**Local Events.**

The union services will be held  
next Sunday evening at the  
Methodist church. A. J. Hugue-  
let will preach the sermon.

Mr. and Mrs. Warren Mc-  
Connell left for the Nestucca  
country Tuesday evening with a  
full supply of fishing tackle.

Glen Winslow and family from  
Pendleton visited with Mr. and  
Mrs. John Larkin the first of the  
week.

Rev. Elmer Pemberton came  
over from Scotts Mills last week  
and held a two days meeting at  
Springbrook, Saturday and Sun-  
day.

Clarence Price, of LaGrande,  
visited with relatives in town  
the first of the week. He is prac-  
ticing dentistry at La Grande  
and is succeeding well.

K. C. Hollingsworth informs  
the Graphic that he has disposed  
of his lease on the Newberg Hotel  
to Mr. and Mrs. Simmons, of  
McMinnville, who are expected  
to assume charge of the house  
next Sunday.

We note by the Albany Democ-  
rat that Rev. F. C. Stanard and  
family are up from Berkeley,  
California, spending their vaca-  
tion with relatives in Dinn coun-  
ty. Peaches and cream as well  
as the glad hand are awaiting  
them among their Newberg  
friends.

Mr. and Mrs. John Pemberton  
and Levi M. Gilbert were down  
from Salem Tuesday on business  
connected with the Alaska mis-  
sionary work of the Friends  
church. Mr. Gilbert is one of the  
foremost prune growers of the  
Rosedale district and Mr. Pem-  
berton is now manager of a new  
mutual insurance company re-  
cently organized, with head-  
quarters in Salem.

The date for the opening of the  
public school has not been fully  
determined upon, but it will  
most likely be September 23.  
The teaching force employed is  
made up of R. W. Kirk, princi-  
pal, F. H. Buchanan, J. G. Mc-  
Intosh, the Misses A. L. Rich-  
mond, Pearl Durst, May Endi-  
cott, Mary Simonson, Elizabeth  
Kirk, Nora J. Sorenson, Alpha  
Donaca, Freda Gist, Mrs. Josie  
Bradley, Mrs. J. G. McIntosh.

Clarence M. Brown, who re-  
turned to Indiana some time ago  
is accused of breaking into a  
print shop in Randolph county.  
Not a serious charge however.  
The editor of the Lynn Herald has  
gone off on a five weeks vaca-  
tion, along with the hay fever  
colony on their annual migra-  
tory trip to Traverse City, Michi-  
gan, and Clarence and the girl  
typo will be the whole show in  
his absence. The work will be  
well done too. We will vouch  
for that.

W. L. Robertson and family  
went out last Sunday afternoon  
to view the remains of the old  
Robertson home on the farm  
near Dundee, which went up in  
smoke last Wednesday night.  
Here in the old house the Robert-  
son boys were born and of course  
many tender memories linger in  
their minds about the place,  
when "fond recollections present  
them to view." A pair of his  
father's bullet moulds, W. L.  
raked from the ashes to preserve  
as a memento of the days of the  
old muzzle loading rifle that  
hung on the wooden pegs over  
the door. The loss of the house  
falls on Hans Nelson, who now  
owns the farm and little if any  
insurance was carried. Early in  
the evening the family crossed  
the road to visit a neighbor and  
soon afterward the house was  
seen to be on fire, but it was too  
far along to save anything. This  
removes another of the old land-  
marks located on the road lead-  
ing from points up the valley on  
the west side to Portland.

Fred Barrell has already be-  
gun picking hops in his yard  
west of town.

D. D. Coulson was up from  
Portland Sunday to see the  
"home folks." Nothing like it.

Lon S. Hill and family came  
down from Eugene last week for  
a visit with relatives and friends.

Mrs. H. M. Dix and daughter  
have been down from McMinn-  
ville during the week visiting at  
A. Bartholomew's.

Wm. Arthur White and family  
returned to their home at North  
Yakima Tuesday, after spending  
several days here visiting his  
mother, Mrs. Mary White, and  
sisters, Mrs. Miles and Mrs.  
Kentner.

Miss Maybelle Edwards ex-  
pects to leave in about ten days  
for an extended trip to Idaho,  
Kansas, and probably farther  
east, where she will spend the  
winter visiting with friends and  
relatives.

Jasper Bales came down from  
Black Rock and spent Sunday at  
home. He said war was on in  
earnest over the post office at  
Black Rock, which is wanted by  
two competing merchants in the  
little hamlet.

Prof. F. K. Jones, who has  
visited Scotts Mills, Middleton,  
Sherwood and other points re-  
cently in the interest of Pacific  
College reports the outlook  
favorable for many new students  
at the opening of college this  
year.

Walter L. Tooze, the "mer-  
chant prince" of Falls City,  
passed through town on the  
morning train Tuesday without  
so much as poking his head out  
of the window to say "howdy"  
to his Newberg friends. A slight  
that will not soon be forgotten.

Mr. and Mrs. McGlashan and  
Miss Pearl, of Chicago; Mr. and  
Mrs. Galbreath, of Tualatin; Mr.  
and Mrs. Sol. Jack, of Farring-  
ton, and daughters were the  
guests of Mr. and Mrs. W. W.  
Baker last week at Middleton  
where they are camping for the  
summer.

J. H. Wood sold his residence  
near the Commercial hotel to S.  
E. Watkins, the architect, who  
is expecting his family to arrive  
from Warsaw, Indiana, soon.  
Mr. and Mrs. Wood will remove  
to the Moomaw property which  
they bought in the spring and  
which has been occupied by Chas.  
Butler. Charley will take the  
property vacated by G. W.  
James, who goes to his new  
home.

An August thunder storm with  
heavy rain is certainly out of the  
ordinary in the Willamette val-  
ley, but we had both on last  
Saturday and no mistake about  
it. Distant lightning flashes  
were visible most of the night  
previous, and in the early morn-  
ing hours the cannonading in the  
heavens was loud enough and  
near enough to cause a good cir-  
culation in persons who are in-  
clined to be timid. The rain was  
a soaker and the air was well  
cleared of dust and smoke.

S. E. Watkins has commenced  
the erection of an office on the  
property he bought of J. H.  
Wood, and in the rear of the of-  
fice he, with W. H. Galland will  
engage in the manufacture of  
hollow stone blocks for building  
purposes. Mr. Watkins was  
manager of such a factory in In-  
diana and consequently he has a  
thorough knowledge of the busi-  
ness. They have already made  
a few pretty samples and in a  
short time they will be putting  
the product on the market.

The "merger" meetings for Sun-  
day evenings arranged by  
the different churches have been  
something of a "frost," when  
held in the grove. So many cool  
evenings were not figured on for  
the months of July and August  
when the meetings were sched-  
uled. The weather conditions in  
the Willamette valley have been  
such as to meet all the require-  
ments of a delightful summer re-  
sort this season, and a pastor  
must have a good deal of fire to  
warm up a congregation seated  
in a grove after nightfall.

Since selling his property on  
Meridian street, M. P. Elliott  
has bought lots of Jesse Edwards  
south of Friends church and has  
already begun work on a new  
house.

Mrs. J. W. Kramien expects to  
leave shortly for a six weeks vis-  
it with her son, J. Aubrey Kra-  
mien, at Bloomington, Illinois,  
where he is engaged in Y. M. C.  
A. work.

W. C. Woodward and sisters  
write from Berkeley that there  
are thirteen hundred students en-  
rolled at the university, six hun-  
dred of whom are freshmen, with  
more coming.

Next Sabbath will be observed  
as labor Sunday by the Presby-  
terian churches throughout the  
United States. In harmony with  
this general plan the Presby-  
terian church of this city will ob-  
serve the day. The services will  
be at Duncan's Opera House at  
11 a. m. The general public is  
invited and especially laboring  
men and their families.

J. H. Wood called the attention  
of the writer to a Smyrna fig  
tree a few days ago which is  
growing in his back yard and  
which is some six feet in height  
and well loaded with a second  
crop of figs. The first crop  
ripened some time ago and was  
of good quality. The tree ap-  
pears to be hardy and of vigor-  
ous growth without special care.

George Ramsey who was down  
from Willamina the first of the  
week closing up the final deal for  
his part of the old Ramsey dona-  
tion claim, said the sea breeze  
coming through the Grand Ronde  
pass seemed to help his asthma  
and he has concluded to buy  
property at Willamina. George  
is one of the native sons of Che-  
halem and we don't like to see  
him leave the community.

Clatsop Beach resorts afford a  
variety of amusements for the  
pleasure seeker. In addition to  
surf bathing, clam digging and  
crab fishing, these resorts have  
all the attractions of the moun-  
tains, situated as they are in  
close proximity to the Coast  
Range, where the best of trout  
fishing and hunting for big game  
are within easy walking distance  
from the hotels. Low round trip  
rates are in effect via the Astoria  
& Columbia River Railroad.

F. A. Elliott finished his con-  
tract with the county court of  
Polk county for cruising the tim-  
ber lands of the county, last  
week. He has since taken a con-  
tract with the Willamette Pulp  
and Paper Mills at Oregon City,  
and will leave shortly for a tim-  
ber belt near the California and  
Nevada line, where he will be en-  
gaged in cruising up to the end  
of the year. A man who has  
Mr. Elliott's knowledge of tim-  
land on the coast don't have to  
look for a job these days.

A feint yelp, a few drops of  
blood, a scrap or two of hide  
and it was all over with Billy  
Nelson's faithful friend, the little  
spotted dog—a source of grief to  
Billy and nothing left for the cor-  
oner or the sausage grinder. It  
was a case of being long on grit  
and short on judgement, when  
he undertook to snap at the tail  
of the train last Sunday morning.  
Time and again he had been warned  
about butting in against the  
Harriman system, but without  
avail, and now he is gone, but  
not forgotten.

The Newberg Meat and Cold  
Storage Co. has been figuring on  
enlarging the business by pre-  
paring to pack pork, and E.  
Creede, a Portland packer who is  
recommended as an adept at the  
business, and who the company  
has been figuring with, has been  
in town during the week demon-  
strating what he can do in the  
way of cutting and curing meat.  
The writer had the pleasure of  
seeing Mr. Creede flourish the  
knife over the carcasses of several  
porkers Wednesday afternoon  
and it really looked easy, and the  
hams and shoulders were rounded  
off so smoothly that it made a  
fellow hungry to look at them.  
The Meat company deserves en-  
couragement along this line and  
we hope the necessary financial  
arrangements can be made to  
start the packing business on a  
good basis.

**The Time  
To Buy**

In order to reduce our stock before we move into  
our new store, we are making some prices on good  
merchandise that it will pay the buyers of Newberg  
and vicinity to take advantage of.

One Dollar will do a lot of buying, until all the odds  
and ends in our stock are sold.

Some items you can save on—

**We have Shoes as low as 22c the pair.**

**Straw Hats 15c while they last.**

**All Summer Dress Goods at 25 per cent dis-  
count.**

**One line of Embroidery at 5c the yard.**

**Men's 75c, 60c and 50c Dress Shirts at 43c  
each.**

**Men's Summer Underwear at 27c. Regular  
35c goods.**

**We have just received a big lot of Manu-  
facturer's Samples, including Umbrellas, Table  
Covers, Napkins, Tray Cloths.**

**Men's Pants, Jackets, Mackinaw Coats,  
Shirts, Hose and Gowns.**

**Ladies' Hose, Underskirts, Handkerchiefs,  
Belts, Facinators, Kimonas.**

All this you will find marked from 25 to 33 1-3 per  
cent lower than the regular price. We don't say how  
long this sale will last, but the best of everything will  
go first. We are going to clear our store of all left-  
overs and the prices we make will soon do it.

**PARKER MERC. CO.**

**LOOKS IMPOSSIBLE  
BUT ITS TRUE**

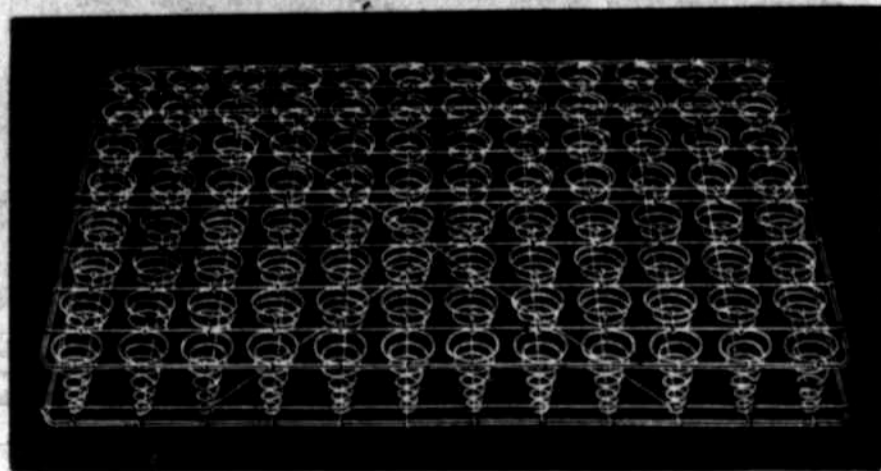

**CUTTING PRICES ON GOOD SHOES**

In the face of existing conditions one would natu-  
rally look with distrust upon any kind of a cut price  
proposition in shoes. Shoe materials and labor almost  
"out of sight" and going higher all the time, and yet  
we are actually cutting the prices on certain numbers  
of Oxfords Ties and high top shoes to close out.

While these last you can secure bargains in the  
shoe line—if you come early.
