**Local Events.**

Dr. Alice Bowers spent the day  
visiting with friends in Portland,  
Tuesday.

Mr. and Mrs. D. H. Turner  
were down from McMinnville  
last Sunday.

Orange Elliott is now out of a  
job, he having sold his plumbing  
business to Jo Bixby.

The services of the Baptist  
church will be held in the base-  
ment of the church next Sunday.

E. E. Fleishauer was up from  
Portland last week visiting with  
some of his former Newberg as-  
sociates.

Will Crater has disposed of his  
steam woodsawing outfit and is  
investing in a new saw with  
gasoline motor.

Mrs. Dick Duedro was up from  
Portland the first of the week  
visiting with her sister, Mrs. J.  
Carl Nelson.

Born to Mr. and Mrs. George  
Parry at their home on Cheha-  
lem mountain, Saturday, Janu-  
ary 11, a nine pound girl baby.

Mrs. Rose arrived from Spo-  
kane last Saturday to spend the  
balance of the winter with her  
daughter, Mrs. R. W. Harrold.

Vernon Hinshaw who has been  
very sick with pneumonia for  
some three weeks, is improving  
nicely and is now considered out  
of danger.

Alfred Wheeler is opening up a  
shop for tinning and plumbing  
at his old stand on First street,  
which he vacated when he de-  
cided to try California.

Wm. Rich arrived home from  
his visit with his daughters in  
Coos county the first of the week  
where he found many of his for-  
mer friends to greet him.

James Richards and wife of  
The Dalles visited in town one  
night recently with Mr. and Mrs.  
Will Paxson. Mrs. Richards has  
the distinction of being the  
mother of twenty-four children.

Fred Rogers gave a stereop-  
tican exhibition at the Adventist  
church on Tuesday night, show-  
ing something of the progress of  
his mission work among the  
negroes in Mississippi, which  
was highly entertaining to the  
audience.

On account of the distance  
John Crosby has to haul his  
milk and the heavy expense in-  
curred, he has decided to discon-  
tinue the milk business in New-  
berg with the close of the present  
month. After that date he will  
ship his milk to Portland.

A couple of men, who have  
been working in the foundry at  
Oswego, were in town Tuesday  
looking for a location for an  
iron foundry. They indi-  
cated that if they could be  
given the necessary encourage-  
ment here they would establish  
a foundry in Newberg that would  
give employment to something  
like thirty men.

Mr. and Mrs. W. S. Parker,  
who spent several days visiting  
with friends at La Grande, bring  
back the report that the most  
prominent business men of that  
city are now asserting publicly  
that the twenty or more saloons  
will be voted out of there at the  
next election. One of the bankers  
recently kept a tab on the month-  
ly checks that were issued to the  
railroad men paid off there and  
he made the discovery that about  
nine out of ten of them were  
cashed in saloons. This has had  
the effect of opening the eyes of  
the business men to see that  
money that should go to the  
butcher, the baker and the  
drygoods man is going over the  
counters of the saloons and they  
propose to call a halt on this  
thing. When a city like La-  
Grande awakens to the situation  
it is evident that there is some-  
thing doing in the anti-saloon  
cause in Oregon.

F. A. Morris made a business  
trip over into Marion county  
Wednesday in the vicinity of  
Aurora.

O. C. Morteson has been down  
from Moro during the week vis-  
iting with W. E. Allison and  
other former Newberg friends.

Mr. and Mrs. Perkins are busi-  
ly engaged putting in the new  
furnishings in the new hotel and  
the opening will be made about  
the first of February.

The annual election of officers  
of the First National Bank which  
was held Tuesday, resulted in  
the election of the same board  
with the exception of A. C. Seely  
who was replaced by Lynn Fer-  
guson.

Marion George has leased his  
rock quarry to a couple of Port-  
land men who propose to work  
it the coming season. Something  
like seventy-five car loads of rock  
were shipped from the quarry  
last season and the quality was  
considered first class for street  
paving.

The Public Library will be  
opened the first Tuesday in  
March by an all day reception.  
Everybody will be invited to at-  
tend. It is hoped that the books  
will be here by that time. The  
magazines have been subscribed  
for and will soon be here for the  
reading tables.

Horace Stanley, who left this  
community several years ago  
and located in Idaho, spent a  
few days here the first of the  
week visiting with his brother,  
Nate Stanley. From here he  
went south for a visit with his  
parents at Long Beach, Califor-  
nia.

Joseph Hall has been in Port-  
land during the week attending  
the horticultural meeting, he  
having a place on the program  
to tell what he knows about  
berry culture. He is a practical  
horticulturist and having given  
much time to growing berries he  
is well qualified to speak on this  
question.

The annual meeting of the  
stockholders of the Bank of New-  
berg was held Tuesday. The  
election of officers resulted in the  
election of the former board of  
directors with one exception.  
On account of the continued ab-  
sence of C. K. Spaulding from  
Newberg, J. I. Hadley was elec-  
ted in his place.

Elwood S. Minchin was in  
town last Friday and Saturday  
making dates for the Chautau-  
qua Assembly lyceum bureau, he  
having taken work recently with  
the bureau as forerunner. They  
have three good attractions that  
are well worth the money  
charged for the course and no  
mistake will be made by any  
town in securing them.

Dr. H. C. Bowers attended the  
sixth annual meeting of the  
"Oregon Osteopathic Associa-  
tion" held at the Imperial hotel  
in Portland on last Saturday,  
when he read a paper on "Loco-  
motor Ataxia." He reports a  
very large attendance and an en-  
thusiastic meeting. A banquet  
was given in honor of the fact  
that Oregon with only one per-  
cent of the Osteopaths of the  
country has been given the presi-  
dency of the National Associa-  
tion, in the election to that place  
of honor, of Dr. F. E. Moore, of  
La Grande.

Newberg has had almost a sur-  
feit of entertainments during the  
past week although they have  
all been good. On Saturday  
night the Tennessee Jubilee sing-  
ers entertained a very large au-  
dience at Duncan's hall, the man-  
ager stating that they had but  
one time during the season been  
greeted by a larger house. The  
colored brethren and sisters made  
good with the audience as the  
repeated recalls indicated. On  
Monday, Tuesday and Wednes-  
day nights the Chautauqua As-  
sembly course followed with the  
"Robley Male Quartet," Colonel  
John Sobieski on "The Rise and  
Fall of the Polish Republic" and  
the "Meneley Quartet." All  
these are most excellent enter-  
tainers and the course is cheap  
at the price.

The meeting of the W. C. T. U.  
will occur on Wednesday of next  
week at 2.30 in the afternoon  
and the home of Mrs. M. Bower-  
man.

The college boys have a big  
treat in store for the lovers of  
basketball for Saturday night  
when the first and second teams  
will play the first and second Y.  
M. C. A. teams of Portland.

**Cannery Talk Last Saturday.**

At the meeting held in Dun-  
can's hall on last Saturday after-  
noon the attendance was all  
that could be desired, every seat  
in the hall being filled and the  
standing room was pretty well  
taken.

J. B. Moran, who was present  
to represent the Weber-Bussell  
Canning Company, was intro-  
duced by C. B. Wilson, the local  
representative of the company,  
who stated at the beginning of  
his talk that he was not a public  
speaker but was simply present  
at the request of the company to  
give such information as he could  
regarding the cannery. He said  
also that Mr. Bussell had in-  
tended to be present but for  
some reason failed to get here.

In his opening remarks he said  
he had visited nearly all the  
towns in Western Oregon and  
that after having seen Newberg  
he found our town and the im-  
mediate community surrounding  
away above the average. He  
said Newberg was to be congrat-  
ulated in having secured a can-  
ning plant that was backed by  
a man of Mr. Bussell's wealth  
and energy. As evidence of  
his faith in the fruit business  
it was pointed out that he has  
planted more than four hundred  
acres to fruit on high priced land  
in the state of Washington.

The speaker stated that he did  
not come to hold out induc-  
ments to people to go into the  
production of stuff for the can-  
nery with the thought that they  
would get suddenly rich at it,  
for they would most likely be  
disappointed. Last season, ow-  
ing to a shortage of fruit  
throughout the greater part of  
the country, canned goods were  
quoted high, which enabled can-  
nerymen to bid up for desirable  
fruits. Such conditions will not  
continue to prevail, and while  
there will continue to be money  
in the business it is not to be  
expected that the same high prices  
will be maintained.

At the close of his talk a good  
many questions were asked re-  
garding what would be wanted  
by the cannery, but the results  
are not given here from the fact  
that Mr. Moran stated before  
leaving the hall that the com-  
pany would send a list a little  
later for publication.

In a short time it is expected  
that machinery for the cannery  
will arrive, and that work will  
then begin in putting the plant  
in condition for the coming sea-  
son's work.

The following list has been for-  
warded since the above was  
written:

- Cherries—Royal Anne, Rock-  
port, Lambert, Bing, Black Tar-  
tarian, Elton.
- Peaches (cling)—Tuscans, Phil-  
lips, Lemon Clings.
- Peaches (free)—Lovells, Muir,  
Early Crawford, Salway.
- Plums—Yellow Egg, Green  
Gage, Golden Drop, Washington,  
Jefferson.
- Pears—Bartletts.
- Strawberries—Clarkes Seed-  
ling, Magoon, Wilson.
- Blackberries—Evergreen, Law-  
ton, Wilson, Kittatinny.
- Raspberries—Cuthbert, Ant-  
werp.
- String Bean—Crease Back (low  
bush bean), Kentucky Wonder  
(pole bean.)
- Pumpkin—Big Yellow Cheese.
- Squash—Marrow Fat.
- Rhubarb.

**Stray Notice.**

Strayed from my place on Che-  
halem mountain, six head of  
goats, four ewes, one weather,  
one billy, hog rings in ears.  
W. F. HAZENBURG,  
R. 3, Newberg, Bell phone 251.
