PUSH OREGON TO THE FRONT

AN EASY WAY TO ADVER-
TISE THE STATE.

And Tell Our Eastern Friends
All About the Superior Op-
portunities We Possess.

On April 29th last the Oregon-
ian published a special industrial
edition devoted exclusively to
the exploitation of Oregon. It
probably contained more special
and miscellaneous information
about Oregon than any one pub-
lication that has ever been is-
sued. It is peculiarly useful and
valuable to the home seeker, be-
cause it gives the latest and most
reliable information about so
many different subjects that the
homeseeker is naturally inter-
ested in. Almost every depart-
ment of industry is specialized,
and both descriptive and statisti-
cal information of a highly
valuable character is given ex-
tensively and in entertaining
form.

Residents of Oregon who know
its advantages as compared with
the congested and depleted East,
and who still have friends back
there whom they would like to
see here enjoying the good things
of this favored state, can aid in
a splendid work now without
cost and very little effort. If
you think your friend would be
interested in knowing more
about Oregon and might eventu-
ally become a valuable citizen,
send his name and address to the
Oregon Railway & Navigation
Company or to the Southern Pac-
ific at Portland, and a copy of
this special edition, with a com-
plete summary of the several
subjects treated, carefully in-
dexed, will be mailed to him
promptly. In this manner you
may be the means, not only of
doing your friend a good turn,
but of helping to stimulate the
growth and prosperity of Ore-
gon.

Don't forget that commencing
September 1st and continuing
daily for two months, tickets
will be on sale at almost every
railroad station in the East to
all points in Oregon and the
Northwest at what has come to
be popularly known as "colonist
rates." These rates are the
cheapest general long distance
rates ever established, and enable
one to reach Oregon from any
part of the United States at but
a trifle more than one cent a
mile. They are the greatest in-
centive to colonization and pro-
gressive home building of any
known agency, and if the rest-
less, dissatisfied resident of the
East is made to know before-
hand the advantages he can en-
joy here, the problem is solved,
and the star of empire will con-
tinue to move steadily west-
ward.

Now is the time to spread the
gospel of Oregon, so that it may
be heard and heeded by the time
the rates go into effect. Send
one name or two, or a dozen,
and you will be exerting a worthy
influence toward the upbuilding
of our state. Send them to your
nearest Southern Pacific agent
or to Wm. McMurray, General
Passenger Agent, Portland Ore-
gon.

Local Events.

Mrs. G. W. Range and children,
who are over from Monitor on a
visit, report that they have sold
out and are expecting to remove
to their former home in East Ten-
nessee in a short time.

John Grower, who bought the
Seth Mills place near town, has
a force of men building a large
green house. He expects to en-
gage in the growing of winter
vegetables under glass for the
Portland market, and it will be
no experiment with him as he
grew up in the green house busi-
ness.

At the monthly business meet-
ing of the Friends church held on
Wednesday night the member-
ship decided to extend an invita-
tion to Rev. Isom P. Wooten,
who is now at Kent, Washing-
ton, visiting with his daughter,
to take up the pastoral work of
the church for the present. It
was also decided to extend a call
to Rev. Oscar Moon, who it now
doing pastoral work at the uni-
versity church at Wichita, Kan-
sas, as pastor, expecting that he
will be in a position to accept
the call and come later in the
season.

Newberg Milk Supply.

Since the Edwards dairy has
been closed out, R. C. Crosby
and son, of Dundee, have decided
to take up the business and sup-
ply Newberg with milk, and they
will put a wagon on the route
within the next week. They al-
ready have a dairy established
and have been supplying a com-
pany in Portland, and they in-
vite anyone who may be inter-
ested to call and see how they
handle the business. Owing to
the fact that they are not ac-
quainted with the milk cus-
tomers here, they invite any who
may want to engage milk to
leave their names at the Graphic
office.

The Limit of Life.

The most eminent medical scien-
tists are unanimous in the conclu-
sion that the generally accepted
limitation of human life is many
years below the attainment possible
with the advanced knowledge of
which the race is now possessed.
The critical period, that determines
its duration, seems to be between
50 and 60; the proper care of the
body during this decade cannot be
too strongly urged; carelessness
then being fatal to longevity. Na-
ture's best helper after 50 is Elec-
tric Bitters; the scientific tonic
medicine that revitalizes every or-
gan of the body. Guaranteed by F.
H. Caldwell & Co., druggist, 50c.

"Everybody Should Know."

Says C. G. Hays, a prominent
business man of Bluff, Missouri,
that Bucklen's Arnica Salve is the
quickest and surest healing salve
ever applied to a sore, burn or
wound, or to a case of piles. I've
used it and know what I'm talking
about. Guaranteed by F. H. Cald-
