and Flossie Bass began a term
of school last Monday, October
7th, in the Brutscher school dis-
trict east of town. The former
drives and through her kindness
the latter boards at home.

Our old friend Wm. Jones, who
spent some time visiting with
his son-in-law, M. G. McKern, in
Umatilla county recently, says
Mike's wheat crop this season
amounted to 3000 bushels and
the ruling price is seventy cents
per bushel.

M. G. Oakley, who lives on the
side of Chehalem mountain north
of town, shipped four crates of
strawberries to Portland
Wednesday morning. The ber-
ries were of good size and well
colored. The price he received
was six dollars per crate.

of the Friends church.

Mr. and Mrs. S. B. Rowley,
parents of Dr. W. T. Rowley,
who came to Newberg last week,
arrived in town the first of the
week with a carload of house-

to the Brunson house on Main

busy fitting up his office since
the arrival of the goods, which
will temporarily be over Mc-
Connell's barber shop.

cel party in honor of Miss Flossie
Coffin on last Friday evening,

Olive Stratton, Pearl Cummings,
Emma Dorrance, Laura Blair,
Eleanor Satchwell, Amy Heater,
Elsie Mackie, Lida Wilson, Nora
Parker, Flossie Coffin, Mrs.
Walter Parker, Mrs. Tyra Hutch-
ens. On the arrival of the guests
Miss Coffin was seated in the
center of the parlor, when four-
teen parcels were placed in her
hands which she was required to
open. First, however, a guess-
ing contest was entered into, a
prize being awarded to Miss
Olive Stratton for making ten,
which was the highest number
of correct guesses on the con-
tents of the packages. Refresh-
ments were served.

Mrs. W. G. Allen and son
Wayne have been down from
Eugene during the week visiting
with relatives.

All the services of the Baptist
church will be held at the Ma-
sonic hall until the church build-
ing is furnished except prayer
meeting which will be held at the
parsonage.

Miss Anna Jeffrey, of Medford,
Oregon, arrived in town Tues-
day evening and will visit for
some time with Mr. and Mrs.
A. M. Hoskins. Mr. Hoskins
says she is well pleased with
what she has seen of Newberg.

Miss Sears, daughter of Judge
Sears who died suddenly at his
home in Portland a short time
ago, has been elected as the four-
teenth teacher for the public
school. She and her mother have
taken rooms at the college board-
ing hall.

A Bartholomew went to Port-
land Wednesday morning, pur-
posely to see the city. He has
lived in this vicinity for the past
fifteen years and this is his sec-
ond trip to Portland, the first
trip being made during the Lewis
and Clark fair in 1905.

W. T. Jenks, who has had
charge of the H. S. Gile & Co.
prune orchard northwest of
town this season, saved all the
crop in fine shape, and although
he is a little reticent about giv-
ing figures it is known that the
orchard has paid big this season.

Miss Ella Crawford, who made
an excellent record as a teacher
in the primary grades in the
Newberg public school, has been
elected as a supply teacher on a
regular salary in the Seattle
schools and will be given a per-
manent position in a short time.

management of Prof. F. K. Jones.

Clarence M. Brown, of the
class of '07, Pacific college, who
went to Indiana a couple of
months ago with a view of en-
tering the law department of In-
diana University at Bloomington,
has given up the idea for this
year and has gone to work
at the case in the Star office at
Muncie.

A. W. Laughtin, who lives on
Parrett mountain east of town,
brought in a turnip to this office
the latter part of last week which
measured twenty-seven inches
in circumference. The Portland
Journal gave an account of a
turnip a few days ago which
measured twenty-six inches, and
consequently Mr. Laughtin came
forth in defense of "Old Yam-
hill."

It is reported that the Red
Hills west of town are fast be-
coming populated with the Red
Fox. These little animals cause
no end of trouble. Sometimes
they will steal into the hen roost
and destroy or carry off most of
the inmates, burying or carrying
away those they do not con-
sume. And they also play the
same pranks with pheasants and
rabbits. Why not have an old-
fashioned fox drive sometime in
the near future amongst the
lovers of this kind of sport.

John Kirkley who was up from
Portland last week looking after
his farm out at the foot of Par-
rett mountain, gathered a few
samples of cucumbers to take
home to show his Portland
friends, one of which weighed
four and a half pounds. He
thinks he would have had larger
ones, had they not been stunted
to some extent from being
dragged over the ground by the
rapid growth of the vines. Give
Yamhill soil half a chance and it
is wonderful what it will do.

C. J. Cullison and wife of Port-
land, visited in town this week

True Sims and Charley Wal-

Mrs. J. E. Vinson and daugh-
ter, Mrs. Parrett, of Parrett
mountain, have just returned
from a two week's visit with the
former's daughter, Mrs. Stitler,
at Dayton, Washington. They
report a very pleasant time.

Emmor Hall returned to Port-
land today to take up his duties
as city letter carrier. He has
been combining business with
pleasure and running his prune
evaporator west of town. A
very satisfactory season's run is
reported.

County commissioners Booth
and Waddell were in town last
Saturday and while here in-
spected the bridge east of town.
They ordered the necessary re-
pairs, including a new floor and
Gottlieb Schaad, road super-
visor, will soon begin work and
place the bridge in good condi-
tion again.

On Wednesday at McMinnville,
occured the marriage of Miss
Bessie L., daughter of Mr. and
Mrs. H. N. Baker, to George W.
Smith, son of Mr. and Mrs. John
Smith, of Parrett mountain.
They were accompanied to the
county seat by the bride's sister,
Miss Lizzie, and Scott Parrett.
Both these young people are well
known in Newberg and vicinity.

A young men's meeting will be
conducted Sunday by represen-
tatives of the Young Men's
Christian Association. At 11 a.
m. short addresses will be given
in the various churches by young
men, and at 3:30 p. m. State
Secretary J. B. Rhodes will give
an address in the hall. At 7:30
a mass meeting will be held at
Friends church, with a stereop-
tican address, illustrating the
work of the Y. M. C. A. A meet-
ing is also called for Monday
evening for the purpose of organ-
izing an association in Newberg.

The Rupert (Idaho) Pioneer
has this to say of Dr. W. T.
Rowley, who recently located
here for the practice of medicine:
"The many friends of Dr. W. T.
Rowley will regret to learn that
he is planning to locate at New-
berg, Oregon, a town of about
2200 population laying 26 miles
southwest of Portland and ex-
pects to leave for there October
1st. Dr. Rowley has always
been one of our most progressive
and public spirited citizens and
his loss will be greatly felt among
us. His services as a physician
are to be highly commended and
the Pioneer wishes him well in
his new field. The doctor's father
and mother will accompany him
to Oregon."

More About the Cannery.

Since the establishment of the
cannery is a certainty, C. B. Wil-
son, who has charge of the man-
agement has had considerable
inquiry from farmers as to what
the company want in the way of
products for canning next year.
On writing a letter of inquiry,
the following was received by
him from the company:

"Referring to your letter of
recent date, would say we are
going to want beans for the
coming year. But just now
everybody connected with the
concern is up to his eyes in work,
winding up the pack of this year.
In the very near future, there
will be someone at Newberg pre-
pared to visit the growers and
make contracts for their pro-
duct. If you say this to your
people, we think it will be suffi-
cient to induce them to hold
these matters open until we can
get around to see them.

This October Weather

With the cool, crisp days, make it important that
you secure the fall and winter needs. The de-
sire to make such purchases along most economi-
cal lines—to secure for the smallest outlay the
largest possible returns, makes it important that
you should post yourself as to where best values
are secured. Aside from the tempting prices
here, the fact that so many depend upon this
store, is good evidence the prices are right.

CUTTING PRICES ON GOOD SHOES

In the face of existing conditions one would natu-
rally look with distrust upon any kind of a cut price
proposition in shoes. Shoe materials and labor almost
"out of sight" and going higher all the time, and yet
we are actually cutting the prices on certain numbers
of Oxfords Ties and high top shoes to close out.

While these last you can secure bargains in the
shoe line—if you come early.
