

NEWS FROM THE NATIONAL CAPITAL

CONDITIONS WILL SOON CHANGE

Canadians Say Japanese Laborers Will Soon Leave United States.

Ottawa, Ont., June 6.—A report received at the department of trade and commerce from Alexander McLean, Canada's agent to Japan, gives a press opinion that within a short time the United States will have more difficulty in obtaining labor from Japan than it has now in keeping Japanese laborers out.

There is a growing demand for Japanese laborers from almost all the countries of South America and from Hawaii, which promises, with the demand for men for the development of Corea and Manchuria, to absorb the whole of Japan's surplus of laborers. Within the last few months the emigrant companies who deal with Japanese labor as an export commodity have filled contracts in Mexico for 10,000 laborers.

PRESIDENT UNDECIDED.

Lawyers Urge Prosecution of Harriman, but Commission is Divided.

Washington, June 5.—Some definite conclusion is to be reached during the coming week in regard to the course to be taken by the Government in the disposition of the case developed by the Interstate Commerce Commission investigation into the Harriman railroad merger. An important conference is to be held to consider the question at the White House in the week, which will be attended by the President, the members of the Interstate Commerce Commission, Messrs. Kellogg and Severance, special counsel for the Commission, and Attorney-General Bonaparte.

At present Mr. Roosevelt is undecided about what shall be done. He has received advice from some sources urging that Mr. Harriman be prosecuted while other officials of the Government have taken the position that such a prosecution could not be successfully carried out. So far the President has not given any indication as to how he regards the case. It is believed he is not in favor of going any further with the crusade against Mr. Harriman.

The members of the Interstate Commerce Commission are also divided on the question of going after Mr. Harriman for alleged violations of the anti-trust law. Chairman Knapp is known to consider the case as developed against Mr. Harriman of such a character that it would be a matter of great uncertainty as to whether a conviction could be had. These views are believed to be shared by at least two other members of the Commission, though they have refused to state their opinions.

Investigating Japanese Riots.

San Francisco, June 6.—United States District Attorney Robert T. Devlin today took the testimony of three Japanese who were in the Japanese restaurant on Folsom street when that place was wrecked by a mob recently. Their testimony was conflicting and tangled, but did not differ in essentials from that given by two white witnesses examined last Saturday. Mr. Devlin expects to conclude his investigation tomorrow. Mr. Devlin is also investigating the reported importation of Japanese as contract laborers.

Censorship on Mail and News.

New Orleans, June 6.—Passengers arriving tonight on the steamer Anselm from Central American points say that what amounts to a censorship on the mails has been put into effect in Guatemala. Under the new rule they say that all mail must pass through Guatemala City before being distributed. The passengers also say that newspaper-reading in public is now curtailed, and that foreign newspapers are frequently smuggled ashore from incoming vessels.

Revenue Growth.

Washington, June 5.—The monthly comparative statement of the Government receipts and expenditures shows that for May, 1907, the receipts were \$57,488,012, and the expenditures \$48,912,800, leaving a surplus for the month of \$8,575,212. The surplus for the 11 months of the present fiscal year is \$65,050,963, as against \$6,162,578 a year ago, a gain of nearly \$59,000,000. The expenditures for May were about \$3,000,000 in excess of those for May, 1906.

Japan is Misinformed.

Washington, June 6.—Surprise was expressed here upon reading the Tokio story of Japan's dissatisfaction at the attitude of the United States in the race troubles at San Francisco. Officials here can only conjecture that there has not been a publication in Japan of all the official correspondence, which, it is believed, would favorably affect public opinion toward the United States.

Increase in Circulation.

Washington, June 5.—The monthly circulation statement issued June 1 by the Comptroller of the Currency shows that at the close of business May 31, 1907, the total circulation of National bank notes was \$601,940,550, which is an increase for the year of \$42,810,890, and for the month of \$3,026,710.

Survey New Section.

Washington, June 4.—Topographic work on the Mount Baker quadrangle near the Canadian boundary in the Washington forest reserve will soon be begun by Robert Muldrow, of the Geological Survey.

New Rural Route.

Washington—Rural Route No. 1 has been ordered established August 1 at Kerby, Josephine County, Oregon, serving 493 people and 110 families.

SURVEYS IN OREGON.

Government to Map Bull Run, Kerby and Butter Creek Region.

Washington, June 7.—The Secretary of the Interior has approved of the plans for topographic surveys in Oregon and the allotment of funds for carrying out the same. The work of the season contemplates the survey of the country surrounding the source of Portland's water supply in the Bull Run and Cascade forest reserves, including a part of Mount Hood. The survey will cover an area of 1200 square miles. This entire country will be surveyed and mapped on a large scale, the entire work to cost \$7000.

Another survey will be made of the Kerby country, west of Grant's Pass, lying in the Siskiyou forest reserve, in Southern Oregon. This survey will cover about 900 square miles and cost \$6000.

A third topographic survey will cover a tract of the country on the south bank of the Columbia River along the Umatilla River and Butter Creek, west of Pendleton. The National Government has allotted \$3500 for this work and the state will expend \$2500 additional, under State Engineer J. H. Lewis. The purpose of this survey is to determine the irrigation possibilities of this particular region.

No Grazing Fees for 1907.

Washington, June 8.—From correspondence received at the Bureau of Forestry, there appears to be some misunderstanding as to the rights of settlers to graze stock on forest reserves created by the President on March 2 and 4 of this year. The Secretary of Agriculture issued an order permitting all persons who had heretofore used the range in the newly created reserves to continue the use of same during the season of 1907 without permit from the Department and without payment of a grazing fee. Next season the range in these new reserves will be controlled by the Department and only such stock can be grazed as is authorized by the Forest Service. At the same time, a nominal grazing fee will be collected at a rate yet to be fixed by the Department. But for the present season grazing in the reserves created March 2 and 4 will be as free as if the range was still a part of the open public domain.

More Water for Panama Canal.

Washington, June 5.—In explanation of the cabled report from Panama of the extensive revision in engineering estimates for the Gatun dam and lake, upon the sufficiency of which the success of the entire project depends, the following statement has been issued by the Isthmian Canal Commission: "Detailed surveys which have been completed on the Isthmus show that the area of the great Gatun Lake will be 225 square miles, or double the estimate made in the minority or lock canal report of the board of consulting engineers."

Forest Guards for Northwest.

Washington, June 4.—D. W. Meyers, J. W. Kelen, Clarence J. Ingram, Clarence W. Jackson, G. C. Cottrell and George L. Ford have been appointed forest guards in the Cascade forest. Other guards appointed are: L. D. Hammock, Coquille forest; Jesse Dewitt, Siskiyou forest; Orloff A. Stafford, Heppner forest; F. P. Pettit, Fremont forest; Maurice Hamilton and John Snow, Washington forest; J. H. Bolen, W. J. Ryan and C. W. Ray, Yakima forest.

Captures British Sealer.

Washington, June 7.—The Secretary of the Treasury has received a telegram from Captain Almsworth, of the revenue cutter Rush, stating that he had seized the British sealing schooner Charlotta G. Cox, which was found illegally catching seals in Fairweather grounds, off Alaska.

The Rush also reported the presence of Japanese sealers in the same vicinity with a large number of seal skins on board. The Japanese sealers, however, are not subject to seizure outside of territorial waters.

Aged Diplomat at Hurt.

Washington, June 6.—John A. Casson, of Iowa, famous as a diplomat and lawyer, fell here tonight and fractured his arm, and, after being carried to his home, was reported in a serious condition. He is 85 years old. Mr. Casson is the former special reciprocity commissioner of this government, former member of congress, former member of the American-Canadian joint high commission, and has held many other high offices, and is a member of numerous clubs.

Abandon Garrisons.

Washington, June 7.—Secretary Taft has briefly outlined his policy in regard to the reduction of the garrisons in Western Army posts as follows: "It is not proposed to remove cavalry from Fort Snelling. So far as the cavalry at Forts Assiniboine and Keogh are concerned, the absence of troops in Cuba and the necessity for concentrating squadrons at Fort Assiniboine and Keogh."

Alaska Forest Worthless.

Washington, June 5.—Request has been made by the Forest Service for release from temporary withdrawal of 3,500,000 acres of land at Norton Bay, Alaska. The restoration to the public domain of this land will be made because after careful examination the Forest Service has found it unsuitable for National forest purposes.

New Acting Commissioner.

Washington, June 7.—John C. Capers of South Carolina will be appointed Commissioner of Internal Revenue ad interim until December 1, when Pearl Wight of New Orleans will become Commissioner. Mr. Capers is the member of the Republican National Committee from South Carolina.

SAN FRANCISCO SHAKEN.

Two Hard Jolts Are Felt on All Sides of the Bay.

San Francisco, June 5.—A 12:26 this morning San Francisco and the cities about the bay were shaken by a severe earthquake. The shock was the severest since the disastrous tremor of April, 1906. The shock was not violent enough to sever electrical connections, and although the entire fire department was placed in readiness to fight any fires that might follow, there was no blaze of any consequence.

As far as can be learned at this hour the damage was limited to the breaking of dishes on the shelves and the destruction of a few tottering walls in the burned district.

In the residence district a number of people ran into the streets in their night clothes. Along Golden Gate avenue a general panic prevailed. Several hundred women rushed to the street in their night clothes. Three women were treated for nervous shock, but no one suffered injury, as far as reported.

The earthquake was in the form of two sharp shocks, the second following while the earth still trembled from the first. The coming of the shake was announced by the rattling of windows and the swinging of chandeliers. Then came an abrupt jolt and then a lessening tremble, to be followed by another quick jolt and a gradual lessening of motion.

Oakland, Berkeley, Alameda and other bay cities reported a shock exactly like that felt here.

Reports so far received indicate that the shake was felt at least as far south as Santa Cruz, 125 miles down the coast.

HIRED ASSASSINS.

Prosecution Charges Conspiracy to Rule by Terror.

Boise, Idaho, June 5.—Through James H. Hawley, senior of the group of prosecutors, the State of Idaho today made the opening statement against William D. Haywood, whom it charges with the murder of Frank Steunenberg, and then began the presentation of the testimony by which it hopes to prove the indictment laid against him. The opening statement was a broad, sweeping arraignment of the leaders of the Western Federation of Miners, who were charged with plotting wholesale murder and hiring assassins, all in a gigantic conspiracy of vengeance upon those who obstructed their way, to destroy opposition by terrorism, to control the political destinies of the communities covered by their organization and to perpetuate their own power within the organization.

It charged a widespread conspiracy dating in inception from the North Idaho disturbances 15 years ago, reaching down to the murder of Frank Steunenberg, at whose murdered victims by bullet and bomb numbered scores. Hawley declared that wherever in the mining sections of the Coast States the federation had been in control there had been left a trail of blood to mark its operations. Of the hired assassins he cried:

"To them murder became a trade and assassination a means of living."

JURY COMPLETED.

Men to Try Schmitz Will Be Kept Under Lock and Key.

San Francisco, June 5.—The jury was completed this afternoon for the trial of Mayor Eugene E. Schmitz on the first of the five indictments returned against him by the Oliver grand jury by which he is accused jointly with Abraham Reuf of having extorted from Joseph Malanti \$1175 as the first installment of a \$5000 annual bribe to secure the French restaurant keepers of San Francisco their license to sell liquor.

Judge Dunne, upon motion of the prosecution, and over the determined and spirited objections of the defense, formally disqualified Sheriff Thomas O'Neil and Coroner William Walsh as unfit by personal bias to perform any functions in connection with the trial, and appointed William J. Biggy an elisor to have charge of the jury until a verdict has been rendered or a disagreement reached. Shortly after adjournment Mr. Biggy, who for some months past has been Abe Reuf's elisor, marched the jury to the St. Francis Hotel, where the "twelve tried men and true" will be kept under lock and key during all the time that they are not sitting in the trial.

Linemen Help Telephone Girls.

San Francisco, June 5.—All the linemen in the employ of the Pacific States Telephone and Telegraph Company quit work today in sympathy with the girl operators, who have been out on strike for over three weeks for the purpose of forcing the recognition of their union. This action was taken after the executive committee had made an ineffectual call at the company's office this morning for the purpose of seeing President Scott. Last night the union in mass meeting voted to walk out unless the company granted the demands.

Will Examine More Baggage.

Mexico City, June 5.—In railroad circles here today it is announced that the United States customs officials have decided to make the examination of baggage crossing the Mexican border into the United States much more rigid than heretofore. According to railroad officials, the United States Customs Department has been lenient in its examinations, the working rule being that only 10 per cent of the trunks should be thoroughly searched for dutiable articles.

Strike Grows at Havre.

Havre, June 5.—Disturbances took place Sunday afternoon between striking fishermen and fishermen who had not ceased work. Eventually, however, the latter joined the movement.

Winegrowers Protest.

Nimes, France, June 5.—A gigantic demonstration of winegrowers was held here as a protest against the adulteration of wine. Nine thousand persons marched in the procession.

La Salle Street Station—Used by Rock Island-Frisco Lines.

Have YOU ever been in CHICAGO?

If so, you know the extremely convenient location of La Salle Street Station. If you are a stranger in the city, however, it is of great importance that you learn about this magnificent and comparatively new terminal, used jointly by Rock Island-Frisco Lines. It is nearest the heart of the city—closely adjoining the business section—within easy walking distance of State Street shopping center and all the principal hotels—the only depot on the elevated loop. The Rock Island right-of-way into Chicago is elevated for more than eight miles out through the suburbs. Prompt arrival at Chicago terminal is thus assured. Englewood Union Station, seven miles east, affords ready access to southern suburbs—all through trains stop there.

ORINO Laxative Fruit Syrup

Pleasant to take and does not gripe or nauseate
Cures Chronic Constipation, Stomach and Liver Trouble

can not cure Chronic Constipation, Torpid Liver, indigestion, Sour Stomach, etc.

For Bloating and Sick Headache.
Take Orino Laxative Fruit Syrup. It sweetens the stomach, aids digestion and acts as a gentle stimulant on the liver and bowels without irritating these organs.

Clears the Complexion.
Orino Laxative Fruit Syrup stimulates the liver and thoroughly cleanses the system and clears the complexion of pimples and blotches. It is the best laxative for women and children as it does not touch the liver. It can very readily be seen that a preparation that does not act upon all of the digestive organs is not a true laxative.

Why ORINO is different.
Orino Laxative Fruit Syrup is the only preparation that really acts upon all of the digestive organs. Other preparations act upon the lower bowel only and do not touch the liver. It can very readily be seen that a preparation that does not act upon all of the digestive organs is not a true laxative.

Stimulation Without Irritation.
Orino Laxative Fruit Syrup is a new laxative syrup combined with the delicious flavor of fruits, and is very pleasant to take. It will not gripe or sicken. It is much more pleasant and effective than Pills, Tablets and Saline Waters, as it does not derange the Stomach, or irritate the Kidneys, Liver or Bowels.

Constipation.
Orino Laxative Fruit Syrup will positively cure chronic constipation as it stores the natural action of the intestinal tract. Ordinary cathartics may give temporary relief but the stomach is upset and the bowels are irritated without any permanent benefit having been derived.

OUR GUARANTEE
Take ORINO Laxative Fruit Syrup and if you are not satisfied your money will be refunded.

Prepared only by FOLLY & CO., Chicago, Ill.
