute
during the week casting the fly
for the festive trout. They went
away with two big suit cases
and their friends were at a loss
to know whether these recep-
tacles were filled with bacon and
beans or all home prepared fish
stories ready to spring on the
unsuspecting public, when they
return.

The Hood River News-Letter
has this to say of a formerly young
lady student of Pacific College:
"Miss Idel Woodworth has re-
signed her position with P. A.
Cram, and will spend the sum-
mer at Mount Hood, we are
told. A little bird says there is
to be a wedding this fall, and we
are guessing whether it is Miss
Woodworth or another pretty
girl who is a close friend of hers."

Any lover of music, who has
ever heard Miss Ethel Lytle sing,
will want to hear her Friday
night at Duncan's hall. The
Oregonian says of her: "Miss
Lytle is a young woman of
marked musical talent. Her
voice is sweet and true and she
sings with an unaffected sim-
plicity of style which is most de-
lightful." The Goldendale News:
"Miss Lytle's rich, powerful
voice, perfect enunciation and
charming personality made her
concert a great success."

Cyrus Baldwin, with his wife
and little son, are here from
Whittier, California, visiting
with his niece, Mrs. Will Wight,
and his brother-in-law, Joseph
Wilson. Mr. Baldwin has seen
all phases of Southern Califor-
nia life, from the palmy boom
days with the depression that
followed, on up to saner condi-
tions, and he now owns a valu-
able lemon and orange tract in
East Whittier that is making
him money. He is a good enter-
tainer, as the writer found when
visiting at his home a year ago,
and we hope that his visit in
Newberg may be as pleasant as
he makes it for sojourners in his
home land.

Mrs. Charley Rees came down
from Perrydale Wednesday
morning for a visit with relatives
on Chehalem mountain.

Senator Caldwell is maturing
plans for the erection of a modern
residence, which he will build on
the corner opposite the W. A.
Moomaw property. He hopes
to begin work on it in a very
short time.

The Newberg Land company
has moved into the rear room of
the building the company oc-
cupies where they will remain
until Douglas vacates the Byers
building, when they will remove
to that location.

Every other proposition for
getting gravel down from the
island for building purposes hav-
ing failed, George Lea is building
a scow and will transport his
own gravel for the concrete work
on the city reservoir.

The prospect of the G. A. R.
encampment, which is to be held
in Newberg the last week in
June, is already bringing results.
A Portland man was in town
Monday making arrangements
for a stand for a merry-go-round,
with a show in connection, and
it is safe to assert "still there's
more to follow."

Mrs. Anise Clough and little
daughter Lucile, wife and daugh-
ter of Dr. H. B. Clough, of Sal-
ten, Washington, visited in town
the first of the week with re-
latives and friends. On Monday
evening they went to Airlie to
visit with Mrs. Clough's father,
John Brown, for a week before
returning home.

Mr. and Mrs. C. B. Wilson
and Mr. and Mrs. Cyrus Bald-
win took a drive up through the
valley the first of the week, cir-
cling round through Carlton,
McMinnville and Dayton. The
beauty of the landscape was a
revelation to Mr. and Mrs. Bald-
win and they were delighted
with the trip.

Niels Nielson, who with his
daughter has been living on a
claim in the foothills of the Coast
mountains ten miles west of
Carlton for the past two years,
has sold his claim and returned
to Newberg. His daughter mar-
ried recently, leaving him with-
out a housekeeper and he found
it too lonesome over there to
remain.

Mrs. Sylvia McGuire, who will
appear with the Kenorpa Trio
on Friday evening as reader and
impersonator, is a southern wo-
man and having spent the greater
part of her life in "darky" land,
she is at home when portraying
the sunny side of life among the
colored people. You will
want to hold your aching sides
when you hear her tell of the
"Taming of Nicodemus, and
Higher Culture in Dixie."

In about ten days B. C. Miles
and wife will start on an ex-
tended trip east, expecting to be
gone a month or more. Some-
time will be spent in Utah, Colo-
rado and Kansas, where Mr.
Miles will look into the condi-
tions of the lumber market with
a view of finding a market for
the output of the mills owned by
the company in which he is in-
terested, after which they will
go on to Chicago. From there
they will probably go to Rich-
mond, Indiana, to visit with
Professor Edwin Morrison and
family, then on to Pennsylvania
and the Jamestown Exposition.

The report comes that Presi-
dent McGrew has staked a claim
in the Caldwell, Idaho, country
and that he and the family are
comfortably housed in a nine by
twelve "lean-to" which is sup-
ported by a growth of sagebrush
of "long standing," on the lee-
ward side. A long time ago one
of the writers asserted that
"Godliness with contentment is
great gain," but the twentieth
century authorities insist that
the breathing of plenty of fresh
air is a crying necessity, when
best results are to be desired.
What a boon, this latter day
philosophy, in a country where
the price of lumber goes up with
a bound at every change of the
moon.

Mrs. Mabel Wilmot has been
here during the week visiting
with her mother, Mrs. G. W.
Cutts.

The Gazelle stock will be moved
across the street to the White
House building, the lower story
of which is being fitted up for a
store room.

E. L. Dorn, a traveling insur-
ance man with headquarters in
San Francisco, has been in town
during the week visiting with
his father, A. Dorn.

Senator Caldwell went to Jef-
ferson Tuesday evening on ac-
count of the serious illness of his
mother, who is prostrated by a
second stroke of paralysis.

Douglas, the photographer, is
having lumber placed on the
ground for his new gallery on
College street. A full force of
carpenters will be put to work
on the building at once and he
hopes to have the gallery ready
for occupancy within a month
at least.

Since draft horses are bring-
ing the highest prices ever known
in the history of the country, the
farmer who has a good draft
colt is looking forward to the
near future when he hopes to
swell his bank account by mak-
ing a sale. E. S. Craven has a
two year old filly that weighs
1435 pounds.

The Odd Fellows lodge has ap-
pointed A. O. Mills and A. C.
Stanbrough as delegates to at-
tend the meeting of the Grand
Lodge which meets in LaGrande
next week. It is likely that J. L.
Hoskins, C. E. Newhouse, L. M.
Parker and others will also
make the trip on account of the
low rate of one fare for the round
trip which is offered.

C. E. Clemenson, who has been
principal of the Dundee school
during the past two years, has
been offered the school for next
year but has declined the offer
and will probably take the
principalship of the Amity school
instead. Amos Stanbrough has
been elected principal of the Dun-
dee school for next year, with
Mrs. Martin as assistant.

The Newport R. I. Herald says:
"The success of the young
western baritone, Mr. Claire
Monteith, since his first appear-
ance in Newport, scarcely a week
ago has been something remark-
able for Newport. No singer has
ever had such immediate recog-
nition here as this young artist
and no less so personally than
as a singer." You will have an
opportunity to hear him at Dun-
can's hall Friday night.

W. A. Hollenbeck and B. S.
Shipman, two young men from
Portland, came to town the first
of the week as representatives of
Bilers Piano House, and rented
the rooms that have been oc-
cupied by the Newberg Land
Company where they will open
out with a big stock of pianos,
organs and other musical instru-
ments. The Bilers company
does by far the largest business
in musical instruments of any
house on the coast and it is
worth a good deal to Newberg
to have such a firm establish
a branch house here. Messrs.
Hollenbeck and Shipman have
the business well in hand and we
hope they will have no occasion
to regret their move to Newberg.

The large prune orchard lo-
cated three miles northwest of
Newberg, owned by the Newberg
Orchard Association, and which
has been under the management
of A. C. Churchill, has been sold
to a Salem syndicate for the sac-
rifice price of \$9,000. The names
of the purchasers are W. A. Rice,
H. S. Guile and a Mr. Jenks. It
is understood that Mr. Rice will
remove with his family to the
place and take charge of it. The
prospects are said to be excellent
for a big crop of prunes in the
orchard this season. The or-
chard is so large that much diffi-
culty has been experienced in the
past in finding help to care for
the fruit when there has been a
full crop. The majority of the
stock holders of the Newberg
Orchard Association are residents
of Chicago.

Exposure.
To cold draught of air, to keen
and cutting winds, sudden changes
of the temperature, scanty clothing,
undue exposure of the throat and
neck after public speaking and
singing, bring on coughs and colds.
Ballard's Horehound Syrup is the
best cure. Mrs. A. Barr, Houston,
Texas, writes, January 31, 1902:
"One bottle of Ballard's Horehound
Syrup cured me of a very bad
cough. It is very pleasant to take."
Sold by C. F. Moore.

Growing Aches and Pains.
Miss Josie Sumner, Bremont,
Texas, writes, April 15, 1902: "I
have used Ballard's Snow Liniment
in my family for three years. I
would not be without it in the
house. I have used it on my little
girl for growing pains and aches
in her knees. It cured her right
away. I have also used it for frost
bitten feet, with good success. It
is the best liniment I ever used."
25c, 50c and \$1. Sold by C. F.
Moore.
